
FROM BELGIUM WITH LOVE
WEVER & DUCRÉ
LIGHTING

It's a mild November day in the middle of Hong Kong, where Zoie Lam is working on one of her brightly coloured murals. The street artist grew up in the vibrant metropolis and is bringing a slice of Belgian joie de vivre to the city for Wever & Ducré. "From Belgium with love" is the message that Zoie illustrates in her intense, colourful style. The result is a fictional world of Belgian and local architecture that fits perfectly into her ZLISM universe. "I just want people to feel good when they see my mural", says Zoie and lets us feel this positive energy with every brushstroke.

Es ist ein lauer Novembertag inmitten von Hongkong, wo Zoie Lam gerade an einem ihrer leuchtend-bunten Murals arbeitet. Die Street-Art-Künstlerin ist in der pulsierenden Metropole groß geworden und holt für Wever & Ducré ein Stückchen belgischer Lebensfreude in die Stadt. „From Belgium with love" lautet die Botschaft, die Zoie in ihrem dichten, farbenfrohen Stil illustriert. So entsteht eine fiktive Welt aus belgischer und lokaler Architektur, die perfekt in ihr ZLISM-Universum passt. „Die Menschen sollen sich einfach gut fühlen, wenn sie mein Mural sehen", meint Zoie und lässt uns diese positive Energie mit jedem Pinselstrich spüren.

THE MESSAGE IS LOVE

Beam us up, *Zoie*

WELCOME TO PLANET ZLISM

A small, brightly coloured planet where only good people live – that is Zoie Lam's vision of a different, better society. And the Hong Kong-born artist paints it on the wall in bright colours. She calls this extraordinary place ZLISM, a dense maze of streets and houses in which the inhabitants constantly experience new adventures. Zoie continues these stories in each work, spreading her own personal message of love, respect, and joie de vivre. Where does the name ZLISM come from? It is made up of her initials "ZL" and "LISM", and stands for the artist's very own, positive philosophy.

Ein kleiner knallbunter Planet, auf dem nur gute Menschen leben, das ist Zoie Lams Vision einer anderen, besseren Gesellschaft. Und die malt die aus Hongkong stammende Künstlerin in leuchtenden Farben an die Wand. ZLISM nennt sie diesen außergewöhnlichen Ort, der aus einem dichten Gewirr von Straßen und Häusern besteht, in dem die Bewohner immer neue Abenteuer erleben. Woher der Name ZLISM kommt? Er setzt sich aus ihren Initialen „ZL" und „LISM" zusammen und steht für die ganz eigene positive Philosophie der Künstlerin.

HOW TO PRONOUNCE IT RIGHT

Weferantdookray, that's how it sounds when Anna from Germany pronounces our Franco-Flemish name. But how do our other colleagues say it? Find out in our "Say-our-name" challenge which shows how differently "Wever & Ducré" is pronounced around the world. Of course, you'll also find out how it's pronounced correctly.

Weferantdükreeh, so klingt's, wenn Anna aus Deutschland unseren französisch-flämischen Namen ausspricht. Doch wie machen's die anderen Kollegen? Das verrät Ihnen unsere „Say-our-name"-Challenge, die zeigt, wie unterschiedlich Wever & Ducré rund um den Erdball ausgesprochen wird. Wie's richtig gemacht wird, erfahren Sie dabei natürlich auch.

Welcome to our *world*

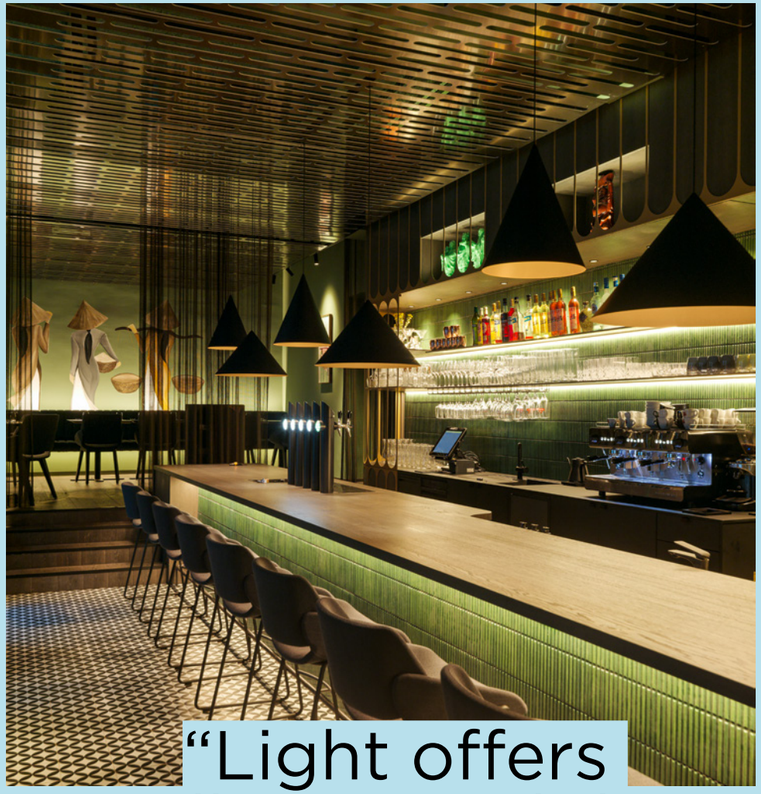

We all know it, the famous glimpse at the ceiling during which you think: "Well, everyone really does have that light." That's why we strive to achieve lighting solutions that first and foremost fit the description: unique. Who inspires us in the process? People like you, who share our enthusiasm for beautiful things and attach as much importance to noble design as to high-quality workmanship. Does it sound passionate? Well, that's what it is. After all, life is simply far too short for boring lighting.

Wir kennen ihn alle, den berühmten Blick an die Decke, bei dem man sich denkt: „Also die Leuchte hat wirklich jeder". Deshalb kämpfen wir für Lichtlösungen, die vor allem eines sind: einzigartig. Von wem wir uns dabei inspirieren lassen? Von Menschen wie Ihnen, die unsere Begeisterung für schöne Dinge teilen und auf edles Design ebenso viel Wert legen wie auf eine hochwertige Verarbeitung. Klingt leidenschaftlich? Ist es auch. Denn für langweilige Leuchten ist das Leben einfach viel zu kurz.

Exciting Belgian *design lighting* for everyone, delivered fast.

“Light offers *endless possibilities* to architects.”

CLEMENS HAMMER *Product Manager*

MAKES YOUR HEART BEAT FASTER

Don’t worry, this can easily happen with our unusual designs. After all, we love to surprise you with new shapes, colours, and materials and create lights that are so much more than a simple light source. How do we achieve this? With many exciting collaborations and a team of international architects, artists, and in-house designers who make each of our lights truly unique.

Keine Sorge, das kann bei unseren außergewöhnlichen Designs schnell mal passieren. Schließlich lieben wir es, Sie mit neuen Formen, Farben und Materialien zu überraschen und Leuchten zu kreieren, die so viel mehr sind als eine simple Lichtquelle.Wie wir das hinbekommen? Mit vielen spannenden Kooperationen und einem Team aus internationalen Architekten, Künstlern und Inhouse-Designern, das jede unserer Leuchten zu einem echten Unikat macht.

Exciting Belgian *design lighting*

IT'S ALL SYSTEMS GO IN 48 HOURS

For *everyone*, delivered fast

We love beautiful design because of its unusual shape, its special materials, and because it makes our lives easier. That's why we make sure our products are intuitive to use, easy to install, and simple to maintain right from the development stage. Even if you don't have a great deal of technical knowledge. So don't worry about complicated instructions and incomprehensible installation plans – our smart LED technology makes everything run smoothly. Whether in a cosy micro-apartment or the hippest club in town.

Wir lieben schönes Design nicht nur wegen seiner außergewöhnlichen Form oder der besonderen Materialien, sondern auch, weil es unser Leben leichter macht. Deshalb achten wir schon bei der Entwicklung unserer Produkte darauf, dass sie sich intuitiv bedienen, einfach montieren und problemlos warten lassen. Und das auch, wenn man über kein großes technisches Wissen verfügt. Also keine Angst vor komplizierten Anleitungen und unverständlichen Montageplänen – mit unserer smarten LED-Technik läuft alles ganz entspannt. Ob im kuscheligen Micro-Apartment oder im hippsten Club der Stadt.

It’s not all about *chocolate.*

It’s true: The smell of fresh waffles and sweet chocolate wafts around your nose on almost every corner in Belgium. But the enthusiasm for cool design is also in the air here. That’s why there’s no better place for us to be inspired by new colours, shapes, and materials. Preferably with a crispy waffle in our hands.

Es stimmt schon: Der Duft von frischen Waffeln und süßer Schokolade weht einem in Belgien an fast jeder Ecke um die Nase. Aber auch die Begeisterung für ausgefallenes Design liegt hier förmlich in der Luft. Deshalb gibt es für uns keinen schöneren Ort, um sich von neuen Farben, Formen und Materialien inspirieren zu lassen. Am besten mit einer knusprigen Waffel in der Hand.

OUR HERITAGE STORY

From *Belgium* with love

Every story has to have a beginning. Ours begins in the early eighties, when a handful of young Belgians decide to start a new lighting company. So far, so good. Yet what name should the company be given? Since several official languages are spoken in Belgium – including Flemish and French – there was only one choice: The name would need to be equally at home in both worlds, phonetically. Then, by chance, a document fell into the hands of the company’s founders: a little guide to a successful life. His advice: hard work (“WErklust”), trust (“VERtrouwen”), and enthusiasm (“ENthousiasme”), but also courage (“DUrf”) and a good dose of creativity (“CREativiteit”). Today, these five points still constitute our company philosophy.

Jede Geschichte braucht einen Anfang. Unsere beginnt in den frühen Achtzigern, als eine Handvoll junger Belgier beschließt, eine neue Leuchtenfirma zu gründen. So weit, so gut. Doch welchen Namen sollte das Unternehmen bekommen? Da in Belgien mehrere Amtssprachen – darunter Flämisch und Französisch – gesprochen werden, blieb nur eine Möglichkeit: Der Name musste phonetisch in beiden Welten zuhause sein. Da fiel den Firmengründern zufällig ein Schriftstück in die Hände: ein kleiner Leitfaden für ein erfolgreiches Leben. Sein Rat: harte Arbeit (WErklust), Vertrauen (VERtrouwen), Begeisterung (ENthousiasme), gepaart mit Mut (DUrf) und einer gehörigen Portion Kreativität (CREativiteit). Diese fünf Punkte bilden bis heute unsere Firmenphilosophie.

“Making products with a long lifetime is part of our *sustainability concept*.”

JOHAN DE SMEDT *Managing Director*

WE ARE COMMITTED

Sustainable by *function*

The key for us is to give you luminaires that still have a friendly glow even after many years of service. How do we do that? By ensuring product quality that meets the standards of the Ecodesign Directive and making spare parts available for a particularly long lifespan. So should you ever need to replace your LED engine, you can do so for 20 years without any problems. Sound like a fair deal? Then you will also be pleased to know that we give you a 5-year guarantee* on every product and that your luminaire comes to you in 100% plastic-free packaging.

Das Wichtigste für uns sind Leuchten, die Ihnen auch nach vielen Jahren noch freundlich entgegenstrahlen. Wie wir das hinbekommen? Mit einer Produktqualität, die den Standards der Ökodesign-Richtlinie entspricht, und Ersatzteilen, die besonders lange verfügbar sind. Sollten Sie Ihre LED-Engine also einmal austauschen müssen, ist das 20 Jahre lang problemlos möglich. Klingt nach einem fairen Deal? Dann wird es Sie auch freuen, dass wir Ihnen auf jedes Produkt 5 Jahre Garantie* gewähren und Ihre Leuchte in einer 100 % plastikfreien Verpackung zu Ihnen kommt.

COLOR NET WORK®

WE ARE COMMITTED

Sustainable by *colour*

Can colour be more than just a passing trend? It can: At least according to COLORNETWORK®. The interior design collective specialises entirely in sustainable colours and materials. We loved this idea so much that we included it in our luminaire collections. Certain luminaires are exclusively available in the “Sustained Colors”, so they can therefore be combined particularly well with other products of this type of colour. Incidentally, this is equally true of our standard collection of luminaires, which also blend harmoniously into the colourful world of “Sustained Colors”.

Kann Farbe mehr sein als nur ein flüchtiger Trend? Sie kann. Zumindest wenn es nach dem Interieur-Kollektiv COLORNETWORK® geht, das sich ganz auf nachhaltige Farben und Materialien spezialisiert hat. Eine Idee, die wir so toll fanden, dass wir sie in unsere Leuchtenkollektionen aufgenommen haben. Manche Leuchten sind exklusiv in den „Sustained Colors“ erhältlich und lassen sich so besonders gut mit anderen Produkten dieses Farbtyps kombinieren. Das funktioniert übrigens auch mit den Leuchten unserer Standardkollektion, die sich harmonisch in die Farbwelt der „Sustained Colors“ einfügen.

“*Live simple!*: the sustainable choice, an elegant off-white colour that never goes out of style.”

KOBE JACXSENS *Sales Director*

First it was a bottle,
now it *reduces noise*.

We go for a run with headphones, dance to loud electronic beats, and struggle to concentrate on a conversation with a customer in a crowded restaurant. In our modern world we are constantly surrounded by sound. It's no wonder that we sometimes long for silence. Especially when we want to withdraw, work undisturbed, or have important conversations. We prefer to do all this in rooms where we feel comfortable and which "sound" good to us. That's why pleasant acoustics are important in hotels, restaurants, and offices. They also play a major role in our well-being within our own four walls. What does this have to do with our lights? A lot. Because Wever & Ducré's new soft collection provides atmospheric light and beautiful design accents, and also better acoustics.

Wir gehen mit Kopfhörern laufen, tanzen zu lauten Electro-Beats und versuchen, uns im überfüllten Restaurant mühsam auf ein Kundengespräch zu konzentrieren. In unserer modernen Welt sind wir ständig von Geräuschen umgeben. Da ist es kein Wunder, dass wir uns manchmal nach der Stille sehnen. Vor allem, wenn wir uns zurückziehen, ungestört arbeiten oder wichtige Gespräche führen möchten. All das tun wir am liebsten in Räumen, in denen wir uns wohlfühlen. Und die für uns gut „klingen". Deshalb ist eine angenehme Akustik nicht nur in Hotels, Restaurants oder Büros wichtig. Auch in den eigenen vier Wänden spielt sie für unser Wohlbefinden eine große Rolle. Was das mit unseren Leuchten zu tun hat? Viel. Denn die neue Wever & Ducré-Soft-Kollektion sorgt nicht nur für stimmungsvolles Licht und schöne Designakzente, sondern auch für eine bessere Akustik.

ODREY

“*Lighting design* is the process of integrating light into the elements of architecture.”

SAM REYNAERT *Team Lead Lighting Design*

IT IS THE MEANS OF EXPRESSING THE DESIRED FUNCTIONAL AND AESTHETIC CHARACTER OF A SPACE

The principles of *lighting design*

How we perceive a room and whether we feel comfortable in it depends strongly on the right lighting. The lighting mood, and thus the atmosphere of a room, should always be adapted to its function. So one of the most important questions is: What do I want to use it for? For working and playing, or rather for retreating and relaxing? Already decided? Perfect, then you can start planning. No idea where to start? Then simply click through our *Lightguide*, where we have summarised all the important basics for you.

Wie wir einen Raum empfinden und ob wir uns darin wohlfühlen, hängt auch von der richtigen Beleuchtung ab. Daher sollte man die Lichtstimmung und damit auch die Atmosphäre eines Raumes immer an seine Funktion anpassen. Eine der wichtigsten Fragen lautet also: Wofür möchte ich ihn nutzen? Zum Arbeiten und Spielen oder doch eher zum Zurückziehen und Entspannen? Ist dieser Punkt einmal geklärt, kann man eigentlich schon mit der detaillierten Planung loslegen. Noch keine Idee, womit Sie beginnen sollen? Dann klicken Sie sich einfach mal durch unseren *Lightguide*. Hier haben wir alle wichtigen Basics für Sie zusammengefasst.

READY TO GET STARTED?

Light not only influences our mood, but also our perception. And this applies to every single room. That's why very distinct criteria are key when it comes to lighting the living room, bedroom, or dining room. Find out what these criteria are in our *Space Lightguide*.

Licht beeinflusst schließlich nicht nur unsere Stimmung, sondern auch unsere Wahrnehmung. Und das in jedem einzelnen Raum. Deshalb kommt es bei der Beleuchtung von Wohn-, Schlaf- oder Esszimmern auf ganz unterschiedliche Kriterien an. Und genau die möchten wir Ihnen mit unserem *Space Lightguide* verraten.

HOW TO CREATE A LIGHTING PLAN

Be your own *designer*

An old industrial loft with high ceilings and brick walls, or a modern new build with impressive, understated, minimalist elements? Wherever you choose to live is essential when planning your lighting. Therefore, completely different rules apply to existing buildings or buildings undergoing renovation than to a newly built home. So before you start planning the lighting, you should first analyse your home room by room. Our *Lightguide* helps you figure out what is important and which five steps you need to take to create your own personal lighting plan. Step-by-step and super easy.

Ein altes Industrie-Loft mit hohen Räumen und Backsteinwänden oder doch lieber ein moderner Neubau, der vor allem mit zurückgenommenen, minimalistischen Elementen überzeugt – wofür auch immer wir uns beim Wohnen entscheiden, ist auch für die Planung der Beleuchtung wesentlich. So gelten für existierende oder in Renovierung befindliche Gebäude ganz andere Regeln als bei einer Wohnung, die gerade neu gebaut wurde. Bevor es mit der Lichtplanung losgeht, sollten Sie Ihren Wohnbereich also erst einmal Raum für Raum analysieren. Worauf es dabei ankommt und mit welchen 5 Steps man zu seinem individuellen Lichtplan kommt, zeigen wir Ihnen in unserem *Lightguide*. Step-by-Step und supereasy.

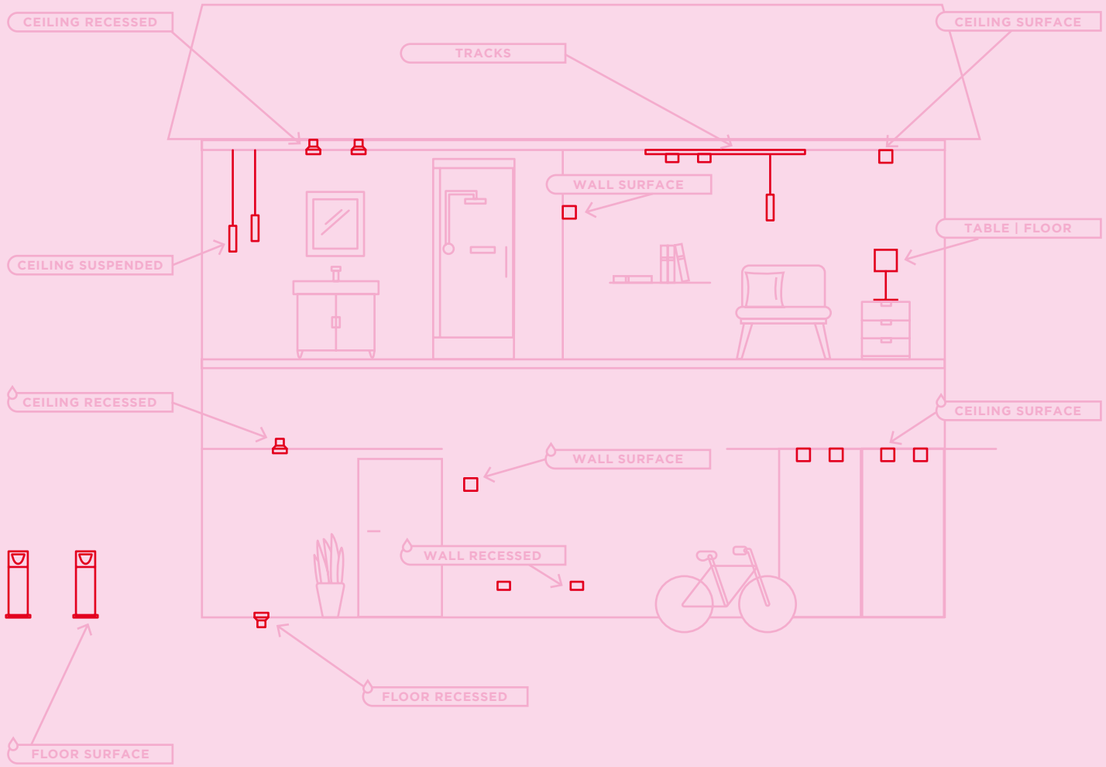

WE ARE MORE THAN ONE

Have you discovered our family icon? Yay! Then your favourite luminaire is available in at least three variants.

Sie haben unser Family-Icon entdeckt? Yey! Dann ist Ihre Lieblingsleuchte in mindestens drei Varianten erhältlich.

Have you fallen in love with a design so much that you wish you were surrounded by it all the time? No problem. Just take a quick look to see if the family icon is there and there's nothing standing in the way of your wish. After all, lights with this icon are available in at least three variants. In this way, rooms can be designed in a completely uniform style. By the way: Of course you can also pursue your need for harmony outdoors. Our outdoor variantsmake it possible.

Sie haben sich so sehr in ein Design verliebt, dass Sie es am liebsten ständig um sich hätten? Kein Problem. Einfach kurz nachsehen, ob Sie das Family-Icon entdecken, und schon steht Ihrem Wunsch nichts mehr im Wege. Schließlich sind Leuchten mit dieser Kennung in mindestens drei Varianten erhältlich. So lassen sich Räume in einem ganz einheitlichen Stil gestalten. Übrigens: Ihrem Harmoniebedürfnis können Sie natürlich auch im Außenbereich nachgehen. Unsere Outdoor-Varianten machen's möglich.

OH, HOW SWEET OUR CENO FAMILY

Small *spots*, massive impact

The spots of the CENO family being small and inconspicuous has nothing to do with shyness. Our designers wanted to create a range of luminaires that would effortlessly make even tiny or winding spaces shine, without taking up much space. Perfectly done. That's why our CENOs are also available in many surface-mounted and recessed versions and even as insets for our STREX system. Are you looking for a discreet wall luminaire? Then we recommend the Wall Edition with indirect light. Like all CENOs, it is also available in many colours.

Dass die Spots der CENO-Family so dezent sind, hat nichts mit Schüchternheit zu tun. Unsere Designer wollten einfach nur Leuchten entwerfen, die selbst kleine oder verwinkelte Räume mühelos zum Strahlen bringen. Deshalb gibt's unsere CENOs auch in vielen Auf- und Einbauvarianten und sogar als Insets für unser STREX-System. Sie suchen nach einer dezenten Wandleuchte? Dann empfehlen wir die Wall Edition mit indirektem Licht. Auch sie ist, wie alle CENOs, in vielen Farben erhältlich.

PERFECT ANGLES WITH THE PIRRO FAMILY

We love *sharp lines*

Especially when they look as stunning as the PIRRO family. That's why the Bauhaus-style light is one of our absolute favourites, both in the elegant recessed or surface-mounted variant, and also as a flexible track system. How does it work? Simply assemble SPOT or OPAL insets as a SYSTEM on the prefabricated track to create a small work of art on the ceiling. Want even more creative design options? Then you can combine the various insets with a track or bring even more light into the room with the PIRRO petit multi-spot.

Vor allem, wenn sie so toll aussehen wie bei der PIRRO-Family. Deshalb gehört die im Bauhaus-Stil designte Leuchte auch zu unseren absoluten Favourites. Und zwar nicht nur in der formschönen Ein- oder Aufbauvariante, sondern auch als flexibles Schienensystem. Wie's funktioniert? Einfach SPOT- oder OPAL-Insets als SYSTEM auf der vorgefertigten Schiene zusammenstellen und schon entsteht ein kleines Kunstwerk an der Decke. Noch mehr kreative Gestaltungsmöglichkeiten gewünscht? Dann können Sie die verschiedenen Insets auch mit einer Stromschiene kombinieren oder mit dem Multi-Spot PIRRO petit noch mehr Licht in den Raum bringen.

ROOMOR FAMILY HAS IT

A true *all-rounder*

The rumours are true: ROOMOR is a lamp that can change its appearance faster than a chameleon. And all it takes is a few simple steps. Just choose the shape and colour and combine them to your heart's content. This allows ROOMOR to be transformed into everything from a minimalistic floor lamp to an opulent suspended luminaire or discreet table lamp. And because ROOMOR can be fully adapted to its surroundings when it comes to materials, all of the shade designs are offered in powder-coated aluminium and some also in finely textured felt. And to make things a little more fun in the office, ROOMOR is now also available as a glare-free office light with an UGR value of ≤ 19. Nothing could be more flexible.

Sie können den Gerüchten ruhig glauben: ROOMOR ist eine Leuchte, die ihre Optik schneller wechselt als ein Chamäleon. Und das mit nur wenigen Handgriffen. Einfach Form und Farbe auswählen und loskombinieren. So wird aus ROOMOR mal eine minimalistische Stehlampe, mal eine opulente Hängeleuchte und mal eine dezente Tischlampe. Und weil sich ROOMOR auch in puncto Material ganz ihrer Umgebung anpasst, sind alle Schirmformen in pulverbeschichtetem Aluminium und manche auch in fein strukturiertem Filz erhältlich. Und damit es auch im Büro etwas abwechslungsreicher wird, gibt es ROOMOR nun auch als blendfreie Leuchte mit einem UGR-Wert ≤ 19. Flexibler geht's nicht.

ANASTASIJA & MARTIN LESJAK, 13&9 DESIGN

Products with *emotional* added value

At Studio 13&9, Anastasija and Martin Lesjak focus entirely on “transferring the creative energy of a brand to the product”. This approach is also reflected in all the collections that the Austrian designer team has designed exclusively for Wever & Ducré. DRO stands out in particular, where the designer duo has been able to take the fleeting beauty of a dewdrop and capture it permanently. But the source of inspiration for 13&9 does not just come from nature, but many other creative areas, like the arts, fashion, and architecture. It is a transdisciplinary approach, which is expressed in a particularly attractive manner in the MIRRO collection, designed together with the designer Sabrina Stadlober. The metallic, reflective surface of the luminaires allows both the viewer and the surroundings to be reflected at the same time. An artisan’s device, used in this instance by 13&9, to closely connect the user with the product. And it is just such details, in the pieces designed by 13&9, that draw the fascination of everyone.

Anastasija und Martin Lesjak vom Studio 13&9 konzentrieren sich ganz darauf, „die kreative Energie einer Marke auf das Produkt zu übertragen“. Dieser Ansatz spiegelt sich auch in allen Kollektionen wider, die das österreichische Designerteam exklusiv für Wever & Ducré entworfen hat. Allen voran: DRO, mit der es den beiden Designern gelungen ist, die flüchtige Schönheit eines Tautropfens dauerhaft einzufangen. Inspirieren lassen sich 13&9 aber nicht nur von der Natur, sondern auch von vielen anderen Kreativbereichen wie Kunst, Mode oder Architektur. Eine transdisziplinäre Herangehensweise, die bei der mit Designerin Sabrina Stadlober entworfenen Kollektion MIRRO besonders schön zum Ausdruck kommt. Gleichzeitig können sich Betrachter und Umgebung in der metallisch reflektierenden Oberfläche der Leuchten spiegeln. Ein gekonnter Kunstgriff, mit dem 13&9 eine intensive Verbindung zwischen Benutzer und Produkt herstellen. Und genau das ist es auch, was die besondere Faszination aller von 13&9 entworfenen Objekte ausmacht.

Elegant and *timeless*

Jules Wabbes with one of his desks at the Royale Belge, Brussels, 1971,
©Wabbes Sofam, Brussels, 2017.

J.J.W. by JULES WABBES

Jules Wabbes (1919–1974), who had a penchant for finding new ideas at flea markets, must have had the same thought. It's no wonder people said that the Belgian architect and furniture designer had a unique eye for shapes and materials. And that is apparent in his countless designs, which still haven't gone out of fashion even today. A shining example is the chandelier, developed in the 1970s, whose futuristic, floral form is as much at home in a modern bar as in a posh hotel lobby.

So oder so ähnlich könnte Jules Wabbes (1919–1974) gedacht haben, der sich gerne auf Flohmärkten inspirieren ließ. Kein Wunder, dass man dem belgischen Architekten und Möbeldesigner einen ganz besonderen Blick für Formen und Materialien nachsagte. Dieser manifestiert sich in seinen zahlreichen Entwürfen, die bis heute nicht aus der Mode gekommen sind. Bestes Beispiel: Ein in den 1970er Jahren entworfener Kronleuchter, dessen futuristische, florale Form sich damals wie heute gleichermaßen perfekt in moderne Bars und edle Hotel-Lobbys einfügt.

LESS IS MORE WITH THE FINLIN FAMILY

Follow the *line*

Admittedly, at first glance, the lights in the FINLIN family could also pass for modern sculptures. In reality, however, the delicate designs are made of wafer-thin aluminium tubes that appear to float almost weightlessly in the room. This creates a very fine, completely pared-back look that will make the hearts of design minimalists beat faster. FINLIN impresses both as a linear ceiling or suspended light and also as a round wall element that can customise even large areas. FINLIN is available in plain black and shimmering gold, and is now also available as a free-standing light.

Zugegeben, auf den ersten Blick könnten die Leuchten der FINLIN-Family auch als moderne Skulpturen durchgehen. In Wahrheit bestehen die filigranen Designs aber aus hauchdünnen Aluminiumrohren, die fast schwerelos im Raum zu schweben scheinen. So entsteht eine sehr feine, vollkommen reduzierte Optik, die vor allem das Herz von Design-Minimalisten höher schlagen lässt. Schließlich überzeugt FINLIN nicht nur als lineare Decken- oder Pendelleuchte, sondern auch als rundes Wandelement, mit dem sich selbst große Flächen ganz individuell gestalten lassen. Erhältlich ist FINLIN in schlichtem Schwarz und schimmerndem Gold und ab sofort auch als Stehleuchte.

Turns a simple wall into a *piece of art.*

Let light *follow* you.

PERLEZ's gentle light and soft, round shape is reminiscent of a small, shimmering pearl. And as befits a true favourite piece of jewellery, it can also be combined with an infinite number of styles – whether as a minimalist ceiling light or as an elegant clip on the edge of a mirror. PERLEZ's uniform light makes any room shine. Thanks to its IP44 certification, the round opal glass light is ideally protected against splashing water and thus can even be used in bathrooms.

155

Mit ihrem sanften Licht und der weichen, runden Form erinnert PERLEZ an eine kleine, schimmernde Perle. Und wie sich das für ein echtes Lieblingsschmuckstück gehört, lässt sie sich auch mit unendlich vielen Stilen kombinieren. Ob als minimalistische Deckenleuchte oder als formschöner Clip am Spiegelrand – mit ihrem gleichmäßigen Licht bringt PERLEZ jeden Raum zum Strahlen. Dank IP44-Zertifizierung ist die runde Opalglas-Leuchte nämlich optimal vor Spritzwasser geschützt und lässt sich so selbst im Badezimmer problemlos einsetzen.

PERLEZ BRIGHTENS UP EVERY ROOM

A true *gem*

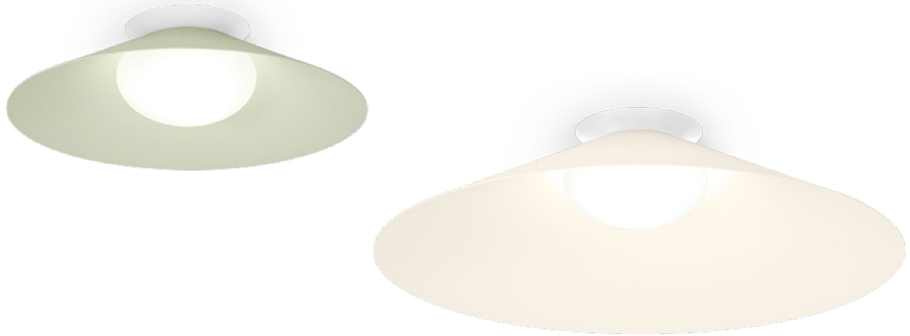

635

What else does PERLEZ surprise us with? With SPIN and GRID, two unusual mounting variants that allow the light to be positioned completely independently of the power outlet. Do you want to adapt your lighting spontaneously to any situation? Then SPIN's swivelling arms make this a reality with just one simple adjustment. To illuminate larger areas such as the dining or living room table, PERLEZ is best combined with GRID, allowing four of the beautifully designed lights to shine from the ceiling.

Womit PERLEZ noch überrascht? Mit SPIN und GRID, zwei außergewöhnlichen Mounting-Varianten, mit denen sich die Leuchte ganz unabhängig vom Stromauslass positionieren lässt. Sie möchten Ihre Beleuchtung spontan an jede Situation anpassen? Dann ist das mit SPIN's schwenkbaren Armen mit nur einem Handgriff möglich. Für die Ausleuchtung größerer Flächen, wie zum Beispiel des Ess- oder Wohnzimmertisches, kombiniert man PERLEZ am besten mit GRID und lässt so gleich vier der formschönen Leuchten von der Decke strahlen.

CLEA 1.0 | 2.0

SOMETIMES THERE'S NOTHING LEFT TO ADD

A perfect *circle*

Design is at its best when colour and shape are in perfect harmony. As with the CLEA family, whose circular shade comes in three sizes and various colours. The special feature here is that the shades "feel jade!" and "live simple!"are part of the "Sustained Colors" line by COLORNETWORK®, which is fully committed to the sustainable definition of colour concepts. Entire interiors can thus be designed in the same tone or in matching colour families. It's great that the CLEA family is also part of this philosophy and shares the same inner values. It makes you want to have the beautifully designed lights, whose light sources emit a particularly soft light, in your home even more. After all, they can be used to create highly decorative highlights on walls and ceilings.

Design ist am schönsten, wenn Farbe und Form in perfektem Einklang stehen. Wie bei der CLEA-Family, deren kreisrunde Schirme in drei Größen und verschiedenen Farben zu haben sind. Das Besondere dabei: Die Nuancen „feel jade!" und „live simple!" gehören zu den „Sustained Colors" von COLORNETWORK®, das sich ganz der nachhaltigen Definition von Farbkonzepten verschrieben hat. So können ganze Interieurs im selben Ton gestaltet werden. Schön, dass auch die CLEA-Family Teil dieser Philosophie ist und nicht nur mit außergewöhnlichem Design, sondern auch mit inneren Werten punktet. Da möchte man die formschönen Leuchten, deren Glaskörper ein besonders weiches Licht spenden, doch gleich noch lieber zu Hause haben. Schließlich lassen sich mit ihnen an Wand und Decke besonders dekorative Highlights setzen.

DEEP CONNECTIONS

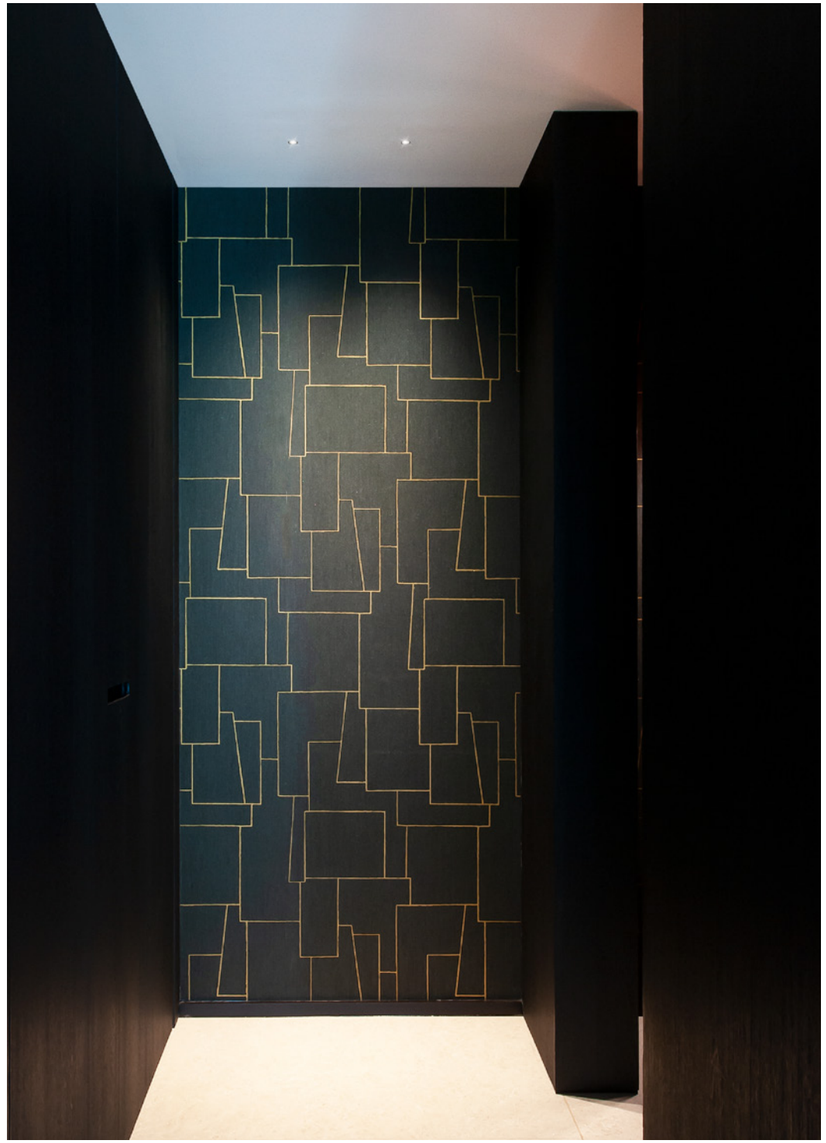

DEEP and DEEPER are classic downlights and send their light beam straight down. Perfect for any room, be it a hallway or living room. But the recessed lights have so much more to offer. DEEP and DEEPER have an IP44 variant with splash protection, and for DEEP we even have IP65 variants with protection against low pressure water jets. This means you can also mount the starry sky in your bathroom. Incidentally, DEEP ADJUST and DEEP ADJUST petit are available in a trimless version, which seem like they are virtually invisible as they disappear into your ceiling.

DEEP und DEEPER sind klassische Downlights und geben ihren Lichtstrahl gerade nach unten ab. Perfekt für alle Räume, egal ob Flur oder Wohnzimmer. DEEP und DEEPER gibt's als IP44-Variante spritzwassergeschützt und DEEP sogar als IP65-Varianten strahlwassergeschützt. Da kann man sich den Sternenhimmel auch ins Badezimmer montieren. Übrigens: DEEP ADJUST und DEEP ADJUST petit gibt's als Trimless-Variante, die fast unsichtbar in der Decke verschwindet.

DON'T BE SHY

Want to place your Ming vase in the right light? Then the swivelling spotlights from the DEEP range are the ideal solution for you. This means your vase can be moved around and still remain perfectly lit. Simply readjust by hand. Do you actually have a fresco mural or a special surface structure? Then DEEP ADJUST asym is the perfect solution: The consistent wall washer effect will certainly WOW your guests. Guaranteed.

Sie möchten Ihre Ming-Vase ins rechte Licht rücken? Dann sind die schwenkbaren Spots der DEEP-Familie die perfekte Lösung für Sie. Damit kann die Vase nämlich auch mal wandern und sie bekommt trotzdem wieder das perfekte Licht. Einfach händisch nachjustieren. Sie haben tatsächlich ein Wandfresko oder eine besondere Oberflächenstruktur? Dann ist DEEP ADJUST asym die perfekte Lösung: Der gleichmäßige Wallwasher-Effekt wird Ihren Gästen ein WOW entlocken. Garantiert.

Hidden champions

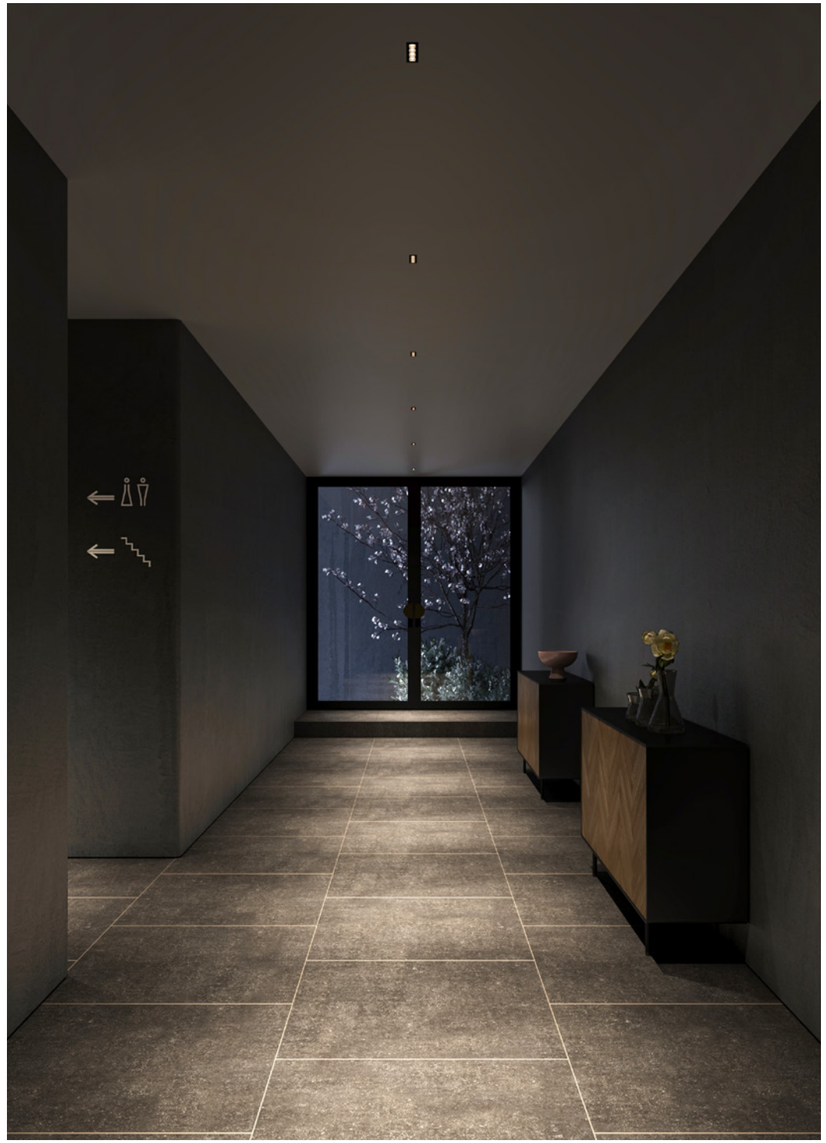

Sleek built-in luminaires are subtle, elegant, and let every room shine in the brightest light. No wonder the space-saving all-rounders are among the most popular lighting choices these days. That said, there are some requirements you’ll need to consider when mounting recessed luminaires. Especially with low ceilings in modern living spaces or the lack of space in suspended ceilings, things can get really tricky – and every centimetre counts. The specially designed compact lights for low ceilings with low installation depths are not only true space savers, but also a design highlight – perfect for renovation projects and small city apartments.

Schlichte Einbauleuchten halten sich optisch elegant im Hintergrund, während sie jeden Raum in seinem besten Licht erstrahlen lassen. Kein Wunder also, dass die platzsparenden Alleskönner so beliebt sind. Trotzdem: Gewisse Voraussetzungen müssen für den Einbau gegeben sein. Denn vor allem mit niedrigen Deckenhöhen in modernen Wohnräumen oder zu wenig Platz in den Zwischendecken kann es schon mal ganz schön knifflig werden – dabei zählt jeder Zentimeter. Die speziell für niedrige Räume entwickelten Leuchten mit wenig Einbautiefe sind nicht nur platzsparend, sondern vor allem auch ein echtes Designhighlight – perfekt für Renovierungsprojekte und kleine City-Apartments.

SCARED OF WATER? NO WAY!

They're *fun* to bathe with

Keep knocking on the bathroom door all you want, IP44 luminaires will be in no hurry to leave, even less so with IP65. Luminaires with the IP44 certification are protected against splashes and those with IP65 are resistant to water jets. They're every bit as comfortable in a SPA as they are above a shower. Don't have much space? Then choose a version with a low installation depth. They fit well in rooms with low ceiling heights as well, making even the smallest hotel bathrooms shine. By the way, many types of IP44 or IP65 luminaires are not only available as spots but in many more varieties, too.

Eines ist sicher: Bei IP44-Leuchten kann man lange an die Badezimmertür klopfen – die kommen nicht raus. Bei IP65-Leuchten noch länger. Schließlich sind Leuchten mit der Zertifizierung IP44 optimal vor Spritzwasser und mit IP65 sogar vor einem Wasserstrahl geschützt. Und fühlen sich daher im SPA-Bereich genau so wohl, wie über der Dusche. Sie haben nur wenig Platz? Dann sind Versionen mit geringer Einbautiefe die perfekte Lösung. Sie passen auch in Räume mit geringer Raumhöhe und bringen so selbst das kleinste Hotelbadezimmer zum Strahlen. Übrigens: IP44- oder IP65-Leuchten sind natürlich nicht nur als Spots, sondern auch in vielen anderen Ausführungen erhältlich.

MIX AND MATCH

The magic *cube*

Remember that small magic cube we just couldn't put down in the 80s? Then you will love BOX. It has an almost infinite number of variations for you to try – not just in terms of colour and size. BOX is incredibly flexible when it comes to insets and lamps. Grab a double espresso and start mixing and matching. Not really into cubes? Then try taking a fantastic HEXO, DOCUS, or RAY luminaire home with you.

Können Sie sich noch an den magischen kleinen Würfel erinnern, den wir in den 80ern einfach nicht aus der Hand legen konnten? Dann werden Sie BOX lieben. Denn auch mit ihr lassen sich nahezu unendlich viele Varianten durchprobieren. Und das nicht nur in puncto Farben und Größe. Auch bei Insets und Leuchtmitteln ist BOX mehr als nur flexibel. Also einfach einen doppelten Espresso schnappen und loskombinieren. Würfel sind nicht so Ihr Ding? Dann können Sie sich mit HEXO, DOCUS oder RAY auch andere tolle Leuchtenformen dieser Serie nach Hause holen.

THESE TWO MAKE ALL YOUR WISHES COME TRUE

Our *magic* sticks

Wouldn't it be nice to have two magic wands instead of one? This wish can easily come true with our SPIN variants. The two swivelling arms can be flexibly adapted to any situation, ensuring perfect illumination at all times. The great thing is that all three can be combined with different designs, offering endless design options. Those who prefer soft, indirect light can create a warm, Scandinavian-inspired atmosphere with SPIN PERLEZ. For a more minimalist look and direct, downward-directed light, small spotlights such as TRACE are ideal. Would you also like to creatively stage your walls? Then you can even create your own work of art with FIL SPIN wall surface.

Wäre es nicht schön, wenn man statt eines Zauberstabs gleich zwei davon hätte? Mit unseren SPIN-Varianten lässt sich dieser Wunsch ganz leicht erfüllen. Denn die beiden schwenkbaren Arme passen sich ganz flexibel an jede Situation an und sorgen so immer für die perfekte Ausleuchtung. Das Schöne daran: Alle drei lassen sich mit verschiedenen Designs kombinieren und bieten so unendlich viele Gestaltungsmöglichkeiten. Wer eher sanftes, indirektes Licht bevorzugt, kann mit SPIN PERLEZ eine warme, skandinavisch inspirierte Atmosphäre erzeugen. Für einen eher minimalistischen Look und direktes, nach unten gerichtetes Licht sind kleine Spots wie die von TRACE optimal. Sie möchten auch Ihre Wände kreativ in Szene setzen? Dann können Sie mit FIL SPIN Wall Surface sogar Ihr eigenes Kunstwerk gestalten.

THREE WAYS TO MAKE THEM SHINE

On the *right* track

It's normal to go off the rails when it comes to tracks. That's why we need a quick introduction. You can essentially choose between three options. The simplest is the 1-phase track. This system controls light sources from one point and switches them all on and off together. You'd prefer to operate each luminaire individually? Then we recommend the 3-phase track, where spotlights, insets, and suspended luminaires are connected and controlled separately. But there's also the 48-volt system. It allows spotlights and suspended luminaires, and also various sets of spots and opal insets for general lighting, to be inserted with ease. This means you can always react flexibly to changes in the room. The system can be easily controlled by your smartphone, which is especially practical.

Dass man bei Schienen erst mal Bahnhof versteht, ist ganz normal. Deshalb gibt's hier eine schnelle Einführung: Grundsätzlich können Sie zwischen drei Möglichkeiten wählen. Die einfachste ist die 1-Phasen-Schiene, bei der alle Lichtquellen von einem Punkt aus angesteuert und zusammen ein- und ausgeschaltet werden. Sie möchten Ihre Leuchten einzeln bedienen? Dann empfiehlt sich eine 3-Phasen-Schiene, bei der Strahler, Insets und Hängeleuchten separat angeschlossen und gesteuert werden. Weiters im Programm: das 48-Volt-System. Mit ihm lassen sich nicht nur Strahler oder Hängeleuchten, sondern auch verschiedene Spots- und Opalinsets – zur Allgemeinbeleuchtung ganz einfach einsetzen. So kann jederzeit flexibel auf Veränderungen im Raum reagiert werden. Besonders praktisch: das System lässt sich ganz bequem vom Smartphone aus steuern.

Choose your *mounting*

weverducre.com/strex-configurator

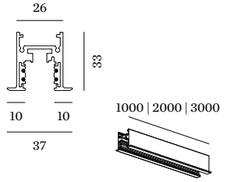

Discreetly concealed in the ceiling, as a striking surface-mounted variant, or rather floating freely in the room? With three different mounting options, you'll find the right solution for every room. Our tip: Simply draft a small project sketch and make a brief note of where you want to install the track and which areas you want to emphasise. This will immediately give you a better overview.

Dezent in der Decke versteckt, als markante Aufbau-Variante oder doch lieber frei im Raum schwebend? Mit drei unterschiedlichen Montagemöglichkeiten findet man für jeden Raum die passende Lösung. Unser Tipp: Machen Sie sich einfach eine kleine Projektskizze und notieren Sie kurz, wo Sie die Schiene montieren und welche Bereiche Sie betonen möchten. Das schafft sofort mehr Überblick.

Choose your *driver*

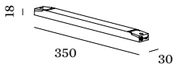

A driver regulates the current flowing through your LED lights, preventing overheating and unwanted flickering. Which is best suited to your STREX system depends on the chosen installation. The most elegant solution is an in-track driver, but many other variants are also available.

Ein Treiber reguliert den Stromfluss, der durch Ihre LED-Leuchten fließt und verhindert damit Überwärmung und störendes Flackern. Welcher am besten zu Ihrem STREX-System passt, hängt von der gewählten Montage ab. Die eleganteste Lösung ist ein In-Track-Treiber aber auch viele andere Varianten sind möglich.

Good to *know*

Electrical components of champagne or bronze connectors and drivers will be black.

WIRELESS CASAMBI CONTROL

8W | adapter for wireless control
of 64 DALI fixtures in max. 8 groups

	CODE
	90014155
	90014156

The great thing about the STREX system? You have endless options. Do you just want to switch your lights on and off, or dim them? Then this can be done easily with DALI fixtures. If you don't want to install a hard-wired system, you can also opt for a more flexible version. All you need is a Casambi control module and suitable DALI insets.

Das Tolle am STREX-System? Man hat unendlich viele Möglichkeiten. Sie möchten Ihre Leuchten nur an- und ausschalten oder dimmen? Dann ist das mit DALI-Leuchten ganz easy möglich. Wer kein fest verkabeltes System installieren möchte, kann aber auch auf eine flexiblere Variante ausweichen. Was man dazu braucht? Ein Casambi-Kontrollmodul und passende DALI-Insets.

SPOT LANDING FOR YOUR FAVOURITE LIGHT

Yep, *right* there

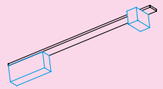

There's certainly one question you no longer need to ask: Where is the power outlet? That's because this doesn't really matter with PIRRO SYSTEM. After all, lights can be optically positioned precisely where they look just right – perfect, in fact. How does it work? PIRRO opal and PIRRO spot insets can be attached to two rails of different lengths and in many different versions. This lets you create a small work of art on every ceiling reminiscent of well-known Bauhaus classics – and that's no coincidence. Serge Cornelissen used exactly those classics as models for his lamp creation, which above all sets itself apart with its functionality, style, and minimalism. A true success story, if we do say so ourselves. We'd like to add that the PIRRO SYSTEM is available in subtle white, gold, or black, and can be combined with insets in two sizes and four different colours.

Eine Frage müssen Sie sich ab sofort bestimmt nicht mehr stellen und zwar: Wo ist hier der Stromauslass? Denn das ist mit PIRRO SYSTEM ziemlich egal. Schließlich lassen sich Leuchten damit optisch punktgenau dort platzieren, wo sie einfach richtig und zwar richtig gut aussehen. Wie's funktioniert? PIRRO Opal und PIRRO Spot Insets können auf zwei unterschiedlich langen Schienen und in vielen verschiedenen Varianten angebracht werden. So entsteht an jeder Decke ein kleines Kunstwerk, das nicht umsonst an bekannte Bauhaus-Klassiker denken lässt. Genau die dienten Serge Cornelissen nämlich als Vorbild für seine Leuchtenkreation, die vor allem durch Funktionalität, Stil und Minimalismus besticht. Echt gelungen, finden wir und fügen hinzu, dass PIRRO SYSTEM in dezentem Weiß, Gold oder Schwarz zu haben ist und mit Insets in zwei Größen und vier verschiedenen Farbvarianten kombiniert werden kann.

SPOT LANDING FOR YOUR FAVOURITE LIGHT

Choose your *base*

If you have fallen in love with one of our luminaires, but need a matching ceiling rose: Then perhaps we can play matchmaker. The choice basically comes down to single or multiple pendant roses. For single pendants, they are either surface mounted, semi-recessed or invisible. The multiple pendant ceiling rose is available in a round or rectangular shape. And last but not least, there is also a wall version with an integrated light switch. Have you found your match? Then all that remains to do now is decide on a suitable lampshade and a suitable colour on the following pages.

Sie haben sich in eine unserer Leuchten verliebt und suchen jetzt nach dem passenden Baldachin? Dann spielen wir hier mal kurz die Vermittlungsbörse. Grundsätzlich können Sie zwischen Einzel- oder Multiabhängung wählen. Bei der Einzelabhängung gibt es eine Aufbau-, eine Semi-Recessed, oder eine Invisible-Variante. Den Multibaldachin gibt es in runder oder gerader Form. Und zu guter Letzt die Wandvariante mit integriertem Lichtschalter. Na, ein Match gefunden? Dann müssen Sie sich jetzt nur noch für einen passenden Lampenschirm auf den nächsten Seiten und eine passende Farbe entscheiden.

ODREY ON THE WALL

She *lights up* every room

She exudes the elegance of the 50s like no other. And can change its look faster than any movie star. Who are we talking about? ODREY, of course. She looks stunning in almost any colour combination. And she is highly flexible in terms of the shape of the shade. There are three different shades to choose from, available in black or gold. They can be combined with two mounts in black or gold to create an ever-changing luminaire. ODREY can emit light either upwards, downwards, or in both directions, which is especially lovely. So corridors or restaurant walls can be accentuated with the utmost flair.

Sie versprüht die Eleganz der 50er wie keine andere. Und kann ihren Look schneller wechseln als jeder Filmstar. Von wem hier die Rede ist? Natürlich von ODREY, die in nahezu jeder Farbkombination umwerfend aussieht. Und sich auch in puncto Schirmform höchst flexibel zeigt. Zur Auswahl stehen drei verschiedene Shades, die in Schwarz oder Gold zu haben sind. Sie können mit je zwei Mountings in Schwarz oder Gold kombiniert werden und ergeben so immer wieder eine neue Leuchte. Besonders schön: ODREY kann das Licht entweder nach oben, nach unten oder in beide Richtungen abgeben. So können Flure oder Restaurantwände gekonnt akzentuiert werden.

QUEBRACHO STEAKHOUSE & MIXOLOGY | MICHELE MEZZINA | DANILO CASTALDI PESCARA | ITALY

Simple formality

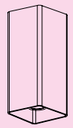

Even if maths and angles were never your forte: You'll still love these four stunning geometric shapes. BOX, DOCUS, HEXO, and RAY are hard to beat when it comes to elegance and flexibility. And it means they are suitable for almost any room situation. It doesn't matter whether you let them glitter from the ceiling or shine from the walls. As these simple, narrow luminaires do not just come in a great variety of colours, they are also available in many different finishes; including for outdoors. So, right from the entrance to your house, friends and family will experience that "wow" effect. Who would have thought that geometry could be so illuminating?

Auch wenn Mathematik nicht Ihr Lieblingsfach war: Diese vier atemberaubenden geometrischen Formen werden Sie lieben. BOX, DOCUS, HEXO und RAY sind in puncto Eleganz und Flexibilität nämlich kaum zu übertreffen. Und deshalb für nahezu jede Raumsituation geeignet. Ganz egal, ob man sie von der Decke blinzeln oder von den Wänden strahlen lässt. Denn die schlichten, schmalen Leuchten sind nicht nur in verschiedenen tollen Farbtönen, sondern auch in vielen verschiedenen Ausführungen erhältlich. Auch für den Außenbereich. So kann man lieben Freunden und Verwandten schon im Eingangsbereich ein staunendes „Wow" entlocken. Wer hätte gedacht, dass Geometrie so spannend sein kann?

Outdoor

In one of those late nights, we're glad to have outdoor lighting showing us the safe way home. But not only that: architectural details and even house numbers will become eye-catchers in the right LED light.

One *driver* is all you need

They accentuate the façade, put the garden into the right light, and ensure that paths remain clearly visible even in the dark – modern outdoor lights are real all-rounders and are also particularly easy to install with a 24V-Plug & Play Connector System. All you need is a simple socket and a suitable driver that can be used to easily connect several lights. Simply select your favourite lights and start planning.

Sie akzentuieren die Fassade, rücken den Garten ins rechte Licht und sorgen dafür, dass Wege auch im Dunkeln gut sichtbar bleiben – moderne Outdoor-Leuchten sind echte Alleskönner und lassen sich mit einem 24V-Plug & Play Connector-System auch besonders einfach installieren. Was man dazu braucht? Eine simple Steckdose und einen passenden Treiber, über den sich auch mehrere Leuchten problemlos anschließen lassen. Also einfach Lieblingsleuchten auswählen und losplanen.

Two, three, four, or even more, the choice is yours! The number of lights and the sum of their individual wattages is the first thing you need to know to get started with your Plug & Play Connector System.

Good to know:
24V Plug & Play Connector System recommends adding 2 or more luminaires to the driver.

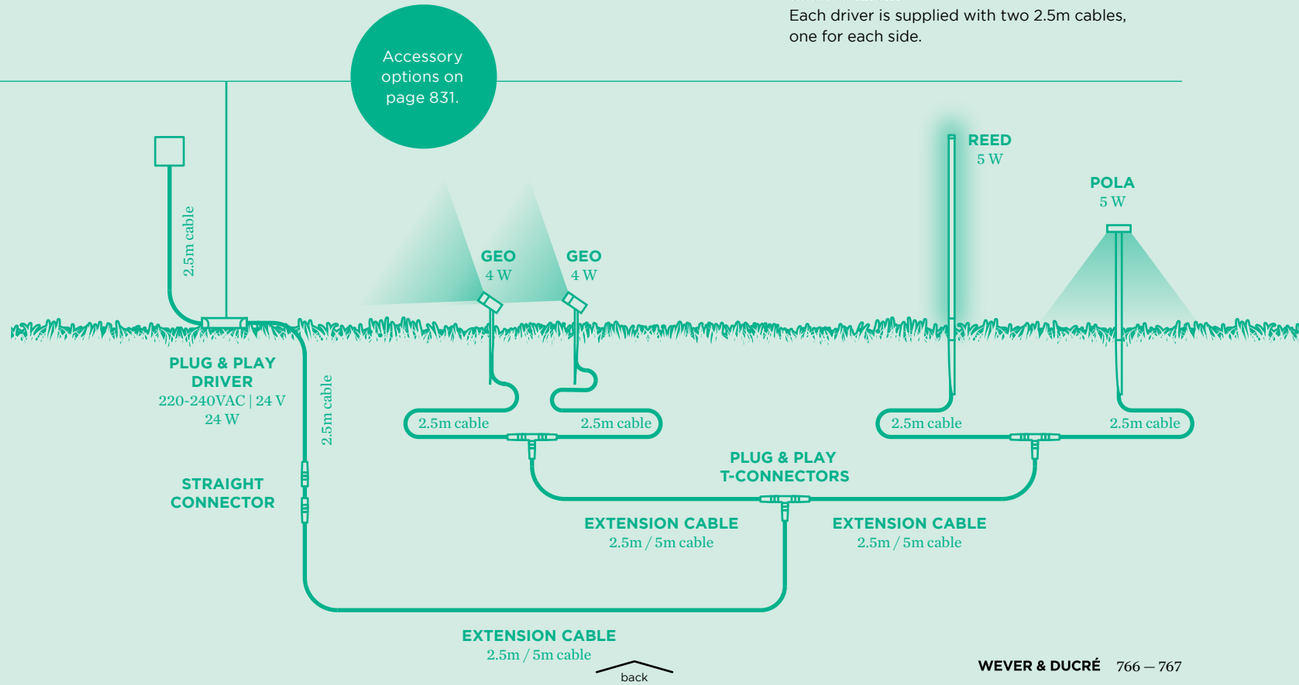

2 Define the distance between *driver* and *luminaire*

Adjacent or far away. The distance between the driver and the first light is very important as it determines the further options of your 24V Plug & Play Connector System lighting solution. You can find detailed information about your options at weverducre.com/24V-cable-length

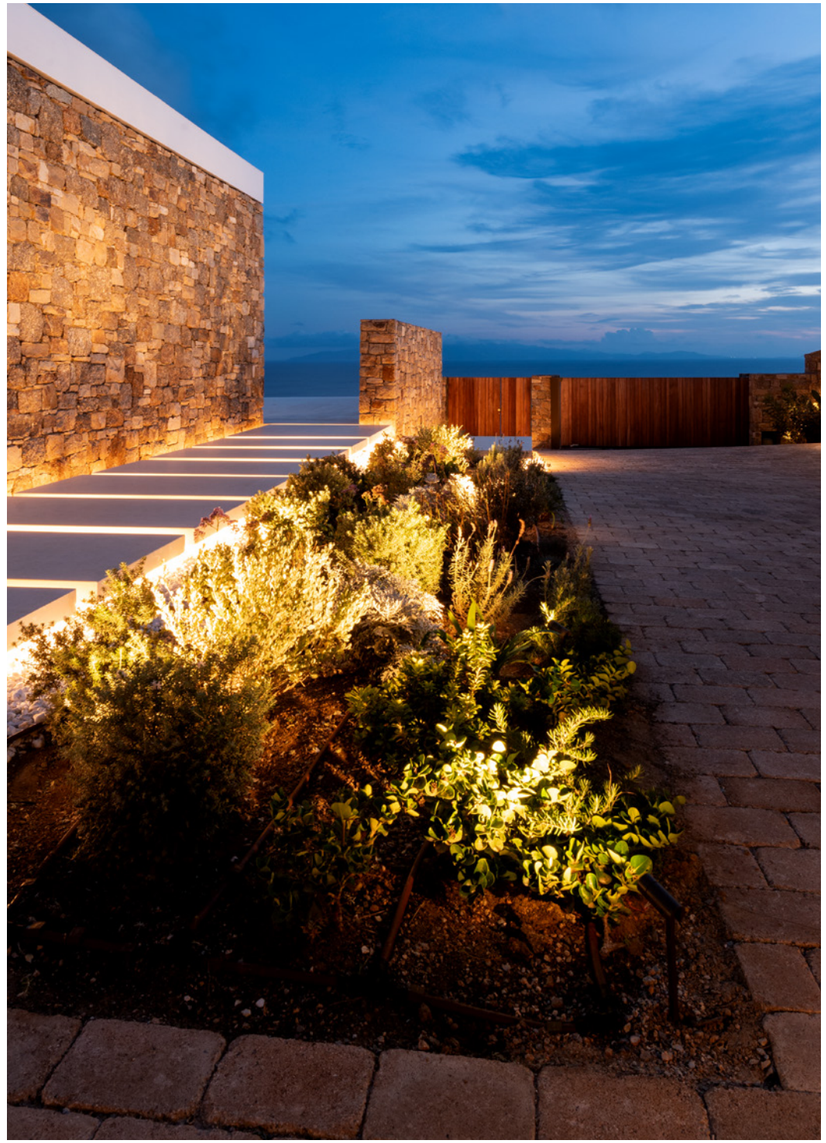

Good to know:
Each driver is supplied with two 2.5m cables, one for each side.

3 Choose your driver and set up your *luminaires*

Accessory options on page 831.

2nd edition, May *2024*

All prices are non-binding recommended prices excluding VAT, lamps (bulbs) are not included. The prices and terms of payment stated in our order confirmation shall apply. To all prices and all extra expenses, we add the legally applicable value added taxes. Should our costs increase by the time of delivery, the prices can be recalculated on a pro rata basis. The prices stated shall apply net ex works. Information on availability as well as delivery terms and dates are provided as a point of reference only and are not binding. Prices are valid till the publication of a new price list. We expressively reserve the right to make changes in price, measurements and design. The details provided in this catalogue were correct at the time of publication. They do not constitute any kind of obligation on our part and are for information only. We shall not be held liable for any discrepancies between the illustrations or descriptions given and the actual product neither for any misprints and/or typing errors.
We reserve the right to make alterations or modifications to our products at any time. All mentioned RAL codes are indicative and approximative. We shall not be held liable for any discrepancies which may occur. All mentioned lumen, beam angles, lifetime and SDCM values refer to white luminaires (in terms of finishing, covers or housings) in 3000K. Further values on request. The general terms and conditions of Wever & Ducré BV shall apply to all purchases and orders. The applicable version of the general terms and conditions can be viewed at weverducre.com/en/downloads.

What's that? A whole new product range, and already several project references? See it this way: Inspiration is key to success in design, so what we care for most is inspiring you and showing you the potential of what we at Wever & Ducré do. Thus, we took the liberty of editing some (original) images to give you an impression of how our luminaires improve living, office, outdoor, and other spaces. These pictures are marked with a (V)
