Welc

At NSCG, ambition becomes achievement.

**It's your future.
Anything's possible.**

And at NSCG, you'll find the teaching, opportunities and guidance you need to reach your potential... and beyond.

Whether your sights are set on university, a rewarding career or an exciting apprenticeship, we'll help you build the skills, confidence and experience to make it happen.

Craig Hodgson, Principal
& Chief Executive, NSCG

A stylized, handwritten signature of Craig Hodgson in white ink, positioned below the printed name and title.

ome.

As one of the highest performing colleges in the country, we're proud to be rated Outstanding by Ofsted since 2019.

But to us, success is about more than results. It's about creating a culture where you can thrive. A place where your voice is heard, your wellbeing is supported, and your drive is matched by ours.

Our expert staff will guide you every step of the way. They create a welcoming, ambitious and inclusive environment that encourages you to push what's possible.

With a huge range of A Levels, apprenticeships, T Levels, vocational courses and enrichment opportunities to choose from, all backed by industry-standard

facilities and modern learning spaces designed with students in mind, there's a path here for everyone, no matter where you're heading.

I'm proud of what our students achieve and where they go next. Our Class of 2025 earned exceptional results, with 97% progressing to top universities, apprenticeships or employment. Many exceeded even their own expectations. With the right guidance, there's no limit to what you could achieve.

I look forward to welcoming you to one of our Open Events and to helping you begin a journey that could take you anywhere.

Our results, your success.

Efe Koyuncuoglu studied A Level Maths (A) Computing (B) and Physics (A) and secured a place at Manchester Metropolitan University to study Computer Science.

Molly Allison studied our T Level in Education and Childcare (Distinction). The next step for Emily is a Higher Level Teaching Apprenticeship with St Mary's Primary School.

Our Class of 2025 has once again outperformed national benchmarks, achieving results that firmly place NSCG in the top 5% of further education colleges across England.

We were exceptionally proud of our students who've shown resilience, drive, determination and ambition to secure these incredible results.

1,169 students completed a BTEC Extended Diploma with a...

99.7%
pass rate

56.2% of BTEC Extended Diploma students achieved high grades of triple Distinction (DDD) or above.

(equivalent to three 'A' grades at A Level).

1,524 A Level qualification entries were made with a...

99.7%
pass rate

85.3% of A Level entries achieved A* - C grades.
58% of A Level entries achieved A* - B grades.

Lewis Bariana studied a BTEC Level 3 Extended Diploma in Public Services (Triple Distinction*) and is heading to the University of Leeds, where he will be studying Social Work.

Madeline Burnham studied A Level English Literature (B), Media Studies (A*) and Photography (A) and is now heading to The University of Manchester to study English Literature and Creative Writing.

We're Ofsted Outstanding ...again!!

Following our latest Ofsted inspection (October 2024), NSCG has been rated **Outstanding** across the board, the highest possible outcome – once again.

Inspectors praised our passionate staff, high expectations and outstanding support for learners. They recognised our strong contribution to meeting local skills needs and highlighted the ambitious, inclusive environment we've created.

Key strengths included:

- **Creative, energetic teaching that goes beyond the classroom.**
- **Learners gaining meaningful new skills and behaviours quickly.**
- **Exceptional support from staff who lead by example.**
- **Smooth, supportive transitions for new starters.**

From the moment you arrive...

you know you're somewhere you belong.

Our campus isn't just a place to study, it's much more than that. It's been designed around you. Bright, modern and built to evolve, it's a space that makes every day feel seamless and inspiring.

Whether you're studying, socialising or staying active, our facilities help you make the most of your time on campus. Visit us during one of our upcoming Open Events or book a 1-2-1 tour with our Schools Liaison Team and see for yourself what makes NSCG special. Wherever your future takes you, we will make sure you have a great time getting there.

The Library: Level up your learning in a space built for focus, creativity and inquisitive minds. With 18,000+ books, journals, online resources and all the tech you need, it's the perfect spot to concentrate, create and explore something new.

Starbucks, Food Hall & College Shop: Fuel your day with all your favourites, from fresh coffee and meal deals to hot food and snacks. There's plenty of choice. It's all fresh, student-friendly, and right here on campus.

Gordon Banks Sports Centre: Hit the gym, join a fitness class or try something new. From Fast Abs and Clubbercise to Pilates and Yoga, there's something for everyone. You can pay-as-you-go or become a member and get a fantastic student discount. Prices start from just £8.33 a month*. *Offer available for a limited time, normal price £10 per month. Please ask for details.

Hair & Beauty Academy: Need time to unwind? Book in for a facial, a fresh haircut, or some well-earned 'me time' between lessons. Our amazing hairdressing & beauty therapy academies offer a wide range of services, all at student friendly prices.

The Hive: Our student-designed chill-out space. A place to recharge, grab a bite to eat, or just relax with friends. It's your space to be you.

The space be yourself

The support to become more.

Happiness is the key to success, which is why your wellbeing is our top priority. We are committed to being there for you every step of the way.

Our incredible Student Services team can help remove any barriers that are getting between you and your learning. Whether you're eligible for in-class support, need financial advice and assistance or you just need someone to talk to about a query or personal issue, we're here for you.

You're in safe hands. Learn more about support at NSCG.

e to lf.

Individual Learning Plan

To track your progress, we've developed leading-edge tools to help you complete an Individual Learning Plan (ILP). You and your tutors use this to set targets and monitor your progress.

Personal Tutor

Your Personal Tutor will be on hand to support you, a friendly member of staff who will be your 'go to' person to encourage you to meet your deadlines, smash your targets and push you to exceed at every step.

Equality & Diversity

As an inclusive college, we're committed to equality, diversity and promoting British Values. We believe everyone contributes to college life, and we celebrate the success of our whole community, regardless of age, gender, sexuality or culture.

If you have a learning difficulty or disability, our dedicated support team will ensure you have everything you need to succeed. Our campus is fully accessible, and we support the sunflower lanyard scheme for invisible disabilities.

Safeguarding and Wellbeing Officers

If you're struggling at college or personally, don't worry. Each course has a Safeguarding and Wellbeing Officer who provides expert advice and support to help you stay on track.

Student Mentors

Second or third-year Student Mentors are here to help you adjust to college life. They can offer guidance on making friends and getting involved in activities. To get connected, just ask your Personal Tutor or visit Student Services.

Money Matters

Financial support is available through the College Maintenance Allowance (CMA) and Vulnerable Student Bursary (VSB), covering costs for food, travel, and course essentials. Our Student Finance Team can offer help and assistance on finding out what you could be entitled to.

Come as you are

**Leave as more than you
thought possible.**

College should be more than just classes and coursework. At NSCG, it is. It's a place to grow, to try new things, and to shape your future. Not just through your studies, but through everything else that surrounds it.

From the moment you start, your journey is shaped around who you are, your passions and what you want to achieve. Whether you already have a goal in mind or you're here to explore, your time with us is about getting stuck in, opening doors and making every moment count.

e.

Personalised Study Programmes

Every student follows a tailored programme built around their individual ambitions. It includes your core qualification, but adds so much more, with weekly tutorials, work experience and individual guidance where needed. If you need to resit GCSE English or maths, those will be included too, with the support you need to help you succeed.

Work Experience

We'll support you to secure a meaningful placement in a setting that suits your future ambitions, whether that's a creative studio, a science lab, a business HQ or a local charity. We have excellent links with employers across the region and a dedicated placements team who are there to help you find the right fit.

Maths and English

If you didn't quite get a 4 in your GCSE maths or English, don't worry. You'll continue learning in a supportive environment, with lessons built into your timetable and plenty of extra help on offer. It's all about building confidence and keeping your future options open.

Weekly Tutorials

Every student has a dedicated Personal Tutor. Someone to talk to, check in with, and help you stay on track. These sessions give you the space to reflect, raise questions, and explore what else is happening across the College that you might want to take part in.

NSCG is a place where big things begin. It's your chance to do more, discover more and become more, in a setting that's designed to help you thrive.

Skill Up, Stand Out.

Students' Union

The Students' Union organises a wide range of events and initiatives to represent student views and interests. From planning fun-filled days like Culture Day to hosting the Student Conference, the Union ensures your voice is heard on important topics. They also have different areas of focus, including LGBTQ+ issues and marketing, giving you plenty of ways to get involved in college life.

Student Xtras

Join our Student Xtras and become a volunteer at our college Open Events! You'll gain valuable experience, meet new people, and help prospective students discover all that our college has to offer.

Enrichment and College Life

You'll have loads of opportunities to get involved in life beyond your course. From clubs, societies and events to national competitions, the Duke of Edinburgh's Award and our Academy of Sport, there's something here for everyone.

It's a chance to build friendships, explore new interests and make your mark.

Trips and Visits

There's a wide variety of trips each year, from art galleries and law courts to engineering sites and industry conferences.

Some are local, others are residential and even international. All designed to take your learning off campus and into the real world. They're an opportunity to discover new perspectives, grow in confidence and gain experiences you'll talk about for years.

NSCG DIGIT@L AMBASSADOR

Digital Ambassadors

Becoming a Digital Ambassador is a BRAND NEW opportunity for students who are passionate about their course and want to gain valuable experience for their CV. Ambassadors play a key role in showcasing student life by creating engaging content for the College's social media channels, including Instagram and TikTok.

This is a fantastic opportunity to develop your digital skills. As a bonus, you can even earn some extra cash for selected projects!

Register your interest to be a Digital Ambassador.

Embracing experiences.

Student life at NSCG goes far beyond the classroom. It's your chance to be unapologetically you, to embrace new experiences, uncover fresh passions and leave your mark along the way.

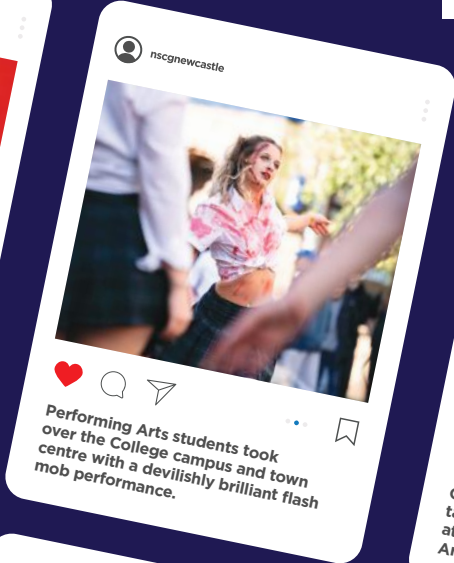

Take a look at just a few of the many things that our students enjoyed over the last 12 months.

Search for 'NSCG Newcastle'.

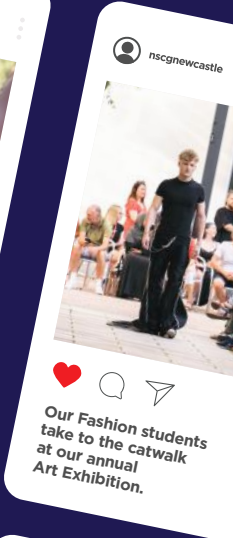

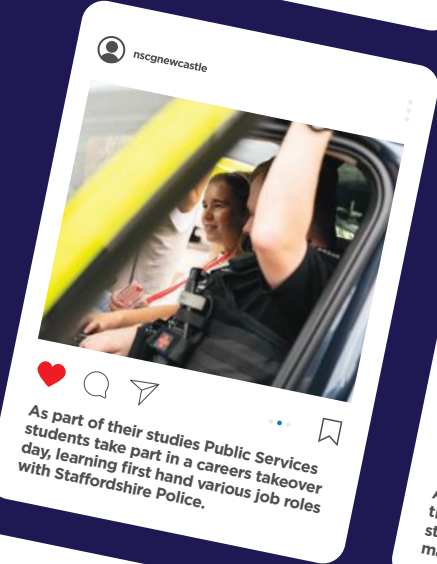

Students arrange a charity photoshoot for the Dogs Trust, raising £630 as well as donating toys to the City Dogs Home in Stoke.

Performing Arts students took over the College campus and town centre with a devilishly brilliant flash mob performance.

Our Fashion students take to the catwalk at our annual Art Exhibition.

As part of their studies Public Services students take part in a careers takeover with Staffordshire Police.

AGFA students take a once in a lifetime trip to Benfica Portugal - touring the stadium and playing competitive matches against local teams.

As part of World Book Day, Childcare students distributed books throughout the local community, hiding them for children to discover.

Your next steps **start** here.

Where you go next is a big decision. And at NSCG, we're here to help you get there.

Whether you've got it all mapped out or you're still exploring your options, we'll support you every step of the way. University, apprenticeships, employment or further study - your future is full of exciting possibilities.

Next Steps Fayre

Every year, our Next Steps Fayre brings over 50 universities and 40 employers to our campus. It's your chance to ask questions, explore options and discover what's out there. From degrees to apprenticeships, gap year plans to early career pathways, you'll find plenty to be inspired by.

1,242

students in 2024 progressed to 113 universities.

Around 97% of NSCG students go on to university, an apprenticeship or employment.

21

University Progression

We're No.1 for University progression locally and one of the top colleges in the UK, with hundreds of students securing places at leading institutions each year. You'll get personal one-to-one guidance to help you research courses, choose where to apply and craft a UCAS application that really stands out.

Higher Education at NSCG

Stay closer to home and study a university-level course at NSCG or within our brand new Stoke-on-Trent and Staffordshire Institute of Technology. Our HNCs, HNDs and HTQs are a more affordable route to higher education. These career-focused qualifications, taught by supportive, knowledgeable tutors are a great next step, whether you want to start work or top up to a full degree. See page 87 for more information.

Higher Level Apprenticeships

If you'd rather earn while you learn, a higher or degree apprenticeship could be the right path for you. These qualifications are highly valued by employers and give you hands-on experience in your chosen field. Our Apprenticeship Hub team will help you explore your options and navigate the application process.

You bring the ambition.

We'll bring the rest.

Aim high. If you're a high achiever with big ambitions and a strong work ethic, then our Honours Programme pathway whilst studying A Levels, will push you to be the best you can be and really stand out from the crowd.

If you're looking to go on to study at a prestigious and highly selective university such as those in the Russell Group, our Honours Programme will help you to get there.

Everything we do in the Honours Programme is about equipping you with the skills and experience to help you stand out, as our consistently high success rates with Oxbridge, medicine and veterinary applications prove.

“ The staff have really gone above and beyond to support me over the past two years. ”

23

Hector Jealouse studied A Levels in Maths (A), Further Maths (A*), Economics (A*), Physics (A*) and EPQ (A). He is now studying Economics at Clare College at the University of Cambridge.*

You can expect:

- Specialist personal tutor group focusing on the development of critical thinking skills.
- Specialist UCAS application workshops tailored to the demands of the most selective universities.
- Talks from visiting academics and professionals
- Visits to universities such as Oxford, Cambridge, Warwick, Lancaster and Durham.
- Specialist workshops in medicine and veterinary science.
- Subject specific guidance on wider reading opportunities.
- Extended Project Qualification (EPQ).
- Team-building & leadership development day.
- The Duke of Edinburgh's Award.

Discover more about the Honours Programme.

A young man with brown hair, wearing a grey and red jersey, is looking up at a man wearing glasses, likely a coach, who is leaning over him. The background is dark and out of focus.

Be at the top of your game.

At NSCG, sport plays a big part in student life. It's a chance to push your limits, build confidence and be a part of something beyond the classroom.

Whether you want to compete, coach or get involved as a volunteer, there's a place for you here.

Performance Academies

Join TEAM: NSCG and represent the College at regional and national level. We offer academies in: football, netball, basketball, rugby, hockey, cricket, volleyball, badminton and esports, each led by expert coaches and built around a competitive team schedule.

Sports Leadership

Take part in our leadership and volunteering programme. From helping with training to leading activities in schools or the local community, it's a brilliant way to develop skills and confidence. You might even join national schemes like the FA Football Activators.

Coach Education

Gain a recognised coaching qualification in a range of sports, including football, netball, basketball and rugby. Ideal if you want to build your CV or explore a career in coaching.

Elite Athlete Support

If you compete at county level or above, you can join our Elite Sports Performance Programme. This includes FREE physio, massage, fitness suite membership and mentoring to help you train and recover well.

Talented Athlete Scholarship Scheme (TASS)

Our Talented Athlete Scholarship Scheme - Dual Career Accreditation helps athletes competing at county level or above balance academic and sporting commitments, with the structure and direction to help you thrive in both.

Wherever you want to go in life,
whatever you want to do, it all
begins here. Because from here,
you can go anywhere.

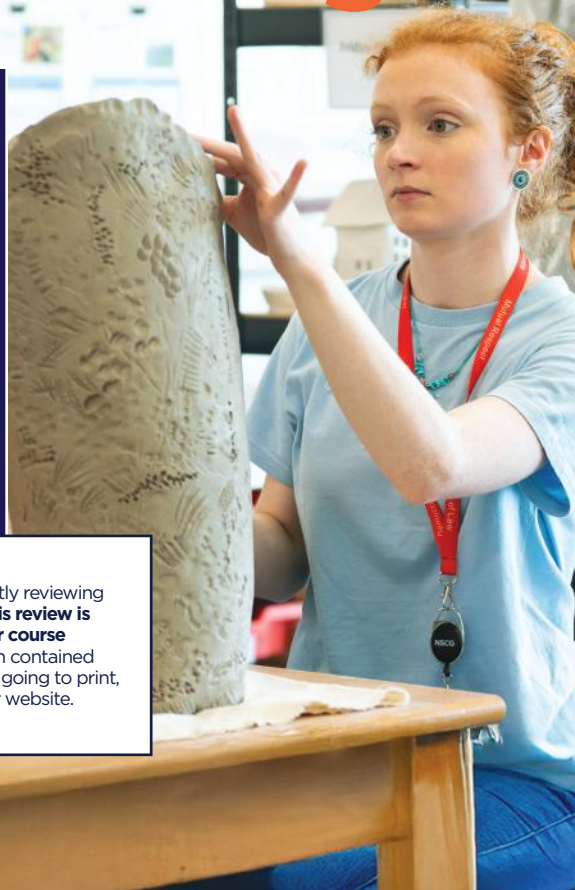

It begins at
NSCG

Your future. Your way.

The path you start out on will depend on where you're heading.

At NSCG, we have all kinds of ways to get you there, from A Levels and A+ Programmes, to T Levels, Vocational courses and Progression Pathways. Whichever way you go, our personalised Programmes will help to guide you, whether it's university, an apprenticeship, further training or employment.

The Department for Education (DfE) is currently reviewing post-16 qualifications at Level 3 and below. **This review is ongoing, the results of which may impact our course offering for September 2026.** The information contained within our prospectus is correct at the time of going to print, for the latest info it is always best to check our website.

A Level & A+ Programmes

Sixth Form Academic Route (Level 3)

Quick overview: Typically, students choose to study three A Level subjects over two years. However, you can choose to study two A Level subjects and one A+ Programme (BTEC Extended Certificate – equivalent to one A Level) over two years.

To study, you will need:

A minimum of five GCSEs at grade 5 or above including maths and English Language in subjects relevant to your chosen course.*

What you can do next:

You can progress to university, a university level course here at NSCG, a higher apprenticeship at NSCG or to employment.

In 2025, 58% of entries achieved high grades A*- B.

Scan here to find out more about our A Level & A+ Programmes.

T Levels

Sixth Form Academic Route (Level 3)

Quick overview: T Levels are an industry-recognised two-year course that is an alternative to A Levels and vocational programmes. They bring classroom learning and an extended industry placement (at least 45 days) together on a course designed with businesses and employers.

To study, you will need:

A minimum of five GCSEs at grade 5 or above including maths and English Language in subjects relevant to your chosen course.*

What you can do next:

You can progress to university, a university level course here at NSCG, a higher apprenticeship at NSCG or to employment.

In 2025, 73% of T Level students achieved merit grades or above.

Scan here to find out more about our T Levels.

Vocational Programmes

Sixth Form Academic Route (Level 3)

Quick overview: Choose from a wide range of courses which you will study for two years.

To study, you will

need: A minimum of four or more high grades at GCSE in subjects relevant to the course you'd like to study, including maths and/or English Language at grade 4 or above.

What you can do

next: You can progress to university, a university level course here at NSCG, a higher apprenticeship at NSCG or to employment.

In 2025, 56.2% of Level 3 vocational programme students achieved high grades of triple Distinction (DDD) or above (equivalent to three 'A' grades at A Level).

Scan here to find out more about our Vocational Programmes.

Apprenticeships

Available at Levels 2 to 5

Quick overview:

Apprenticeships are great if you want to jump straight into the world of work, earn a wage and pick up technical and practical skills while you study for a nationally recognised qualification.

To study, you will

need: Two or more GCSEs at grade 4 or above in subjects relevant to your course. However, in some sectors, employers ask for a minimum of grade 5 in maths and English.

What you can do

next: You can progress to a higher level apprenticeship, full time course at NSCG or full time employment.

Our apprenticeship achievement rates are more than 15% above the national average.

Scan here to find out more.

Progression & Skills Pathways

Level 2, Level 1 & Entry Level

Quick overview: If you're not quite ready to join a Level 3 programme, our vocational Progression Pathways allow you to study at Entry Level, Level 1 or Level 2 and will prepare you to progress on to a higher level.

Alternatively, if you want skills-based training in areas such as hairdressing, beauty and construction, you'll start your journey on a Level 1 Skills Pathway before progressing to higher levels.

Scan here to
find out more.

GCSE Maths & English

If you haven't yet achieved grades 9-4 in these important subjects, maths and/or English sessions will be on your timetable and you'll retake these qualifications alongside your main course.

(This excludes A Levels and T Levels as grade 5 and above are needed for those pathways).

A Levels & A+ Programmes

For academic learners aiming for university or a higher apprenticeship, our two-year A Level or A+ Programmes are an excellent choice.

Most students take three subjects. However, if you have a history of high achievement, you can choose four A Levels or an Extended Project Qualification (EPQ) as your fourth subject.

Most A Level subjects are assessed by external exams at the end of the two years, so you must be comfortable with this format. The A+ Programme offers a blend of A Levels and a BTEC Extended Certificate, providing a better balance of exams and coursework.

Harry

Keen

Harry is a former A Level student in Media Studies, Business Studies and English Language who is now embarking on a Degree Apprenticeship with the BBC.

After realising that the traditional university route wasn't the right fit for him, Harry was drawn to the opportunity of combining a degree with hands-on experience on one of the UK's most competitive apprenticeships, where thousands apply for just a small number of places each year.

Harry's four-stage application for the BBC's scheme involved a group task and an interview. He impressed with his media coursework, got valuable feedback and secured his spot.

Now working in the BBC's Digital User Experience (UX) team, Harry rotates through departments like iPlayer and Sounds. He is excited to see his work impact millions and plans to build a long-term career within the BBC.

T Levels

A fresh route towards your future.

T Levels are two-year qualifications designed with employers and industry leaders to prepare you for life after college. They're ideal if you want a mix of classroom learning and hands-on experience, all while working towards a qualification that's equivalent to three A Levels.

Each T Level includes a substantial industry placement, a minimum of 45 days, where you'll gain real insight into your chosen career area. You'll apply your knowledge in the workplace, build practical skills and develop the confidence and skills employers value.

T Levels are designed to get you where you want to go next. Whether that's university, a higher apprenticeship or straight into a job, they offer a strong, respected pathway towards your future ambitions.

Is a T Level right for you?

- You want practical work experience built into your course.
- You like learning by doing and putting theory into action.
- You already have a career or industry sector in mind.
- You're planning to progress into higher education, training or employment.

We work with hundreds of employers across the region to help secure meaningful placements. Come and speak to our talented team who are here to mentor and guide you from start to finish.

Then you will need:

A minimum of five GCSEs at grade 5 or above including maths and English Language, in subjects relevant to your subject choice.

Macy

Abel-White

Macy is a confident learner with a natural ability to connect classroom theory with real-world practice. Drawing on her experiences as part of a fostering family, she brings valuable insight to discussions, particularly around supporting children with specific needs.

On placement, Macy earned glowing feedback for her professionalism, enthusiasm and ability to connect with both children and staff. Her passion for working with young people was further recognised when she was specially selected by the T Level moderator for the final assessment, an opportunity she embraced with confidence.

Macy is now studying Primary Education at The University of Bath, with the ambition of becoming a primary school teacher. Her dedication and compassionate approach make her an excellent role model for others aspiring to work in education.

Georgia

Horton

Georgia achieved a Distinction in her BTEC Extended Diploma in Performing Arts, showing commitment and dedication across both practical and theory work.

Her dance skills developed significantly; she picked up routines with ease, demonstrated excellent movement memory and choreographed her own piece, to 'Friend Like Me' from Aladdin, which was praised for its technical standard.

She thrived in college productions, bringing professionalism and creativity to every role, most recently as Sandy in Grease. In class, she was always prepared, enthusiastic and focused, growing in confidence and excelling in group work.

Georgia left NSCG as a versatile and determined performer, with the energy, skill and ambition to succeed at the prestigious Italia Conti Academy, London.

Apprenticeships

Enrolling on an apprenticeship with one of our partner employers means you can learn vital practical skills in a hands-on environment.

Apprenticeships are great if you want to jump straight into the world of work, earn a wage and pick up technical and practical skills whilst you study for a nationally-recognised qualification.

Does this sound like you?

- I know what job I want, and I'd like to start now.
- I want to experience student life and work life.
- I want to get the right qualifications for my job.
- I want to start earning money.
- I want to study to kick-start my career or get into university.

Then an apprenticeship is a great option for those who want to learn on the job.

Then you will need:

Two or more GCSEs at grade 4 or above in subjects that are relevant to your course. However, in some sectors, employers ask for a minimum of grade 5 in maths and English. You should be looking for a job, already have one or ask for help finding one through The Apprenticeship Hub.

Scan here to

We work with around 800 employers across Stoke-on-Trent, Staffordshire, Shropshire and Cheshire. Here is just an example of a few of them:

CAPULA

Jay

Dairnty

Jay is a Level 3 Engineering Technician Apprentice with GE Vernova, showing initiative and a commitment to going above and beyond expectations.

He is over half way through his 42-month programme working independently, driving his own progress, and delivering outstanding reports that meet complex requirements. Jay's maturity and technical knowledge set him apart and he is on track to complete his apprenticeship ahead of schedule.

Jay has independently managed a department through a Quality Inspection, ensuring the production line ran smoothly and supported an audit team. His strong health and safety awareness led him to call a "Stop Work Situation" during a test area incident, a decision that earned him an award from the company CEO.

With his skill and determination, Jay is already making a big impact in the engineering sector.

Skills & Progression Pathways

If you're not quite ready to join a Level 3 programme, our Skills & Progression Pathways allow you to study at Entry Level, Level 1 or Level 2.

Whether you've struggled at school, lack confidence or need an extra push, these programmes will help prepare you to progress onto a higher level vocational course, employment or an apprenticeship. Alongside your chosen subject, there is also a big focus on improving your maths and English skills.

Alternatively, if you are looking for skills-based training in an area like Hairdressing & Beauty or Construction, as part of our Skills Pathway, you'll start your journey on a Level 1 course and progress to higher levels.

Does this sound like you?

- I like applied learning but I want to build my skills, knowledge and confidence first.
- Then I'd like to study a higher-level vocational or skills programme, get an apprenticeship or get a job.

Then a Skills & Progression pathway could be for you! You'll get to learn from the experts, as our staff all have first-hand industry experience, and you'll be learning in top-class facilities with cutting-edge technology.

Foundation Studies

If you want to gain skills for personal progression, whether it be achieving better qualifications, accessing mainstream education or developing your independent living skills, we have a course for you.

Our focus at NSCG is to prepare students for adulthood and their chosen careers. We provide a broad curriculum to help students enhance their current skills and develop new ones they can apply to everyday life. We offer programmes tailored for school leavers, young adults, and those with Special Educational needs and Disability (SEND), including Foundation Studies and Life Skills & Employment Training.

Supported Internships

NSCG offers supported internship for students aged 16-25 with learning difficulties and/or disabilities. These structured programmes help young people gain the skills needed for sustainable, paid employment through on-the-job learning. The goal is to equip students with the skills they need to succeed in the workplace.

Vocational and Progression Studies

Our Entry Level and Level 1 vocational courses will help students develop skills to progress, improve their English and maths grades, and explore career paths that match their aspirations. Our outstanding team of Lecturers and specialist support staff will support learners every step of the way to ensure they reach their full potential.

Life Skills and Employment Training

Our Life Skills and Employment Training curriculum is for learners at Entry Level 1-3 with an Education, Health and Care Plan (EHCP).

Our goal is to prepare them for adulthood by developing their life skills and improving their chances for employment and independent living.

Our accounting, business, travel & legal courses are designed around real-world skills and future careers. You'll tackle live project briefs, work with industry-standard tools and gain insight from professionals who've been there and done it.

From business strategy to flight safety, economic analysis to criminal law, we'll help you turn your passion into a launchpad into your future.

Amy

Price

Amy is a Finance Apprentice at GivEnergy who took a bold step in changing her career path from the beauty industry to accounting.

After discovering a love for finance while managing accounts in her previous role, she chose an apprenticeship as the ideal way to gain practical experience while continuing her studies.

She now spends four days a week in the workplace and one day at college, with support from her assessor and tutors helping her grow in both skill and confidence.

From month-end accounts to presenting data at board meetings, Amy has embraced every opportunity to learn and challenge herself. With her determination and clear career goals, she is focused on progressing to higher qualifications and ultimately becoming a finance director.

Your future. Expertly engineered.

If you're more into tools than textbooks, and you like discovering how things work and how they could be improved, this is your space to build, fix and figure things out.

You'll develop technical skills using professional tools, materials and equipment in our fully equipped industry-standard workshops and labs. From site-ready construction techniques to the inner workings of machines and circuits, everything is designed to get you ready for the real world.

You'll be taught by experienced professionals who've worked in the industry and know exactly what it takes to succeed. They'll support your progress and challenge you to push what's possible.

With demand for skilled engineers and tradespeople continuing to rise, this is your chance to build a valuable future with real opportunities.

Mohammed Mahmood

Mo has shown remarkable resilience and determination throughout his journey at NSCG.

Having arrived in the UK alone at the age of 16 after experiencing civil war and displacement in Sudan, he worked hard to overcome language barriers and quickly gained the qualifications needed to progress onto his T Level course.

His talent and commitment have been recognised nationally. In 2025, Mo was named T Level Student of the Year and received the prestigious Best of British Engineering Award at the Enginuity Awards, alongside winning the Student of the Year Engineering Award at the NSCG Celebration Awards.

His drive, resilience and passion for engineering set him apart, and we have no doubt he will continue to achieve great things.

Let your creativity shape your future.

This is where creative thinkers, doers and storytellers come to sharpen their skills and shape what comes next.

Our specialist studios are built for thinking, creating and crafting. Here you'll be encouraged to experiment with professional tools and industry-standard kit to explore new techniques and push your ideas further.

You'll leave with a portfolio that reflects how you think, what you can do and where you're heading. From exhibitions to industry awards, there are plenty of chances to shine a light on your work, get noticed and take your next step with confidence.

Leila Leila Leila Leila

Leila is an exceptional student with a rare mix of analytical talent and creative flair. She completed the full A Level Maths course by the end of Year 1, alongside studying Further Maths, advancing well beyond the taught curriculum.

In Physics, she consistently achieved top marks in a competitive cohort, with a strong grasp of both theory and practical skills. Her animation work showed attention to detail and a mature, conceptual approach to creative briefs.

For her EPQ, Leila designed a self-erecting play tent for children, blending innovation, design and ethical engineering. Her research explored origami structures, biomimicry and sustainable materials.

Leila has progressed to study Engineering at Mansfield College, University of Oxford. We have no doubt she'll continue to thrive and make us proud.

You won't just learn about the world, you'll learn how to change it. Our courses lay the groundwork for an exciting, future-proof career in Science or Maths, helping you expand your knowledge and your impact.

Muneeb Amjad

Muneeb is an exceptional student with a genuine passion for science and a particular love for biology. His determination, meticulous work ethic and commitment to learning earned him the prestigious Triple Distinction*.

In class, he consistently demonstrated curiosity and insight, thriving in both practical and theoretical study. His aspiration to study Biological Sciences has been a long-held goal, with the ambition of one day returning to NSCG to inspire others as a teacher.

Alongside his academic success, Muneeb contributes to his community by teaching Urdu, while also pursuing his enthusiasm for sport.

Muneeb's journey continues at Keele University where he's now studying Biological Sciences, where we are confident he will continue to excel and achieve his ambitions.

Step up. Stand out. Move forward.

If sitting still isn't your style and you're looking for something fast-paced and packed with purpose, a career in Sport or Public Services could be the perfect fit.

In Sport, you'll develop key skills like leadership, teamwork and communication while you explore the anatomy, physiology and psychology of sport and deepen your understanding of how the body and mind work together to achieve peak performance. You'll also gain industry-recognised qualifications and learn to lead both individual and group based exercise sessions.

If you're drawn to serving your community, our Public Services courses will prepare you for life on the front line, testing your mental and physical limits as you get ready for roles in the Police Force, Ambulance Service, Fire and Rescue Service or the Armed Forces.

One NSCG family.

A young woman with glasses, wearing a white dress and a red lanyard, is walking on a college campus. She is carrying a black bag. The background shows a brick building and a clear blue sky.

By now, you'll know that NSCG stands for Newcastle and Stafford Colleges Group. But what you might not know is that our family has grown - alongside Stafford College, we now also have Leek College, which proudly joined the Group in August 2025.

Across all three of our fantastic sites you can expect a high standard of facilities, dedicated staff and a huge array of study options. Some of these options are unique to Stafford College, including;

Motor Vehicle & Hybrid Technology:

Does working with cars get you all revved up? A career in the automotive sector could take you anywhere, from roadside technician to HGV mechanic or body-work expert.

Our courses are guaranteed to give you the hands-on skills you'll need to get in the fast lane for a role in the motor industry.

Hospitality & Catering:

Hungry for a successful career in Hospitality & Catering?

Our courses cover all areas of the industry – from patisserie to providing hospitality. Whether you dream of managing a leading hotel, becoming a catering manager, food scientist or head chef, our courses have all the ingredients for success.

**Discover our
Stafford Campus.**

**Discover our
Leek Campus.**

Be more.

Aim high. Empower yourself, develop professionally and follow your career aspirations through one of our university-level courses.

It's our job to make it happen for you!

We're proud to be rated outstanding for our adult learning programmes, offering flexible full time and part time study options to suit your lifestyle.

Our employment focused university level courses are designed to give you the skills and confidence to boost your earning potential, with many achieving 100% pass rates.

As the highest performing college in Staffordshire, we deliver exceptional results while saving you around £3,000 a year compared to traditional university study. Plus, with student loans available, you won't pay anything back until you're earning over £25,000.

Your future,

one confident step
at a time.

Take these simple steps to begin your journey. And fly through our application process with the greatest of ease.

1. Research: Start your journey by researching everything you want to know about NSCG! You'll quickly see that we're the place to be.

2. Pay us a visit: We'd love to welcome you to an Open Event so that you really get to see what makes us such a special place to study at, and of course, what makes us an Ofsted Outstanding college. Head to nscg.ac.uk/ncevents for more info.

3. Apply now: Once you've done your research and visited us at an Open Event, it's time to get your application in. We're the leading college in Staffordshire and places are in high demand, so **get your application in before 31 March 2026**. Head to nscg.ac.uk/apply

4. Course discussion: Essentially, it's just an opportunity for us to get to meet you properly and to make sure that you are suited to the course. Following the discussion, we'll more than likely offer you a conditional place.

5. We'll keep in touch: During the application process we'll be in touch to keep you up-to-date with news from the College.

6. Experience life at NSCG: Join us in June for our Experience Event! You'll meet your new classmates and Lecturers, enjoy a barbecue, music, and get a head start on your course with some light summer homework.

7. GCSE results day: Good luck! Once you have your results, you'll need to share a copy with us. If all goes to plan, you'll be given a date to come to the College to officially enrol on your course.

8. First day: And just like that, you're officially a student at NSCG! **Let the fun begin.**

Still got a question?

Our friendly Schools Liaison Team are here to help and support you with the transition from school to college.

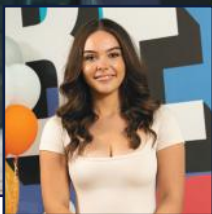

Our Schools Liaison team will more than likely be in your school at some point throughout your final year. Whether you have a question about a particular course, what support is available, or even what bus to catch, they'll be happy to hear from you.

You can get in touch with them at any time by emailing schools@nscg.ac.uk or calling 01782 254347

Next stop College

Starting college is a big step - and an exciting one! There's so much to look forward to, but it's totally normal to feel a bit nervous at first.

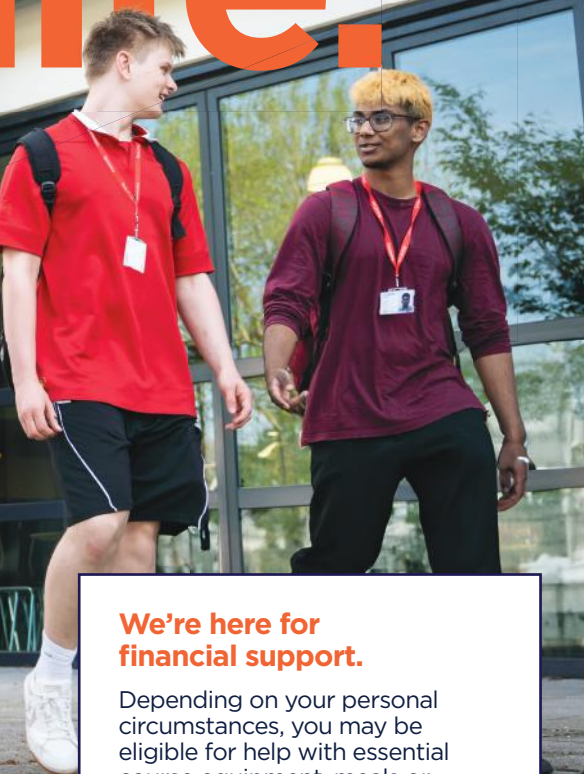

Give it time, and you'll soon settle in and feel right at home.

"Staff are so welcoming and supported me both in and out of college over the past two years."

Taylor Pullin

o. life.

We're here for financial support.

Depending on your personal circumstances, you may be eligible for help with essential course equipment, meals or travel costs.

Please visit nscg.ac.uk/finance to find out more.

Kit and equipment requirements will vary slightly by course and you will be advised of any specific items that you may need at your course discussion or at the NSCG Experience Day, which usually takes place at the end of June.

But here are a few 'essentials' to get you started:

- **Your Student ID and Lanyard** (which will be issued when you enrol).
- **Pens and Pencils**
- **Notebook**
- **Backpack or Bag**
- **Packed Lunch / Contactless Card** (If you wish to buy lunch in college).
- **Reusable Water Bottle** (there are lots of water refill stations around the College).
- **Bus Pass** (If you are planning to travel to college by bus). Visit nscg.ac.uk/travel to find out more.

Save the date.

Sometimes, success is about being in the right place at the right time, so give yourself a head start by coming along to one of our Open Events.

Our College Open Events are a brilliant way to meet Tutors and our Principal, chat with students and make your way around our outstanding facilities. We also have Taster Sessions throughout the year so you can get a feel for a subject or course before you apply.

To get a taste of what's to come, follow the successes, experiences and achievements of our students on our social channels.
