

AROUND THE TABLE

# FREEDOM BEGINS AT HOME

Here at VOX, we believe that true freedom begins at home, and how we live greatly affects our lives. That's why it is our goal to constantly develop and deliver complex interior solutions so that your space is intuitive to use, easy to change, helpful with everyday activities and pleasant to look at.

Freedom begins every morning when we meet at the table - there is space for each and every one of us. It seems like such a common object, and yet it is the table that gathers us around and makes us want to be together. Other furniture can only envy it for the warmth it generates.

# NATURE

The metal recess is a handy place for herbs, spices and hot pots.

Six discreet drawers.

Tabletop and legs from natural wood.

## YOUR HOME'S CHRONICLES

Human freedom lies in nature, which is where the Nature collection seeks its inspiration.

Rounded table edges make every day comfortable.

## IT'S WOOD, NATURALLY

Natural materials change and mature together with us. Scratches and dents in wood make a home's history. An oak tabletop gathers stories about your family being with you every day and will trigger your memories.

Profiled drawers don't take up leg space.

## COVER, BUT DON'T HIDE

Natural oak is too beautiful to be covered with a festive tablecloth. If you want to decorate it, choose natural ornaments: pinecones, bark, cinnamon sticks or anis stars.

# FAMILY COMMAND CENTER

The whole family meets at the table. Sometimes friends and acquaintances join too. It's a special piece of furniture which makes us spend time together talking, making decisions, laughing or making plans for the future. There is enough space for everyone - all you need to do is add a bench or a few stools with comfortable cushions. And when your guests leave, the stools build a clever chest of drawers.
