STUDIOS

Merry Wallhanging

July 21 | 10:15 – 4:00 | \$49.98

pattern included.

Celebrate the season in July or December, or both, with Merry, a cheerful machine appliqué wall hanging designed by Patrick Lose.

You'll learn approachable machine appliqué techniques while creating the wall hanging top, with plenty of opportunity to make it your own.

The focus of the class will be on layout, appliqué construction, and assembling the wall hanging top.

New Features

PFAFF
Perfection starts here.™

NEW
to
PFAFF®

New Embroidery Unit

The new embroidery unit reduces noise and vibration and provides an industry-leading embroidery size of 450 x 450 mm*. The newly designed attachment for both the embroidery unit and hoops makes the setup quick and easy.

NEW
to
PFAFF®

Free-Arm Embroidery

With free-arm embroidery it is easier than ever to personalize ready-made items. Embroider on tubular pieces, such as baby clothes, bags and pillowcases without having to take the seams apart.

NEW

Quick Quilt Settings with Bobbin pick-up

Quilting in embroidery often requires multiple adjustments for a clean look on both sides. With this new feature, all settings are done for you. The machine turns off ActivStitch™ Technology, increases thread tension, turns off automatic thread cut and activates the new bobbin pick-up feature.

NEW

Enhanced STITCH CREATOR™

Design unique stitches wider than 9 mm from scratch or edit the machine's built-in stitches. Adjust the stitch length and width, reshape stitch patterns, or create decorative stitches with complete control. Perfect for adding signature touches, creating embellishments, or bringing your ideas to life.

NEW
to
PFAFF®

Fabric Selection

Set the type of fabric you are sewing and the machine automatically adjusts to the optimal settings for your chosen fabric, technique, and stitch.

NEW
to
PFAFF®

Exact Position with Scaling

Adjust your design's position and rotation with stitch-point accuracy, reducing the time and effort spent achieving perfect hooping. If any elements extend beyond the hoop limits, the enhanced Exact Position feature allows you to easily scale the design to fit. Scaling also makes final design parts fit easily when multi-hooping.

* Reduced noise and vibrations when compared to the PFAFF® creative icon™, creative icon 2 and creative performance™ 950 embroidery units. The industry's largest embroidery area is 450 x 450 mm when compared to Brother Aveneer, Babylock Radiance, Bernina B990 and Janome Continental M17, and requires the optional creative™ Grand Turnable Hoop.
** Some CREATIVATE features require a paid membership.
