JAYLEEN ONTIVEROS

"Hello my name is Naydelin Ontiveros but preferably go by Jayleen . I am a self taught model, photographer, digital artist and makeup artist. I've recently started my journey in this industry and was constantly struggling with finding other creators who had a similar style to mine and wanted to collaborate. I decided it would be best for me to learn how to basically do everything for my self as i am not the most patient person and like to learn as much as possible without having to wait on someone else's time . Im constantly picking up hobbies and trying to learn new skills . Some of my hobbies include reading, designing, styling, tattooing, crocheting and painting. I love anything that has to do with art and music. Growing up was not the best for me as the oldest sibling i often times had to be a parent to my siblings . My parents divorced when i was 5 ,i had to often times be the mediator between them and have to be a sort of therapist to them. Growing up as fast as i did i often times tried hiding my true self from others i brought that side of me while making art and singing as i found it was my safest way to express who i was without feeling judged by others. I hope to continue bringing that side of me even now in adulthood as I refuse to let other's judgment of me dictate who i am and how i feel about myself . As long as i continue to make art my craft will continue to reflect me in every stage of my life. I appreciate you taking the time to read a little bit about myself !"
