# STAYCOLD AND RHINO: PROVIDING THE BRAND SUPPORT SERVICES YOU NEED

## Reasons to choose Staycold and Rhino

**Company:** Proven track record of over 25 years. Solid financial base.

Rated "Strong" by Plimsoll Analysis corporate research.

Operational teams in UK, Netherlands, UAE, Türkiye, South Africa and China.

**ESG Credentials:** A pioneering innovator within the industry. Platinum rated by independent sustainability auditor, Eco Vadis.

**Guarantee:** Two year guarantee from a substantial company with 25 year record of service and reliability.

**Freezer Stock:** High stock levels across a comprehensive range of products.

**Spare Parts:** Extensive stock of spare parts, despatched using DHL.

**Branding Services:** Your brand applied with care and attention to detail.

**Refurbishment Services:** Our team can refresh your fleet ready for a second life in a new sales location.

**Recycling Services:** At end-of-life, we can arrange for the appliance to be recycled. Gas and oil are removed, the cabinet is shredded and waste streams separated for use in other applications.

**Fleet Management:** Staycold can assist with asset location reports, serial numbers, age profile of the fleet.

**Event Management:** Staycold has extensive experience in placement of appliances at major sporting events, concerts and conferences.

**Technical Development:** We excel in refrigeration design and development..

We can bring your ideas to life with a new product or customise an existing one.

**Customer Support:** An experienced and responsive team to deal with the day-to-day operational demands.

**Delivery Solutions:** We get your product to site and according to the request, it can be unpacked, positioned and the old appliance taken away.

SCOOP-7S AC

# STAYCOLD: TRUSTED BY MAJOR BRANDS FOR OVER 25 YEARS

## Modern Facilities

Staycold's modern business premises are equipped to serve the needs of the Ice cream and frozen food industry.

Established in 1998, our company has gained recognition as a market leader and innovator in commercial appliances.

With satellite storage locations in Amsterdam and UAE we serve the needs of brand owners in both the UK and International markets.

Product development is undertaken at our Technical Centre in Istanbul.

## Environmental, Social and Governance

We are proud to have been awarded the top Platinum rating for Sustainability for the third year in a row by global specialist auditors, Eco Vadis.

In 2024, we installed solar PV panels such that we are now a net exporter of energy to the grid.

Our Safe Contractor certification assures customers that we meet rigorous standards for health and safety, risk management, and regulatory compliance.

110 kVA solar array installed in 2024

# STAYCOLD: TRUSTED BY MAJOR BRANDS FOR OVER 25 YEARS

## Branding & Refurbishment Services

At Staycold, we believe that the final appearance of the merchandising freezer must reflect the same quality and attention to detail that our customers put into their own brand.

Artwork is printed in-house using state of the art machinery and applied by our branding experts using hard wearing, UV resistant vinyl.

Staycold also offers a full range of refurbishment services to extend the life of the customer's fleet. Old cabinets are returned for cleaning, replacement of damaged parts, rebranding and final safety testing before being repacked and made ready for delivery to a new site.

# COMPREHENSIVE CUSTOMER SERVICE

## Stock

We maintain high stock levels to ensure fast, reliable availability across our product range. With a central warehouse in the UK and strategically placed satellite warehouses in the Netherlands and UAE, we can respond quickly to customer demand across multiple regions.

This robust stockholding means shorter lead times, consistent supply, and greater confidence when placing orders.

## Deliveries

Working closely with trusted logistics partners, Staycold ensures a reliable and timely delivery service.

Every order is carefully checked and booked over the phone by our customer service team, confirming that all details are correct, site access is suitable, and the delivery window works for you. We're passionate about getting your delivery there on time - the first time.

## Collection & Recycling

Everything eventually reaches the end of its useful life - that's why we offer a collection service for end-of-life refrigeration units, in full compliance with the WEEE Directive. We work with a certified recycling partner to ensure responsible disposal.

All collected fridges are carefully dismantled, with components stripped for recycling and refrigerant gases recovered from both the cooling system and insulation. 100% is recycled or reused.

## Warranty

At Staycold, we understand that reliability is key when investing in capital equipment. That's why we stand confidently behind the quality of our entire range. Every unit is backed by a comprehensive 2 year parts and labour warranty, giving you peace of mind that your equipment will perform day in, day out.

## Spare Parts

We know that every moment of downtime can impact your business, which is why we offer outstanding spare parts support. We hold an extensive range of genuine components in stock, ready for prompt dispatch to ensure minimal disruption.

Our efficient supply chain and knowledgeable team help you get the right parts quickly, reducing delays and keeping your equipment performing at its best. It's all part of our commitment to maximising uptime and helping your operation run seamlessly.

## SCOOP-S RANGE

### Deluxe Scooping Freezers, With Understorage

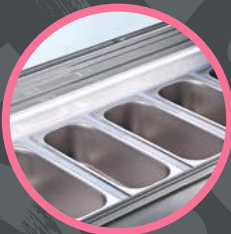

The Rhino premium range is perfect where excellent display of your ice cream is required at a price that doesn't cost the earth. Available in 4-12 flavours, not only is the interior well lit, but the entire front panel is back-lit as well. It's the ultimate in eye-catching retail display. A robust curved canopy protects the display and the curved, sliding glass lids ensure easy-access. A storage compartment, accessible through a separate rear door, provides access to the back-up ice cream tubs.

#### FEATURES

- Curved glass serve-over canopy
- Storage compartment accessible from rear on all models
- Accepts Rhino Stainless Steel Napoli Pans. (Not included)
- LED internal illumination
- Low-E Heat reflective glass
- Lockable castors

## SCOOP PRO RANGE

### Ventilated Ice Cream Scooping Freezer

The Rhino SCOOP PRO range puts your ice cream or gelato front and centre, combining a clean, professional display with the reliability needed in a busy service environment. Available in three sizes, 12, 16 and 22 Napoli pans, the flat glass display gives customers an unobstructed view across the full width of the cabinet. Ventilated cooling maintains a temperature stability across the whole display, while heated glass keeps the display clear and inviting by stopping potential condensation build-up. An interior LED light ensures every flavour is shown at its best, and auto-defrost with a digital controller and temperature display keep day-to-day operation straightforward. All three models run from a standard 13 amp supply.

#### FEATURES

- Ventilated cooling
- Auto-Defrost
- Rear sliding door to access display
- LED interior light with switch
- Digital controller and temperature display
- (No under-storage)
- Castors (2 with brake)
- Heated glass to help prevent condensation
- 13 amp supply

## FREEZE SS RANGE

### Chest Freezer With Stainless Steel Lid

The new Rhino solid lid chest freezer range delivers dependable frozen storage with smart reliable design. Built for the storage of ice cream tubs and Napoli pans, it's ideal for busy ice cream sellers that need more storage than their display freezers provide. The durable insulated stainless steel lid provides a practical work surface, helping you make better use of valuable prep space. A high-efficiency variable-speed compressor maintains consistent temperatures while reducing energy use, keeping running costs under control without compromising performance. The freezer is supplied on rollers for easy movement, with optional castors also available. The range is available in three sizes.

#### FEATURES

- Stainless steel lid
- Temperature display
- Lock
- Rollers for easy movement (Optional castors)
- Replaceable lid gasket
- Hammered aluminium interior
- Static cooling
- Pressure relief valve (for easier lid openings)
- Variable speed compressor to maximise efficiency

## ACCESSORIES

### RHINO STAINLESS STEEL NAPOLI PAN

---

The Rhino Napoli pans are produced from a heavy grade 0.8mm thick stainless steel.

We use this heavier grade stainless steel to guarantee a longevity and resistance to warping or bending during everyday handling and cleaning.

### NAPOLI TUB COLLAR

---

A low cost solution where Napoli ice cream tubs are to be supported firmly, but the appearance of a Stainless Steel pan is not required.

Produced from robust ABS food grade plastic for ease of use and good hygiene.
