**FM Products provides the perfect solution to covering unsightly pipes with a system that is elegant, easy to fit and suitable for horizontal, vertical and skirting applications.**

## CLIP-LINK TRUNKING

Covering a range of sizes, from 10mm to 28mm the external quality, U.V stable, medium to high impact resistant, PVCu cover guarantees long-term performance and safety and provides a cost effective method of obtaining a highly professional finish. The cover can be tiled, painted or papered-over to match the décor if so required.

Installation is simple. Screw clips to the wall, secure pipes and snap on the brilliant-white cover. The advantages that FM Products' trunking provide, makes it ideal for use in Local Authorities, Housing Associations and any refurbishment programmes where time, money and performance are prerequisites.

All items supplied in 3m lengths as standard.
