**To our audience:** It is concert etiquette to hold one's applause until the end of the piece. Therefore, we ask that you not clap between movements.

**To parents with small children:** We welcome families and want to see young people grow to appreciate classical music. In order for everyone to enjoy the concert, it is important that children remain quietly in their seats with their parents. Should your children need to move around or talk, please take them to the lobby. This will also ensure a good recording.

**Please be sure to silence your cell phones!**
