How to place an order

All our latex balloons & foil balloons can be personalised with the addition of your own artwork and designs. Take your pick from hundreds of available designs in our image library, each of which can be customised with your own printed message. Alternatively, upload the artwork of your choice and we will print your balloons to your specifications.

Your balloon, your way

Our bespoke balloon printing service puts the power in your hands to create a personalised balloon for your event, charity or business. With free rein over your choice of design, you can make it as simple, as vibrant, as colourful and creative as you choose. Our extensive clipart library is at your disposal to use and adapt to your liking. There are literally hundreds of variations of images and colours available; all of which can be further customised with the addition of a message of your choice.

How it works

Our balloon printing service is easy. All you need to do in order to create your own balloon is to follow our simple five step process:

- 1) Head on over to our online ordering page to start the process and build your own balloon, clickable link below, blue box on left.
- 2) Select your choice of balloon from our range of latex or foil options.
- 3) Choose your colour scheme to suit the branding of your event.
- 4) Build your balloon online: Select from one of our clipart designs or upload your artwork.
If just text is required, we can set this for you FOC. to see clipart catalogue, click right hand blue box. Customise your design with a company slogan, a congratulatory message, company contact details or whatever you fancy.
- 5) Place your order – and let us take care of the rest. We will have your balloons delivered to you usually within seven working days. (Subject to size of order & availability of stock)

PAYMENT

Payment with order is requested, unless we have agreed other terms with you. We accept credit & debit cards or bank transfer; cheques will need to be cleared before we commence your order.

Goods remain the property of Balloonprint until paid for in full.

All prices are subject to VAT, to be added at the current rate.

SUPPLY OF GOODS

We reserve the right to supply different goods to that shown in catalogue, but they will be of equal quality or better.

LEAD TIMES / EXPRESS ORDERS

Orders are normally despatched within 7 working days (Mon-Fri) from receipt of order/artwork/payment, whichever is the later. If goods are required quicker then please phone to check availability.

DELIVERY

The costs shown throughout our price list reflect the current rates but as these are outside our control, they may be subject to change. All orders are sent by tracked delivery.

See "Leadtime & Delivery" section in "Terms & Conditions" for further information.

CONFIDENTIALITY

All orders are treated as strictly confidential. We promise that anything being sent direct to your customers will be sent under plain cover. We will never knowingly poach your customers.

ARTWORK GUIDELINES

TYPE OF ARTWORK REQUIRED

Good quality, black on white. Regardless of the colour ink to be used, we need artwork in black in order to produce film for making the screens. If we have to enlarge your artwork or convert it from another colour into black then clarity may be lost. We can convert most good quality images to printable files free of charge, we will give you a quote if the image is not to standard. A good quality print finish needs good quality artwork to start with.

HARD COPY

Good quality, dense black print on a white background. Printed as large as possible on an A4 sheet.

FILE TYPES

Diskette, CD, or email attachment. Files must be formatted for a PC (not Mac), in a file type of AI, EPS, PDF, JPG or TIF. Some other file types are supported – if in doubt, ask. Image resolution to be a minimum of 300 dpi. Please also supply the supporting fonts or ideally convert text to curves. Word documents are not a good way to send artwork as we will not necessarily have the same fonts and alignment can be affected.

NO PROPER ARTWORK

Our in-house designer is used to creating suitable artwork from letterheads, etc but this involves extra cost which we can determine on sight of the logo - minimum charge £5. Simple text can usually be recreated free of charge.

PHOTOGRAPHS / SHADING

These can be printed on balloons as a series of dots called Halftones. Photos are best printed onto a light-coloured balloon using a dark colour ink. We can work from either a black & white or colour photo but the printing will be in one colour, there is a cost to do this, see price list for details.

MULTICOLOUR PRINTING

On latex balloons we can print up to 8 spot (ie, individual) colours or CMYK (4 colour process), fairly close registration printing is possible on latex balloons, but we request at least 1mm separation between colours as semi-inflated latex balloons are not exactly a solid printing surface and there can be fine movement of the balloons between printing screens meaning that the alignment of colours will not necessarily be exactly the same from one balloon to the next.

For foil printing there is more movement between the colours, the foil is removed from the print machine between each colour printed to allow time to dry, this means alignment of colours is an issue, we request at least 5mm of separation between colours. Close registration printing & CMYK is possible on foils but will involve additional cost please ask for details.

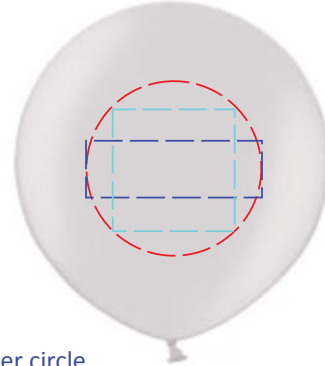

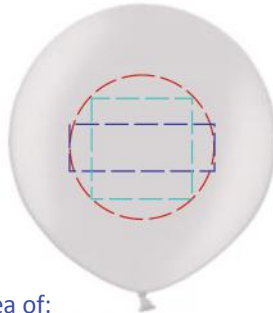

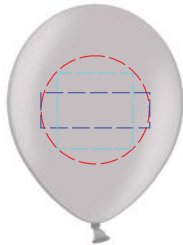

PANTONE COLOURS

We try to match Pantone colours as close as possible to the U (uncoated) reference but cannot guarantee an exact match. The base colour printed upon can affect the finished print colour, with transparency also a factor on latex balloons.

PRINTED BALLOONS

Printable Area

Not to scale

Printable area of:

10" round latex balloon, within a 12cm diameter circle

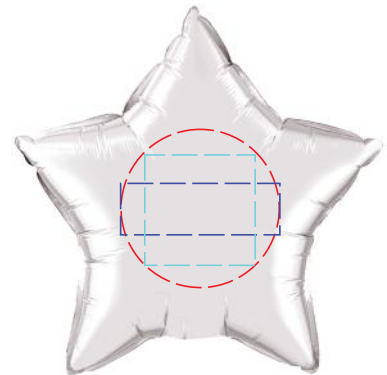

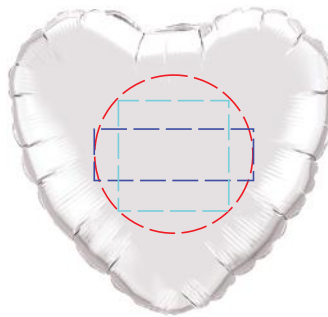

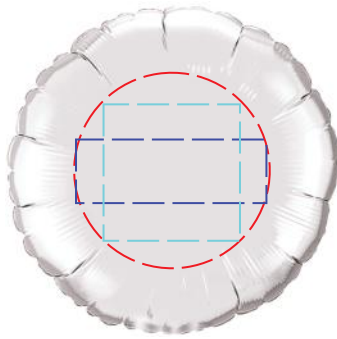

12" round latex balloon, within 13cm diameter circle

24" round latex balloon, within 25cm diameter circle

36" round latex balloon, within 35cm diameter circle

If image is square or oblong it will fit inside the circle as shown

The latex balloons are printed partially inflated so image will appear larger on the balloon when fully inflated.

Printable area of:

18" round foil balloon, within a 22cm diameter circle

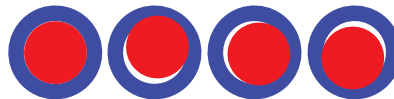

18" hearts & 20" star foil balloons, within 20cm diameter circle

36" round foil balloons, within 40cm diameter circle

36" hearts & star foil balloons, within 35cm diameter circle

If image is square or oblong it will fit inside the circle as shown

Multi-colour images

These examples above show how the print colours could be misaligned.

We can't achieve line on line everytime as shown the first example above.

We can achieve a print registration of 1mm on latex balloons & 5mm on foil balloons

Please note that printing onto balloons should not be compared to printing onto paper.

Latex Balloons

Colourful, custom-printed latex balloons make superb promotional giveaways and event decorations. Our printed balloons service means you can tailor design your balloon to accommodate marketing messages, company address details, logo, product images and much more.

Low minimum orders

10" & 12" - 25 balloons, (1 colour print)

10" & 12" - 50 balloons (2 – 4 colour print)

10" & 12" - 250 balloons (5 – 8 colour print & CMYK)

24" & 36" – 1 balloon

Our small minimum volume means we can accommodate orders from as little as a handful of balloons. Once we have finalised your design and colour requirements, your order can easily be scaled up too many thousands of balloons as required – and repeat orders are easy to make.

High quality printing

Our in-house printing service ensures top-quality screen-printed images on each balloon. The print process is set up to make sure your image retains clarity when the balloon is fully inflated.

Helium quality (Balloon Gas)

Our latex balloons are manufactured from **biodegradable latex**. All balloons we supply are of helium quality and can be filled with air or helium.

We can provide helium gas and air inflation pumps as part of our [balloon accessories] range.

Available sizes

Our balloons are biodegradable and available in the following sizes:

- **Belbal 10" & 12" standard:** Balloons to really make a statement. Our 11" balloons are ideal for decorating stands and event areas, these long-necked balloons are easy to tie and look great on cups and sticks, and make great promotional giveaways filled with air or helium.
- **Belbal 12" pearlised and metallics:** These sturdy, vibrant balloons are ideal for special events such as Anniversaries, Weddings and Birthdays.
- **Qualatex 11" pearlised & metallics:** The professional decorator's choice, a little more expensive, made from softer latex and is easier to tie than the Belbal pearlised balloon.
- **Belbal 2ft's and Qualatex 3ft's:** Make a statement with these large balloons, we can only print in one colour ink on balloons of the size.

Please specify your requirements when placing your order.

A wide range of colour combinations

Whether you choose to order your balloons unprinted, or printed with your own bespoke design, you can pick from any combination. Please refer to our colour chart for colours available.

Affordable, straightforward pricing

We aim to provide you with a cost-effective printing service with straightforward pricing on all orders. Please refer to our pricing chart on the following pages for full details.

Order online: By email to info@balloonprint.co.uk we will produce a digital visual of your balloon for you to approve before printing.

Foil Balloons

At Balloon Print, we have over 30 years' experience providing high-quality foil balloons to customers all over the country. Foil balloons can add a special touch to any display or event area. At Balloon Print, we can provide you with high quality printed foil balloons featuring a sharp image on one or both sides. We offer fast UK delivery service on all orders, from just 10 balloons screen printed & 25 balloons inkjet full colour print.

Long service

Foil balloons are designed to last the distance. Once inflated with air & mounted on a stick, or filled with helium to float, a foil balloon can stay inflated for several days. This means you can pre-inflate your balloons without having to worry about them deflating before an event, and it also makes them ideal for continual use over multiple days, the balloons are fitted with a reusable valve, so you can keep them topped up with either air or helium for even longer use.

Shapes and sizes

We stock a variety of different shapes and sizes of foil balloon. The most popular are:

- 18" foil balloon: available as a round, heart or star shaped balloons.
- 19"/20" foil balloon stars. These are one of our most popular lines.
- 36" foil balloons: Our impressive larger sized foil balloons (reduced colour choice)

Volumes

Subject to stock levels, we can print and deliver orders of up to 500 foil balloons to a UK address within seven working days of placing the order. If you need your balloons urgently, we can arrange and express order at no additional cost. Please give us a call in advance if you need your balloons on a fast turnaround.
