# Lash Extensions & Enhancements

*Eyes That Sparkle for the Holidays*

*From classic to hybrid and volume, we customize every lash set to your eye shape and lifestyle. This December, feathered lashes, hybrid volume, and soft glitter accents are in demand for parties, gatherings, and photos.*

# Nails & Manicures

## *Holiday Nails That Shine*

*Deep reds, emerald greens, frosted whites, and shimmering silver or gold are the standout nail shades of the season. Whether you love minimal designs or bold nail art, we create clean, glossy, festive looks.*

*Beauty Tip: Match your nails to your outfit or accessories and nourish hands and cuticles for a smooth, glowing finish. A quick hand massage with cream keeps your manicure looking fresh.*

# Hair & Styling

## *Festive Hair, Effortless Glam*

*Soft waves, sleek blowouts, and rich seasonal colors make every look feel special. Glossy chocolate tones, icy tips, soft balayage, and curtain bangs are trending this month.*

*Beauty Tip: Protect hair from winter dryness with hydrating products and light serums. Regular trims and quick pre-event touch-ups keep hair polished all season.*

# Home Care Essentials

*Bring the Salon Experience Home*

*Extend your salon results with professional shampoos, conditioners, hand creams, and lash serums. Multi-tasking formulas and shimmer-infused creams are perfect for winter routines.*

*Beauty Tip: Take 10 minutes a day for mini self-care rituals—hand massage, lash serum, or hair mask. Keep travel-size essentials in your bag for instant touch-ups on busy holiday days.*
