safety.

# SAFETY FIRST

# WE GROW TOGETHER

CABBY is a collection of different storage units,  
just perfect for the child's room decor.

---

The CABBY collection can be combined in  
many different ways to fit your child's needs.

---

The CABBY collection includes a wide range of  
chests, cupboards, bookcases and wardrobes.

---

Timeless Danish design, with smooth rounded  
corners, soft close and easy grip.

---

CABBY is made of high-quality MDF, and the  
design allows you to create a customised  
storage solution.

---

CABBY system building parts have the same  
depth and width, making the storage  
combination process even easier.

# OUR BRAND VALUES

## Scandinavian design

Simple silhouettes, clean lines and natural materials define the minimalistic Scandinavian style that characterises FLEXA's design. Four times FLEXA has been awarded with the Red Dot Design Award, which is one of the most prestigious accolades in the world.

## Expert knowledge

In-depth knowledge about children's development, trend forecasts, focus group interviews, consumer tests, comprehensive knowledge about the applicable legislation, and more than 45 years of experience are key pillars of our insight in creating furniture that meet the ever-changing needs of the growing child.

## Safe design

Children are curious, lively and playful, which is why safety is considered in all aspects of our products, and why our products comply with the world's strictest safety requirements.

## Functionality

Functionality and flexibility are the essence of FLEXA. Many of our furniture items can be reconfigured, have multiple functions, and are designed to optimise the space in the child's room to meet the ever-changing needs of the growing child.

## Pure materials

All of our materials have been carefully chosen to provide maximum safety for children and to protect the environment. We treat our products with environmentally safe UV- or water-based varnishes that are free from formaldehydes and solvents. They contain no hazardous substances at all. All of our furniture complies with the strictest EU standard "Chemical harmless", giving our customers the peace of mind that their child can grow up in a healthy environment.

## Playfulness

At FLEXA we see play as one of the primary drivers of learning in the lives of children. That's why we develop and design playful products with the purpose of promoting children's development.

## Quality and Craftmanship

We put passion and attention to detail in all aspects of design, finish and choice of materials, which makes our furniture extremely durable and robust, and ensures it lasts a lifetime. To us this is true craftsmanship.
