MINT CHOCOLATE MISTLE-TOES

Deck your heels in holiday delight! This delicious pedicure begins with a thick Butter Brulee Milk Soak. Next, feet and legs are smoothed and exfoliated with a fine grain sweet cream salt scrub, making dry winter skin soft to the touch. Then, you'll be painted in a hot chocolate mask that's loaded with nourishing vitamins and CoQ10 - a powerful antioxidant. A final massage with a minty shea butter leaves toes feeling fresh and invigorated. After a primp and polish, you'll jingle all the way home!

MIDWINTER RELIEF BODY WRAP

Skin is hugged into a toasty vitamin E cocoon as soft notes of peppermint and gingersnap fill your senses. Newly softened skin now receives a certified organic shea sugar exfoliation, before a resveratrol wrap replenishes skin with antioxidants and a slew of nutrients.
