Preparing

the magic

The proposal itself can last just a few minutes, but the planning and preparation occur weeks in advance!

Being discreet, we will determine the day, time, and location. I will be unnoticed while still capturing the magic unfold. My goal is to get the three main parts of the proposal: before, during, and after!

About Me

Hello there,

I'm Carol, and it is my pleasure to capture some of the most enchanting moments you will experience in life. In the last 7 years, my specialty has been photographing those in love and being witness to beautiful moments.

There is something so exciting, exquisite, and touching with storytelling through images of a proposal. Your proposal will give you jitters and butterflies, all of which is entirely normal and to be expected. I want to ensure a comfortable atmosphere, and together, we can make sure everything goes according to plan!

Faq

How far in advance should I book my proposal?

As soon as possible. Weekends tend to book up quickly, especially during peak wedding season.

What happens if you become ill on the day of my proposal?

This is a great question that I get a lot. As a professional, I have not one, but several back up plans. I am a member of different organizations that supply replacement photographers if an emergency were to arise.

Are you insured?

Yes. I carry liability insurance, which allows me to work at any location or venue. I have a business license and equipment insurance, too.

Investment

As a photographer, I always try to capture genuine emotions. When I shoot a proposal, I can freeze that moment in time. This is a priceless treasure a couple can cherish for the rest of their lives!

Testimonials

We had a photoshoot with Carol and it was one of the best experiences, I'm not usually one for photos and being in front of the camera (I usually take them) but Carol quickly had me smiling and made me feel comfortable, I like how she works with what the surroundings has, Carol chats with you like you have been friends for a long time, we are going to use Carol for when we get married I couldn't imagine anyone else doing it

Images with Carol was one of the most wonderful photographers to deal with! Having dealt with photogs over the years for various reasons, I say that with full confidence! Carol will go above and beyond the call of duty to ensure that you have the most wonderful experience, whether it's a studio shoot or a full wedding. There is no one I would rather have photograph me.

Carol managed to make my fiancé enjoy being in front of a camera and he hates his photo being taken. I can not recommend her enough. Such a bubbly happy person who wants to travel your journey with you..

Are there extra costs to have the images edited?

No. You will have a gallery of hand - edited photos fixed to perfection. You will receive ALL photos in both colour and black and white, with no print limits

How do I book you?

I have provided my contact information on the back cover. Feel free to call, text, or email me!

When is the remaining amount due?

Any owed balance is due 7 days prior to the proposal.

What forms of payment do you take?

Bank transfer, cash or paypal. If you have other methods of payment, please inquire about checking if it is accepted!

How far do you travel to photograph a proposal?

As far as you need me to. I have photographed all over Australia. Please note there may be extra travel charges if the proposal is outside of greater Melbourne
