

**WHAT GOES ON IN BED?**

**VOX**

# FREEDOM BEGINS AT HOME

At VOX we believe that real freedom begins at home and the way we furnish our homes has a massive influence on our lives. That's why our aim is to constantly develop and provide total furnishing solutions which enable us to use our homes intuitively, to arrange them as we wish, to make daily life easier with their fittings and to enjoy looking at how we've arranged them.

Freedom begins each morning, when we get out of bed after a good night's sleep. The bed and bedroom are the first thing we see each day, and the place from where we go out into the world. The more functional they are, delighting us with their comfort, the more boldly we set out into the new day. A good day starts in bed.

# 4YOU

## WHAT GOES ON IN BED

The bed from the 4YOU collection does more than other beds. It's a superbed, in which all your favourite books are within reach. If your family gets larger, you can place a crib right alongside it. You don't even have to get out of it to watch a film - just unfurl the screen fitted into the canopy.

## THERE'S SO MUCH IN STORE IN THIS BED

The 4YOU bed is more than somewhere to sleep. The handy storage spaces under the bed can take books, records, magazines and other odds and ends. The fitted ladder and linen organiser can store your phone, charger and watch.

## CINEMA IN BED

No more watching movies on a laptop balanced on your knees. Now, all you have to do is unfurl the screen attached to the bed, call the family or friends, lean back in comfort and hit play.

In the morning rush, you can quickly and easily store your bedclothes in the roomy bedhead.

If your family grows, the bed grows too - you can easily put a crib alongside and everything will function as easily as before.

Everything has its place here: on the shelves under the bed, in the organisers on the ladders. Put your book there, your telephone or your charger. Get a good night's sleep, and everything will be in its place.

## OPEN TO POSSIBILITIES

If you want an open space, pick the bed without a canopy, without losing any of its functionality. You can put small items, or favourite books in the handy storage units, and under the raised frame you can store a tent, sleeping bag or sports equipment for the winter.

# SPOT

## EVERYTHING TURNS OUT WELL, AFTER YOU TURN IN

A bedroom with this bed in it becomes bright, simple and warm - typically Scandinavian. The SPOT bed is a place to sleep, and a place for everything you want to keep in the bedroom. Use the storage space behind the headboard, the drawers under the bed, the rail for hanging decorations or further units from, or more units and a shelf that's just perfect for books.

## BETWEEN WAKING AND SLEEPING THERE'S TIME TO RELAX

A perfect bed for those who want a bit of quiet time before sleep. Thanks to the comfy angle of the headboard, you can relax while reading a book or listening to music. You can also opt for an upholstered headboard or a plainer, simpler one without padding.

# R&O

## A SIMPLE WAY TO SLEEP WELL

The bed from the R&O collection is for those who prefer a simple, classic style of bedroom. Warmth is provided by the illuminated niche in the headboard. The bed can also come with two linen drawers.

# 2PiR

## GENTLE MIGHT FOR A GOOD NIGHT

The 2PiR collection brings a relaxing, diffuse light to the bedroom, gently lulling you to sleep. This is a bedroom from the land of gentleness: the rounded forms, with the option of adding print to the fronts, the warm, but simple headboard, upholstered or in laminate.

# HIFI

## FOR THOSE THAT SLEEP IN ELEGANCE

The forms of the HIFI collection were designed with the principle „less is more“ in mind. This classic, comfy bed can have one of two headboards: plain or with shelves. There is also a version without a headboard. The bed holds a large linen chest beneath the raised frame.

## **CHOOSE A BED FOR YOUR CHILD**

Functional furniture changes with your children. Centimetre by centimetre, they adapt to their changing needs. And because your children also grow while they're asleep, we've made sure that each of our collections offers a friendly, well-designed bed.

# NEST

## A CREATIVE DAY AND A PEACEFUL NIGHT

Childhood is a time of unlimited imagination. The NEST collection provides a safe miniature world in which to explore, experiment and express yourself creatively. And after a day full of impressions, you can fall asleep in a cosy bed which is just as fascinating as a child's daydreams. What's more, in the Nest collection, you will also find a bed for teenagers, who have an enormous need to break with the childhood stage and express themselves in a more classic "grown up" form.

# HOCUS POCUS ABRACABEDROOM!

Children love to have their "home base", and parents like to be sure their children are safe there. Up top, at parent-eye level, is a comfy bed, and underneath there's a whole world: a theatre, a place of learning, a treasure chest. Your child can choose the function they want it to play. The desk on casters easily slides under the bed, and the chest can hold all their books or toys.

# CREATIVE CHAOS

Does the effervescence and excitability of teenagers preclude tidiness? Not necessarily. NEST helps reconcile the excitement of the childhood world with tidiness and good organisation. The furniture holds lots of additional (and well hidden) functions and spaces for storing clothes, school stuff or sports equipment.

# SPOT

## WHO SAID IT WAS JUST FOR SLEEPING?

Perhaps with an ordinary bed, but the SPOT bunk bed has more ambitions than a single task: somewhere to sleep, two shelves, a drawer unit, seasonal storage for clothes and a niche just right for a movable hanger.

# FURNITURE FOR SPECIAL MISSIONS

A single bed with multiple tasks: sleeping, storage and spatial organisation.

## THIS IS MY PLACE

Like no other bed, SPOT gives a young person freedom to create their immediate surroundings. The Tipi mobile frame becomes a construction for arranging the space as you wish. Little ones can create their own camp, putting a special tent over the Tipi frame, or even just a blanket, while older kids can create their own style in the room, using the railings.

# 4 YOU

## TIME FOR A GROWN UP BED

A perfectly organised space that you play in creatively can go together. You can choose the bed with canopy or a classic single bed. Furniture like this are more than a childhood fairytale.

Sofa with raised frame

## HER ROYAL HIGHNESS, AND WIDENESS, THE BED!

A regal bed with a canopy, or a wider single bed? Or maybe a classic sofa? Little princesses appreciate freedom of choice. Not only will they sleep better in a wider bed than standard (120 cm), but they can decorate their rooms as they wish. Just hang coloured lights from the canopy, or a piece of material, and they instantly add charm and atmosphere.

# YOUNG USERS

## FOR THE LONG STRETCH

Beds for young people are also a place to learn or relax with a book or music. A curvy mattress with an innovative shape means they can stretch out comfortably, sit up straight or sleep peacefully.
