## 24" Sand Filter

- Flange clamp design allows any rotation of valve to plumbing
- Smart top diffuser ensures even distribution of water over the top of the sand media bed, which provides smooth, free flowing performance
- Unitized, corrosion-proof filter tank molded of rugged polymeric material for dependable, all-weather performance
- Designed drain for rapid winterizing or servicing
- Precision engineered self cleaning laterals for balanced flow, backwashing and easy serviceability

**Maintenance Kit Includes:**  
75480, 75360, 75290, 75490, 75260

## SwimWerx LED Light - Wide Mouth Faceplate

Attaches as a skimmer faceplate, fitting all above ground wide mouth skimmers. The faceplate cover helps hide the light's power wire, which then slips under the top rail of the pool. A 24vac transformer is included. This white LED light is brighter than any 50w traditional above ground pool light.
