Voxie Tactics UI Revamp

Voxie Tactics gets a fresh new look in its massive UI (User Interface) revamp on January 27th, 2026! The change aims to give players a more intuitive and visually stunning tactical experience.

New UI Changes:

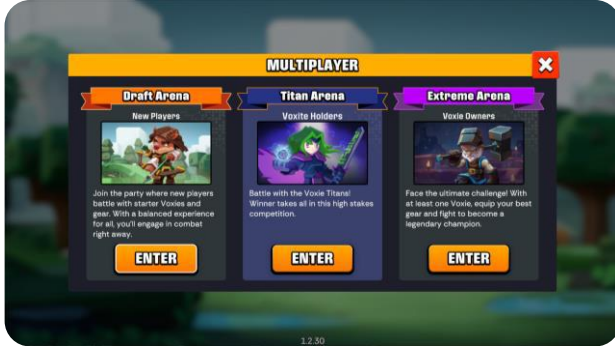

- **Modern Aesthetics:** It looks as good as your rarest Voxies. It's still the same Voxie Tactics that you know and love but with a new color scheme and new fonts and icons that will look good whether you're playing on mobile or on PC.
- **Seamless Flow:** Spend less time clicking and more time winning. Core UI elements were redesigned to improve readability, spacing and interaction on mobile screens. Button sizing and touch targets were also improved to reduce mis-taps during matches.
- **Tactician-Approved:** Refined mechanics for all players. The in-game Voxie stats and ability windows and gameplay icons such as elements, resistances, ability details and status effects were redesigned to be intuitive and compact to give you more mental space to strategize.

Season 3 Opener: Extreme & Titan Arena Tournament

Season 3 Kickoff: Titan & Extreme Arenas Return with 40,000 \$VOXEL Up For Grabs!

A new chapter of battle starts with Season 3, kicking off with the first Tournament of 2026 which provides a focused experience in both the Titan and Extreme Arenas. This tournament once again employs the **Pro rata-based Reward System** used in the 2 previous tournaments for the 40,000 VOXEL prize pool!

The 14-day tournament **started on January 29th, 3PM UTC** and will **end on February 12th, 3PM UTC**. The **40,000 VOXEL prize pool** will be shared by players based on each player's Champion Points relative to the total points earned by all qualifying players:

$$\text{Player's VOXEL Reward} = \frac{\text{Player's Points}}{\text{Total Points of ALL Players}} \times \text{🏆 40,000}$$

For example, if a player earns 10 points and the community reaches 200, the player contributed 5% of the total. That means he'd receive 5% of the prize pool.

Basically the more points a player earns relative to others, the more the player will be awarded!

Extreme & Titan Arena Tournament (Continued)

Tournament Details

- Eligible Arenas: Extreme and Titan
- Players continue to earn the regular VOXEL earnings from wins or bounties in Extreme Arena and Voxite earnings in Titan Arena (Entry fee: 200 Voxite, Winner earns 360 Gold Voxite) during the tournament
- Player ranks were reset at the start of Season 3
- A minimum of 5 games played across the two arenas OR 10 points earned is needed to be eligible for rewards
- The latest leaderboard can be viewed in the [Marketplace's Leaderboard page](#)
- Players who earn VOXEL from the Prize Pool Rewards in both Arenas will receive the VOXEL in their wallets between February 12th and 19th

Points Distribution System

Points awarded per battle contribute to a player's total points, affecting the player's share in the prize pool in proportion to the total points of all players. The Bounty system, sharing points based on % rental between owners and renters, and penalty for quitting under 3 minutes also apply in this tournament. Points are distributed according to Arena Rank/Tier for both arenas and Voxie Rarity for Extreme Arena, as shown in the table below.

Team Composition	Rank

About The Author

Moonscaper here! I'm a Voxies and Voxie Tactics Items NFT holder and I've been a part of the Voxies community since June 2021.

Polygon gas is very high this January. Standard gas was usually just around 30 Gwei, with MetaMask showing gas fees as <\$0.01. This could be one of the factors why the Voxies market activity is low this month. The POL token does benefit from this high gas since it's deflationary and the POL used as gas is burned, increasing the value of POL.

The high gas also reminded me of the time when the Voxies NFT was still in the Ethereum network in 2021. If I remember correctly, buying just 1 Voxies NFT back then cost more than \$20 in ETH.
