### Limited Danger in Case of Breakage

The products are designed to avoid breakage hazards, as they break cleanly into safely manageable pieces.

### Thermal Shock Proof

Ariane Fine Porcelain not only retains heat to keep the food warm, but also is resistant to variations in temperature.

### Absolute Functionality

All our designs focus on sheer functionality to conform to industry guidelines. Most of our items are stackable including cups, bowls and platters, a design ingenuity that facilitates efficient optimization of space.

### Abrasion Proof

The special glazing fired under high temperature ensures strong resistance to scratches or abrasions.

### High Chip Resistance
