OVERVIEW

Leading Industrial Solutions Provider

APG Industrial is a premier supplier of fluid transfer, pneumatic, hydraulic and industrial equipment solutions, serving a diverse range of industries with cutting-edge technology and expertise.

Global Partnerships & Product Excellence

APG Industrial proudly represents an array of leading global brands, ensuring that clients receive top-tier solutions tailored to their operational needs. These brands include:

KALYMNOS

MannTek

PNEUMAX

LIQUIP
PART OF GPW A BOWEN company

PIUSI

silea

Additionally, APG Industrial has developed its own proprietary brands:

TANKER EQUIPMENT

Optimized Fluid Transfer & Safety Solutions

APG Industrial delivers **high-performance tanker equipment**, engineered to the highest standards for **safe and efficient bulk fluid transport, product transfer, and vapour recovery** in critical operational environments.

Industries

- Aviation
- Bitumen
- Chemical
- Dry Bulk
- Petrochemical

Product Categories

- Tanker Top
- Tanker Bottom
- Tanker Accessories
- Metering, Dispensing & Gauging
- Tanker Overfill Systems

TERMINAL EQUIPMENT

Optimized Bulk Transfer & Safety Solutions

APG Industrial delivers industry-leading terminal equipment, ensuring efficient, secure, and safe handling of hazardous fluids for large-scale storage, transfer, and distribution in high-demand operational environments.

Industries

- Agriculture
- Chemical
- Marine
- Mining
- Oil Refining
- Petrochemical
- Transportation

Product Categories

- Bottom Loading
- Top Loading
- Vapour Recovery
- Closed Circuit Vapour Balanced Loading
- Discharge Systems
- Overfill Protection Systems
- Quick and Dry Disconnect Couplers
- Safety Breakaways
- Rail Car Loading and Unloading System

FLUID TRANSFER EQUIPMENT (OWN-USE)

Optimized Flow Control & Safety Solutions

APG Industrial provides high-quality fluid transfer equipment, ensuring safe and efficient movement of lubricants and liquids, including petrol, diesel, oil, water, AdBlue and grease. Our complete solutions support bulk transport, precision dispensing, and contamination control in demanding operational environments.

Industries

- Agriculture
- Garage Equipment
- Industrial
- Logistics
- Marine
- Mining and Construction

Product Categories

- Dispensers
- Transfer Pumps
- Flow Meters
- Nozzles
- Filtration
- Tank Monitoring Systems
- Transfer Accessories

GO FLO
WHERE FLOW MATTERS

FUEL MANAGEMENT SYSTEMS

Advanced Transfer & Management Solutions

APG Industrial's intelligent fuel management systems empower businesses to **take control of their fleet, optimize operations, cut costs, and enhance profitability**. Designed for **fleets of all sizes**, our solutions **streamline fuel usage, provide real-time monitoring, and improve efficiency**.

Industries

- Agriculture
- Garage Equipment
- Industrial
- Logistics
- Marine
- Mining

Product Categories

- Control Box
- Dispensers
- Software

LUBRICATION SYSTEMS

Enhancing Machinery Performance & Longevity

APG Industrial delivers **advanced lubrication systems** that enhance **efficiency, durability, and reliability** while minimizing **wear and downtime**. Our **cutting-edge equipment**, backed by **certified performance and innovative design**, sets **industry benchmarks** through a commitment to **quality, sustainability, and customer-focused innovation**.

Industries

- Agriculture
- Aviation
- Automotive
- Chemical
- Cleaning
- Industrial
- Marine
- Mining and Construction

Product Categories

- Hose & Cable Reels
- Diaphragm Pumps
- Oil Equipment
- Grease Equipment
- Service Columns & Trolleys
- Diesel Fuel Equipment
- Pneumatic Pumps
- Cleaning Equipment
- Centralized Lubrication Systems

HOSES AND HOSE ASSEMBLIES

Reliable Performance for Fluid Handling

APG Industrial delivers high-performance hoses and hose assemblies, ensuring efficient, durable, and reliable fluid transfer while minimizing leaks and downtime.

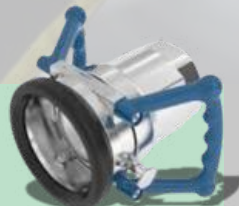

Industries

- Agriculture
- Chemical
- LPG
- Mining
- Petrochemical

Product Categories

- Multipurpose Hose
- Pump Hose
- Petrochemical Transfer Hose
- Composite Hose
- Hydraulic Hose

We also offer on- and off-site pressure testing, with certification handled by our workshop.

PNEUMATICS

Precision & Efficiency in Industrial Automation

APG Industrial sources high-performance pneumatic components and systems, offering precision, reliability, and efficiency for industrial automation. Backed by technology, international experience, and ingenuity, we provide custom solutions and advanced pneumatic technologies to enhance productivity and reduce maintenance across industries.

Industries

- Automotive
- Fluid Transfer and Processing
- Industrial
- Manufacturing
- Mining

Product Categories

- Pneumatic Actuation
- Cylinders
- Vacuum Technology and Air Distribution
- Valves and Solenoid Valves
- FRL & Booster systems
- Air Service Units
- Fittings and Accessories

HYDRAULICS

Power & Precision for Industrial Applications

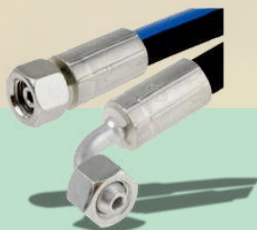

APG Industrial provides **high-performance hydraulic solutions**, ensuring **efficiency, durability, and seamless integration** for fluid power systems. Our hydraulics offer **precise control, high force output, and reliable operation** across demanding applications and heavy-duty operations.

Industries

- Agriculture
- Automotive
- Food Processing
- Forestry
- Manufacturing
- Marine
- Mining and Construction
- Transportation

Product Categories

- Hydraulic Cylinders
- Fittings & Connectors reliability.
- Hydraulic Hose

OUR WORKSHOP

MANUFACTURING AND SOLUTIONS OVERVIEW

LIQUID TRANSFER & LUBRICATION

Technical Expertise & Advanced Solutions

Workshop Capabilities

APG Industrial operates a **state-of-the-art technical workshop**, specializing in:

- Repair & Refurbish of Fluid Transfer and Lubrication Equipment
- Custom Built Systems
- Painting
- Machining
- Fabrication
- Hose assemblies
- Manufacture and Installation of Equipment

Hydrostatic hose pressure testing available both on-site and off-site.

HYDRAULIC & PNEUMATIC

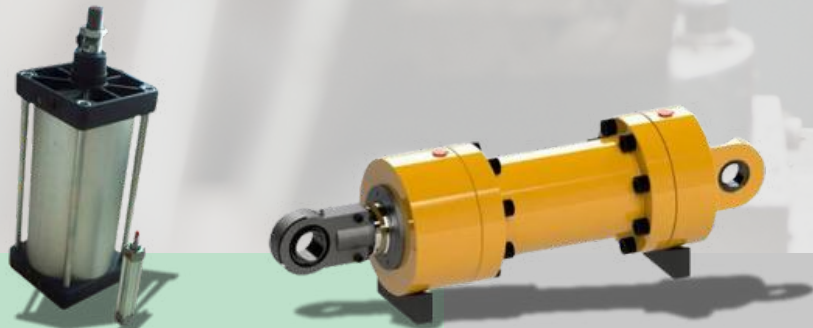

Tailored Engineering for Seamless Operations

Workshop Capabilities

APG Industrial operates a **state-of-the-art technical workshop**, specializing in:

- Repair & Refurbish Hydraulic and Pneumatic Equipment
- Machining
- Fabrication
- Hose assemblies
- Manufacture of Cylinders
- Comprehensive Strip & Quote
- Expert Fault Diagnosis

Servicing and installation of hydraulic and pneumatic equipment available both on-site and off-site.
