Welcome Message

Dear Valued Client,

Welcome to Smart Clothing Ltd. and Razia Apparels Ltd. Since 2013, we have been providing reliable sourcing and manufacturing solutions for knitwear in Bangladesh. We are committed to delivering quality products, competitive pricing, and on-time delivery to customers worldwide. Our philosophy is simple: **"Less promise, over deliver."** We believe in building long-term partnerships through trust, transparency, and excellent service. Thank you for choosing us as your business partner. We look forward to working with you.

Warm regards,

Behalf of Smart Clothing Ltd & Razia Apparels Ltd.

5 Simple Steps to Start OEM/ODM Customizing

1 Share Your Tech Pack/Design Files

Send us your ideas, design, tech pack and size chart. Our expert team will work with you to finalize all details, including fabric type, measurements, trims, colors, and sizing. We make sure your design is clear before moving to the next step.

2 Material

We carefully make all fabrics and accessories needed for your product. This includes fabric, zippers, buttons, threads, labels, and packaging. We choose reliable suppliers to ensure the materials are high quality, durable, and meet EU/US standards.

3 Sample Send & Approval

Our sample team creates a sample exactly according to your design. We send it to you to check the fitting, workmanship, fabric feel, and overall appearance. If you want any changes, we update the sample until you are fully satisfied.

4 Bulk Production

After your sample approval, we start mass production in our modern facilities under strict quality control. Each step—cutting, sewing, finishing, and packing—is carefully checked to match your approved sample.

5 Export & Delivery

Once production is completed, we arrange packing, export documentation, and shipment to your destination safely and on time.
