

CORONAVIRUS PROTECTION SCREENS

The Coronavirus has unfortunately hit all over the world. However, in the Mark Bric Display family we are here for you and can offer some great and economical products to protect you and your employees and customers during this time. Our unique Flexiframe[®] protective screen makes it possible to maintain contact in times of social distancing. The transparent screens act as a protective shield against coughing and sneezing.

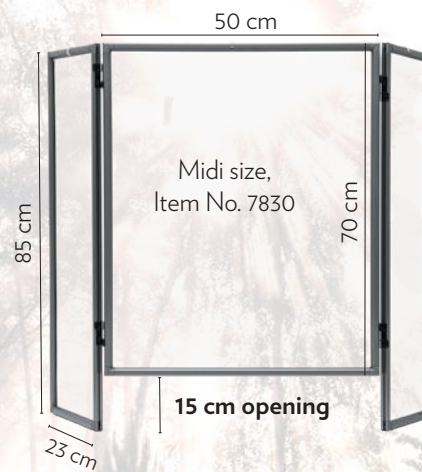

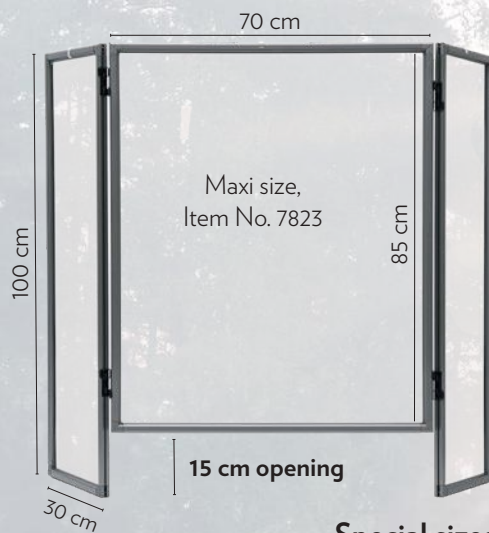

Ideal for pharmacies, grocery shops, supermarkets, banks, reception counters, take-aways and many other POS areas and locations where it is important to be face-to-face with your customers. All our products are manufactured in-house and available for immediate dispatch.

FLEXIFRAME® FOLDABLE SCREENS

The protective shield has foldable side wings to give all around protection and visibility. Set the wings at the desired angle. All frames are equipped with a 1 mm transparent foil which can easily be cleaned with disinfectant or simply be replaced with a new foil as often as required. Two standard sizes are available, Maxi and Midi.

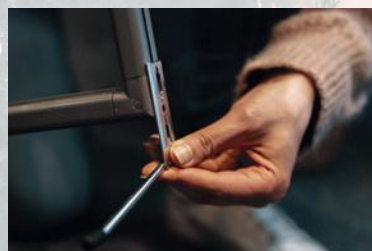

Special sizes are available on request.

EXTRA SUPPORT FEET

Our support feet give extra support and prevents sliding on the counter surface.

Item No. 2203

EXTRA REPLACEMENT FOIL

Maxi set: Item No. 7824

Midi set: Item No. 7831

Minimum order: 3 sets.

FLEXIFRAME® DESK SCREENS

Our free-standing counter/table stands are ideal for placement on counters and desks. Frames are available in two standard sizes, 70x100 cm and 50x70 cm and can be used either in portrait or landscape format, just mount the feet accordingly. Frames are equipped with a 1 mm transparent foil which can easily be cleaned with disinfectant or replaced with a new foil if needed.

FLAT FEET
2303

ARCHED FEET
2306

Choose between two different foot supports, flat or arched, depending on if you need an opening under the screen. The arched foot has a height of 15 cm. Both feet are 40 cm long.

50x70/70x50 cm, with flat feet, Item No. 7832

50x70/70x50 cm, with arched feet, Item No. 7833

70x100/100x70 cm, with arched feet, Item No. 7835

Special sizes are available on request.

SUSPENDED PROTECTION SCREENS

Our aluminium snap rails keep the protective screens safely in place. Available in either portrait or landscape format: 100(w) x 70(h) cm and 70(w) x 100(h) cm. The PVC foil has a thickness of 0,5 mm and can easily be cleaned with disinfectant. One set includes 2 aluminium rails, 1 transparent foil, 4 meter suspension chains and 6 C-hooks.

100 x 70 cm, Item No. 7828

70 x 100 cm, Item No. 7829

Different colours of end-caps and hooks available.
Standard colour is black.

FLEXIFRAME® INFO-STANDS

During this time of the Coronavirus outbreak, the authorities have implemented many new rules for everyone's safety, such as social distancing and restricted entry into shops. To help customers to understand what is required you can provide clear information using our Flexiframe stands and frames. Frames are available in 5 colours: Black, white, grey, red and blue.

Frames can be cut to almost any size required.

Show that you are there for your customers and take care of them as well as your staff.
