### **Your Host: Carson Arthur**

Carson Arthur is a landscape designer and television personality with several shows that can be seen all around the world. Throughout his 20-year television career, Carson has taught homeowners how to raise the value of their homes through outdoor renovations while maintaining a focus on environmentally friendly choices. He is a tv mainstay as part of the North American Cityline team. Carson also writes for several publications about outdoor design and appears regularly in a variety of magazines with guest articles. Carson is the author of the sold-out book Garden Designs for Outdoor Living and has a new book called Vegetables, Chickens and Bees where he teaches new gardeners how to grow food and become more sustainable in their own outdoor spaces. In 2019, Carson opened his namesake market in Prince Edward County. With a focus on growing food, organic principals, and products that make gardening accessible to everyone, Carson's Garden + Market has quickly become a destination for discerning gardeners. His credits include the host of HGTV's Green Force and Critical Listing; the Gemini nominated Room to Grow on Global, ION and the Discovery network; Better Homes and Garden's Home, First Home on the Hallmark Channel in the U.S.; and as the gardening expert on HGTV's blockbusters; Home to Win Season 1 through 4

### **Floriade A celebration of green**

The Floriade is a celebration of green and sustainable technology. New technologies for greenery, food, energy and health are researched and implemented at this living laboratory. The park consists of permanent elements and expo-specific ones. All contribute to Floriade's four sub themes: Greening the City, Feeding the City, 'Healthying' the City and Energising the City. Inspiring gardens and exhibitions are mixed with impressive attractions, surprising tasting sessions, art and culture. The site is full of energy and action. Naturally, all in wonderful, green surroundings. The arboretum is an alphabetically organised tree and plant encyclopaedia that you can walk through. An 850-metre cable car link provides a fast, sustainable connection between the southern and northern parts of the Floriade park. The attraction provides an amazing view. Floriade Expo 2022 provides art and a wide ranging cultural programme: exhibitions, live music from classical to jazz, entertainment and orchestras. There are plenty of opportunities for every visitor to grab a bite or a drink. A range of restaurants, food trucks and tastings offer local products, healthy snacks and meals
