AL2P

2" Post Area Light

Details

The AL2P Area Light features a 2" diameter post with 10+ interchangeable hat options for customizable design. Available in aluminum or brass with a variety of finishes and acid treatments, it supports low and line voltage configurations for commercial and residential applications. Variety of hat options available.

AL18SMNGCOP (Mini Gas Torch) : Shown

AL18SM(NG/P)

Natural Gas or Propane Mini Torch

Details

The AL18SM(NG/P) natural gas or propane Mini Torch features a copper conical hat and a 36" stem in brass or simulated bamboo for a classic flame-lit look. Ideal for restaurant patios, balconies, and residential or commercial outdoor spaces, this compact torch operates on natural gas or propane for flexible installation.

PL30

2.25" / 4" SQUARE MULTI HEAD PATH LIGHT

Details

The Focus Industries PL30SM and PL30LG Path Light delivers precise, controlled illumination designed to enhance walkways, entry paths, and landscaped environments. Its compact architectural form provides focused flood lighting that improves visibility and safety while minimizing glare. Featuring a multi-head capable design, the PL2415 allows for expanded lighting coverage and greater design flexibility. Available in aluminum or brass with low- or line-voltage configurations, it supports either an LED module or MR16 LED, making it ideal for residential and commercial landscape applications.

PL29

MODERN PATH LIGHT

Details

The Focus Industries PL29 path light delivers bold, modern illumination with exceptional performance. Standing approximately 22" tall, it features a sleek 1" x 1" extruded stem and a minimalist 4" x 4" x 1.50" hat for broad, even light distribution. Available in durable aluminum or brass construction, the PL29 utilizes a powerful 7W LEDM producing 560 lumens at a warm 2800K, or a Plug-N-Play Omni 3 G2 for a softer even glow. Ideal for pathways and expansive landscape areas, this fixture provides outstanding coverage while maintaining a refined architectural presence.

PL31L16CAR : Shown
Plug-N-Play

PL31

CYLINDER PATH LIGHT

Details

Meet the new PL31 Path Light from Focus Industries— a sleek, modern copper cylinder designed to elevate pathways with subtle, architectural style. Standing 17" tall with a slim 1-5/8" diameter, the PL31 features five precision cut-out slots and a sand blasted lens that produces a smooth, soft warm white glow without harsh glare. Powered by a 12V 3W Omni3 G2 Plug-N-Play LED, it delivers efficient, dependable illumination for walkways, pathways, and high foot-traffic areas — where clean design and performance matter most.

FA25TS24S

TELESCOPIC RISER POST MOUNT (12V)

Details

The FA25TS24S Telescopic Riser Mount provides ultimate flexibility for precise fixture placement within evolving landscapes. Featuring a durable 24" brass stem paired with the FA25 mounting pedestal, this adjustable system allows for smooth height customization up to 17–18 inches. Ideal for accommodating plant growth and changing landscape conditions, it ensures optimal light positioning while maintaining a clean, professional installation.

Aluminum option available.

4W LED MODULE

120 VOLT TURTLE FRIENDLY LED MODULE

Details

Engineered for coastal environments, the 4W 120V Turtle Friendly LED Module emits a 590nm amber wavelength that supports wildlife protection while delivering dependable illumination. The compact 41mm x 19mm module offers easy integration, energy efficiency, and long-lasting performance—making it an ideal solution for turtle-friendly landscape lighting.

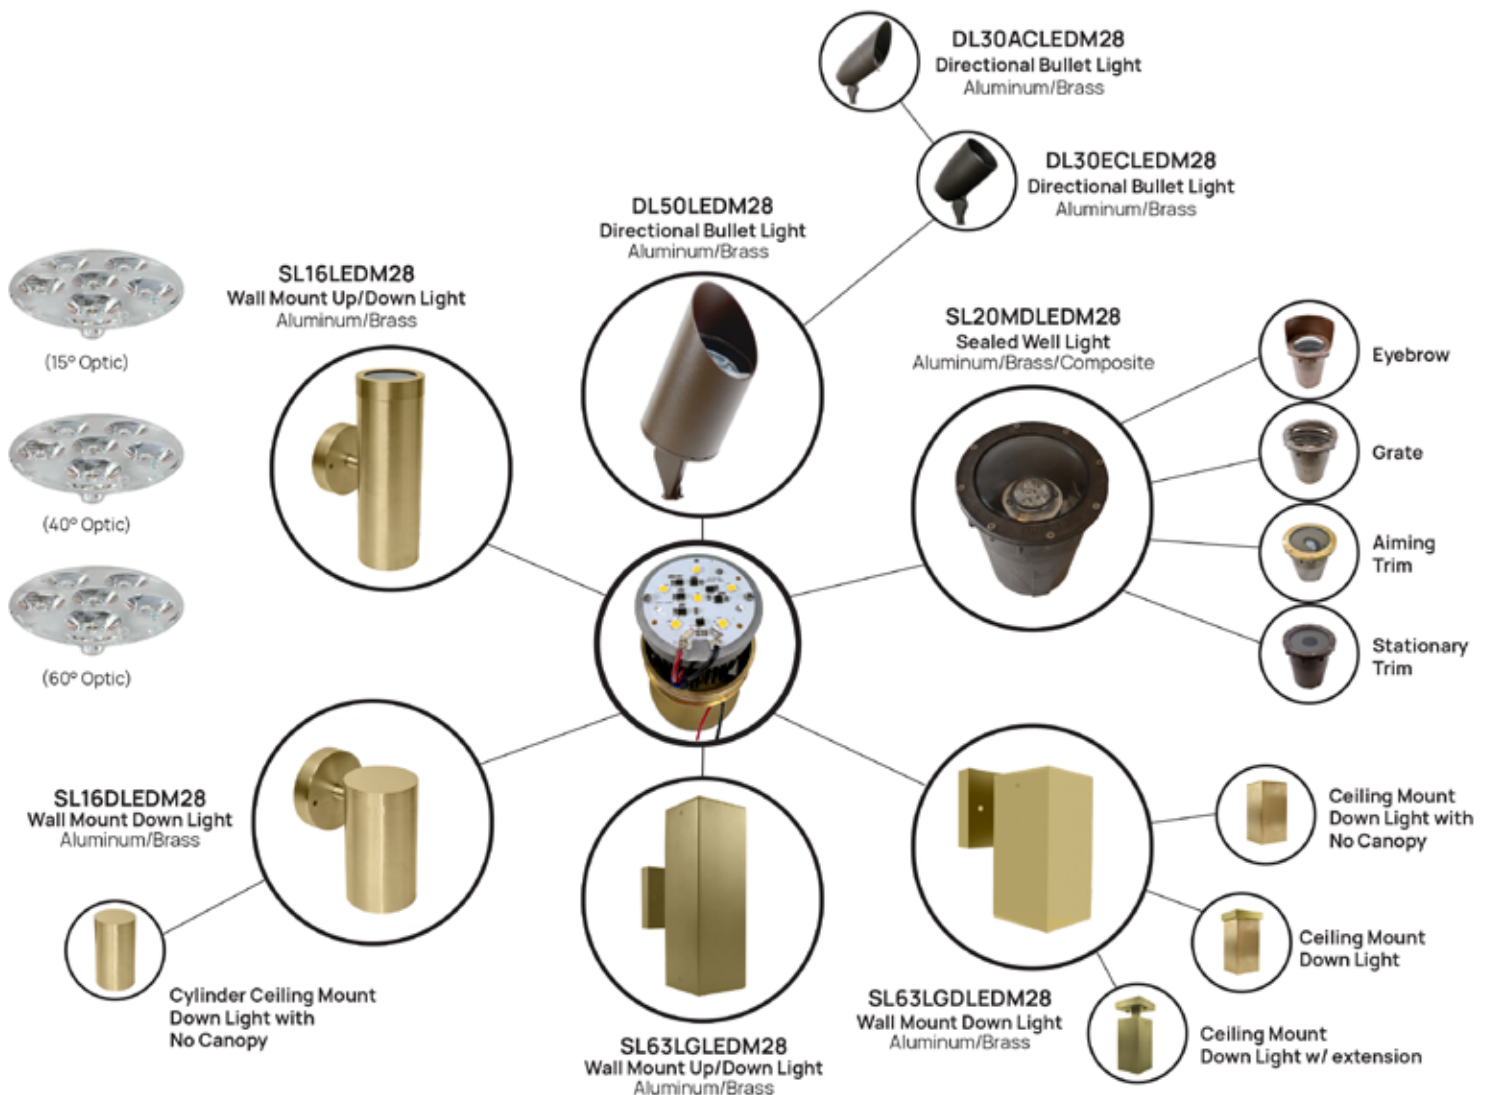

28W LED MODULE

120 VOLT INTEGRATED LED MODULE

Details

Engineered for performance and flexibility, the 28W 120V LED Modules delivers up to 2700 lumens in 2700K and 3000K. Its versatile design ensures seamless compatibility across a broad range of landscape and architectural fixtures.

BLACK MAGIC

BKM

Details

Crafted for both performance and design, the new Black Magic matte finish over stainless steel brings a refined, modern edge to BBQ lighting. Engineered to pair effortlessly with a variety of grill styles, it delivers lasting durability with a distinctly premium aesthetic.

BKM or DBZ Only.

BQ01 Head: Shown

DARK BRONZE

DBZ

Details

Elevate your outdoor lighting with the new DBZ “Dark Bronze” finish, offering a deep, refined tone that brings warmth and elegance to any environment. Now available over stainless steel BBQ lights, it seamlessly blends durability with versatile design.

BKM or DBZ Only.

DL60CML164CPR : Shown

DL60CMPAR

DIRECTIONAL LIGHT CEILING MOUNT PAR38 EDITION

Details

A ceiling-mounted down light designed for clean, architectural integration, delivering powerful illumination with a PAR38 LED lamp. Featuring a sleek flat canopy and J-box compatibility (supplied by others), it installs seamlessly in indoor and outdoor applications. Constructed from durable aluminum or brass, it offers reliable performance in 120V or 120–277V configurations.

DL60CMFPL164BLK: Shown

DL60CMLEDM28

DIRECTIONAL LIGHT CEILING MOUNT LED MODULE EDITION

Details

A clean, ceiling-mounted down light featuring a high-performance 28W 120V LED module for consistent, efficient illumination. Its minimalist cylindrical design delivers a smooth, even light output, ideal for entryways and covered outdoor spaces. Constructed from durable aluminum or brass and compatible with standard J-box installation (supplied by others), it offers a reliable, modern lighting solution.
