# Digital Gift Experience

It's easy for you, exciting for them.

If finding shipping details is tricky, or the data is too large to collate - don't worry, we have a digital solution!

## How it works

- 1 Choose your gifts**  
From our pre-designed range, the Build Your Own feature or work with us on a custom design.
- 2 Share your message**  
Send us your logo and a personal message (ie, from the CEO) and we will create a Private Portal that only clients and employees can access.
- 3 Create communications**  
You create communications/email to share the surprise with clients or employees. The recipients will 'redeem' their gift box, choosing the delivery address and when it suits them.
- 4 Payment**  
We will send you an invoice for the gift boxes and delivery (the gift boxes are pre-paid and the delivery costs are invoiced once shipped).
