Cancellation & Rescheduling Policy

Fair, clear and consistent for every family.

At Square Roets Maths, we understand that plans can change. This policy outlines the procedures for handling cancellations and rescheduling to ensure fairness for all students and to respect our tutors' time.

1. Student Cancellations & Rescheduling

- If you need to cancel or reschedule a lesson, please give at least 24 hours' notice.
- Cancellations with less than 24 hours' notice will be charged in full and cannot be rescheduled.
- If you give more than 24 hours' notice, we will happily reschedule your lesson at no extra cost (subject to tutor availability).

2. Missed Lessons & Late Arrivals

- If a student does not attend a scheduled lesson (a "no-show"), the lesson will still be charged and cannot be rescheduled.
- If a student arrives late, the lesson will end at the originally scheduled time and cannot be extended.

3. Tutor Cancellations

- In the rare case that a tutor needs to cancel a lesson (e.g. illness or emergency), the lesson will either:
- Be rescheduled at a mutually convenient time, or
- Credited/refunded if rescheduling is not possible.

4. Refunds

- Payments are non-refundable except in cases where Square Roets Maths cancels a lesson and rescheduling is not possible.
- Subscription fees and packages follow the general Terms of Service and cannot be refunded once paid.

5. How to Cancel

- Please notify us of cancellations or reschedule requests by your preferred method: email, WhatsApp, or booking portal.
- The timestamp of your message will be used to confirm whether notice was given within the 24-hour window.

Accessing the Student Portal via TutorBird

Everything you need, in one place.

Families can access the Student Portal through the Square Roets Maths website using TutorBird.

1. Go to the Square Roets Maths website: <https://squareroetsmaths.com/>
2. Click on “Student Portal” or go directly to: <https://squareroetsmaths.com/student-portal/>
3. Enter the email address used when registering for lessons.
4. Use the password or login link sent to you by TutorBird in your welcome/login email. If you can't find it, please check your junk/spam folder, and add **info@squareroetsmaths.com** to your safe senders list so you don't miss future emails.
5. Once logged in, you will be able to view relevant student information such as lesson schedules, attendance, shared resources, homework or study notes, and account/invoice information where applicable.
6. If you have forgotten your password or are unable to log in, please request a password reset via the login page. Passwords cannot be reset by your tutor directly – if you run into any trouble, please contact Square Roets Maths so that your access details can be resent.
