HYOSUNG

The Speed Of Retail

Innovation, creativity, and technology allows Hyosung to provide our customers with next-generation ATMs that are incomparable. From DCC and gift cards to cryptocurrency and cardless, the capabilities of our machines will exceed all expectations and ensure that Hyosung is your first choice in ATM manufacturing and technology.

HALO II
YOUR SECURE AND SAFE CHOICE

- Offers a unique, sleek design perfect for locations ranging from small convenience stores to high-end retail ATM locations
- Provides an intuitive applications interface on a vivid 10.1" color LCD screen
- CDUs from NH1500 and later Hyosung retail ATMs can be installed in the versatile Halo II Shell.

2800T
A SLEEK WALK-UP WITH ROCK SOLID RELIABILITY

- Offers a user-friendly interface with a large 12.1" display screen
- Ease of maintenance and simplified service routines provide maximum availability
- Allows for high-capacity note storage by accommodating up to three removable cassettes

FORCE
DESIGNED BY RETAIL, FOR RETAIL

- Offers a brilliant 12.1" color display with capacitive touch function keys
- Added light in the vault for easier cash load and service
- Wireless connectivity with mounting bracket & two outlets for convenience & protection

5200SE

THE MOST FLEXIBLE SOLUTION FOR HIGH-VOLUME, HIGH VALUE TRANSACTIONS

- Offers a brilliant 12.1" TFT LCD monitor with function keys
- Ranges from a single 2,000 note cassette to up to three 2,000 note cassettes.
- Provides a choice of either an affordable Windows® CE 6.0 processor running Hyosung's popular retail application software or for even greater flexibility, a Windows® PC platform
- Incorporates Hyosung's modular component architecture designed for high reliability, quick and easy service, and accessibility

5300SE

YOUR HIGH-CAPACITY, HIGH-VOLUME ATM SOLUTION WITH 24/7 ACCESS

- Features a user-friendly interface displayed on a vivid 15" screen
- Accommodates up to four 2,000-note cassettes for maximum storage of 8,000 notes
- Includes built-in TCP/IP with Secure Socket Layers (SSL) for enhanced security while connected to the internet

MX5300

HIGH CAPACITY CASH DISPENSING ATM

- Features a user-friendly interface displayed on a vivid 15" screen
- Accommodates up to four 2,000 note cassettes for maximum storage of 8,000 notes
- Integrates with any monitoring solution to provide seamless data transfer for effective management

4000W

PROOF POSITIVE THAT INNOVATION COMES IN SMALL PACKAGES

- Provides flexibility for installation and wall mounting in a compact package for small spaces
- Optimized cassette with 500 note capacity

VALUE-ADDED TRANSACTIONS

Hyosung machines are made to make the ATM possibilities endless. The value-added transactions offered will cater to the specific needs of the user, such as currency conversion, checking multiple account balances in a single transaction, bitcoin and card-free transactions, and more. Upgrading to any or all of these value-added services and maximizing functionality will improve the consumer experience, reduce cost, and increase revenue.

Dynamic Currency Conversion (DCC)

- Allow the cardholder to view their balance and withdrawal amount in their domestic currency for easy and transparent international transactions.

Dual Balance

- Customers get the convenience of one transaction to see both checking and savings balances and you earn extra interchange revenue with each multi-account inquiry.

Cryptocurrency

- Turn your retail ATM into a cryptocurrency compatible ATM by adding Bitcoin transaction support from B4U and LibertyX.
- Your customers can perform a variety of Bitcoin transactions, such as buying, selling, and even making cash withdrawals.

Cardless Cash

- Now your users can make surcharge free transactions with CardFree Cash, while you still make revenue on every transaction

Mastercard Cash Pick-Up

- Become a cash-out destination for ALL consumers, even without a card.
- Customers can use a mobile number, a transaction code, an access code, and the dollar amount to enter at the ATM.

Cash Denomination Selection Software

- The 2X1K CDU offers two 1,000-note cassettes that can be configured for any denomination, maximizing your deployment flexibility. This allows multi-denomination at a much lower cost.

ONE-STOP STAGING (OSS) TOTAL ATM IMPLEMENTATION SERVICES

- One-Stop Staging (OSS) services from Hyosung are total ATM implementation services that ensure your machines are ready to go, right out of the box.

NOW OFFERING AN INDUSTRY-FIRST: WARRANTY PART REPLACEMENT SERVICE

Starting on November 1st, all new ATMs are eligible for up to **2 FREE SERVICE CALLS** to replace warranty parts in the **first year*.** Hyosung is proud to have over 500 Hyosung-certified technicians covering 46 states who are ready to support their customers.
