Yi-Ting Lin's **PROFILE**

My name is Yi-Ting Lin, born and raised in Taiwan. Currently an amateur illustrator based in Tainan City of Taiwan. I've been training art skills since high school, and currently I'm studying master degree of visual art and animation.

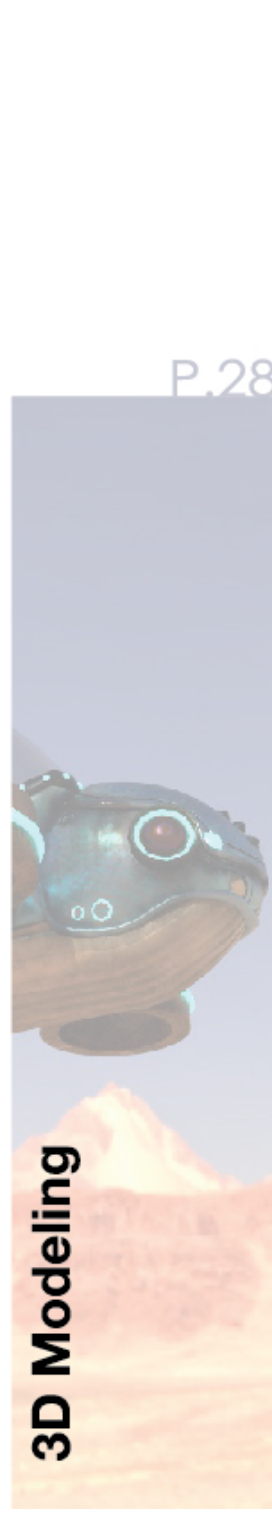

Apart from illustrating, I also enjoy exploring culture from other countries, especially focusing on East African culture recently. I'm now working on a personal project called "Nirere's Journey" which is an animation about a little girl having an adventure while portraying the beauty of Rwandan culture from her point of view.
