ABOUT SLCC

THE DESTINATION FOR DOWNTIME ON THE LAKESHORE

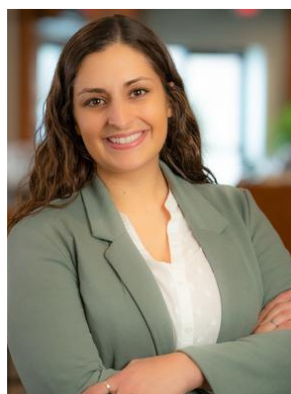

As a country club that is over 100 years old, we're steeped in tradition, yet continuously evolving to bring our members new experiences they'll enjoy.

We don't think you should have to choose between indulging in the finer things of life and appreciating an easy-going, relaxed atmosphere. We strive to create an environment that provides the best of both.

Whether it's playing a round of golf, relaxing by the pool, enjoying a delicious meal or participating in one of many social events, Spring Lake Country Club provides enriching resort experiences that balance the casual and refined.

Established in 1911 as the premier golf course in the area, Spring Lake Country Club has evolved over time to become the destination for downtime on the lakeshore. A place to relax and create memories with friends and family.
