Dear Friends & Partners,

What if a single act of faith could echo across generations?

This is the story we are witnessing—and the story you are part of.

Because of your faithfulness and generosity, **God is moving in ways far beyond what we imagined.**

Barriers to dignity are being lifted, hope is rising, and communities are stepping into lasting, generational flourishing.

This past year marked a sacred turning point as we stepped forward as **Reclaim**, anchored in the truth that every person is created with **dignity and for abundant life.** What we are seeing now is more than impact—**it is multiplication.**

Across countries and communities, a ripple is becoming a movement. What begins in one life extends into families, takes root in communities, and grows through local leaders who are building sustainable change that will endure for generations.

In 2025, **over 18,000 people in 20 countries** were reached through **30 initiatives** led by **50 dedicated global staff.** Yet behind every number is something deeper—a life restored, a family renewed, a community reclaiming dignity, hope, and life.

The following pages reflect God's faithfulness and the power of your role in this story.

Thank you for planting seeds of faith with us. Together, we are witnessing **resurrection life**—spreading, multiplying, and growing beyond what we could have imagined.

With Gratitude,

A handwritten signature in cursive script that reads "Gabrielle Thompson-Brown".

Gabrielle Thompson-Brown

President & Chief Executive Officer

**WE HELP
INDIVIDUALS &
COMMUNITIES
FLOURISH BY
REMOVING
BARRIERS TO

JUSTICE.**

**WE OFFER
OUTSTRETCHED HANDS
AND HUMBLE HEARTS.**

Our vision

**PEOPLE +
COMMUNITIES
EXPERIENCING
ABUNDANT LIFE.**

Nurturing people + communities

HOW WE WORK.

**Community Development
is the foundation for all our work.**

We start by listening. Our staff partner with local people to identify resources and address obstacles that impact the community. We also seek out and amplify the voices of the marginalized. With outstretched hands and humble hearts, we design programs to respect local communities and encourage people to pursue the values of God's kingdom as we work together toward lasting transformation.

EDUCATION

**ANTI-HUMAN
TRAFFICKING**

A photograph of three individuals standing outdoors in front of a stone wall with red accents. On the left is a woman with long brown hair, wearing a striped shirt over a white tank top and jeans. In the center is a woman with long dark hair, wearing a blue headscarf, a colorful patterned vest over a blue top, and a blue shawl draped over her shoulders. On the right is a man with short brown hair and a beard, wearing a blue patterned polo shirt. All three are smiling at the camera.

1134

**INDIVIDUALS
LIBERATED**

At-risk youth and young adults were rescued or repatriated to their home countries, connected with holistic after-care and resources, or received human trafficking prevention training.

Caring for survivors + at-risk

ANTI-HUMAN TRAFFICKING

Reclaim's strategic focus on anti-human trafficking runs through all our programs.

We combine the strengths of our community development, health and wellness, education, and agricultural programs to integrate methods that mitigate risks for individuals vulnerable to or victimized by human trafficking. We implement best practices for trauma-informed care and intentionally work to address the injustices of trafficking and care for those at risk, so they feel valued, seen, loved, protected, and empowered to experience abundant life.

3696

STUDENTS INSTRUCTED

Students in marginalized communities are charting a new path toward a brighter future through educational services and resources.

Nurturing holistic development

EDUCATION

Reclaim education programs focus on individuals and communities on the margins of society like refugees, students with disabilities, and those without access to adequate education.

Through teaching English as a second language (TESOL), music education, librarian and teacher training, academic tutoring, literacy programs, and special education services, we nurture holistic flourishing that impacts communities and helps people develop the fullness of their God-given potential.

10669

PATIENTS SERVED

Access to healthcare + health education is elevating quality of life for refugees and impoverished communities and creating opportunities for young men and women to pursue medical careers.

Making a healthier life possible

HEALTH + WELLNESS

Reclaim health and wellness programs provide access to high-quality healthcare services, health education, and medical equipment to elevate the quality of life in the communities we serve.

Our professionals bring together evidence-based expertise, excellent medical equipment, and proven best practices with an understanding of challenges faced by local communities to demonstrate love and promote holistic, sustainable flourishing.

A photograph of an older man and a younger woman standing in an apple orchard. The man, on the left, has grey hair and wears glasses and a green polo shirt. He is holding three red apples in his hands. The woman, on the right, wears a white headscarf with a black pattern and a white blouse with blue lace detailing. She is holding a cluster of about six red apples. They are both smiling at the camera. The background is a dense orchard with green leaves and many red apples hanging from the branches.

112

FARMERS EQUIPPED

Farmers, their families, and communities are increasing crop yields, developing job skills for sustainable incomes, and improving quality of life through hands-on agricultural training.

Better soil. Better information. Better crops.

AGRICULTURE

Reclaim agricultural programs provide training in regionally appropriate soil rejuvenation methods to lift small-holder farmers above bare-minimum subsistence levels and help them thrive.

We provide participatory extension programs, working side-by-side with farmers to identify more fruitful crop varieties and management methods. As we discover techniques to improve yields and provide greater sustainability together, we equip farmers to teach others in an organic, dynamic process with long-term, wide-ranging impact.

923

**INDIVIDUALS
EMPOWERED**

Adults + children are able to attend school, work, and engage in their communities because of whole-person care and custom-fit wheelchairs.

Replacing limitations with hope

DISABILITY SERVICES

Reclaim's strategic focus on disability runs through all our programs. We work to identify and remove societal and relational barriers that exclude persons with disabilities.

Our programs are designed for people of diverse abilities and provide tools, like custom-fit wheelchairs, awareness training, and accessible technology, that help individuals and families navigate obstacles caused by disability.

We strive to create an environment where all people are valued, loved, heard, and included so that we all flourish and experience the fullness of our God-given dignity together.

**WHERE
WE WORK:
RECLAIM PROGRAM
LOCATIONS.**

Reclaim Program Locations
are where Reclaim works through
holistic community development.

Community development is the foundation of our work in Argentina, Guatemala, Jordan, and Kazakhstan. These four geographic areas are what we call our Reclaim Program Locations.

A narrow alleyway in Jordan, featuring a vibrant, multi-colored staircase with geometric patterns. The walls are made of light-colored stone blocks. A small air conditioning unit is mounted on the left wall. A green plant in a black pot sits on the left side of the stairs. On the right, there are several potted plants, including a large green one in a blue pot and a smaller one in a red pot. A white door is visible on the right wall. The sky is blue with some clouds.

FINDING SOLUTIONS IN JORDAN

"Now I am outside, I am home, I have a life. Thank you for caring about us. You give everyone hope."

*- Sophia, Ugandan survivor
Anti-Human Trafficking Initiatives*

"I was waiting for you. Waiting for you to come here. Many refugees know you and they wait for you just to be examined by you. You are a blessing to us."

*- Syrian patient
Eye Care for Refugees*

"These children need hope, and that's why we are here. We are seeing children's lives change. Their attitudes are being renewed."

*- Teacher, school for refugees
Reclaim Global Libraries*

A blue tractor is shown from a rear three-quarter view, plowing a dark brown field. The tractor is moving from left to right, leaving a furrow in the soil. In the foreground, there is a patch of bright green grass. The background features a range of mountains with significant snow cover under a clear blue sky with some light clouds.

FINDING SOLUTIONS IN KAZAKHSTAN

"My husband and I work side-by-side in the orchard, and our children join us. Because of Reclaim's training, my family not only has income, we have hope, knowledge, and a vision to see our village bloom for generations to come."

- Dinara, farmer
Central Asia Harvest Project

"Reclaim showed us, taught us, and helped us live a different life. It wasn't just for me, but for my family – my children and grandchildren."

- Akmat, farmer
Central Asia Harvest Project

"I am now confident in my abilities. I had dreams to teach English, but it's fulfilling to act on those dreams. People in this village have so little opportunity, and learning English will give them prospects. I know I am bringing value to my village."

- Zahida, English teacher
Light on a Hill

A balcony view of a lush garden with orange flowers and a mountain in the background. The scene is framed by a large archway. The garden is filled with green foliage and numerous orange flowers. In the background, a mountain range is visible under a cloudy sky. The balcony has a black metal railing and several potted plants.

FINDING SOLUTIONS IN GUATEMALA

"Domercindo is a very bright boy, and receiving this wheelchair feels like a miracle for our family. After years of trying and praying for help, we finally saw God make a way when Domercindo received a wheelchair made just for him. This changes everything, giving him and our whole family a new chance to fully be part of life."

- Domercindo's father
Catalyst

"This chair will help April to be more independent and improve the positioning of her back and spine. This is not only a gift for her future health, but for mine as well since I will not have to carry her everywhere I go."

- April's mother
Catalyst

"This will change our lives and his for the better. My wife will have the ability to wash clothes or do things around the house, knowing that our son is safe in his wheelchair. She will not have to worry as much for his safety and security."

- Denis's father
Catalyst

FINDING SOLUTIONS IN ARGENTINA

[Learn more](#)

"Our church and our community are so blessed by the teams that are coming all the way here to our small community of Biale Massé. The children are always looking forward to it. God is moving and building up his church, one heart at a time."

- Pabla
Biale Massé

"Many families here live with far fewer opportunities and resources than we often take for granted. We are continually moved by their resilience, contentment, and joy. In the midst of deep brokenness, we are witnessing a powerful hope rise in these children."

- Yo Sop and Jane Shin
Biale Massé

"It's amazing partnering with you to bring the gospel message and love to the children. I love the friendships that are made with the missions teams and the local churches that we get to serve together. My prayer is that God will multiply the good work that is happening here."

- Delfina
Cordoba

WE WORK:
PARTNER
PROGRAMS.**

Reclaim Partner Programs

work with organizations around the world to provide expertise to local communities.

60

FAMILIES GAINED CLEAN WATER & SANITATION

Through the installation of 20 latrines and 4 deep tube wells, 40 families now have access to safe water, and 20 families are experiencing improved health, sanitation, and hygiene within their homes.

"Now we have water. Before, I had to bring water from far away, and the water had a lot of iron. Now I have clean water next to my house and enough to bathe my children. I also started a vegetable garden. This will improve my family's nutrition."

- Salma*
