“ In this unprecedented moment for our club, **in our first ever participation in Euroleague**, we are extremely **proud** and, at the same time, **extremely intrigued** to prove ourselves as equals to the women's basketball elite and deserving of our presence in this league.

Haris Politis
| Head of the board

“ **We are proud** to represent our country in the upcoming Fiba Euroleague Women season.

Competing at the highest level of European basketball is both a great honor and a significant responsibility.

For Athinaikos Qualco, this is more than a sporting achievement - it is an opportunity to establish our presence among Europe's elite clubs, while building a culture of excellence.

We have built our roster based on **ambition, character, and high aspirations**, and we are eager to embrace the challenges that this competition brings.

Athinaikos Qualco aims to establish itself among the best teams in Europe, both on and off the court.

In addition, **we strive to provide** every visiting club with the renowned Greek hospitality, and we anticipate **bringing to the Euroleague** the same level of competition we brought to the EuroCup last season. ”

● ● *we have* **vision**

We look forward to representing our club, our fans, and Greek basketball **with pride, passion, and professionalism** throughout the season.

My best wishes to all participating clubs for a healthy and successful basketball year! ”

Panagiotis Gkougkoutoudis
| General Manager

We are delighted that

Athinaikos will compete in the Euroleague for the first time in the club's history - an opportunity that has been truly earned.

We look forward to **embracing the challenge, continuing our growth, and competing with pride at the highest level of European** women's basketball.

I am excited to contribute my experience and mindset as we begin this historic journey together.

Ilias Zouros | Head Coach

“

After a strong season last year, we want to carry that momentum into this new challenge ahead of us.

Competing in the Euroleague is a **privilege** and a **big opportunity** for all of us.

It's something that we have earned through our work, commitment and performances last year and we want to keep building on that.

As a team, **we're excited to compete against the best clubs in Europe**, represent our team **Athinaikos WBC** with pride, and give everything we have every time we step on the court.

the club

Athinaikos Sports Club was founded in 1917, being amongst the three pioneer clubs to establish the Greek Football Federation.

Today, the club **is active in four sports** and their respective academies, with football historically constituting the foundation of the club, whereas handball and basketball have been in the limelight for the past decades.

The handball women and men's teams play in the top national division, while men's basketball team is participating and aiming promotion in National League 2.

The club also runs **table tennis department** and has a total of **over 600 kids in its academies in all sports**.

In these challenging times, sports reintroduce itself as the radical solution against the irrational use of social media platforms and the trends of modern society.

It is now, more than it has ever been before, **our duty to make sure** that children will not simply enroll to a club, but will grow, evolve and be presented to the values that are aligned with sports.

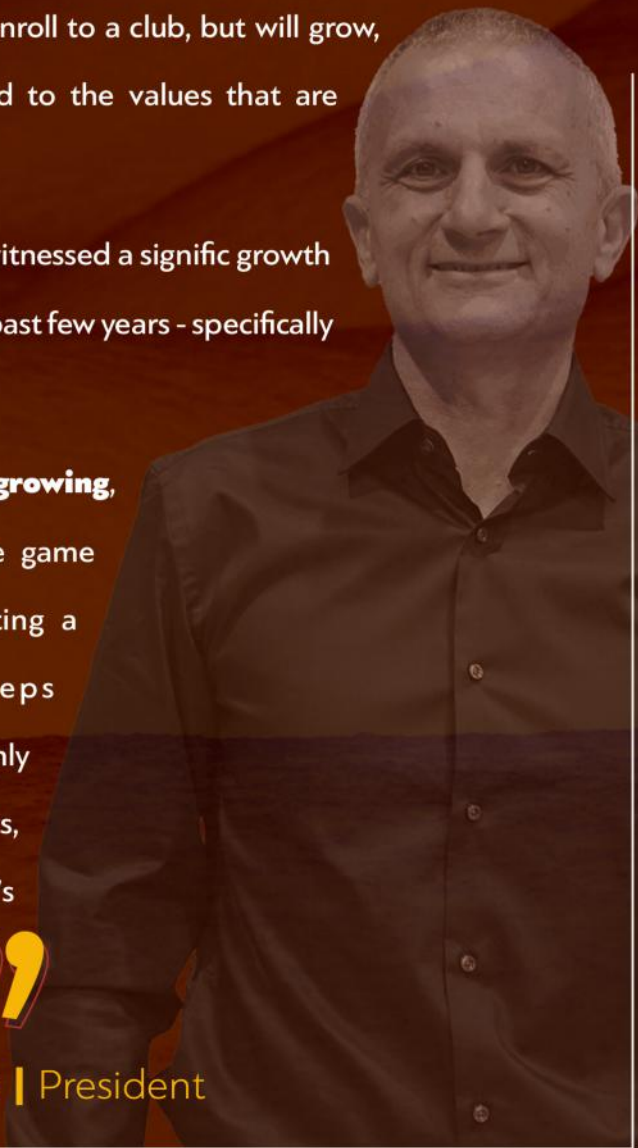

In Athinaikos we have witnessed a significant growth in participation over the past few years - specifically in the post-covid era.

Our goal is to continue growing,

focusing on keeping the game enjoyable and by creating a community that keeps children engaged not only in their own commitments, but also in our team's games and activities.

Nikos Ramadanis | President

speak loud

the **STORY**

Imagine a team that shocks Europe every time that they come around...

A team that in its first ever appearance in a European Competition made it all the way to the quarterfinals, a team that in its second ever appearance won a trophy – a team that may not always be there, but a team that has the mentality and the expertise of a champion.

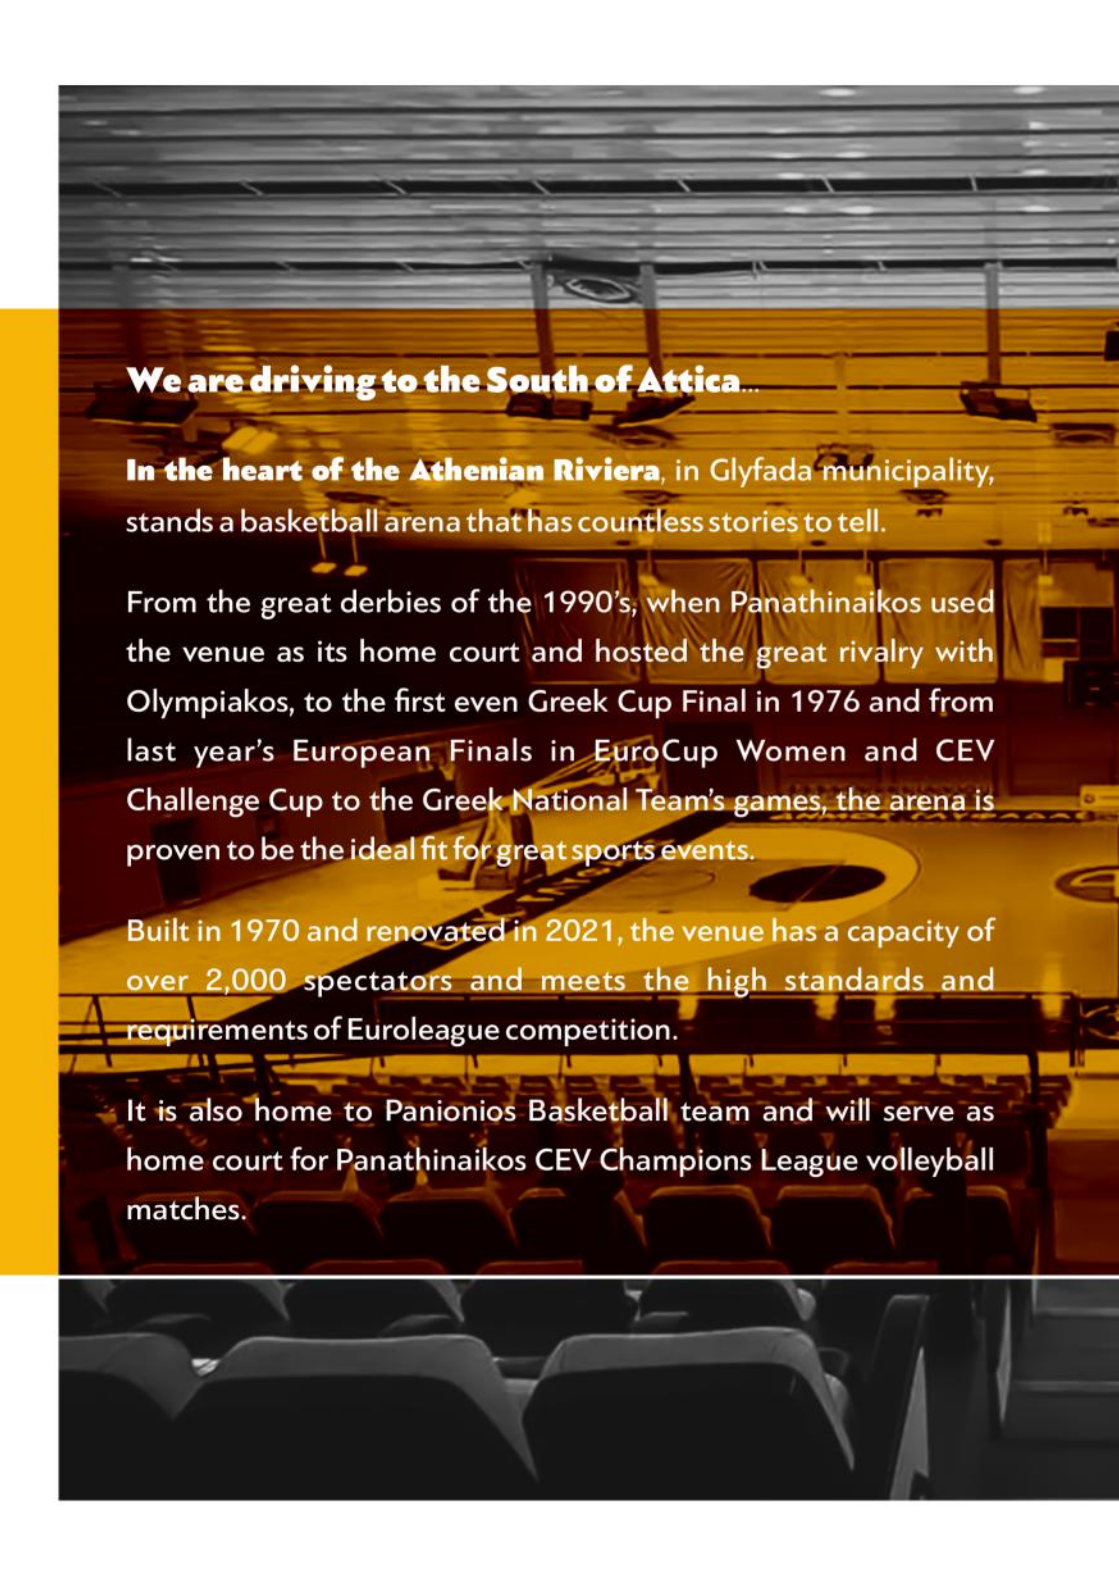

Athinaikos debuted EuroCup in 2008-09 season, reaching the quarterfinals, before being eliminated by Dynamo Kursk. The comeback next season, was one for the books; Athinaikos was crowned EuroCup Champions in 2010, an unparalleled to this day achievement.

In 2010-11, the EuroCup campaign ended in the semifinals, before the team returned to the competition last year.

In 2025-26, after a 15-year absence, **Athinaikos made a triumphant return by reaching the Final**, falling just three points short on aggregate of Cukurova Mersin.

This year's participation in Euroleague signifies a new era. As Athinaikos enters the competition for the first time, the team's focus remains committed to the same standards of excellence that define its history.

We are driving to the South of Attica...

In the heart of the Athenian Riviera, in Glyfada municipality, stands a basketball arena that has countless stories to tell.

From the great derbies of the 1990's, when Panathinaikos used the venue as its home court and hosted the great rivalry with Olympiakos, to the first even Greek Cup Final in 1976 and from last year's European Finals in EuroCup Women and CEV Challenge Cup to the Greek National Team's games, the arena is proven to be the ideal fit for great sports events.

Built in 1970 and renovated in 2021, the venue has a capacity of over 2,000 spectators and meets the high standards and requirements of Euroleague competition.

It is also home to Panionios Basketball team and will serve as home court for Panathinaikos CEV Champions League volleyball matches.
