THE BEST ALTERNATIVE HERBAL HEALTH PRODUCT FOR HORSES, DOGS AND YOU

Mickey, Bodi, and Josi Young

Who We Are.

The majority of horses and dogs do not get the variety they need in their diets. Before land was divided, fences were built, and the soil was depleted, horses took care of themselves by eating a wide variety of vegetation, including many herbs. Eating the same food every day results in poor health and performance. Today, an increasing number of horse owners are recognizing that herbs can do amazing things. Silver Lining Herbs has developed a complete line of specific blends of natural herbs for horses and dogs to promote good health. Since opening our doors in 1999, our focus is to improve your animal's quality of life with all-natural, easy-to-use herbal products that are made in the USA without any fillers or synthetic ingredients.

Its roots began with Lavern and Ruth Young, parents of Silver Lining founder Mickey Young. A cattle rancher and range rider for over 20 years, Lavern grew up in close proximity to the Navajo Indians, from whom he learned a great deal about medicinal herbs and their beneficial uses for both humans and animals. After a terminal health diagnosis in her fifties, Ruth Young went on a mission for answers to heal herself. Not only did she achieve complete remission and long-term recovery with herbs and a diet of mild foods, but she also became one of the top Naturopathic Practitioners in America for over 15 years. At the time, the proprietary herbal formulas were developed and used on hundreds of horses, dogs and other animal species with positive results.

The Young Family

We, at Silver Lining Herbs, are dedicated to coming to the aide of horses, dogs, and people. It is our position that the animal's world has changed dramatically from what it was when they were wild, when all animals were able to find and pick a well rounded diet in their daily routine. Today, the horses and dogs are better bred and more refined than at any time in their history, but they lack the support herbs they need to be as sound as they should be.

It is our goal at Silver Lining Herbs to do our part to promote health, by supplying herbs that will replace those taken from our horse's and dog's natural environments. Our commitment is to supply a product that is cost effective for all companion animal owners, regardless of who owns them. It is our desire to educate owners to the value of herbs and the difference they make in the lives of their animals. All the while, providing prompt and courteous service, backed by a guarantee of product satisfaction.

Silver Lining Herbs is an audited member of NASC (National Animal Supplement Council).

The NASC Quality Seal is a way for consumers to know that when they buy a product displaying the NASC seal, they are buying from a reputable company that has successfully completed an independent quality audit. NASC member companies are required to comply with these criteria before they are granted permission to display the Seal:

- Registration of products in the NASC Adverse Event Reporting System
- Proper label guidelines
- Written comprehensive Quality Control Manual
- Recommendations from our Scientific Advisory Committee
- Random product testing

Simply stated this means that when you buy a product from a company bearing the NASC Seal, you can purchase with the confidence that every effort has gone into making that product the best it can be. NASC members are as concerned for the health and safety of your animals as you are.

Available sizes: H-CBD 4 fl oz/120mL \$61.00

Herbal Liver Support

The liver is the great detoxifying organ of the body, and as such, has enormous impact on overall health and vitality. Just one example is the liver's role in fighting allergies. Histamines cause the outward symptoms of itching, sneezing and swelling in an allergic reaction; a healthy liver quickly removes these noxious allergens from the body and minimizes their effect. #27 Liver Support was designed to give a full-spectrum support to the liver, helping it overcome the heavy load that today's medications, chemicals and diets throw at it.

Active Ingredients: Herbal proprietary blend of (Milk Thistle Leaf, Barberry Root Bark, Burdock Root, Chamomile Flower, Eleuthero Root, Oregon Grape Root, Turmeric Root, Yerba Santa Leaf, Dandelion Root and Cascara Sagrada Bark) 505 mg per capsule

Other Ingredients: Capsule (Gelatin, Water)

Directions: Take 3 capsules daily.

Caution: As with any dietary supplement, consult your healthcare provider before using this product, especially if pregnant, nursing, taking medications, or under medical supervision.

Available sizes: H27C 90 - Capsule Bottle (30 servings) \$25.00

Herbal Kidney Support

The kidneys are the great cleansers of the body, removing toxins from the blood to be voided from the body in the urine. Normal function of the kidneys and bladder are critical to this process. Kidney Support is designed to support normal functioning of the kidneys and bladder.

Active Ingredients: Herbal proprietary blend of (Marshmallow Root, Uva Ursi Leaf, Astragalus Root, Corn Silk, Parsley Root, Chamomile Flower, Dandelion Root, Juniper Berry, Hydrangea Root and Cranberry Fruit) 480 mg per capsule.

Other Ingredients: Capsule (Gelatin, Water)

Directions: Take 3 capsules daily.

Caution: As with any dietary supplement, consult your healthcare provider before using this product, especially if pregnant, nursing, taking medications, or under medical supervision.

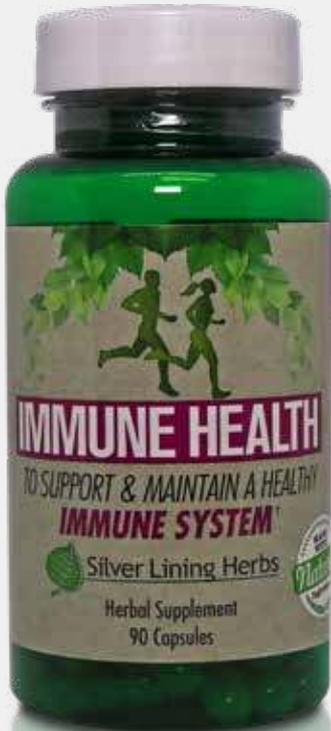

Available sizes: H37C 90 - Capsule Bottle (30 servings) \$25.00

Immune Health Herbs

Silver Lining Herbs

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E9-1 60 servings \$72.00

#10 Maintenance

Right after good hay and fresh water, the #10 Maintenance is a must have to maintain a healthy horse. This is the herbal combination for all around daily maintenance. It supports the digestive tract, blood, kidneys, lymphatic system, bones, tendons and muscles. Equally good and necessary for competition, pleasure, breeding or retired horses to support general good health.

Active Ingredients: A proprietary blend of (Catnip, Flax Seed, Oregon Grape, Psyllium, Slippery Elm, Uva Ursi, Yarrow, Hawthorn, Kelp, Marshmallow, Boneset, Dandelion, Licorice and Goldenseal) 6800 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag, 300 scoops per bucket.

Available sizes: E10-1 60 servings \$65.00

E10B 300 servings \$280.00

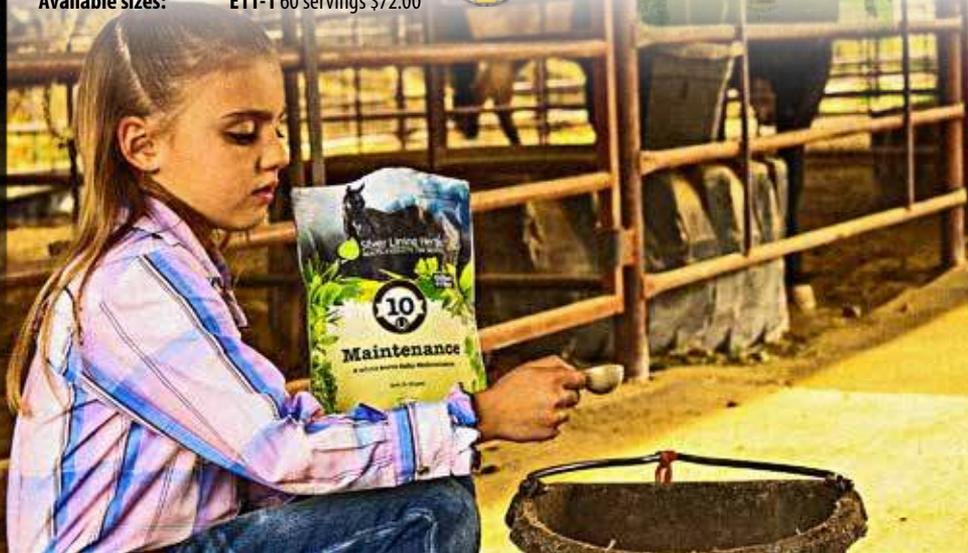

#11 Brain & Nerve Support

The central nervous system is where good health (and good behavior) begins. The herbs found in #11 Brain & Nerve Support may be beneficial to horses recovering from the effects of central nervous system weakness. It supports the natural travel patterns and gait, and provides secondary support to the digestive and immune systems.

Active Ingredients: A proprietary blend of (Skullcap, Burdock, Cascara, Echinacea, Garlic, Ginkgo, Gotu Kola, Myrrh, Oregon Grape, Pau D Arco, Rose Hips, Yarrow, Kelp, Dandelion and Goldenseal) 7087 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E11-1 60 servings \$72.00

#12 Feet & Bone Support

"No hoof, no horse"... truer words were never spoken. #12 Feet & Bone Support is designed to support your horses structurally from the ground up, from maintaining healthy organized hoof growth, to supporting bones, tendons, ligaments and hard tissue throughout the feet, legs, shoulders, hocks, spine and hips.

Active Ingredients: A proprietary blend of (Butchers Broom, Garlic, Kelp, Oregon Grape, Skullcap, White Willow, Yarrow, Yucca, Dandelion, Safflower and Boneset) 7276 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag, 300 scoops per bucket.

Available sizes: **E12-1** 60 servings \$68.00
E12B 300 servings \$290.00

#13 Herbal Wormer

The herbs used in this combination are for the maintenance of a healthy and natural system that encourages worms and parasites to evacuate. This combination works by simply maintaining an unfavorable environment for parasites and worms.

Active Ingredients: A proprietary blend of (Garlic, Cascara, Clove, Kelp, Sage, Slippery Elm, Wormwood, Chaparral and Juniper) 7560 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 10 days, for 1000-1200 lb horse. There are approximately 60 scoops per 1 lb bag.

Available sizes: **E13-1** 60 servings \$65.00
E13-3 11 servings \$23.00

#14 Mare Fertility

The herbs in #14 Mare Fertility work together to support the female system in preparation for the breeding season; to the point it may be beneficial to mares deemed barren by supporting conception via a normal healthy hormone balance. This same combination may be beneficial to all mares' natural ability to deal with hormonal changes. This product may be beneficial in mares who won't settle, supporting a healthy reproductive system, and cranky, mean "Mare-ness", whether in season or not.

Active Ingredients: A proprietary blend of (Damiana, Eleuthero, Kelp, Red Raspberry, Sarsaparilla, Slippery Elm, Uva Ursi, Valerian, Dandelion, Dong Quai, White Willow, Black Cohosh and Golden Seal) 7276 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: **E14-1** 60 servings \$72.00

Note: This product contains Black Cohosh and should not be used on mares that are in the third trimester of pregnancy as this may cause hemorrhage during foaling. -This product contains Valerian Root, which is a prohibited substance on some venue testing requirements

#15 Stallion Fertility

The herbs used in #15 Stallion Fertility are recommended to support the system of a stallion and help him maintain the naturally occurring libido and fertility of a healthy and active stallion, whether for breeding or working.

Designed to maintain fertility by supporting the blood and glandular system. May also be beneficial in maintaining the focus on training in young stallions and geldings.

Active Ingredients: A proprietary blend of (Damiana, Eleuthero, Oregon Grape, Saw Palmetto, Uva Ursi, Licorice, Juniper and Goldenseal) 6803 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: For best results, start him on the mix 1 month before you plan on starting your breeding season. 1 level scoop per day for 1000-1200 lb horse.

Available sizes: E15-1 60 servings \$72.00

#16 Power Dust

FOR EXTERNAL USE ONLY

#16 Power Dust is a blend formulated especially for open wounds. Used dry to dust the wound or as a poultice to dress the wound. #16 will support the natural healing process through all stages of recovery. The herbs in #16 may enhance healthy tissue growth and circulation, minimizing scarring. For serious wounds follow the directions on the label carefully and consider using in conjunction with #25 INF-X to support normal bacteria levels.

Active Ingredients: A proprietary blend of (Comfrey, Capsicum, Flax Seed, Boneset, Lobelia, Plantain, Slippery Elm, Yarrow, Shepherds Purse and Goldenseal) 6803 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: Use on open wounds as directed on the label.

Available sizes: E16-1 60 scoops \$65.00

EK16 15 scoops \$23.00

Jet- day 1

Jet- day 45

#17 Kolik Eaz

The herbs in #17 Kolik Eaz may be beneficial to maintaining a naturally comfortable and relaxed gastrointestinal tract (GI). Excess gas is a natural occurrence, but it can be simply maintained through the use of this herbal product. It may be beneficial in reducing the possibility of digestive colic.

Active Ingredients: A proprietary blend of (Slippery Elm, Ginger and Cascara) 7088 mg per tbsp. Scoop included. **Inactive Ingredients in paste:** Calcium Propionate, Citric Acid, Coconut Oil, Natural & Artificial Flavors, Silica Gel, Vegetable Oil, Vit. E Supplement

Recommended use: Paste the entire syringe on the back of the horses tongue at the first signs of colic. Walk the horse until the discomfort subsides. If discomfort continues, consult a Veterinarian.

Available sizes: E17P 1 serving, 80cc paste \$16.00

#18 Joint Support

Who doesn't worry about their hard working or aging horse's joints? The herbs found in #18 Joint Support help maintain normal healthy cartilage, synovial fluid and joint function.

Active Ingredients: A proprietary blend of (Burdock, Butchers Broom, Devils Claw, Ginger, Kelp, Slippery Elm, Uva Ursi, White Willow, Yarrow, Yucca and Chaparral) 6895 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

#24 Immune Support

"I rely on #24 Immune Support to keep my horses healthy going down the road."

Amber MOORE

Everything you put into or onto your horse is used-or not used-by the body on a cellular level. Elements of foods and topical substances that are not used need to be evacuated from the body, which a healthy immune system is able to do via the liver, kidneys, blood, lymphatic, digestive system, skin, etc. With all that we throw at our horses today, from immunizations to pesticides, to reduced grazing and increased travel schedules, their immune systems can easily become overwhelmed at the cleanup work required.

#24 Immune Support supports and maintains a healthy immune system, the body's natural defense system. With a healthy immune system the body is able to ward off the issues that will confront the horse with a weaker immune system

Active Ingredients: A proprietary blend of (Eleuthero, Garlic, Olive Leaf, Plantain, Red Clover, Rose Hips, Sarsaparilla, Barberry, Echinacea, Parsley, Wheat Grass, Cascara and Licorice) 6898 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag, 300 scoops per bucket.

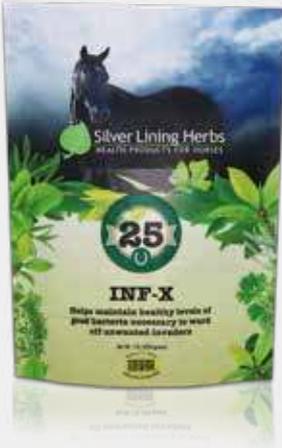

Available sizes:

E1/2-24 30 servings \$38.00

E24-1 60 servings \$68.00

E24B 300 servings \$290.00

#25 INF-X

There are good bacteria and bad, and #25 INF-X is designed to help the right side win, when your horse is stressed by illness or injury. #25 INF-X helps maintain healthy levels of friendly bacteria necessary to ward off unwanted invaders. #25 is recommended to maintain the proper pro-bacteria to keep the unwanted bacteria from breaking down the otherwise healthy system. "I use this for any viral, bacterial, or fungal issue I may have." Mickey Young

Active Ingredients: A proprietary blend of (Barberry, Echinacea, Garlic, Yarrow, Myrrh, Olive Leaf, Oregon Grape, Slippery Elm, Goldenseal, Juniper and Licorice) 7087 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1-2 level scoop per day for 1000-1200 lb horse. Use for 10 days discontinue for 3 days and then use for 3 more days. One scoop per day may be used longer if needed. There are approximately 60 scoops per bag.

Available sizes: E25-1 60 servings \$82.00

EK25 15 servings \$30.00

#26 Thyroid Support

The thyroid is the orchestrator of the body's organs and needs to be on the job for all the other systems to operate in harmony. A properly functioning thyroid is key to regular and normal breathing, maintaining proper weight, and normalizing the amount of fat and muscle on the neck and tail head. #26 Thyroid Support is comprised of herbs which will maintain and support a normal healthy thyroid.

Active Ingredients: A proprietary blend of (Irish Moss, Kelp, Parsley, Barberry, Ginger, Hops and Poke Root) 8787 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: One half level scoop per day for 1000-1200 lb horse. There are approximately 120 servings per bag.

Available sizes: E26-1 120 servings \$70.00

#27 Liver Support

The liver's natural function is to filter toxins to begin the process of flushing them from the body. It has a huge job in today's world, with the massive amounts of chemicals that surround our horses. From chemical wormers, to the herbicides and insecticides used in the growing of horse feed and forage, to vaccinations and fly spray, we ask a lot of the horse's liver. This makes #27 Liver Support very important, to maintain and support the healthy hard working liver.

Active Ingredients: A proprietary blend of (Milk Thistle, Rose Hips, Barberry, Burdock, Chamomile, Eleuthero, Oregon Grape, Parsley, Dandelion, Cascara, Licorice and Yellow Dock) 7370 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E27-1 60 servings \$72.00

#28 Pituitary Support

The pituitary is a small gland at the base of the brain that tells the thyroid when to perform certain functions such as hair growth and shedding, sweating, milk production, etc. #28 Pituitary Support is designed to support the natural function of the pituitary gland.

Active Ingredients: A proprietary blend of (Barberry, Burdock, Echinacea, Kelp, Parsley, Pau D Arco, Chamomile, Ginger, Ginkgo, Hydrangea and Gondenseal) 7559 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E28-1 60 servings \$70.00

#29 LCR

The herbs in #29 LCR are designed to maintain optimal health in the gastrointestinal tract by maintaining the balance of the naturally occurring juices and support the systems closely related to the digestive process.

Active Ingredients: A proprietary blend of (Marshmallow, Plantain, Slippery Elm, Chamomile, Myrrh, Pau D Arco, Rose Hips, Yarrow, Shepherds Purse, Cascara, Licorice and Gondenseal) 6614 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E29-1 60 servings \$72.00

#30 Digestive

A healthy digestive system is of utmost importance to the overall health of any horse. An optimally healthy digestive system avoids problems and helps support proper digestion and bowel health. #30 Digestive Support maintains a naturally healthy digestive system.

Active Ingredients: A proprietary blend of (Psyllium, Corn Silk, Slippery Elm, Chamomile, Cascara, Dandelion, Hydrangea, Myrrh, Ginger and Licorice) 7276 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E30-1 60 servings \$72.00

"I love how my mare's stay balanced on #31 Mare Moods."

Sherry Cervi & STINGRAY

#31 Mare Moods

When a mare is balanced hormonally she will be as easy to get along with as a gelding. Really! They generally only act like they are mad at the world because they are in great discomfort. The herbs in #31 Mare Moods support healthy and natural hormonal balance, support the reproductive organs and maintain natural heat cycles.

Active Ingredients: A proprietary blend of (Eleuthero, Sarsaparilla, Damiana, Kelp, Red Raspberry, Slippery Elm, Uva Ursi, Valerian, Dandelion, Dong Quai, White Willow and Goldenseal)7087 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

-This product contains Valerian Root, which is a prohibited substance on some venue testing requirements

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E31-1 60 servings \$72.00

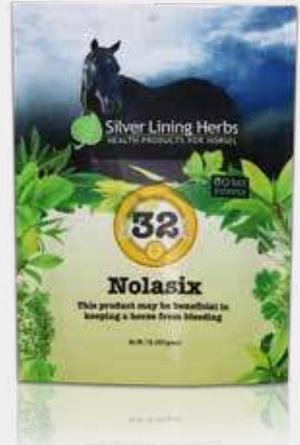

#32 Nolasix

The vascular system is comprised of arteries, veins and capillaries that transport blood to all parts of the body, so it is absolutely essential that this system function normally. The herbs used in #32 Nolasix help maintain the vascular system and may be beneficial to normal circulation without excessive bleeding.

Active Ingredients: A proprietary blend of (Bayberry, Panax Notoginseng, Rose Hips, Shepherds Purse, Yarrow, Echinacea, Eleuthero, Garlic, Mullein, Nettle, Capsicum, Dandelion, Boneset and Ginger) 5666 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per 1 lb bag.

Available sizes: E32-1 60 servings \$75.00

#33 HRP

#33 HRP is formulated to support the normal nerve impulses to the skin. This combination may be beneficial if your horse is showing signs of skin sensitivity when brushing or touching. #33 HRP maintains normal comfort levels in the skin.

Active Ingredients: A proprietary blend of (Catnip, Lemon Balm, Olive Leaf, Oregon Grape, Psyllium, Slippery Elm, Uva Ursi, Yarrow, Dandelion, Garlic, Kelp, Marshmallow, Boneset, Licorice and Goldenseal) 6153 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E33-1 60 servings \$70.00

#35 Lymphatic Support

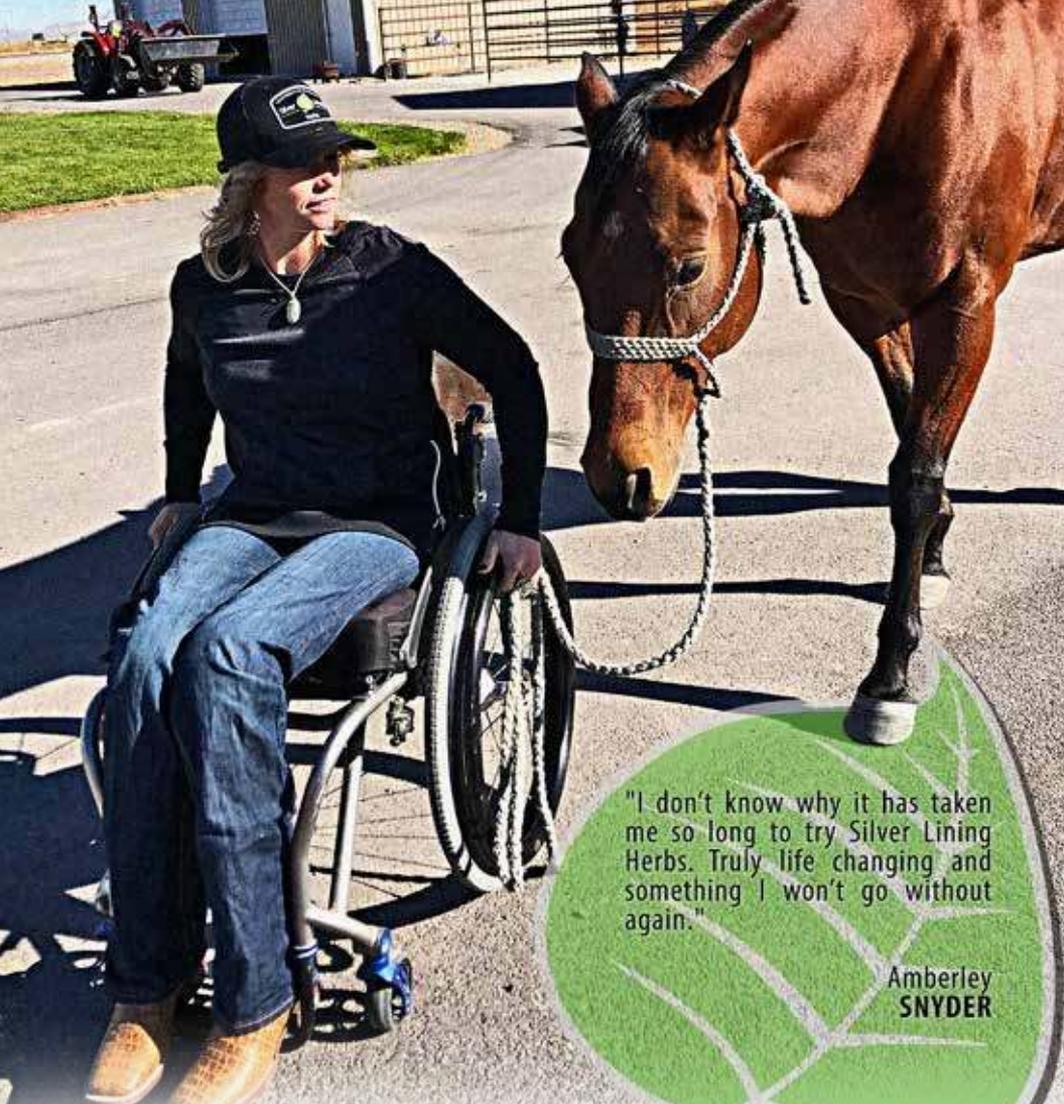

The lymphatic system is the tissue cleaning system. The tissues need support and a way to expel waste. The blood is the transport for these two functions, but the actual implementation of these functions is handled by the lymphatic system. #35 Lymphatic Support contains the herbs that support the horse's natural lymphatic operation.

Active Ingredients: A proprietary blend of (Barberry, Eleuthero, Fennel, Parsley, Rose Hips, Dandelion, Licorice and Poke Root) 6803 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E35-1 60 servings \$70.00

"I don't know why it has taken me so long to try Silver Lining Herbs. Truly life changing and something I won't go without again."

Amberley
SNYDER

#37 Kidney Support

Kidneys are another organ under extreme stress in today's chemically loaded environment. The kidneys' primary function is to cleanse the blood and produce urine, which excretes waste. Due to the critical and body-compressing nature of this job, maintaining normal kidney function is imperative to avoid many of the issues horses will face. #37 Kidney Support will help maintain normal function of the kidneys.

Active Ingredients: A proprietary blend of (Marshmallow, Uva Ursi, Barberry, Garlic, Kelp, Parsley, Dandelion, Chamomile, Hydrangea and Juniper) 7556 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per 1 lb bag, 300 scoops per bucket, and 15 scoops per 1/4 lb bag.

Available sizes:

E1/2-37 30 servings \$40.00
E37-1 60 servings \$72.00
E37B 300 servings \$310.00

#39 Endurance

#39 Endurance was formulated with the endurance horse in mind. It supports the horse through a vigorous workout and promotes normal recovery period when allowed to rest. This combination may enhance performance of the endurance racers and event competitors.

Active Ingredients: A proprietary blend of (Hawthorn, Burdock, Catnip, Eleuthero, Hops, Psyllium, Slippery Elm, Uva Ursi, Yarrow, Echinacea, Lobelia, Oregon Grape, Black Cohosh, Chamomile, Mistletoe and Ginger.) 7369 mg per tbsp. Scoop included. **Inactive Ingredients:** NONE

Note: This product contains Black Cohosh and should not be used on mares that are in the third trimester of pregnancy as this may cause hemorrhage during the foaling.

Recommended use: 1 level scoop per day for 1000-1200 lb horse. There are approximately 60 scoops per bag.

Available sizes: E39-1 60 servings \$70.00

#40 Equisalve

Herbal Salve with Ostrich Oil

All natural salve, for use on galls, open wounds, scratches, and rashes. Useful in thrush, hoof and foot care. May be used in combination with #16 Power Dust on open wounds.

Ingredients: Ostrich Oil, Lanolin, Bees Wax, Comfrey Herb Powder, Tea Tree Essential Oil, Bergamot Essential Oil and Lavender Essential Oil. FOR EXTERNAL USE ONLY

Available sizes: E40 2 oz. (29.57 mg) Jar \$20.00

#41 Equine Oil

A superb oil comprised of pure essential oils in a coconut oil base. Use to massage spinal column, on tired horses and use to help calm over-zealous horse by applying to nostrils.

This calming oil is used by many farriers and dentists to calm the horse while they work.

Ingredients: Coconut oil, Oregano oil, Frankincense oil, Lemon oil, Cinnamon oil, Eucalyptus oil, Clove oil, and Rosemary oil.
FOR EXTERNAL USE ONLY

Recommended Use: Apply using a cotton swab to the inside of the horse's nostrils 20-30 minutes before using horse.

Available sizes: E41 8 Fluid oz. bottle \$25.00

#61 Joint Rub

Herbal gel specifically formulated to target joint inflammation and discomfort due to normal daily exercise and activity. May be beneficial for aging horses with joint pain.

Ingredients: Purified Water, Phenoxyethanol & Caprylyl Glycol & Sorbic Acid, Sodium Hydroxide, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, PEG-33 & PEG-8 Dimethicone & PEG-14, Aloe Barbadensis Leaf Juice, Arnica Flower, Comfrey Leaf, White Willow Bark, Celery Seed, Devil's Claw Root, Feverfew Leaf, Poke Root, Ascorbic Acid (Vitamin C), Mixed Tocopherols (Vitamin E) (soy), Turmeric Root, Edetate Disodium, Natural Plant Extract, Potassium Sorbate.

Suggested Use: Apply at least 3 times daily to the affected areas.

Available sizes: E61 7 oz. (200 g) Tube \$20.00

CBD Oil Tincture For Pets

Our 240 mg CBD premium organic hemp oil is THC free. This product supports dogs with pain, anxiety and inflammation.

Ingredients: Organic MCT Oil, Organic Hemp Extracts

Recommended use: SHAKE BEFORE EACH USE. You may wish to consult a veterinarian before use. Not for human consumption. Add the recommended serving to your pet's food or treat. **Recommended ratio:** 0.25 mL (1mg CBD) per 10 lbs of animal weight. (Example serving: a 30 lb. dog would need .75mL per serving.) If desired you may give a second serving after one hour.

Available sizes: K45-20Z 2 fl oz/60mL \$49.00

Hemp Seed Coconut Oil

Hemp Seed-Coconut Oil is a great source of Omega 3 fatty acids which are vital to everyday health, strong muscles and healthy joints. It contains antioxidants and increased palatability that dogs love. Hemp Seed-Coconut Oil may be beneficial in supporting the body's natural response to inflammation as well as maintaining the health of the skin, joints, immune system, and cardiovascular system.

Active Ingredients: per 1/2 tsp.: proprietary blend of (Hemp Seed oil, Omega 3 Fatty Acid (Coconut oil, Flax Seed oil, Non-GMO Soybean oil), d-alpha-tocopherol (Vitamin E oil)) **Inactive Ingredients:** NONE

Recommended use: up to 25 lbs - 1 pump
51-75 lbs - 3 pumps
26-50 lbs - 2 pumps
76+ lbs - 4 pumps

Available sizes: **K9 HempCoco** 8 oz. Bottle \$20.00

#10 Foundation

#10 Foundation is recommended for all dogs to support normal health and vitality. Food sources for all of us-human, horse and dog alike-have declined in richness and diversity. There is a need to replace basic, vital ingredients with a quality, well rounded foundational product. #10 Foundation does just this for dogs, and is the base upon which all Silver Lining canine formulas are built. In other words, always use #10 Foundation, and when your dog needs support in specific areas, add the other formulas as required. The exception to this rule is #20 Keep Cool which is best used alone.

Active Ingredients: A proprietary blend of (Echinacea, Flax Seed, Milk Thistle, Psyllium, Slippery Elm, Ashwaganda, Dandelion and Panax Ginseng) 540 mg per 1.25 cc Scoop included/530 mg per capsule. **Inactive Ingredients:** NONE

Recommended use:

Powder:

up to 30 lbs - 1 scoop per day
31-75 lbs - 2 scoops per day
over 75 lbs - 3 scoops per day

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: **K10P2** 2 oz. Powder Jar (Approx. 105 scoops) \$19.00

K10C 90 Capsule Bottle \$18.00 

#11 Brain & Nerve Support

The dog's nervous system, consisting of the brain, spinal cord and associated nerves, is essential to nearly every function in a dog's body, including balance, movement, thought, vision and hearing. # 11 Brain & Nerve Support helps maintain healthy function of the nervous system.

Active Ingredients: A proprietary blend of (Burdock, Eleuthero, Ginkgo, Gotu Kola, Lemon Balm, Passion Flower, Skullcap and Ashwaganda) 430 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: For best result use in combination with #10 Foundation

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: **K11C** 90 Capsule Bottle \$21.00

#12 BTC

Bone, Tissue and Cartilage Support. Strong bones and connective tissue are important to mobility, exercise and health. Anything less than optimal health can lead to injury or tenderness. #12 BTC is specifically formulated to support the natural health of the structural system of the body including connective tissues (tendons and cartilage), teeth and claws.

Active Ingredients: A proprietary blend of (Butchers Broom, Gotu Kola, Garlic, Kelp, Mullein, Plantain, Yarrow, Lobelia, Safflower and Boneset) 500 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: For best result use in combination with #10 Foundation

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: K12C 90 Capsule Bottle \$23.00

#13 Herbal Wormer

Commercial synthetic dog de-wormers can have undesirable side effects and only work against certain types of worms, with no effect at all on protozoa and some other harmful parasites. In contrast, #13 Herbal Wormer naturally supports your dog's natural defense against worms because when it's operating correctly, that defense system is enough to destroy or expel unwanted parasites. This formula is not intended to replace heartworm preventative medications. Even animals medicated with such preventatives should use #13 Herbal Wormer to support the body's natural de-worming defenses and maintain a natural resistance to protozoa.

Active Ingredients: A proprietary blend of (Barberry, Cascara, Garlic, Milk Thistle, Sage, Slippery Elm, Cloves, Goldenseal, Chaparral and Juniper Berry) 500 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: Use for 10 consecutive days whenever you need to deworm.

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: K13C 90 Capsule Bottle \$21.00

#18 Joint Support

Product Support and Ingredients

01 Black Cohosh

May help discomfort associated with normal daily exercise and routine.

02 Boneset

Maintains discomfort in the muscle and bone by promoting muscle relaxation.

10 Yucca

Supports occasional stiffness and soreness.

08 Turmeric

Maintains an environment free of free radicals. Supports consistent joint aches and pains.

07 Ginger

Supports the properties of the other herbs. Supports circulation and comfort in the stomach.

03

Boswellia

Anti-inflammatory and may aid in various chronic inflammatory disorders

04 Burdock

Optimum ingredient to enhance the body's normal repair of connective tissues and joints. Promotes normal kidney functions.

06 Devil's Claw

May help with joint, nerve and headache discomfort.

05 Butcher's Broom

Supports synovial fluid circulation throughout body. Supports normal urinary tract functions.

#18 Joint Support

Healthy joints are key to a happy, mobile dog. The herbs found in #18 Joint Support promote the natural production of synovial fluid to maintain healthy joint function.

Active Ingredients: A proprietary blend of (Boswellia, Burdock, Butchers Broom, Devils Claw, Ginger, Turmeric, Yucca, Boneset and Black Cohosh) 481 mg per 1.25 cc Scoop included/505 mg per capsule.
Inactive Ingredients: NONE

Note: *This product contains Black Cohosh and should not be used on females that are in the third trimester of pregnancy as this may cause hemorrhaging.*

Recommended use: For best result use in combination with #10 Foundation

Powder:

up to 30 lbs - 1 scoop per day
31-75 lbs - 2 scoops per day
over 75 lbs - 3 scoops per day

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes:

K18P-2 2 oz. Powder Jar (Approx. 105 scoops) \$24.00

K18C 90 Capsule Bottle \$23.00

#19 Bld Klنز

Healthy circulation is critical to a dog's well-being on a cellular level. The circulatory system supports antibodies and germ-killing cells to fight the battle for good health. #19 Bld Klنز is a blend of herbs historically used for supporting naturally healthy blood and circulation. We strongly recommend it for animals that would benefit from support of the circulatory system and frequently suggest pairing this formula with #24 Immune Support.

Active Ingredients: A proprietary blend of (Astragalus, Burdock, Devils Claw, Echinacea, Garlic, Ginger, Ginkgo, Pau D Arco, Red Clover, Slippery Elm, Yellow Dock, Cascara, Dandelion, Chaparral, Juniper Berry and Licorice) 505 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: For best result use in combination with #10 Foundation

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: **K19C** 90 Capsule Bottle \$21.00

#20 Keep Cool

Emotional stress can be manifested by nervousness, excessive whining, separation anxiety, destructive behaviors, fearfulness, aggression or excessive distractedness in dogs. #20 Keep Cool supports a normal, stress-free attitude in your dog.

Active Ingredients: A proprietary blend of (Catnip, Chamomile, Hops, Passion Flower, Skullcap and Valerian Powders) 378 mg per 1.25 cc Scoop included/435 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: Use for 10 consecutive days whenever you need to deworm.

Powder:

up to 30 lbs - 1 scoop per day
31-75 lbs - 2 scoops per day
over 75 lbs - 3 scoops per day

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

#21 Bright Eyes

The tissues of the eyes are exquisitely dependant on the availability of proper maintenance. #21 Bright Eyes is designed to support and maintain the normal function of the eyes.

Active Ingredients: A proprietary blend of (Bilberry, Eyebright, Barberry, Red Raspberry, Uva Ursi, Marshmallow and Chaparral) 460 mg per capsule.

Inactive Ingredients: NONE

Recommended use:

Capsules:

up to 30 lbs - 1 capsule per day

31-75 lbs - 2 capsules per day

over 75 lbs - 3 capsules per day

Available sizes: K21C 90 Capsule Bottle \$21.00

#22 Respiratory Support

Proper support of the respiratory tract is critical to continued good health. #22 Respiratory Support is your best choice to provide that support.

Active Ingredients: A proprietary blend of (Mullein, Yerba Santa, Boswellia, Burdock, Ginger, Ginkgo, Irish Moss, Marshmallow, Yarrow and Licorice) 490 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: For best result use in combination with #10 Foundation

Capsules:

up to 30 lbs - 1 capsule per day

31-75 lbs - 2 capsules per day

over 75 lbs - 3 capsules per day

Available sizes: K22C 90 Capsule Bottle \$21.00

#24 Immune Support

When your dog's health is challenged by genetic issues, aging, or any other situation that falls short of perfect youth and health, you might consider adding #24 Immune Support to his baseline of #10 Foundation. The herbs in #24 Immune Support are designed to aid and support a robust immune system, making it easier for your dog to fight off issues that might otherwise cause trouble.

Active Ingredients: A proprietary blend of (Rose Hips, Sarsaparilla, Astagalus, Eleuthero, Garlic, Olive Leaf, Parsley, Pau D Arco, Plantain, Red Clover, Wheat Grass and Licorice) 473 mg per 1.25 cc Scoop included/480 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: For best result use in combination with #10 Foundation

Powder:

up to 30 lbs - 1 scoop per day
31-75 lbs - 2 scoops per day
over 75 lbs - 3 scoops per day

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: **K24P-2** 2 oz. Powder Jar (Approx. 105 scoops) \$24.00
K24C 90 Capsule Bottle \$23.00

#25 INF-X

There are good bacteria and bad, and #25 INF-X is designed to help the right side win when your dog is stressed by illness or injury. #25 INF-X helps maintain normal healthy levels of friendly bacteria necessary to ward off unwanted invaders. #25 is recommended to maintain the proper probacteria to keep the unwanted bacteria from breaking down the otherwise healthy system.

Active Ingredients: A proprietary blend of (Barberry, Olive Leaf, Echinacea, Garlic, Marshmallow, Myrrh, Oregon Grape, Yarrow, Yerba Santa and Goldenseal) 460 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: Give daily for ten days, then discontinue for three days, then feed daily again for three days

Capsules:

up to 30 lbs - 1 capsule per day
31-75 lbs - 2 capsules per day
over 75 lbs - 3 capsules per day

Available sizes: **K25C** 90 Capsule Bottle \$25.00

#26 Thyroid Support

The thyroid is the orchestrator of the body's organs and needs to be on the job for all the other systems to operate in harmony. A properly functioning thyroid is key to regular and normal breathing and maintaining proper weight. #26 Thyroid Support is comprised of herbs which will maintain and support a normal, healthy thyroid.

Active Ingredients: A proprietary blend of (Parsley, Ashwaganda, Bupleureum, Ginger, Milk Thistle, Mullein, Sarsaparilla and Lobelia) 505 mg per capsule. **Inactive Ingredients:** NONE

Recommended use: This product is not intended as a replacement for Veterinarian prescribed thyroid medications. Should not be used with #10, #19, #22, #24, #25 or immune stimulating herbs.

Capsules:

up to 30 lbs - 1 capsule per day

31-75 lbs - 2 capsules per day

over 75 lbs - 3 capsules per day

Available sizes: **K26C** 90 Capsule Bottle \$23.00

#27 Liver Support

The liver is the great detoxifying organ of the body, and as such, has enormous impact on overall health and vitality. #27 Liver Support is designed to give a full spectrum support to the liver, maintaining healthy normal, liver function.

Active Ingredients: A proprietary blend of (Milk Thistle, Barberry, Burdock, Chamomile, Eleuthero, Oregon Grape, Tumeric, Yerba Santa, Dandelion and Cascara) 505 mg per capsule. **Inactive Ingredients:** NONE
