LGR, the best place to live during your replacement. Stay with us and we take care of you!

Ms. Kath

LGR Resident

“Born and raised in Tarlac City and have a wonderful family of my mom, dad and 2 brothers. In my free time I like to do wakeboarding, paint, and travel with my boyfriend. I have lived in La Grande Residence for about 4 years, and I find it so peaceful and quite which allows me to study and get a good night’s sleep. I love the amenities they offer, drinking water from the tap, generator, and most of all the great guest service.

By profession I am a nurse for 10 years, I was the Head Nurse of the OR at Medical City Clark, and I also do private duty nursing. I love how much my job challenges me, but seeing my patients healthy again and reunited with their families is truly what makes me love the profession.

During the pandemic many nurses risked their lives and almost died to help patients fighting to survive. Female nurses were truly one of the backbones during the pandemic and I really salute them and all medical professionals that gave themselves tirelessly to their fellow Filipinos. To share a quote, I really adore “She overcame everything that was meant to destroy her” – Covid killed so many people and I SURVIVED.

To all women out there GO for your DREAMS, never settle, and never have any regrets by not trying the things you love.”

Super comfortable and beautiful place. The staff are very accommodating and polite. Smart TV and Jacuzzi are the best! We'll book again soon. We'll recommend this place to our families and friends.

Chris

Appreciate the early check-in. One of the places I stay frequently whenever in AC.

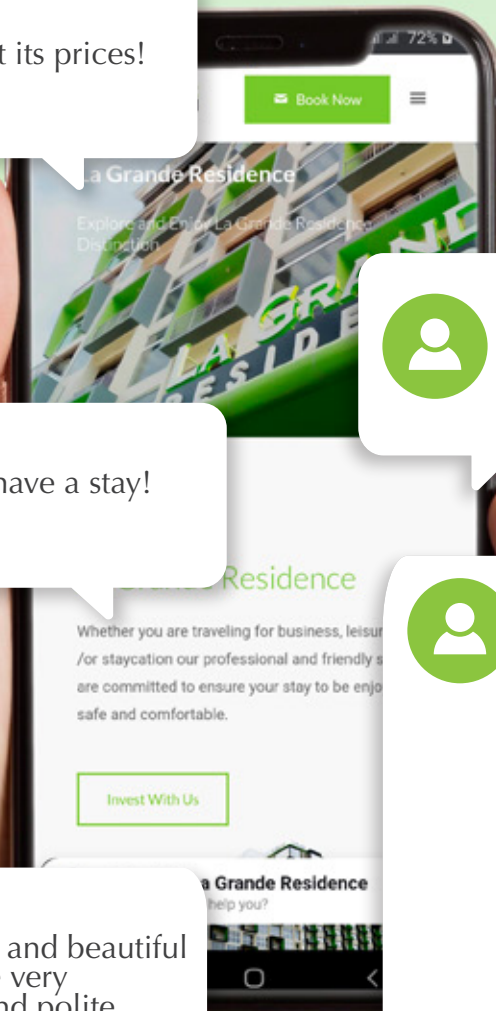

Lerry Joy

Super happy with our experience! I love the massage, the roof deck pool and the gym

Lyka

It is an excellent place to stay. Close to establishments, same as advertised, looks exactly at same as the photo here. Squeaky clean and smells fresh. You can see that the facilities are well-maintained. Smooth check in and check out. Everything's perfect and has complete amenities. We enjoyed the jacuzzi most specially. They have 2 separate pools on the rooftop and ground flr. The have 2 parking lots as well.
