Star Shipping Handled the Complete Logistical Needs of Transporting A Transformer Main Body

May, 2025

CORPORATE **NEWSLETTER**

STAR SHIPPING PAKISTAN

Navigate via star technology

■ Dismantling, Skidding, Manual Loading & Transportation of 300~500 mva Transformer Main Body

Handling & Transportation of Heavy Duty Main Body Transformer Ghazi Barotha Project Site, KPK

The technical team of Star Shipping Pakistan have successfully dismantled a heavy-duty transformer at Ghazi Barotha Hydro Project by removing its auxiliaries, oil-tank & other accessories. After dismantling the transformer was loaded onto multi axle hydraulic trailer by manual skidding & jacking method for transportation from Ghazi Barotha to PEL Pakistan, Lahore.

The whole job was a top-priority project and required highly experienced workforce and sophisticated machinery for safe & swift handling throughout all processes, thus our expert team performed with their best to ensure project safety & timely deliveries. We're glad for our successful achievement and looking forward for such future endeavors.

■ Why Star Shipping !?

Star Shipping Pakistan is a professional & reliable project logistics associate providing one-stop solutions for heavy-lift, abnormal & sophisticated cargo handling, management, shipping, transport & delivery to your project's door-step in Pakistan and the Worldwide.

What Differentiates Us

Star Shipping Pakistan has been adding values in the intergrated supply chains network of the globe by providing exclusive one window project logistics solution services through vast operational connectivity, experience, solvency, adaptability and understanding.

The company has own fleet of trailers, cranes, ship & warehouses at all strategic locations worldwide with highly experiecned everready workforce available 24/7.

Star Shipping - Pakistan Coordinated Dismantling, Skidding, Manual Loading & Transportation of the Transformer Main Body for their clients.
