GROUP LLOYD

TECHNICAL GLOSSARY

A quick guide and explanation to the icons showing the important technical features found in Group Lloyd products.

FIBREGLASS COMPOSITE WEAVE

A blend of carefully selected pre-preg weaves to create a great strength to weight ratio shell construction.

ECE 22-05 CERTIFIED

Latest helmet safety standard ECE 22-05 compliant, meeting and exceeding the European standard.

DVS (Dual Visor System)

Adjustable inner sun visor allowing for ultimate adaptability in all light conditions with the flick of a switch.

MICROMETRIC BUCKLE

Micrometric buckle for ultimate adjustability and perfect tension.

PINLOCK® PREPARED

Visor is pre-drilled for mounting a Nitro Pinlock® Anti-fog insert.

MULTI POLY TECH SHELL

MPT (Multi-Poly Tech) dependable and trusted formula blend of polymer material used in Nitro's shell construction.

DOUBLE-D BUCKLE

Nitro race standard metal alloy Double-D fastening and adjustment system.

REMOVABLE LINER & CHEEK PADS

Removable and washable liner system enabling the ultimate comfort fit.

WATERPROOF

Waterproof membrane layer fitted to battle against the elements and keep you dry.

SHOKBLOK CE ARMOUR

ShokBlok integrated armour systems - CE approved armour fitted at key impact areas including: Shoulder, Elbow and Knee

VISOR LOCK

Visor comes fitted with a visor lock to secure the lock the visor in the closed position

CARBON COMPOSITE WEAVE

A blend of carefully selected pre-preg weaves to create the ultimate strength to weight ratio shell construction.

GROUP LLOYD

Nitro is owned, designed and distributed exclusively by:
Group Lloyd, Pallet Hill, Penrith, Cumbria CA11 0BY,
