Our Move Info

The Town of Southern Pines has undergone some drastic changes in 2026. Centralizing multiple departments at the new Town Hall being the greatest change of all. The Parks and Recreation Department's move to the Community Development Building is also a centralization effort that allows us to better serve our community by providing a more accessible, convenient, and welcoming environment while keeping us closely connected to many of the facilities and programs we manage.

Highlights of our new location are:

- Better accessibility for everyone
- A more convenient location next to Memorial Park, the Recreation Center, and our athletic fields
- The same friendly Parks & Recreation team, ready to help you!

For many years, the Campbell House has been the home of the Parks & Recreation Department's administrative offices. Nestled on the second floor, it provided a warm, welcoming atmosphere with beautiful surroundings that made it a truly special place to serve our community. We will dearly miss the Campbell House and the wonderful downstairs neighbors of the Arts Council. We are incredibly grateful for the years we spent there and will always cherish the role the building has played in our department's history.

REC TRAILER

The Southern Pines Parks & Recreation Department is excited to be a recipient of this funding for the purchase of a new Recreation Trailer. This valuable addition will allow smooth transport of equipment, supplies, games, tents, and program materials to parks and event locations throughout town. From smaller community favorites and pop-up recreation activities to larger annual events the recreation trailer will help streamline event setup and enhance our ability to deliver quality programs for the community.
