## WHAT'S HAPPENING?

28 MARCH 2025

We have had another brilliant week here, with so many reasons to feel proud of our students!

Last Saturday, we hosted our first offer holders event for next year's cohort and our Year 12 ambassadors represented the SuMS community extremely well! They really demonstrated our values and made every offer holder feel welcome - and excited to join us in September. THANK YOU!

On Sunday, Archie, Muhammed, Noah and Oscar joined Ms Kettleborough to tackle the Hampton Court Half Marathon. They all completed the course with commendable times and we are all very impressed (and slightly in awe).

On Tuesday, Ms Cameron and Dr Brierley ran a Royal Institute Junior Masterclass with local Year 5 and 6s, titled 'Where is the moon?' The session used ratios to model the Earth-Moon distance, then got the pupils thinking about humans in space, the atmosphere and missions to the Moon! We will be looking out for these fantastic pupils at SuMS in a few years' time!

Yesterday Murphy house took our whole school assembly and did a fantastic presentation on Health & Fitness. Their slides were well-researched and interesting, and they all did a great job of presenting to their peers - no easy task!

## LAST WEEK OF TERM

We are nearly at the end of the Spring term! We have some special events happening to mark this:

- Tuesday will see the Student Council egg competition
- On Thursday we will hold our End of Term Assembly
- On Friday your young person will be involved in our House Orienteering Competition - details to follow! **Please expect your child to be dismissed for the end of term from central Guildford between 12.15 and 12.45**

## THANK YOU FOR BUILDING SUPPORT!

We'd like to thank those parents and carers who have reached out to offer support in relation to our permanent building. We are grateful that you are so keen to try to move the Department for Education and our project forwards as quickly as possible. At the moment, things are progressing and building work continues. If we do need to mobilise your support over the coming months we know that we can depend on your support, and we will let you know the best way to co-ordinate this.

Our plans for September continue to build - we have made some exciting staff appointments (to be announced soon) and have arranged with Kings College Guildford which other spaces on this site will be ours as we expand to welcome our second cohort of students. We are looking forward to refurbishing these spaces in the Summer Term to make them fully SuMS-ready!

## IMPORTANT REMINDERS

- Gold DofE Practical training - Sun 30 Mar
- End of term - Fri 3 Apr (12.45)
- Summer term starts - Tues 22 Apr
- Bank Holiday - Mon 5 May
- Progress Check 3 - w/c Mon 19 May
