***"Excellence is not being the best; it is doing your best."***

We believe our students need to learn that the secret of success and contentment lies in discovering one's own strengths as well as limitations. Every individual is born with some potential. Army Public School, Ahmednagar provides the education that helps every student to meet his/her potential and makes them productive members of the society. It gives me immense pleasure to be associated with the management that is mandated to impart value-based education and nurture young minds into global citizens of tomorrow.

The extant magazine reflects the identity of the educational institution through the writings of its students and teachers. Each individual is an entity of immense potential and creativity and requires proper mentoring and channelization by the school community. Accordingly, facilities are being enhanced and created to meet the growing needs of the school. The management is committed to making the school a centre of excellence for learning.

I am sanguine that the staff and students of APS, Ahmednagar will continue to work diligently and excel in all spheres. In so doing, we must always remember that-

# Message From The Chairman

**"The whole purpose of education is to turn mirrors into windows."**

**-Sydney J. Harris**

The aim of our school is to promote a system of integral education in a congenial child-friendly environment that emphasises the unity of all knowledge, synthesises humanity and sciences and recognises the fact that each child is unique. We believe that education should enable the students to soar high - morally, socially and spiritually. Education makes the individual accountable to the community and the nation. The Annual School Journal reflects the identity of APS, Ahmednagar focusing on the holistic development of every student. When the little creative minds are motivated and praised by the teachers at the right time, they bloom like flowers and spread essence of their wonderful literary work in all directions. Young students have a lot of potential within them which needs a proper channelization and outlet. The school magazine provides a wonderful platform for these young minds to showcase their talent as writers and express themselves into a conglomeration. Remember that our readers live in a multi-cultural, diverse society and that our magazine reflects the same.

I hereby place on record my appreciation for the Editorial Team on a sublime assortment of their creative pursuits in the Digital Book, aptly titled "Sparkling Starlets". I compliment the complete fraternity of Army Public School, Ahmednagar and wish them all the very best in all their future endeavours.

***"Learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great."***

**-APJ. Abdul Kalam**

As the Principal of the school, I consider myself fortunate to be a part of an educational institution where every contributor is a learner and every day is an opportunity to discover, create and innovate. We look at ourselves as a coterie of learners, where everyone learns including our staff, students and parents. As we attain new milestones and undergo beautiful beginnings, we feel proud to state that APS, Ahmednagar has expanded its infrastructure, both physical and digital to provide a conducive and vibrant environment for holistic development and progress.

Being committed to growth and seeing how it makes the world better is one of the greatest joys in life. The publication of the digital edition of our Annual School Magazine is to celebrate the manoeuvre that has been made by the students and staff of APS, Ahmednagar in the past year. It was a year of achievements and victories, of facing new challenges and reaching greater heights. Our curriculum and practices are continually gauged to corroborate the most updated and best practices which address the future needs of our students.

It is our responsibility to pass on the legacy of education to our future generations where it sets children to grow personally, professionally and socially. It can awaken joy, curiosity and a deep desire to solve problems and to be a self-responsible individual. We at Army Public School, Ahmednagar, believe in inspiring and paving the way for our students to develop their inbred qualities as academic succeeders, liberal thinkers, potent communicators and make them independent global citizens.

***"With the exemplar of dynamic education, let's take the crescent of history in our hands and build a better and safer tomorrow in new-fangled ways".***

In this pursuit of excellence, I appreciate our generous forum of guardians for supporting the school in every aspect. I also laud the relentless efforts of our teachers who consistently strive to bring out the best in each child. I compliment and appreciate the "Editorial Team" for a wonderful portrayal of their creative acuity in providing us a sneak peek into the multi-faceted activities of the year gone by.

On the whole, APS, Ahmednagar truly believes that, "Great things are done by a series of small things brought together." On this note, I would like to appreciate every member that has contributed towards the growth and glory of this institution and wish all the very best for the upcoming endeavours.

***"You don't have to be great to start, but you have to start to be great."***

**– Zig Ziglar**

As the Vice-Principal of a prestigious institution, I consider it my privilege to pen down my thoughts for the school magazine. I feel very fortunate to work with staunch, committed, benevolent and ingenious staff members, the ever supportive parents and our students who are filled with hopes and dreams for the upcoming future.

We live in a world where the importance of education is on a constant rise. Today we are living in a fast-changing complex society, which presents before us challenges as well as opportunities. In this context, it all depends on every individual how one responds to the situation with the right mind set. Therefore, it is our constant endeavour to create a strong and vibrant community which is committed towards taking ahead the legacy of APS, Ahmednagar and in addition, thrive and prosper to create opportunities for students which not only builds them as excellent scholars but responsible citizens who think beyond the four walls of a classroom.

***"The way to get started is to quit talking and begin doing."***

**– Walt Disney**

At APS, Ahmednagar, we believe that every child is a gift of God, and that calibre shows the way of life. Keeping this in mind we provide the students with value-based education that plays a big part in embellishing their betterment and social status, offer opportunities to grow in every sphere of life including academics and personality development. The first step into school is that giant step forward, where children embark on the great adventure of discovering the wide world outside and the depth of the world within. As we guide the young ones forward, we realize our responsibility of nurturing their curiosity, igniting their minds to pierce the skies, helping them to discover the world of books and richness of experience, ponder on the things around and today, master the magic of technology and the limitless span of cyber space.

***"You can't use up creativity. The more you use, the more you have."***

**-Maya Angelou**

On this note, I would like to congratulate the Editorial board for unbridling the hidden potential of the students and revealing this magazine as a feather that is added to the APS cap. This proves the famous quote by Robert Collier "Success is the sum of small efforts being repeated day in and day out." I convey my best wishes to the APS fraternity as we continue to provide enriching experiences for the students by making use of the excellent opportunities in order to deliver the finest education.

# From the Coordinator's Desk....

***"Children want the same things we want. To laugh, to be challenged, to be entertained, and delighted. Thus education is soul crafting."***

***-Dr. Seuss***

The journey of a thousand miles begins with just a single step, the graph that plunges forth showing rapid development begins with just a single dot and the huge banyan that stands tall begins with just a seed and so does a dream also manifests itself into laudable action. Thus, we intended to dedicate this year to a correct understanding of what education really means so that in the coming years we can contribute meaningfully and benefit from this understanding.

Learning at Army Public School, Ahmednagar is based on the fundamental principles of life, teaching the children to be courageous, confident, disciplined, responsible and loyal. Education at our school provides the foundation for a lifetime of learning and is a great fun tool by bringing in the activities that are learning by doing and integrating all the dimensions of a topic.

Thus our theme also for this year's "Sparkling Starlets- The E-Chronicles of Primary Wing" is 'Enlightenment' that is aptly depicted on our cover page. We believe that education should train the young minds to think out of the box and guide them to achieve the desired results, and to achieve the same, the school organizes different workshops from time to time to train even teachers to make the learning environment for children to be worth enjoying, and at the same time to enhance the conceptual approach of the students. Additionally, this year we also introduced the 'Bagless Days' that are stated in NEP 2020, which were very refreshing for the children wherein they enjoyed and celebrated days and experienced things beyond the regular curriculum. Incorporation of reading periods with planned set of activities added feathers in the students' progress.

This zenith of success of our students was impossible to achieve without the never ending spirit, dedication and hard work of the teachers and students. I also acknowledge the support of the parents, without whose persistent support and faith we would never achieve what we aim to achieve every single day. I convey my best wishes to all the students and parents of the 'Primary Wing'.

God Bless!

**“Creativity is seeing the same thing but thinking differently.”**

**-A.P. J Abdul Kalam**

It gives me immense pleasure in conveying my best wishes to the Editorial Team for the online publication of Annual Magazine ‘Sparkling Starlets- The E-Chronicles of the Primary Wing’ for the academic session 2021-22. We have always endeavoured to provide a platform to our students, to showcase their creativity and to give a wider opportunity to our young minds.

We have strived hard to provide a unique learning experience by keeping pace with online education and implementing NEP, which helped our students to inculcate skills that will help them to face the challenges of the contemporary world.

**“Children learn as they play. Most importantly in play children learn how to learn.”**

We believe that a child learns by doing and therefore, we carried out a wide spectrum of scholastic and co-scholastic activities, at all levels providing a platform to the students for developing their skills and acquiring the confidence to reach the pinnacle of success

All these have helped in comprehensive development of students. We always believe in the moto ‘FUN- Just another word for learning.’

This year we have also implemented one unique feature i.e. ‘Bagless Day’ which has proved to be a double delight for children. In this we incorporated learning through various activities like storytelling, puppet show, virtual tours, DIY activities and sports activities that has helped them to develop their fine and gross motor skills.

**“Be strong now, because things will get better. It might be stormy now, but it can’t rain forever.”**

Despite the overwhelming consequences of the pandemic, this global crisis has also been an exceptional time for learning new things and acquiring new skills. The teachers in APS, have worked relentlessly to encourage children to enhance their knowledge through various teaching strategies and innovative ideas. We proudly state that Army Public School, Ahmednagar has justified the aim in these trying times to make the learning experience very enriching for the children.

I congratulate the staff and the students for the commendable achievements. This is the result of the dedication and hard work put in by the staff, students and parents which has led the school towards greater heights of success and glory.

# INCLUSIVITY

**“Inclusive, good quality education is a foundation for dynamic and equitable societies”.**

To meet the needs of the children with special needs, the **'Resource and Sensory Room'** has been set in **APS, Ahmednagar**. The Resource Room is a classroom where a special education programme is delivered to a student with a special need and learning difficulty according to their **Individualised Educational Plan (IEP)**. It is for those students who belong to regular class but need some special instructions in an individualized or small group setting. Children with special needs often find it difficult to learn in a larger setting. It's especially hard for them when new concepts are being introduced. The child is taken out of the regular classroom for a few hours per week to get more attention. The type of extra learning that the child needs will come from their IEP.

This program includes remedial, compensatory and developmental instruction, which is provided individually or in small groups. Academic support is also provided through consultation with the in-service teacher by adjusting the learning environment or modifying the instructional methods. Our resource room is equipped with different learning aids for different age groups.

Apart from the resource room, our school has well equipped **'Sensory Room'** with therapeutic space, that provides students with special needs a personalized sensory input and helps these children to be calm and focused, to be better prepared for learning and interacting with others.

This is more useful for children with **Autism and Attention Deficit Hyperactive Disorder (ADHD)**.

With an able team of counsellors and two staff members Ms Priti Patare and Ms Shweta Sahani, who are all set to take IEP lessons with these children and bring a comprehensive development in them.

# ENIGMATIC HORIZONS

Co-curricular activities are undertaken along with academic studies. They are an important part of a child's holistic development and growth. Students who participate in CCA learn the nuances of 'Time Management', an essential life skill as they will need to juggle their time between academics and other activities. They also learn other essential life skills like leadership, communication & public speaking, event planning, teamwork & relationship building.

This year also our students dived into the sea of co-curricular activities, that are an essential part of the school journey. Students were introduced to a wide range of activities that helped them to empower their communication skills & express themselves freely without any barriers through Story Telling, Recitation, Show & Tell, Dance Drama competitions etc. Art activities like Bookmark Making, Drawing, Origami, Puppet Making, Rakhi Making, Birdhouse Making and Winter Wonderland competitions encouraged creativity, improved motor skills & self expression.

Assemblies and cultural events are intended to develop social & intellectual skills along with moral, cultural & ethical values in students. Keeping this in mind, the team CCA under the guidance and support of the Coordinators planned a varied range of general and special assemblies that were organized by the four able house teams very efficiently and effectively.

We also introduced a myriad of activities in the mandated NEP 'BAGLESS DAYS' that were a great learning experience for the students. In these our children explored a lot of new things like virtual tours of Disneyland, Ramoji Film City, Devi Darshan of seven main temples across India and Christmas Celebrations across the world. Various DIY art activities were also introduced with one minute fun games.

The co-curricular activities were designed to keep in mind a balance with academics so that each student learns beyond regular subjects and enrich emotional, cognitive, physical and social skills.

## NEHRU HOUSE

"Success is not an accident. It is the hard work, perseverance, learning, sacrifice and most of all love in what you're doing."

The house system is of great importance to school life. Its function is to inculcate the spirit of competition and encourage student's overall development. The Blue House popularly known as Nehru House believes that without continual growth and adapting new changes, improvement and success has no meaning.

The greatest glory of Nehru House is not in falling but in rising every time we fall. Our house was very determined to be the best and striving to attain the task. Nehru house had always showed the spirit of 'never-say-never' which always helped us in bringing laurels to the house. Nehru house had started their house assemblies in the month of April and took active part for the entire year. Each month unfurled the winning spirit in one and all.

The school was a witness to the myriads of house assemblies that were presented by Nehru house. Creative PPTs and videos were prepared. The house assemblies were a fusion of talent, imagination, creativity and alertness. The house children had shown remarkable dedication and hard work towards the house.

I would like to thank each and every student of Nehru house who had contributed directly or indirectly in making each show a success. Last but not the least thanking all my team members, without their constant support and guidance these achievements wouldn't have been possible.

At last I would like to quote some words by Dr Steve Maraboli- "Live your truth. Express your love. Share enthusiasm. Take actions towards your dreams. Walk your talk. Dance and sing to your music. Embrace your blessings. Make today. Worth remembering."

## SAROJINI HOUSE

*'Education is not the learning of facts, but the training of the mind to think.'*

The colour green is the colour of growth and renewal, that also affects us mentally physically in several different ways. It also brings with it a sense of hope, health, adventure, self-control, compassion and harmony among the students and teachers of the house.

'A dream doesn't become a reality through magic, it takes sweat, determination and hard work.' With this vision in our mind, we Sarojinians started the year with participating in house assemblies and various inter house competitions.

We Sarojinians are always full of energy and enthusiasm, thus giving all our heart for the first inter-house Patriotic Singing Competition of the academic year. Our hard work and dedication paid off and I proudly announce that we bagged 1<sup>st</sup> position.

Our super talented squad had prepared for another inter house competition as well, which was Dance Drama based on the theme '*SWACHH BHARAT*'. With the desire to win this competition, everyone had put their best foot forward by combining individual efforts towards greater success.

*'If you believe in yourself anything is possible'*

Soon the result were announced and we again bagged the first position.

We also celebrated Army Day to pay homage to our martyrs who made the supreme sacrifice for our motherland.

In the month of February, we got the opportunity to celebrate the birth anniversary of 'Nightingale of India –Sarojini Naidu'. Our squad of young and talented minds celebrated birth anniversary of Sarojini Naidu with great enthusiasm as it also represents our house.

In the end exploring our own talents and capabilities, is quite exhilarating. I thank my adroit teachers, super talented and full of energy students and the CCA team for their support and guidance.

## **SHIVAJI HOUSE**

**“The whole world respects those who bend before dharma, truth, excellence and GOD ! ”**

Chhatrapati Shivaji Maharaj’s name brings to our mind his glorious wounds, breath taking bravery and dauntless spirit that could never be shaken during adversities and troubles. He stood up to challenges courageously and won battles in a diligent way.

Red is the colour of blood, it has historically been associated with sacrifice, danger, and courage. Red calls us to action, gets us motivated, and wearing red lets people know we feel confident and ready to take on any challenge in the world.

With the same thought students of Shivaji house, APS Ahmednagar walk by the values and strive constantly to prove their motto. Students as well as their parents relentlessly worked hard during this pandemic had brought us heartfelt achievements.

The academic year 2021-22 brought with it many new hopes, challenges, joys and new obligations with new responsibilities. Although success wasn’t achieved in all the fields we Shivajians never lost our hope, as we believed in sheer hard work and dedication just like our leader.

We are proud to announce that we finally did secure the second position in Inter House Dance Drama competition and brought laurels to our house.

We extend our credits to our Coordinators for reposing faith in us. I also would extend my heartfelt gratitude to my students and my team for their cooperation, hard work and efforts.

## TAGORE HOUSE

*"The highest education is that which does not merely gives us information but makes our life in harmony with all existence."*

The Tagore house truly resonates with the beliefs and thoughts of the great visionary, Rabindranath Tagore. Walking on his footsteps we are truly dedicated towards creating a safe and comfortable heaven for the little learners. Here we value and enhance their thoughts, ideas, creativity, and nurture their innocence and questioning minds. We truly believe each child is special and each child should be allowed to express themselves with freedom. *Tagore house feels that it is important to be different and yet stand out.*

We aspire that each tiny tots and young mind get the environment to thrive and become the best version of themselves.

We have also put a few feathers to our cap and are delighted to share it with everyone.

**Winners-** We secured the second prize in the singing competition under the category of patriotic songs.

**Special Assemblies-** We created special assemblies on the occasions of Kargil Divas, Janmashtami, Christmas celebration, Republic day, Labour Day, science day celebrations.

Watching the endeavors taking shape and getting appreciation in plenty has boosted our morals and driven us to reach greater heights. Working on their personalities is one of our top-notch priorities. We give great importance to various social skills and communication skills as well.

As the academic year proceeds, we wish to reach greater heights and come up with innovate and novel ideas. Continuing with the beliefs and teachings of Rabindranath Tagore we take each tiny but noteworthy step forward and aim to reach the pinnacle of success and as Rabindranath Tagore said, *"Reach high, for stars lie hidden in you. Dream deep, for every dream precedes the goal."*

# LIT-O-FEST

The primary wing 'Lit-O-Fest' had the theme 'Elements of Nature'. Here, our super talented tiny tots explored their creativity and performed exceptionally well depicting each element of nature. Grade I children promoted and enacted on the theme of 'Saving Our Earth & Water'. Grade II outshined by giving us some lovely fillers by 'Ad-Mad Show' depicting water & air as their main elements. Grade III whereas, entertained us with their 'Melodious Melody' on depicting all the marvellous things in nature. Grade IV on the other hand gave us some amazing 'Declamations' on 'Save Earth & Save Nature' given by some famous personalities. Last but not the least, Grade V presented the 'Fire' element which actually summed up the entire programme exceptionally well.

## MATHS : MY BEST FRIEND

Maths is not only my favourite subject but also my good friend. I love solving addition, subtraction, multiplication and much more fun with numbers. It is very interesting when games are added to it.

My Maths teacher is Mrs. Shilpa. She teaches us many fun tricks to solve various sums with speed and accuracy. With more & more practice, I will soon become a wizard in Maths. Practice, practice, and a lot of regular practice, makes it easier to score good marks and earn good rewards from my teacher.

Maths is a very interesting subject. I love solving mathematical problems as they take me to a solution and it proves me that there is a solution for all the difficulties. So, Maths is one of my best friend and favourite subject.

# THE THINGS I LEARNED DURING LOCKDOWN...

The best things I have learned during the lockdown is 'Where there is a will there is a way' and 'Nothing is impossible.'

During the lockdown, I have learned many new things like staying healthy, being hygienic, spending time with family, yoga, cooking, online classes, basic health tips, gardening, painting, dancing, house chores, etc.

Lockdown has taught me that we can change our ways and still achieve our targets.

We should never give up. Nature is our Almighty and we should respect it. **STAY SAFE! STAY HEALTHY!**

## MY FAVOURITE TEACHER

My favourite teacher is Geeta Ma'am. She was my class teacher in Nursery. She always encouraged me to take part in every competition. Everyday, she brought chocolates for all of us. She was so enthusiastic that she always played with us. She always taught us in a fun way. She also taught us good habits and sometimes in activity class she told us the stories relating to moral values. She was my first favourite teacher whom I cannot forget.

## HAPPINESS

Happiness is when our family members are happy and care for each other. Happiness is usually connected with the joy and pleasure in one's life. It cannot be bought or sold. Happiness comes from within, it's something we all look for when life gets difficult. Simply, happiness is the joy I feel, when I receive a chocolate from parents as a reward. When we hurt others, we become unhappy. If we make others happy then we will feel happy. At last, different people have different reasons for being happy, but happiness in anyway is an utter bliss.

My nation is India. I am extremely proud of it. India is the biggest democracy in the world. It is the best example of the phrase "Unity in Diversity" which means people of all religions can be found living here. In India, every region has its own festival and its own customs and traditions. India is the seventh-largest country in the world. India has a lot of diversity in language, food, folk dance, clothes, culture, and traditions. I love my nation and I am proud to be an Indian.

## MY FAVOURITE TOY

I have many toys but my favourite toy is a remote control car. It has a beautiful design and is black and red. My uncle gifted me this toy car on my birthday. It has two sharp headlights and four shiny wheels. It is a very stylish car and is easy to operate with a remote. The toy car has two front seats and a sunroof at the top. The doors of this toy car can be opened upwards. It can go very fast and also make quick turns. I play with my remote-control toy car in the evening with my sister. I love my toy car very much.

## MY FAVOURITE TEACHER

I am a student of grade II. The name of my school is Army Public School, Ahmednagar. My class teacher is Mrs Monali ma'am and she is my favourite teacher. She teaches me all the subjects. During the class, she explains each and every student till the time they understand all the concepts. She never gets angry and always stays happy. She treats us like her children. She always wishes her students on their birthday. I like Mrs. Monali ma'am very much not because she is my class teacher, but because of her special efforts I can read Hindi and English independently without any help.

## HEALTHY FOOD V/S JUNK FOOD

Food is an essential part that is needed out to carry out day to day activities comfortably. Food gives us the energy to do all the work. Healthy food is the one that gives the right amount of nutrients to keep ourselves fit and active. Fruits, vegetables, rice, pulses, eggs, meat, etc. are all healthy food. Healthy food not only gives nutrients but also improves our concentration and digestion. It helps us to grow and prevents us from many diseases. Junk food is very tasty but it lacks all the nutrients. Burger, pizza, pasta, cold drinks, etc. are all junk food. Overall junk food seems to be tasty but they always harm our health in a long way. Whereas, healthy food always gives us the proper nutrients also including the energy our body needs to remain **FIT, ACTIVE, AND HEALTHY.**

## HAPPINESS

Happiness is not a just word, it is related to one's entire life or feeling. It is difficult to describe happiness in words it can only be felt. Happiness is the name given to a feeling in which the states of contentment and love are revealed. The thing that makes me happy is the love and affection I receive from my elders and friends. Also when I enjoy quality time with them, makes me very happy and content. So feel the happiness and live a happy life.

## IF I GOT SUPERPOWERS ONE DAY!!

One day when I woke up in the morning, I found that when I blink my eyes something really amazing was happening. Then I realized that I got superpowers. I blinked my eyes and the brush came to me and I brushed my teeth, It was extremely funny!

Then I realized I am only doing my work, I should help my mother, who works the whole day for me. Then I requested my mother, to not do anything, I will complete all your work by doing magic. I blinked my eyes and yummy food appeared. I again blinked my eyes and cleaned the house and washed utensils, cleaned the dirty clothes and dried them, and kept them in the cupboard. I told my mother not to work today. Mother felt very happy and enjoyed the magic.

When my teacher asked me to do the homework, I blinked my eyes and my homework was completed, but I didn't tell this thing to ma'am, because she might get angry.

When my father came back home from the office I did some funny things with him, a glass of water suddenly appeared in front of him, he didn't understand what had happened, he got confused, then I told him about my superpowers. But I was very happy that I could help my mother and do some fun tricks with my dad. The next I realized that it was indeed a beautiful dream!

## MY NATION, MY PRIDE- INDIA

My country is my pride and I love my country a lot.

My country is a democratic country where people belonging to different religions live together.

India is a paradise for its agricultural activities and farming, many useful crops are also cultivated here.

India is a very big country where Taj Mahal, Qutub Minar, Red Fort and many other wonders of the world exist.

The national language of India is Hindi and many other regional languages apart from Hindi are also spoken in India.

The people of India are called Indians, they are very honest, faithful, and strong.

India got its freedom on 15th August 1947, Shri Jawaharlal Nehru was the first Prime Minister of India.

The country with such diverse cultures and traditions live like a big happy family, makes me proud of my country all the more.

## LET'S BE THANKFUL

Let's be thankful to get a new opportunity every morning to give our best.

Let's be thankful for being born an Indian and take pride in the rich heritage and culture of our country.

Let's be thankful for getting a chance to help the needy.

Let's be thankful for being able to fulfil our dreams.

Let's be thankful for a chance to attend school and gain knowledge and education.

Let's be thankful to our parents for providing us with the best they can.

Let's be thankful to our teachers for bringing out the best in us.

Let's be thankful to the soldiers who brave all odds in bad weather to keep us safe.

Let's be thankful to the farmer who toils every day to keep us away from hunger.

Let's be thankful to doctors who keep us fit.

Let's be thankful that we have survived during the pandemic.

Let's be thankful that we have another day to prove our worth.

## HAPPINESS

Happiness! What is happiness? A choice .... my mother said, finding satisfaction in all the things we have is happiness. I feel happy when I watch my favourite cartoon, when my parents hug me, when my teacher appreciates me, when I eat my favourite food for when I meet my friends. "All this is happiness is it Mumma?", I asked her. Then she made me understand that happiness is when you decide to enjoy everything. You enjoy the nature, the love from your parents and grandparents. I also felt the magical power of true happiness is in helping others, sharing our things, watching birds and colourful butterflies. The most important thing at this that makes us happy is receiving chocolates as a reward or scoring good marks in exam. For me specially, happiness is when I go out on a picnic and spend some lovely time with my family. It is also when I get to play cricket with my friends or Mom allows me a whole day of television. So finally I can say mumma was right that happiness is a choice that we do, in finding satisfaction in the tiniest of actions.

## THE HAPPIEST DAY OF MY LIFE

One day I saw a dream that I became the Prime Minister of India. Everyone was very happy, even I was happy. That day I met all the Chief Ministers and discussed about the country's major problems. I took major decisions like planting trees, looking over problems of poor people and solving them. Honourable Prime Minister Narendra Modi, is my role model. I also dreamt that I succeeded India and thus woke up smiling. Oh! I realized it was just a dream. If it would be true it would be the happiest day of my life.

## BACK TO SCHOOL

Going to school was very exciting everyday. With a little bit of study I used to love meeting my friends and enjoying with them. After the lockdown when the school reopened I was extremely happy, meeting my friends and teachers. Also enjoying the hybrid mode of learning in classes. I am blessed to have such wonderful teachers who have made learning fun again.

## MY FAVORITE TEACHER

There are many great teachers in my school but everyone has that one teacher to whom they are especially grateful to. Likewise, my favorite teacher is Jyotsna Thube Ma'am. She is also my class teacher teaches us Hindi. She has a very attractive personality. She is also very polite and humble and all the students of our class love her a lot. She has an excellent way of teaching and all the students love her a lot. She makes teaching really fun for us and also teaches us a lot of moral values and etiquettes. She explains every question or doubt with so much patience and clarity and makes sure that we understand it thoroughly.

## IF I GOT SUPERPOWERS ONE DAY

If I had superpowers for one day, I would be very happy and dance freely with joy because with this power I can help many people and my family.

I will use it at home in the following ways:

- With a finger click I will help my mom to prepare food.
- When my mom will not allow me to play I will become invisible and go to the park to play.
- When I remember my father I will fly and reach at border to meet my papa.

If I got superpowers for one day I will use it in my school in the following ways:

- When teacher gets tired I will replace her and teach the class and have fun with them.
- The day my mom will be late to pick me up so, I will fly home.

If I got superpower for one day, I will also use them to help people in following ways:

- I will make an anti-dose of COVID for better results.
- I will make India pollution free.
- With a finger's single click I will make the whole world clean and green.
- I will make everyone stress free.

## BACK TO SCHOOL

Every child has to go to school in their childhood and this rule applied to me also. I used to always go to school. But due to Coronavirus there was a lockdown in the whole world. Our classes were also online but now there are very few cases of Coronavirus and schools have reopened again. So, now when it is offline the classes have become very interactive and there is a good conversation between the teacher and the students. Also I am happy because I like games period and virtually I could not be on the ground.

Yay!!!! now I can play every sport I like and learn new techniques.

## **A TRIP TO BANDHAVGARH NATIONAL TIGER RESERVE**

I went to Bandhavgarh Tiger Reserve in the state famous for tigers, Madhya Pradesh, India. Bandhavgarh Tiger reserve is one of the oldest tiger national parks spread over 1400 acres of land comprising three forests: Khatouli, Tala, and Magadhi. It is known for the Tigers, having a population of 124.

My recent visit to Bandhavgarh with my family has been an exciting experience. We booked multiple jungle safaris for ourselves to see the wildlife. I saw many animals and observed the activity and behavior of these tigers and other animals. Some interesting facts that I would like to share are as follows:

**Symbol of 'Unity in Diveristy'**

I found langurs and deer always sitting together. On inquiring with the forest guide, he told me that they both are best friends as they have the same enemy like tiger, cheetah, bear, etc. The langurs usually sit high on trees, have perfect eyesight, and can spot the predator from a far distance; he then warns the deer around him with an alarm call. Langurs also drop fruits and leaves from the trees, which the deer eats. Similarly, deer have a good sense of smell and can smell the danger approaching them and warn the langurs with a warning call. In this way, both of them save each other's lives by not becoming prey to their enemies.

- **The National Animal, Tiger**

Tigers are mighty, and all the animals are afraid of them. Their life span is 15 years. They have a strong sense of smell and sight. Their eyesight is six times better at night than day. Tigers hunt alone with an ambush on their prey. They have potent paws and jaws. They are great hunters and get camouflaged in the jungle with their coats. During winters, they get a double coat and look more majestic. Male tiger moves alone in their territory. The male tigers mark the 35 – 40 km territory in a jungle by spraying and scratching the trees. The male tigers fight among themselves for the domain and even kill each other. Female tiger gives birth to 3 – 4 cubs at a time. She protects them from cheetah, bears, and other tigers by changing caves 10 – 12 times. She feeds her cubs by hunting, and also teach them to hunt and save themselves till the cubs are strong enough to survive alone.

## CLEAN INDIA GREEN INDIA

Our nation, India is a very big country. It enjoys a special place in the world for its varied cultural and ethical backgrounds. The beauty of the nation lies in the fact that we all live by the rule of unity in diversity. These traditions were further enhanced when Shri Narendra Modi became the Prime Minister of India, he felt that the people of this country must be inspired for cleanliness along with health and hygiene. This thought gave birth to, "Clean India and Green India" movement. Clean India or Swachh Bharat Abhiyan was also the dream of our father of the nation, Shri Mahatma Gandhiji whose vision is brought to life by our respected Prime Minister. It develops the feeling of keeping our community area and our home spaces clean and hygienic. The conclusion from the goals and objective we have seen above is that actually India has become much cleaner and greener. It is the duty and strong sense of responsibility of the citizens that has made India clean like a mirror. It has also encouraged us to live in a toxic free environment which will benefit all of us and the future generations to come.

## MY NATION MY PRIDE

No matter how far you are from India, one can still feel the, "Mitti Ki Khushbu!" Our motherland remains our first love forever no matter where we go and what we do. I am privileged to be born and raised in a country like India which is culturally rich and is so beautiful. I always proudly introduce myself as an Indian where ever I go. My nation, has a very rich history, its unity, diversity and all the nice things makes me so glad to be a part of it. I love my country and I love it to bits and that is the exact reason why I choose this topic to write about. I am lucky to be born in a country which gives us the freedom of choice and expression. I can choose my friends, my profession, my education and become what I desire to. I have accepted and I love my country with all its flaws and beauty. I am truly proud to be an Indian as there is a great deal of positives that one can look forward to!

## My Favourite Destination

We all love to take a break and spend some wonderful time with friends and family. The best way to do is to go out on holidays. I have been to many such holidays and enjoyed some great holiday destinations, but my favorite holiday destination is Malaysia. It is a such a nice place. The food there is so delicious. The icing on the cake is the local people, who are extremely friendly and helpful. Malaysia is famous for the KLCC high building, it is very high and awesome. My hobby is photography and Malaysia was the perfect place to boost and enhance my photography skills. Malaysia has some awesome places to visit. The KLCC building is also famous for its delicious food served like "Kacang Satay". It is a small dish and common household food for the Malaysians. People in Malaysia are very friendly, each time I visited some place I was greeted extremely well. I enjoyed visiting Genting Highland to enjoy the view and relax. All the places I visited in Malaysia have mesmerized me. Hoping to visit there soon!!!!!!

## Technology.... Curse or Boon

**"Technology is best when it brings people together."**

In the hours of the current pandemic, technology has been both a blessing and a punishment. As children we have seen both sides of the coin closely. We use mobiles and various devices more often. The use of various 'Apps' have made learning fun and easy. On click of a button we can see our teachers and learn from them. We are virtually meeting our friends and sharing our thoughts and ideas with one another. It truly makes us feel connected. The biggest drawback is that we are more virtually connected with our family and friends rather than spending time together physically. We are more likely to text, chat on social media or to connect for the online gaming than actually meeting them in person. While the world is on our fingertips personal spaces are getting smaller and smaller. Though we welcome the new change and want to enjoy every aspect of the virtual world but I feel I would still want to sit and chat with friends. Go for a walk, play in parks, run around and be naughty. All I can say is that the wise use of technology lies solely in our hands. We should make the most of it and also be wise to keep it aside and enjoy a hearty family time.

## HAPPINESS

The key to happiness lies in doing what one loves. A lot of people end up having a remorseful life, filled with regrets; this happens because they settle for something that they do not genuinely like. Irrespective of what the society imposes on us, we must indulge in only those activities that make us happy.

## MY FAVOURITE TEACHER

We all love and respect our teachers. They are like parents away from home. I am fond of all my teachers and they all inspire me in various ways.

There is one teacher who stands out and has always made learning fun, Mrs Rozina Shaikh. She cares a lot for all of us. She listens to our queries and never gets angry. She is my English teacher. She comes up with fun and entertaining ways of learning, that makes her classes interesting and innovative. She is very punctual and always joins her classes on time. I follow all her instructions and try and finish my homework on time. She motivates us all a lot. I always try and do my homework in a neat way. She never scolds us and guides us on the right path. I like her also because after the pandemic she welcomed us in a very special way and celebrated many fun bagless days with us.

I love my teacher a lot!

## My Nation My Pride : India

**Nation to me is  
My Pride, My happiness,  
My culture, My India...**

India is a unique country in the world. India's outstanding diversity of religions, languages, and culture is unmatched. Its beauty is mesmerizing like its own dream world. India's culture is the oldest and a blend of colours 'Aditi Deo Bhav' is the culture that we can feel only in India. In India, there are so many people of different religions, they live in unity and say "Hum Sab Ek Hai"

In this exotic country, we have the beauty of TAJ MAHAL, purity of GANGA, the coolness of HIMALAYA, and endless cultural opportunities to explore.

We are from the land which gave the world Aryabhata, CV Raman, Mahatma Gandhi, Bhagat Singh, Rabindranath Tagore, and many more. These are the people who changed the world around them, now it's time for "Youth of India" to show their true potential to the world. The change begins at home and we will bring the change.

हिंदी है गंगा जैसी ,

हिंदी अमृतधारा है

हिंदी मन का है दर्पण,

हिंदी मन का उजियारा ।

और कहे क्या इसकी गाथा भारत की यह आन है,

हर भारतवासी है इसका ही, यह हर हिंदवासी की जान है ।

कहते हैं काम करने वाले व्यक्ति को कसी अवसर की तलाश नहीं करनी पड़ती है । वह हर पल को ही एक सुनहरा अवसर मान लेता है और आगे बिना कसी व्यवधान के आगे ही बढ़ता जाता है ।

कोरोना आने के बाद हमारे पास बहानों की कमी नहीं थी लेकिन इसको भी कुछ लोगों ने बड़े रोचक ढंग से प्रस्तुत किया और अपनी अद्भुत प्रतिभा से साबित कर दिया कि उनको कोई बहाना रोक नहीं सकता।

अब बात हमारे विद्यालय के बच्चों की ही ले लीजिए, जिन्होंने अद्भुत प्रतिभा का परिचय दिया है और यह साबित कर दिया है कि सीखने के रास्ते में असुवधाएँ बाधा नहीं बन सकती.... । वर्ष भर छात्रों ने बहुत सारी गतिवधियों में भाग लिया और अपनी प्रतिभा का परिचय लहरा दिया ।

साल के शुरुआत में ही विद्यालय में इंटर स्कूल प्रतियोगिताओं का समावेश हुआ और एक नया अनुभव प्राप्त करने का अवसर प्राप्त हुआ।

यहाँ हमने सीखा कि किस प्रकार हम ऑनलाइन होते हुए भी देश के अन्य विद्यालयों के साथ भी प्रतियोगिता कर सकते हैं और बहुत ही रुचकर ढंग से अपने विषय एवं अपने विद्यालय को सबके सामने प्रस्तुत कर सकते हैं । जहाँ 'कहानी कठपुतली की जुबानी' प्रतियोगिता हमें बहुत कुछ सीखा गई तो वहीं 'हिरीशा हिंदी का चमकता सूरज' प्रतियोगिता की जीत ने हमारे छात्रों की प्रतिभा को एक नया प्रकाश दे दिया। कक्षा पहली, दूसरी के नन्हे छात्रों ने अलग-अलग कीर्दारों के माध्यम से अपनी अद्भुत प्रतिभा का परिचय देते हुए सभी के दिलों में एक खास जगह बना दिया, जिसने और ज्यादा आत्मविश्वास एवं उत्साह के साथ काम करने के लिए प्रेरित किया । नई शिक्षा प्रणाली के साथ आधुनिक तंत्रज्ञान और विज्ञान के सहारे छात्रों ने इस वर्ष में अपने संपूर्ण प्रतिभा का प्रदर्शन करते हुए हर सुंदर पल को सुनहरा अवसर बनाया।

शिक्षा ने गुरु और ईश दिए,  
जीवन में हर आशुष दिए,  
आभारी हूँ इस ज्ञान की मैं,  
संकल्पित हूँ इसके सम्मान की मैं ।

## रक्षाबंधन

रक्षाबंधन का अर्थ है रक्षा करने वाला बंधन। बहन अपने भाई के कलाई पर रक्षा सूत्र बाँधती है। रक्षाबंधन के दिन सुबह भाई-बहन स्नान करके भगवान की पूजा करते हैं। इसके बाद रोली, अक्षत, कुमकुम एवं दीप जलाकर थाल सजाते हैं। इस थाल में रंग-बिरंगी राखियों को रखकर उसकी पूजा करते हैं। फिर बहनें भाईयों के माथे पर कुमकुम, रोली एवं अक्षत से तिलक लगाती हैं। यह पर्व श्रावण माह के पूर्णमा को आता है। यह हिंदू तथा जैन धर्म का प्रमुख त्योहार है। रक्षाबंधन त्योहार को राखी भी कहा जाता है।

यदि मैं पक्षी होता तो मैं खुले आसमान में उड़ता। जब चाहे तब मैं घोंसले से बाहर उड़ जाता। मैं कहीं पर भी घूम सकता और मुझे टिकट भी नहीं खरीदना पड़ता। मैं खुद ही अपना भोजन खोजता और फर थककर अपने घोंसले में जाकर सो जाता। मेरे बहुत सुंदर पंख होते और मैं खूब चहचहाता। मैं कभी बादलों, कभी पहाड़ों को छूता तो कभी समुद्र की सैर करता और मैं इन्द्रधनुष के रंगों को भी पास से देखता। मैं अपने स्कूल को ऊँचाई से देखता और हवाई-जहाज भी मेरे बगल से गुजरते। मैं ढेरों चीज़े इकट्ठा करके अपना घोंसला खुद बनाता और वो भी सबसे ऊँचे पेड़ पर। मैं अपना सबसे पसंदीदा फल आम तोड़कर खा सकता। आस-पास के नदी, झरनों के ठंडे पानी से नहाता। मैं सारे पक्षी और जानवरों के साथ खेलता। मैं भगवान से यहीं प्रार्थना करूँगा कि मुझे भी पंख मले ताकि मैं जब चाहूँ तब उड़ सकूँ।

मेरी प्यारी अच्छी माँ ।  
सबसे पहले उठकर करती घर का काम,  
खाना बनाती, मुझे उठाती,  
मुझे नहलाती, कपड़े पहनाती,  
खाना खलाती, बस पर चढ़ाती,  
मेरी प्यारी अच्छी माँ ।  
जब मैं करती हूँ शैतानी,  
माँ मुझको गुस्से से डाँटती,  
मैं उनसे रूठ जाती ,  
फर माँ अपनी प्यारी बातों से बहलाती,  
और फर सुलाती,  
मेरी प्यारी अच्छी माँ ।  
जब मैं होती हूँ बीमार,  
रात भर जाग के माँ करती मेरी देखभाल,  
फर भी न थकती न करती आराम,  
घर का करती सारा काम  
मेरी प्यारी अच्छी माँ ।

## देखो हँस न देना

1. घबराओ मत,  
कोरोना वायरस ज़्यादा दिन तक टिक न सकेगा ,  
क्यों क वह तो मेड इन चाइना है ।

2. इस बार गर्मी की छुट्टियों में,  
बच्चे नानी के घर नहीं गए,  
पर घर ही माँ -बाप को नानी याद दिला दी ।

## चुटकुले

1. आदमी मच्छर से - दिन में क्यों काट रहे हो ?

मच्छर - ओवर टाइम कर रहा हूँ साहब । “माँ बाप बीमार है घर में जवान बहन है और लड़के वालों ने दहेज में 1 लीटर खून माँगा है।”

2. एक मच्छर उदास बैठा था।

तभी दूसरे मच्छर ने उसकी उदासी का कारण पूछा,

पहला मच्छर- “कोरोना वायरस की वजह से कसी इंसान को काट भी नहीं सकते भूखमरी के दिन आ गए हैं।”

## जल

हर प्राणी की प्यास है जल,  
जीवन की आस है जल,  
सबको निर्मल स्वच्छ बनाता जल,  
हर प्राणी की सांस है जल ।

पेड़ों को हरियाली देता,  
जीवों को खुशहाली देता,  
झरने नदियाँ बनकर बहता ,  
हर प्राणी की सांस है जल ।

सुखी जीवन में अमृत की रसधार है जल,  
इसे बचाओ जग-जीवन में,  
अनमोल उपहार है जन,  
हर प्राणी की सांस है जल ।

## पेड़ की आत्मकथा

नमस्ते, अरे मैं, बात कर रहा हूँ, मेरी तरफ देखो मैं हूँ .. मुझसे कोई बात क्यों नहीं करता? जरूरत होती है तब, मेरी तरफ देखते हैं। नहीं पहचाना मैं हूँ पेड़। मैं आपकी पाठशाला में रहता हूँ। मेरा जन्म इस मी में हुआ। जब आपके पाठशाला में 'वृक्षारोपण समारोह' था, तो मुझे एक छोटे पौधे के रूप में लगाया गया था, मैं बहुत नाज़ुक और कोमल था। मुझे रोज़ सभी पानी डालते थे। लेकिन जब-जब बारिश हुई तब-तब मैं तेज़ी से बढ़ने लगा। मुझे बारिश और सूरज की करणें बहुत पसंद हैं। मेरे लिए एक सुकून की बात थी कि मैं आपके पाठशाला के अंदर था, इस लिए मुझे कोई भी जानवर नहीं खाता था। मैं बच्चे, शिक्षक सभी को देख कर बहुत खुश होता था। आपको देख-देख कर मैं धीरे-धीरे बड़ा हो गया। सभी बच्चे मेरे छाया में बैठकर खेलते, कूदते और खाना खाते थे। कड़ी धूप हो या आँधी-तूफ़ान आ जाए मैं बिल्कुल भी नहीं डगमगाया। लेकिन 2 साल हो गए यह कोरोना महामारी आयी, और तुम्हारी पाठशाला बंद हो गई।

2 साल से तुम्हारी और मेरी मुलाकात नहीं हुई, मैं अकेला तुम्हारी पाठशाला के अंदर खड़ा हूँ। रोज़ आपका इंतजार करता हूँ कि पाठशाला कब आओगे। अभी मेरे नए दोस्त बन गए हैं। अन्य पशु-पक्षी भी मेरा लाभ लेते हैं। जब वे उनकी उड़ान भर कर थक जाते हैं, तो मेरे ही डालियों पर वश्राम करते हैं और मेरे डालियों में उन्होंने अपने घोंसले भी बनाए हैं। मैं उनके साथ-साथ आप सब को प्राणवायु देता हूँ। बच्चों आप सबको मेरा महत्त्व समझना होगा। "वृक्ष लगाओ, देश बचाओ"।

धन्यवाद।

## जब वद्यालय खुलेगा तब मैं क्या करूँगी .....

को वड 19 की वजह से दो साल से स्कूल बंद हो गए हैं । जब वद्यालय खुलेगा तब आर्मी पब्लिक स्कूल अहमदनगर देखना मेरे लए एक बहुत बड़े उत्सव के जैसे होगा, क्यों क जब से मेरा एड मशन हुआ है तब से वद्यालय बंद ही है । जैसे चातक पंछी बारिश का इंतजार करता है वैसे ही मैं वद्यालय खुलने का इंतजार कर रही हूँ।

जब वद्यालय खुलेगा तब मैं सबसे पहले मेरे वद्यालय के आदरणीय गुरुजनों से मलूँगी और सबको प्रणाम करूँगी । जो दोस्त मुझे ऑनलाइन कक्षा में मलें उनसे मलना चाहूँगी और ढेर सारी बातें और मौज मस्ती करूँगी । मैं मेरा पूरा वद्यालय एक सैर के जैसे देखूँगी । वद्यालय के दीवार के ऊपर जो मेरी फोटो लगी है उसको अवश्य देखूँगी । भगवान से मैं यही प्रार्थना करूँगी क जल्दी से हमारे स्कूल खूल जाएँ और हम इस ज्ञान रूपी मंदिर में फूल बनकर खलें ।

“ वद्यालय तो अब पक्का खुलेगा,

हम सब मलेंगे,

स्कूल के मैदान में खेलेंगे,

वद्यालय गुरुओं से ज्ञान को ले लेंगे ।”

## बैगलेस डे का अनुभव

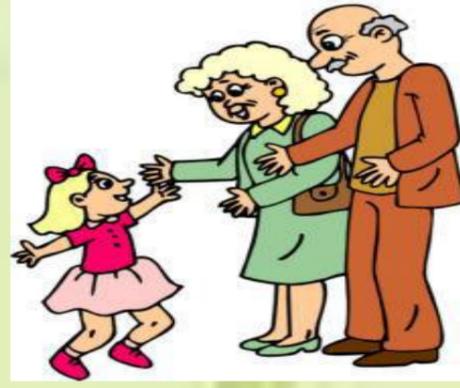

हफ्ता भर स्कूल होता है, 1 दिन छुी पर एक ऐसा दिन होता है जिसके लए सारे शब्द कम है। 'बैगलेस डे' शनिवार को आता है, सारे अध्यापक और अध्या पका बहुत मेहनत से वर्चुअल टूर, असेंबली बनाते हैं। अलग-अलग प्रतियो गताएँ रखी जाती हैं, जिससे बच्चों का मनोरंजन हो जाता है । इन्हीं प्रतियो गताओं के कारण बच्चों का ज्ञान बढ़ता है । यह दिन एक लंबी वेकेशन जैसा लगता है। डज्नीलैंड, ताजमहल और जहाँ चाहिए वहाँ जा सकते हैं। मकी माउस स्वागत करें और मनी माउस हमें 'हाय'बोले।दोस्तों के साथ खाना खाना, एक दूसरे से बातें करना, अध्या पका की वह बड़ी स्माइल, सब कुछ असली लगता है, जैसे स्कूल में ही हो। ऐसा अनोखा दिन तो शायद ही आया हो ,पर हमारे स्कूल में महीने के हर चौथे शनिवार को आता है।वास्तव में हर स्कूल को 'बैगलेस डे' मनाना चाहिए ।

## प्यारे दादा-दादी

हम सबके प्यारे दादा-दादी  
प्यार बहुत बरसाते हैं,  
मम्मी पापा से भी ज़्यादा वो,  
हम पर लाड लडाते हैं।  
हम सबके प्यारे दादा-दादी  
प्यार बहुत बरसाते हैं,

बूढ़े कंधे जिनके थकते,  
पर मन को नहीं थकाते हैं,  
हम सब इसी खुशी में खुश हो कर,  
वो बच्चों से बन जाते हैं।  
हम सबके प्यारे दादा-दादी  
प्यार बहुत बरसाते हैं।

बीमार अगर हम हो जाए तो,  
घर सर पर उठा जाते हैं,  
गोदी में हमें रखकर दिन रात,  
वह सर पर हाथ फर आते हैं।  
अगर आराम ना हो तो तुरंत तो,  
डॉक्टर से भड़ जाते हैं।  
हम सबके प्यारे दादा-दादी  
प्यार बहुत बरसाते हैं।

जो कष्ट उन्होंने झेले थे।  
हम तक ना आने देते हैं।  
बचपन को कैसे जीना है,  
जीने की कला सखाते हैं।  
हम कतने भी हो छोटे,  
वह हमसे छोटे बन जाते हैं।  
हम सबके प्यारे दादा -दादी  
प्यार बहुत बरसाते हैं,

हमारी शरारत के ऊपर जब  
मम्मी पापा डॉट लगाते हैं,  
तो दादा- दादी वहाँ आकर,  
उलटा उनको धमकाते हैं।  
पापा के शरारती कस्से सुना कर,  
उनको चुप कराते हैं।  
हम सबके प्यारे दादा- दादी  
प्यार बहुत बरसाते हैं,

मम्मी-पापा से भी ज़्यादा वो,  
हम पर लाड लडाते हैं।  
हम सबके प्यारे दादा-दादी

## मेरी जीत का अनुभव .....

मैं सोनाक्षी संह आपके साथ आर्मी पब्लिक स्कूल गोलकोंडा में हुए हास्य कव सम्मेलन के बारे में अपने कुछ अनुभव बताना चाहती हूँ। अगस्त महीने में हमारे स्कूल 'आर्मी पब्लिक स्कूल अहमदनगर' की ओर से हमने गोलकोंडा स्कूल के हास्य कव सम्मेलन में भाग लिया था। शिक्षकों के सहयोग से मैंने 'भारतीय रेल' चुना। यह वषय बहुत ही मनोरंजक था। हास्य कवता होने के कारण इसमें मुझे प्रस्तुतीकरण करने में बहुत ही आनंद आ रहा था। दिन-रात मेहनत करके, बार-बार उसका अभ्यास करके, मेरे शिक्षकों के सहयोग से मैंने यह कवता संपूर्ण हावभाव के साथ सीख ली। लेकिन अब परीक्षा का समय था। मैंने जब देखा कि कुल मिलाकर 52 स्कूल के प्रतिभागी मेरे साथ इस स्पर्धा में हैं तो मेरा मन थोड़ा सा डरने लगा। क्या इसमें मैं कर पाऊँगी? इस तरह के प्रश्न मेरे मन में आ रहे थे। लेकिन मेरे माता-पता एवं मेरे शिक्षकों के हिम्मत से प्रस्तुतीकरण के लिए स्वयं को तैयार किया।

प्रतियोगिता में मेरा क्रमांक 32 था। मेरे पहले और जो छात्र थे, उनकी कवता सुनने का और प्रस्तुतीकरण देखने का मुझे अवसर प्राप्त हुआ। जब मैं उन छात्रों का प्रस्तुतीकरण देख रही थी, तो मेरे दिल की धड़कन और तेज हो रही थी। बहुत ही सुंदर तरीके से मनोरंजक ढंग से सभी बच्चे यह प्रस्तुतीकरण कर रहे थे। जब मेरा समय आया तो पूर्ण हिम्मत के साथ मैंने अपना प्रस्तुतीकरण शुरू किया। इतने अच्छे तरीके से मेरा प्रस्तुतीकरण शुरू हुआ था कि जब यह खत्म हुआ तो सबकी तालियों की आवाज और प्रशंसा के शब्दों से ही अत्यंत आनंदित हो गई। अब सबसे मुश्किल घड़ी थी। जब एक-एक करके प्रतियोगिता के वजेताओं का नाम घोषित हो रहा था, तब मेरे दिल की धड़कन और तेजी से बढ़ रही थी और जैसे ही घोषित हुआ कि मैं यानि सोनाक्षी हास्य कव सम्मेलन में प्रथम क्रमांक से वजेता बनी हूँ; तो मेरे खुशी का कोई ठिकाना नहीं रहा। इस प्रतियोगिता में वजेता होने के पीछे मेरे शिक्षक शश ठाकुर मैम, अंजु मैम, अपर्णा मैम और ज्योति मैम इनका बहुत-बहुत योगदान रहा। अंत में मैं मेरे माता-पता को कैसे भूल सकती हूँ; उन्होंने भी मुझे बहुत प्रोत्साहन दिया इसलिए मैं सबकी आभारी हूँ।

धन्यवाद।

## यदि मैं स्कूल का प्रधानाचार्य होता .....

प्रधानाध्यापक स्कूल का जिम्मेदार और प्रमुख व्यक्ति होता है। वह स्कूल को सफलता की ऊँचाईयों पर ले जा सकता है। अगर मुझे स्कूल का प्रधानाचार्य बनाया जाता तो मैं बहुत कुछ करता ..

मैं अनुशासन पर जोर दूँगा ताक शिक्षक और वद्यार्थी समय का नियमन रूप से पालन करें। बच्चों का स्कूल में मन लगाने के लिए पढ़ाई के साथ-साथ संगीत, खेल, गायन, नृत्य आदि प्रतियोगिताएँ रखूँगा और उनको इनाम भी दूँगा, ताक वे प्रोत्साहित हो सकें।

बच्चों को मंत्र बनाकर उनका हौंसला बढ़ाऊँगा। शिक्षकों को भी उनकी जिम्मेदारी समझाने के लिए हर रोज एक शिक्षक को पूरे स्कूल की जिम्मेदारी सौंप दूँगा।

कभी-कभी बच्चों के साथ खाना खाने के लिए उनकी कक्षा में जाऊँगा। ताक बच्चों के मन की बात समझ सकूँ। किसी के भी मन में मेरे प्रति डर की भावना नहीं आनी चाहिए चाहे ..वे शिक्षक हों या बच्चे। सब मुझे मंत्र के भाव से देखें। स्कूल ज्ञान का मंदिर है मैं ऐसा आदर्श स्कूल बनाऊँगा जिसका नाम पूरे देश में पता हो।

## ART INTEGRATED LEARNING

**"Art is a place for children to learn to trust their ideas, themselves and to explore what is possible." -Maryann F. Kohl**

Art integration is an approach to teaching in which student construct and demonstrate understanding through an art form Art experience, both in visual and performing art lead to a better understanding and construction of knowledge about different concepts. Art integrated with art learners explore creativity while building connections between different concepts through various art forms.

Art education primary stage needs to link with all subjects such that it becomes a tool of teaching learning concepts.

**"Creativity is now important in education as literacy."**

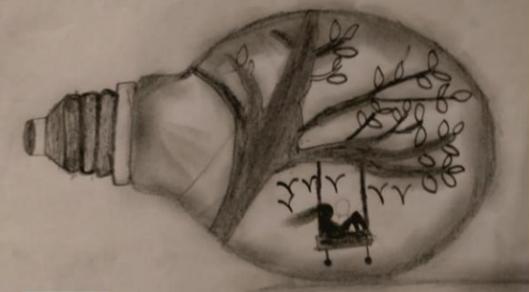

Art can play an effective role in strengthening the child's curiosity, imagination and sense of wonder. There is no doubt that art is fun for children. Dabbling with colours, diving their little fingers in the palette of paints or creating varied hues from their brushes, it surely gives them the purest joy.

The school, organized many Inter and Intra class competitions and activities viz. Drawing Competition, Rangoli Making Competition, Origami Competition, Bird House Making Competition, Rakhi Making with Thali Decoration, Best Out of Waste Competition etc. We also integrated art with computers by creating E-Certificates on special days like Teachers Day and Mother's Day. All these have enhanced the skills in arts and gave an overall development to the child.

# EMPOWERING THE GEN Z...

*“Online education is not replacement of great teachers but technology in the hands of great teachers can be transformational”*

Modern education technology has allowed for the creation of 'Hybrid Learning' environments, where educators are able to teach in-person and remote learners simultaneously. Hybrid learning is serving to change the way we think of education. Meanwhile, it has the ability to reduce absenteeism and limit the negative impact of any absences that do occur. It can help to make sure that more students get the absolute most out of their studies. Thus we at APS, Ahmednagar have very well planned our classes in the hybrid manner.

Online education has improved the creativity of students. The students have learnt to design amazing E-Certificates, E-Posters and create small videos & PPTs effectively. Computer education breeds creativity more effectively. The online education has given students a keen eye in technology and thus enhanced their creative skills.

As the world has moved online it is necessary to educate the students as well as parents about the cyber world and its growing threats also. Through education and awareness, society will be in a position to combat cyber threats. Thus our school always guides and teach children the essential 'Do's & Don'ts' while surfing the internet. Parents should also educate themselves with accurate knowledge of the cyber world so that they can protect themselves and their children against cyber threats.
