## From the desk of Principal

Dear Wonderful JVM Fraternity

Greetings!

I always wonder that there's something magical about the moment a kite takes flight and soars into the skies. In many ways, the kite represents the actualization of dreams and possibilities. The last few weeks have seen our school community come together to actualize many such dreams which are covered in Lakshya.

It was a privilege to hand over school steering to the Student Council which comprises young and dynamic leadership. Moreover, after long, it was a pleasure to see young students from classes 1-5 on Campus - a blessing indeed!

Engagement is key for successful learning, so this newsletter also includes a few examples of how our teachers ensure that their students (even grandparents) are enjoying and fully participating in their learning.

This monthly issue of the school newsletter (with a new version) shall in its path be setting standards, values and traditions for generations and centuries to follow. The shaping of ethos and culture shall be reflected in the mirror called 'Lakshya'. My compliments to the entire Team!

Indeed all set in to celebrate the closing year which brought in a lot of uncertainties and lifetime learning - indeed altogether a new perspective- and to welcome the New Year with New SunShine.

Enjoy a brief break on the mountain top; singing, reading, fishing; biking, exploring, snoring..... Remain Safe!

With love

## A Message from School Captain

It is God's blessing, along with the love and support of my teachers, that has brought me here. I am grateful to our Respected Principal Mr. Ritwiz Gaur for deeming me worthy enough to hold this prestigious post, and to all my teachers who believe in me.

I promise to live up to the trust shown in me by giving my best and leading the school with confidence, humility and grace.

Jindal Vidya Mandir, Salav isn't just a set of buildings we visit everyday, it is a part of our identity. It is within these walls that we learn the most valuable lessons of life - those that will define us and what we are for years to come. Every day, I walk through the school gates with a feeling that I am cared for, with the presence of a huge sense of community. I can't even attempt to put into words how my school has affected me.

Leadership is not a rank. Leadership is not a position. It is a decision. It is a choice. It has nothing to do with the position or organisation. Anyone can be a leader. In fact everyone is a leader. It's choosing to look out for the person on your left and to look out for the person on your right.

As John Maxwell says, leadership is influence.

Influence is the power to change, or the power to affect someone or something.

So let us all choose to be the leaders, we wish we had.

Thank you!

Yours sincerely

Suchismita Behera

School Captain

## World Mountain Day!

1<sup>th</sup> December is observed as World Mountain Day across the globe. The theme proposed by the United Nations for celebrating World Mountain Day 2021 was 'Sustainable Mountain Tourism'. With a view to encourage conservation and sustainable development of mountains, on 12<sup>th</sup> December 2021, Jindal Vidya Mandir at Salav took an initiative to organize an easy graded trekking activity for the students on a hillock situated opposite to the JSW Residential Area. The adventure commenced at 06.30 am under the guidance of trekking experts Mr Kishor Wader, Mrs Deepti Wader, Mast Atharva Wader (Alumini Batch {2018-2019}, JVM Salav) and Mr Kunal Salunkhe (Wildlife Photographer, Parent JVM, Salav). A total of 32 students studying in classes IX to XII were accompanied by Mr Ritwiz Gaur (Principal, JVM Salav), Mr Jayant Mishra (Vice Principal, JVM Salav) and 5 teachers particularly, Mrs Anuja Salunkhe, Mrs Swati Patil, Mrs Archana Todankar, Mr Sandeep Tiwari and Mr Vikas Nanekar on this trekking activity.

It took around 1 ½ hour to reach the summit. The trek was little exhaustive for some students due to lack of physical activity but after reaching the destination, the cold breeze, chirping sound of birds and the panoramic view was not less than a trophy for them. On reaching the pinnacle, every individual took the path of 'Conserving Nature and Mountains'. Mr Wader and Mr Ritwiz Gaur ( Principal JVM Salav) addressed the students by sharing information on importance of mountains in nature and the need to conserve them. Students explored the natural wealth and interacted with the tribes that resided on the mountain top and survived only upon forest produce. Students expressed their strong desire to have more such events in near future.

## Electric Vehicles – A 360 Degree Perspective

On 10<sup>th</sup> Dec'21, an amazing activity was conducted by Ms. Mrudula Shetye, for the students of class IX to deepen their reasoning and help them share, expand and clarify their own thinking through a research program. A meaningful discussion took place about the pros and cons of using 'Electric Vehicles'. Students searched facts, stated their diverse opinions and confidently made disagreements while most of them exhibited leadership qualities by keeping the discussion on track. Statistical data and comparative analysis also were shared by the students. One of the students also spoke about an informative video about Electrical Vehicles. The link for the same was shared with the students.

The collage consists of four distinct educational graphics:

- Left Panel:** A comparison chart showing various car models (e.g., Audi A8, Mercedes S-Class, Bentley Continental) with their respective CO2 emissions and fuel efficiency metrics.
- Second Panel:** A poster titled "Advantages & Disadvantages of Electric Vehicles" from dreamstime.com. It lists:
  - Advantages:**
    - Don't depend on fossil fuels for your commutation.
    - Electric vehicles are known for their always-on power delivery.
    - Electric vehicles are silent operators.
    - Running on electricity means good bye to exhaust gases. Say hello to clean air!
  - Disadvantages:**
    - Priced 30-40% higher than their regular counterparts.
    - Charging infrastructure not adequate.
    - Driving range offered by battery technology is not adequate.
    - Battery packs that power them are highly susceptible to wear & tear and expensive.
- Third Panel:** A grid of images showing various electric car models, including the Audi e-tron, Tesla Model S, and others.
- Right Panel:** A comparison infographic between "GASOLINE CARS" and "ELECTRIC CARS".
  - GASOLINE CARS:** MORE EMISSIONS, LONG MILE RANGE, QUICK REPAIR, EXPENSIVE MAINTENANCE.
  - ELECTRIC CARS:** LESS EMISSIONS, SHORT MILE RANGE, TAKES HOURS TO RECHARGE, CHEAP MAINTENANCE.
  - Labels for components: PUMP, FUEL, ENGINE (Gasoline); PLUG, RECHARGEABLE BATTERIES, ELECTRIC MOTOR (Electric).

## LIKAD - Recreational Hub

'Recreation is as necessary to our well being as the more serious pursuits of life.'

**LIKAD** is a place created with an objective to help the staff and students release their stress and get rejuvenated.

## Merry Christmas.....!

### Celebrating Christmas

Christmas waves a magic wand over the world, and behold, everything is softer and more beautiful.

Christmas is a time to give and forgive. Christmas is the festival commemorating the birth of Jesus Christ. The jingling of bells and the impeccably adorable decorations of every corner indicates the onset of Christmas Eve. Santa Claus, the name that is synonymous to happiness and joy, adds the special element of innocence to our life. On 24 December 2021 the students of Agni House JVM Salav begin the Christmas assembly with significant message that Christmas is all about giving and being generous which was attended by 100 participants. The students presented an array of interesting programmes. The students presented a thought provoking speech which emphasized that Christmas was more than just Santa, cards, toys or gifts under the Christmas tree.

The assembly brought forth the true meaning of the spirit which lay in the joy of giving and helping those who are less fortunate. This was followed by a poem 'Help yourself to happiness'. The children were filled with joy and excitement as Santa came dancing to the tune of Jingle Bells. Students expressed their views on Santa of their life such as teachers, Mother, Father and Brother. The message of the assembly was loud and clear--- Come let us embrace the spirit of Christmas by bringing joy and happiness into someone's life.

## Merry Christmas!!

## “Secret Santa” ..... Culture Setting

“A wiffin, sniffin gift especially for you. It’s from Secret Santa, bet you can’t guess who!”

Since Christmas is a festival of giving and merry making, this unique tradition adds to the grandeur.

### WRITERS' WORLD

#### My school

Jindal Vidya Mandir is my school

From in or out it looks pretty cool.  
It consists of classrooms, library, labs  
and many more,  
With a massive and shiny door.  
In the ground me and my friends play ,  
But not when it's a bright sunny day.  
One the occasion of the 75<sup>th</sup>  
Independence day of India,  
Our school staff got a nice idea.  
The chief guests were invited for the  
occasion and , They hoisted the flag  
with vibes of the band!  
But now because of the pandemic We  
aren't able to meet ,  
In our respective classes we aren't  
able to sit.  
First the classes were offline ,  
But now they are taken online.  
But I will always miss my teachers ,  
friends and school,  
Even if we aren't able to meet because  
of the Covid safety rule.

### OH! IS IT?

One evening I was walking across the street of my village, but while walking I saw one of my old friend . She was upset and seemed as if she was searching for something. I went to her and asked what happened ? Why are you so upset? She replied me, "I'm not getting my phone!" I said don't worry... She interrupted me in between and yelled at me with an angry face □ "What don't worry do you mean; Do you know how much important it is for me! I Said agree! But listen to me. I know where is your phone, but i will only tell you if you hold your ears and say sorry to me. As soon as she touched her ears, she felt something in her ears and then found that it was her Bluetooth phone, which she was desperately searching for. This discovery made her buckle with laughter on her forgetfulness.

### A Rumour

I am not the kind of a girl whom a teacher would usually take as a trouble maker, but I am quite a little actress . I have a dual personality when the teacher is in the class, I put on an innocent smile on my face. It was one of those drowsy Fridays with everybody saving up their energy to have fun in the weekend. Suddenly our class was disrupted by the loud sound of many running feet There was a stunned silence for about a second. While I was moving through the crowd searching for my friends, an excellent Idea stroke at me. I had no wish to study for the rest of the day. I moved in the throng of the students searching for my brother.“I was worried why you have not put handkerchief on your face ? There is a poisonous carbon monoxide gas oozing out” I asked to a group of girls. My plan worked to my perfection .The girls among whom I had spread the rumour, believed me at once. Those girl's babbled my warning to all the other students and the rumour was spread like wildfire. At last the PE teacher blew the whistle loudly and everyone dispersed.

### Alexa's Funny Answer

Quote by me: Imagination is the best weapon which can be sharpened and when it comes out it turns to be a unique one.

One day I was looking out from the window and saw something weird, the stars were moving from here to there. I had Alexa to answer all my questions I asked her the reason for this weird thing. She answered: it's nothing, but the astronauts are there are in a playful mood.
