There's a simulator for your space

Only with Full Swing do you get everything you need for a turnkey solution that includes hardware, technology, installation, training and support.

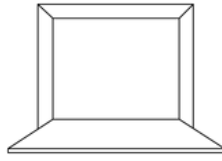

Pro 2.0 Simulator

Featuring Tri-Tracking technology ION3 + Hyperclear cameras

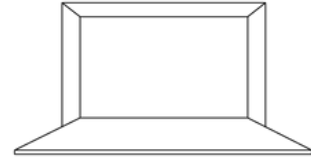

We have taken the accuracy & speed of our infrared tracking technology and combined it with blue light LEDs encased in a compact, durable housing to produce the fastest & most accurate indoor ball-tracking technology in sports.

Available in two sizes

STANDARD*

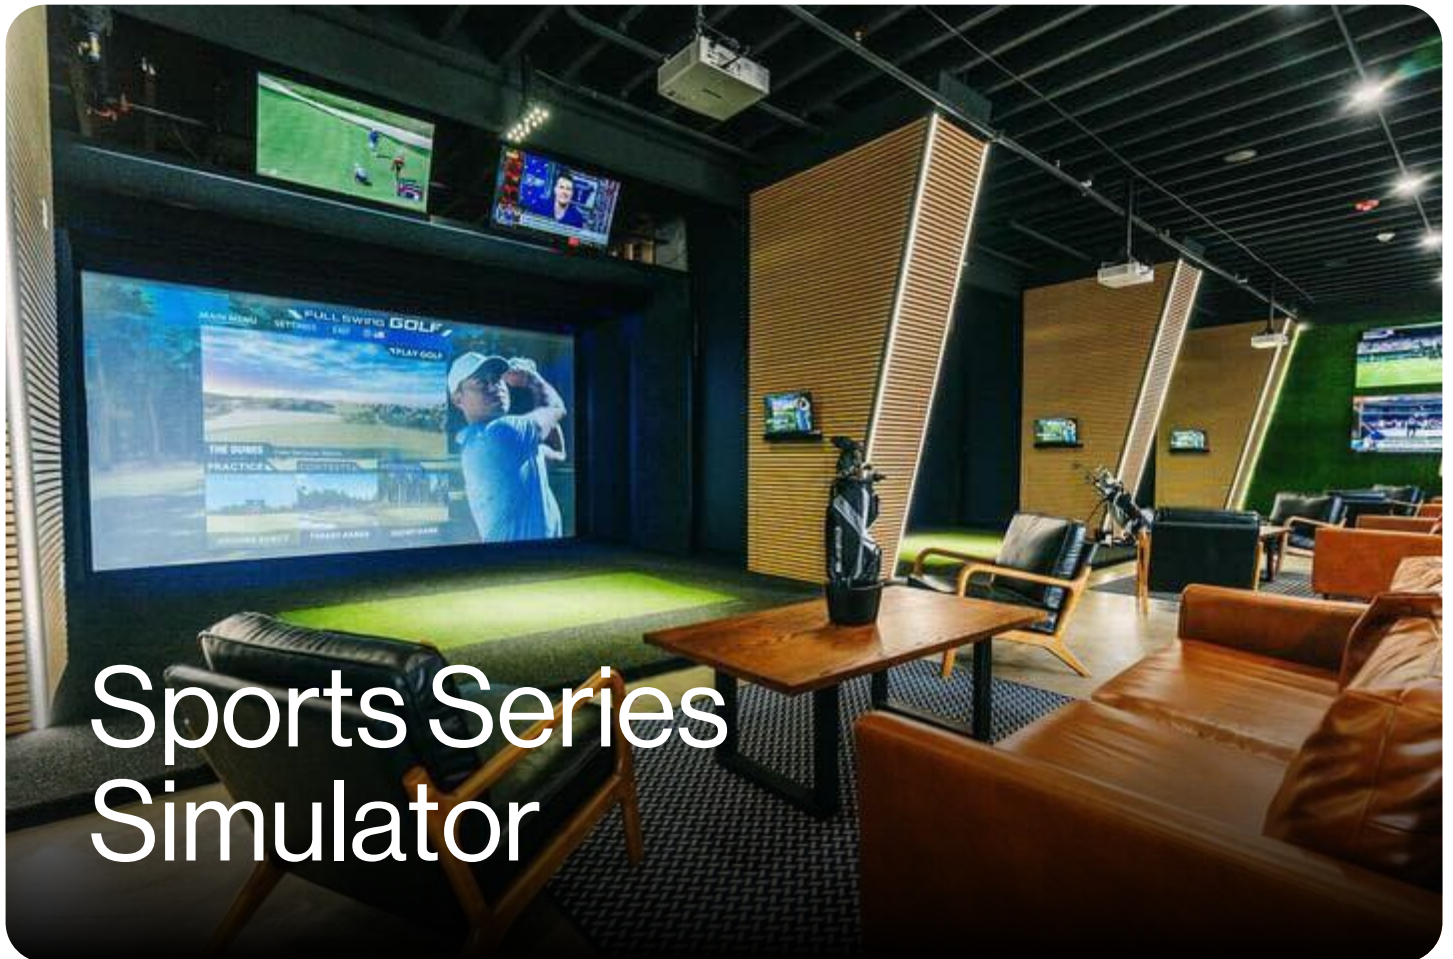

H = MIN 8'6", MAX 10'
W = MIN 11', MAX 12'6"
D = MIN 18'6", MAX 20'

WIDESCREEN*

H = MIN 14'9", MAX 16'6"
W = MIN 9', MAX 10'
D = MIN 20'6", MAX 22'

** Multiple size options available*

Sports Series Simulator

Featuring Dual-Tracking technology ION3 + Linscan cameras

The Full Swing Sport Simulator is the best camera-based simulator on the market, giving customers the patented technology and unbeatable Full Swing experience at a lower price offering for those who are looking for the perfect balance of performance and value.

HYPERCLEAR CAMERAS

HyperClear Cameras that combine BOTH infrared and blue light LEDs mounted in front of the screen to create the fastest & precise indoor ball tracking technology

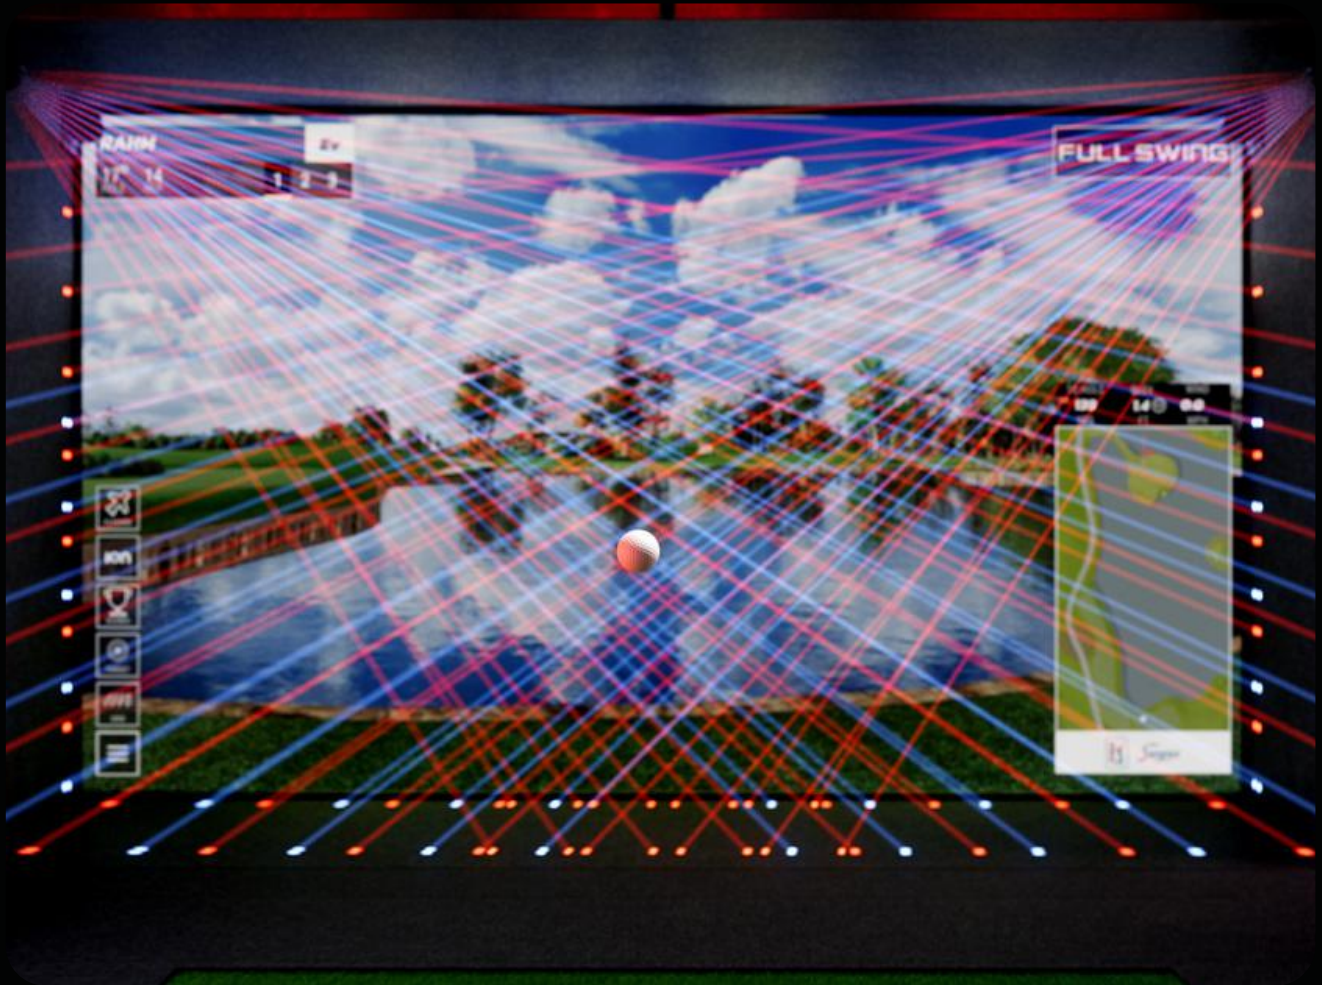

Pro 2.0 Simulator

The most advanced simulator ever.
Trusted by Tiger Woods and golf's best.

The most realistic ball flight on the market.
Real ball flight with no delay.

The only simulator that measures your ball at impact with an overhead ION3 Camera and in-flight with a combination of infrared technology & high-speed blue light LED cameras to show your real ball flight, with no delay, for the most realistic ball flight on the market.

TECHNOLOGY

- 4 HyperClear cameras
- ION3 overhead camera
- Custom built super computer
- Cinema Quality Projector

STRUCTURE & FINISHES

- Solid wood enclosure & platform
- Energy absorbing diffuser screen
- Cabinet for computer
