Dan likes to travel. He loves to go to new places and see new things.

One day, he went on holiday to **Japan**. He was so happy.

“I can’t wait to see it all!” said Dan.

The first place Dan went to was **Tokyo**. It was big and bright. There were lights, shops, and people everywhere.

Dan took many photos because everything looked amazing. He smiled all the time.

Next, Dan went to see **Mount Fuji**. It was tall and white with snow on top. He said, “Wow! It’s so high!”

He walked along the path and saw birds and trees. He felt calm and free.

After a long walk, Dan was hungry.

He went to a small café. He ate **noodles** and fish.

He used **chopsticks** to eat his food. He drank **green tea** and smiled.

When Dan finished eating, he saw a shop next door. It sold toys, comics, and games.

He went in because he liked stories. On the shelf, he saw a comic book that he liked. The cover had a big blue robot on it.

Dan bought the comic. He sat down and opened the first page. There was a flash of bright light! The room began to shake.

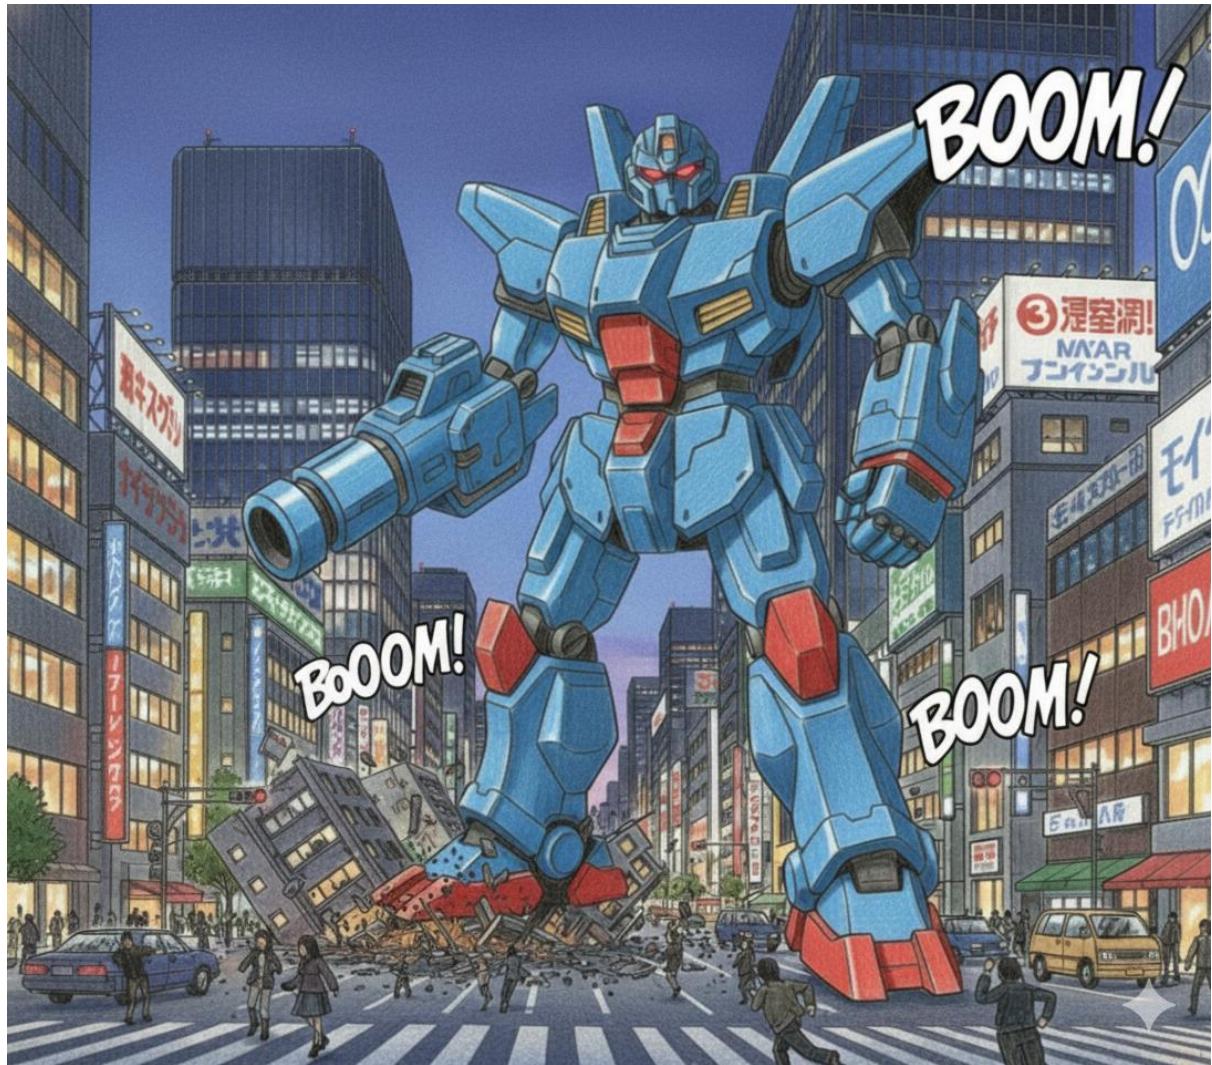

Dan tried to close the book, but he couldn't.

Suddenly, everything went dark.

When he opened his eyes, Dan was inside the comic! He looked around. He was in a big city.

Suddenly, he heard loud stomps — Boom! Boom! Boom!

A **Mega Robot** was walking toward him!

Boom! Boom! Boom!

Its eyes were red and its arms were like cranes. It shouted, “Destroy!”

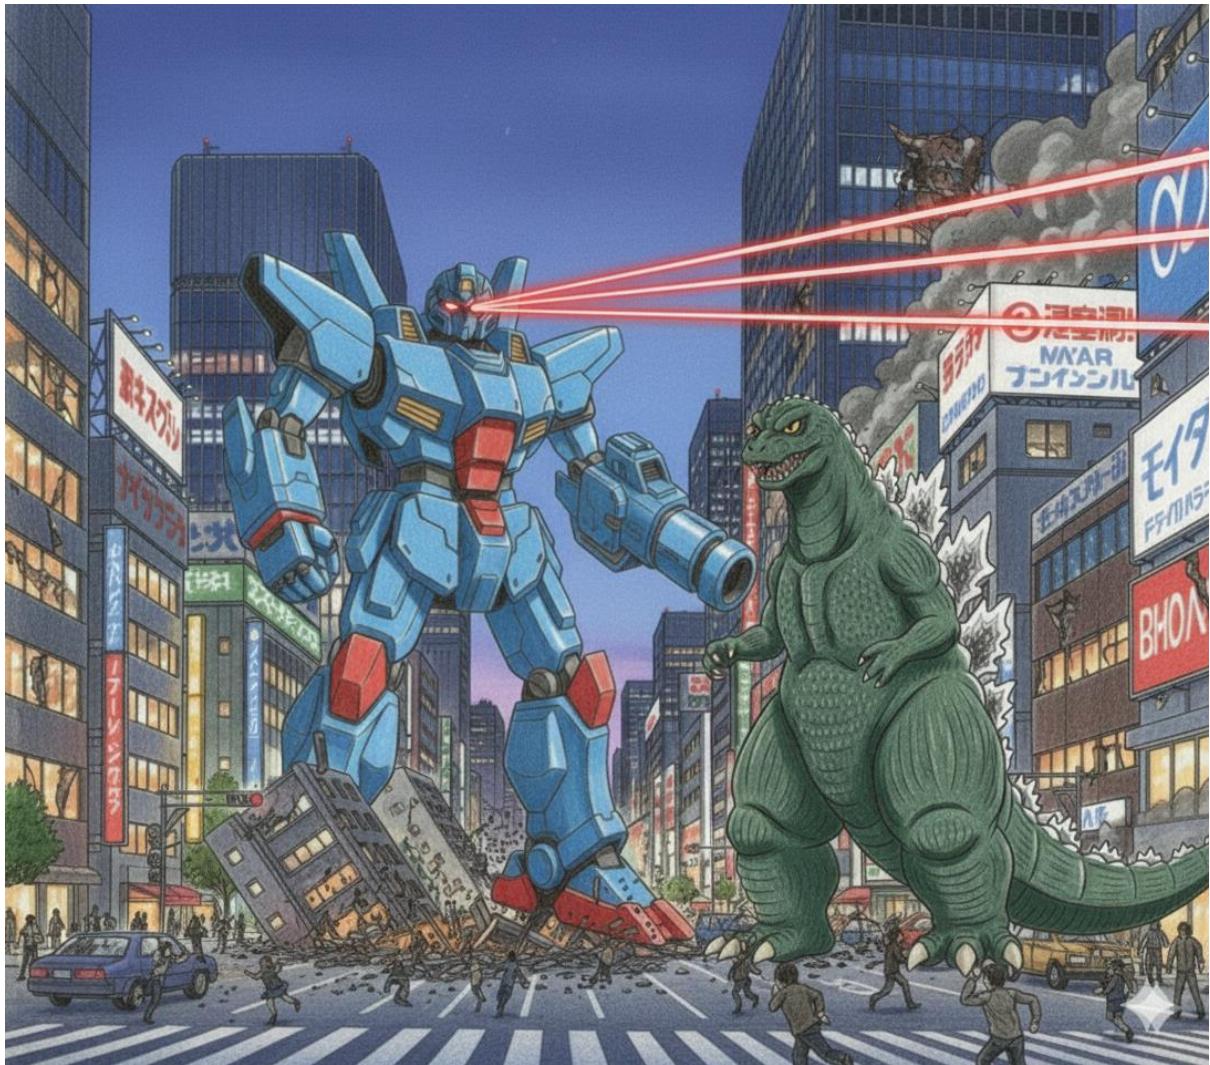

Dan ran as fast as he could, but the robot was too quick. He needed help!

Then, the ground shook again. A huge roar filled the sky — “Rooooar!”

It was **Godzilla!**

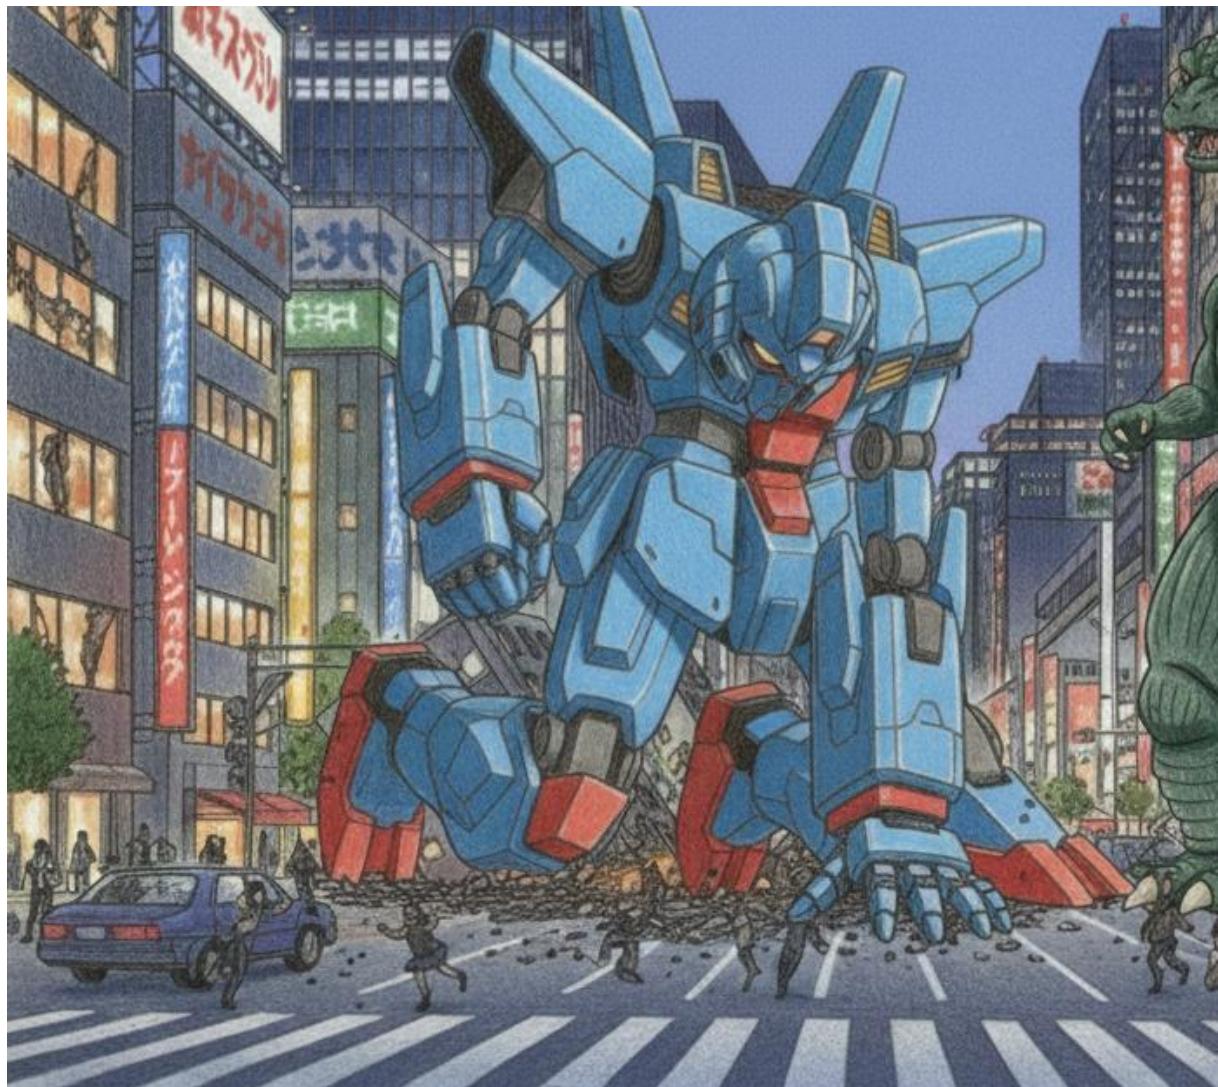

Dan could not believe it. Godzilla looked at Dan and said, “I will help you.”

The Mega Robot fired lasers from its eyes.
Godzilla blocked them with his tail.

Dan found a box near a shop. He pressed
the red button, and lights flashed.

The robot stopped for a moment.

“Now!” shouted Dan.

Godzilla hit the robot hard. The robot fell down on one knee.

The city was safe again. Dan said, “Thank you, Godzilla!”

Suddenly, Dan saw the comic again. The pages started to glow. He blinked — and he was back in the shop!

He smiled and said, “What a trip!”

Then he laughed and bought another comic... just in case.
