

Keeping safe everything that matters

FaireTech
Faire Technologies Inc.

Company Overview

Introduction

FAIRE TECHNOLOGIES INC.

- Faire Technologies, Inc. was established last July 16, 2002, it is a security system integrator, importer, distributor, and retailer of electronic security products. It currently has distribution and dealership rights to international brands. Our products are approved and used in the retail, commercial, industrial, and government sectors to deter theft and crimes; as well as, to protect people, property, and information.
- It also has a network of authorized installers, authorized service providers, and dealers that helps support its business.
- Through its affiliate, SWPI, it has opened Rover Stores (A Security Concept Store) Nationwide.
- Since its inception, Faire Technologies Inc. has accomplished several remarkable projects in both the Government and Private sectors. Some of the notable projects which it has accomplished are:
 - a) Quezon City - City-wide surveillance system
 - b) House of Representative - Supply, Delivery, and Installation of Security Surveillance CCTV system (IP Based Surveillance System) for the House of Representative
 - c) Bureau of Customs – Supply, Delivery, Installation, Configuration, Testing, and Commissioning of an IP-Based CCTV System for the Bureau of Customs.

PRODUCT LINE

CCTV Product Series

- IP8000 Series
- IP1000 Series
- IP1000 Dual Light Series
- XVI Multi-format Technology
- Day and Night Full Color Camera
- Rover Home Smart Camera
- DUHD Series
- 2.0MP Low Light/WDR
- Rover MVR

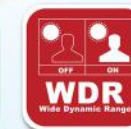

Professional Security CCTV Monitors

- 4K UHD
- CCTV & Multi-Format CCTV
- Video Wall

**12.0MP Lowlight/WDR • 4K Ultra HD
4.0MP • 2.0MP Lowlight/WDR • 2.0MP**

IP 8000 Series

- Up to 12 Megapixel (4000 x 3000) Resolution*
- 2.8 -12mm Varifocal with 4x Optical Zoom & Auto Focus
- Day/Night functionality
- With Smart IR up to 250m (820 ft) IR distance*
- 3D DNR (Digital Noise Reduction)
- Support up to 256GB SD Card*
- PoE (Power of Ethernet)
- IK10 Vandal Resistant*

RNH 8000 Series

- Solely for IP Video Surveillance System
- Supports H.265 video compression
- Supports Cloud upgrade and VGA
- Intelligent analysis function
- Plug and Play*
- Hot swap*
- Redundant power supply*

IP1000 SERIES

- Up to 8 Megapixel (3840 x 2160) resolution*
- Day & Night functionality, Up to 15m IR Distance*
- Supports H.265+, H.264, MJPEG
- Ingress Protection Level: IP67*

Audio Input

Can connect external CCTV microphones to hear and record sounds.

NETWORK VIDEO RECORDER

- Up to 64 Channel
- Supports HDMI up to 4K resolution, and VGA up to 2MP resolution
- Up to 4K resolution of the recording
- 8 SATA HDDs, up to 8TB each disk

8/5/3/2MP IP1000 Series Dual Light Camera

- Day and Night (Auto ICR)
- Auto Electronic Shutter Speed
- 1 * White Light 1 * Infrared Light 20m-30m
- Supports DWDR, 3D DNR
- Supports HVR/NVR, ONVIF Protocol

MOBILE PHONE MONITORING

Remotely monitor your property on your mobile phone.

WHITE LIGHT

White Light turns on when the human body is detected on the NVR.

HUMAN BODY DETECTION

This video analytics feature senses motion from human bodies and triggers an alarm. Non-human movements do not cause alarms, therefore reducing false alarms.

4K 32CH Network Video Recorder

* Available in 4,8,16, 24 and 32 channel

- HDMI 4k, VGA 1080P video output
- 1.5U Case, 2Sata(Up to 14TB)
- Automatic network support, one key in adding equipment
- Supports ONVIF protocol
- Perfect protection circuit, unique triple watchdog function

FACE DETECTION

Cameras can identify a human face in digital images. Alarm and recording can be linked once it is triggered.

FACE SEARCH

The face search function allows the operator to search for all instances where the specific face under investigation appears.

MULTI-FORMAT

Supports XVI/CVBS/AHD/CVI/TVI

DIGITAL VIDEO RECORDER

SUGGESTED APPLICATION:
Areas that do not need a very precise identification.

2MP 1920 X 1080

3MP 2048 X 1536

5MP 2560 X 1920

8MP 3840 X 2160

SUGGESTED APPLICATION:
Areas that need a very precise identification.

Pixel Density (PPM)	Detection	Observation	Recognition	Identification
	25PPM	62PPM	125PPM	250PPM
Estimated Camera Distance From Object (in Meters)				
2MP (1920x1080)	28.66	11.56	5.73	2.87
3MP (2048x1536)	40.77	16.44	8.15	4.08
5MP (2560x1920)	50.96	20.55	10.19	5.1
8MP (3840x2160)	57.33	23.12	11.47	5.73

2MP/5MP AHD 4in1 Full Color Day and Night Camera

- Supports DNR
- Supports DWDR
- Ingress Protection: IP66
- High-Speed long distance real-time transmission 400m
- Supports AHD, TVI, CVI, CVBS Video output

with IR on

when in full color

Full Color Day & Night

The ability of the camera to record a scene in full color even in a dark environment. Full Color Day and Night cameras are equipped with warm lights to deliver bright color video images, even at night.

Smart Home Series Camera

- Supports Day/Night Auto ICR • Supports ONVIF Protocol
- Mobile Phone Remote Monitoring • WiFi • Easy Installation

Dual Light Wireless Bullet Camera

2MP/3MP Smart Pan Tilt Camera

Battery Operated Camera

Long Distance Transmission WIFI Kit

- 1*WIFI 4-ch (5M)/8-ch (1080P), HD NVR + 4*WIFI 1080P HD Cameras

Video Doorbell

- Cloud / P2P technology
- Up to 2MP HD resolution
- Supports Micro SD card up to 128GB
- Two-way Audio
- Alarm Push Notification

NVR-VR

- 4/8 channel input • 1 SATA HDD Up to 8TB
- Supports H.265+/H.264 video formats;
- Supports the Onvif protocol;
- Mobile phone remote monitoring (iOS, Android);
- Multi browser access (IE, Chrome);
- Support WEB, CMS, VMS Platform;

Multiple Display Modes (For Fisheye Camera)

Download footage anytime using USB cable.

PRODUCT TECHNOLOGY

Loop Recording

Get continuous recording even when the memory card reaches full capacity.

Motion Detection

Motion Detection is the process of detecting a change in the position of an object relative to its surroundings or a change in the surroundings relative to an object.

Digital Zoom

Works by narrowing the apparent angle of view of images, and then cropping the areas outside the margins.

HDMI

Enables your dash cam to be connected to an external device like a TV to view recordings

USB

Download footage anytime using USB cable.

External Storage

The main function of the built-in SD card slot is for automatic video recovery and it can also be used to record standalone.

HD

Records in HD (1920 x 1080) to help you see license plates and other details clearly.

PROFESSIONAL SECURITY CCTV MONITORS

4K UltraHD
MONITOR

4K Ultra High Definition Resolution
(3840 x 2160 pixels)

Adapt newest 3D Digital Filtering and 3D Digital Noise Reduction Technology to enhance display quality

INDUSTRIAL GRADE

CCTV MONITOR AND
MULTI-FORMAT CCTV MONITOR

Full HD Resolution (1920x1080 pixels)

Supports Direct Connection to 4-in-1 CCTV camera

CCTV VIDEO WALL MONITOR

Seamless and slim design bezel of 3.5mm thickness

Product Features:

- Multiple splicing view
- Multiple signal input/output: VGA, HDMI, DVI and CVBS
- Remote control function through RS232 and Ethernet connection
- Full HD 1080P, Wide view angle
- 3D comb filter and video comb filter

Low power consumption, instant response time and long life span of 60000 hours

SMART SECURITY SOLUTION

Hanwha Vision is a total solutions provider capable of satisfying a wide range of applications from its broad product portfolio, encompassing CCTV, IP & Network, Access Control, Door Entry and Intruder Detection.

The company continues to develop products to meet the needs of security professionals both now, and into the future. By following this path the company has developed a number of unique technologies specifically for use in security products and continues to set the benchmark in quality and value.

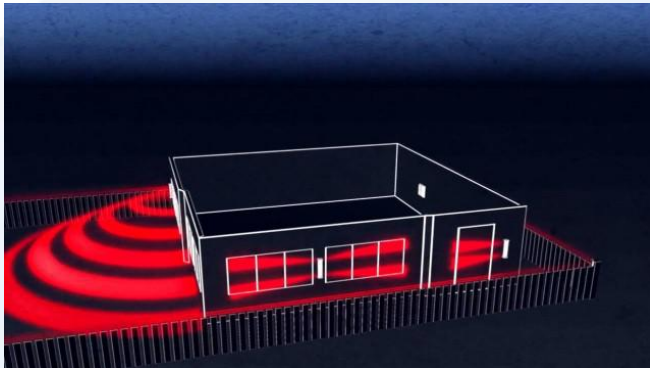

OPTEX – SENSING INNOVATION

The Optex Group is a global solutions provider that never stops inventing to create a safe, secure, and comfortable society. We look at the rapidly shifting challenges faced by companies and individuals on a daily basis and use our unique expertise to create innovative, user-friendly solutions. In this process, our focus is always on uncovering the fundamental issues underlying a problem, allowing us to develop real and long-term answers.

While sensors are often associated with security devices, Optex is much more than a provider of crime prevention systems. In fact, we see our role in the broadest possible terms and are dedicated to developing sensing technologies that provide increased safety, security and comfort in an ever-expanding range of fields.
