ALL THE WAYS TO SAY

history.

Founded in 2015, **All the Ways to Say** launched its first collection, based on greeting cards and notebooks.

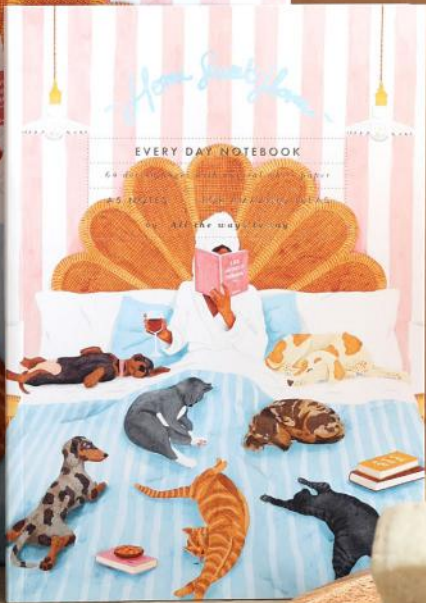

With a great welcome, the brand expanded the collection over the time, with art prints, enamel pins, keychains, notepads, laptop sleeves, puzzles... and various products.

The artist behind the company is **Claire Leina**, an Art director, & surface pattern designer, who has worked for several famous brands before launching her own.

With her husband and partner **Jean-Charles**, who joined the company in 2016, the team's aim is to focus on every details to create beautiful and high quality products, that they truly love and are proud to create.

With her team, she now develops original collections, based on hand painting illustrations, and works on product development.

All the Ways to Say's products are now stocked in several shops around the world, in Europe, North America, Australia, New Zealand, Taiwan, Israël and Singapour.
