CLEANING AND CARE

INSTRUCTIONS

First Use Care & Cleaning Instructions for Glass Vases and Ceramic Containers.

If your glass vases or ceramic containers have been sitting in a warehouse for a while, they may accumulate dust or develop a slight dirt film. Follow these steps to safely clean and restore them to their original beauty.

Materials Needed:

- Soft microfiber cloth
- Soft-bristle brush (optional)
- Mild dish soap
- Warm water
- White vinegar
- Non-abrasive sponge or cloth
- Cotton swabs (for hard-to-reach areas)
- Towel or drying rack
- Soft drying cloth (optional)

Glass Vases

Step 1: Pre-Rinse the Vase

Carefully rinse the vase with warm water to loosen any dust or dirt that has accumulated. If the vase has a narrow neck, swish the water inside the vase to reach the entire interior.

Step 2: Prepare a Cleaning Solution

In a basin or sink, mix warm water with a few drops of mild dish soap. For stubborn dirt or stains, you can add a tablespoon of white vinegar to the solution.

Step 3: Gently Clean the Vase

Dip a soft cloth or non-abrasive sponge into the cleaning solution and gently wipe the vase's exterior and interior. For narrow-neck vases or tight spots, use a soft-bristle brush or cotton swabs to reach inside.

Step 4: Rinse Thoroughly

Rinse the vase with warm water to remove any soap or vinegar residue.

Step 5: Dry the Vase

Dry the vase with a clean, soft cloth or allow it to air-dry on a drying rack. If water spots appear, wipe the surface with a dry microfiber cloth for a polished finish.

Ceramic Containers

Step 1: Dust Off the Surface

Use a soft, dry microfiber cloth or a soft-bristle brush to gently dust the ceramic container, removing any surface dust or dirt.

Step 2: Prepare a Cleaning Solution

Mix warm water with a few drops of mild dish soap in a bowl or sink. For tougher spots, you can add a tablespoon of white vinegar to the mixture.

Step 3: Clean the Container

Use a non-abrasive sponge or soft cloth dipped in the cleaning solution to gently clean the ceramic surface. Be sure to avoid scrubbing too hard, as some ceramics may have delicate glazes or finishes. For grooves or intricate designs, use a soft-bristle brush or cotton swabs to remove dirt from crevices.

Step 4: Rinse the Container

Rinse the ceramic container thoroughly with clean, warm water, ensuring no soap or cleaning solution is left behind.

Step 5: Dry the Container

Use a clean towel to pat the ceramic container dry or allow it to air-dry. To avoid water spots or streaks, gently buff the surface with a microfiber cloth once dry.

Tips for Long-Term Care:

Store glass vases and ceramic containers in a dust-free environment when not in use. Avoid using harsh chemicals or abrasive scrubbers, as they can damage delicate finishes. For frequent use, perform regular light cleanings to prevent the buildup of dust and dirt.

By following these steps, your glass vases and ceramic containers will stay clean, polished, and ready for use.

TERMS & CONDITIONS

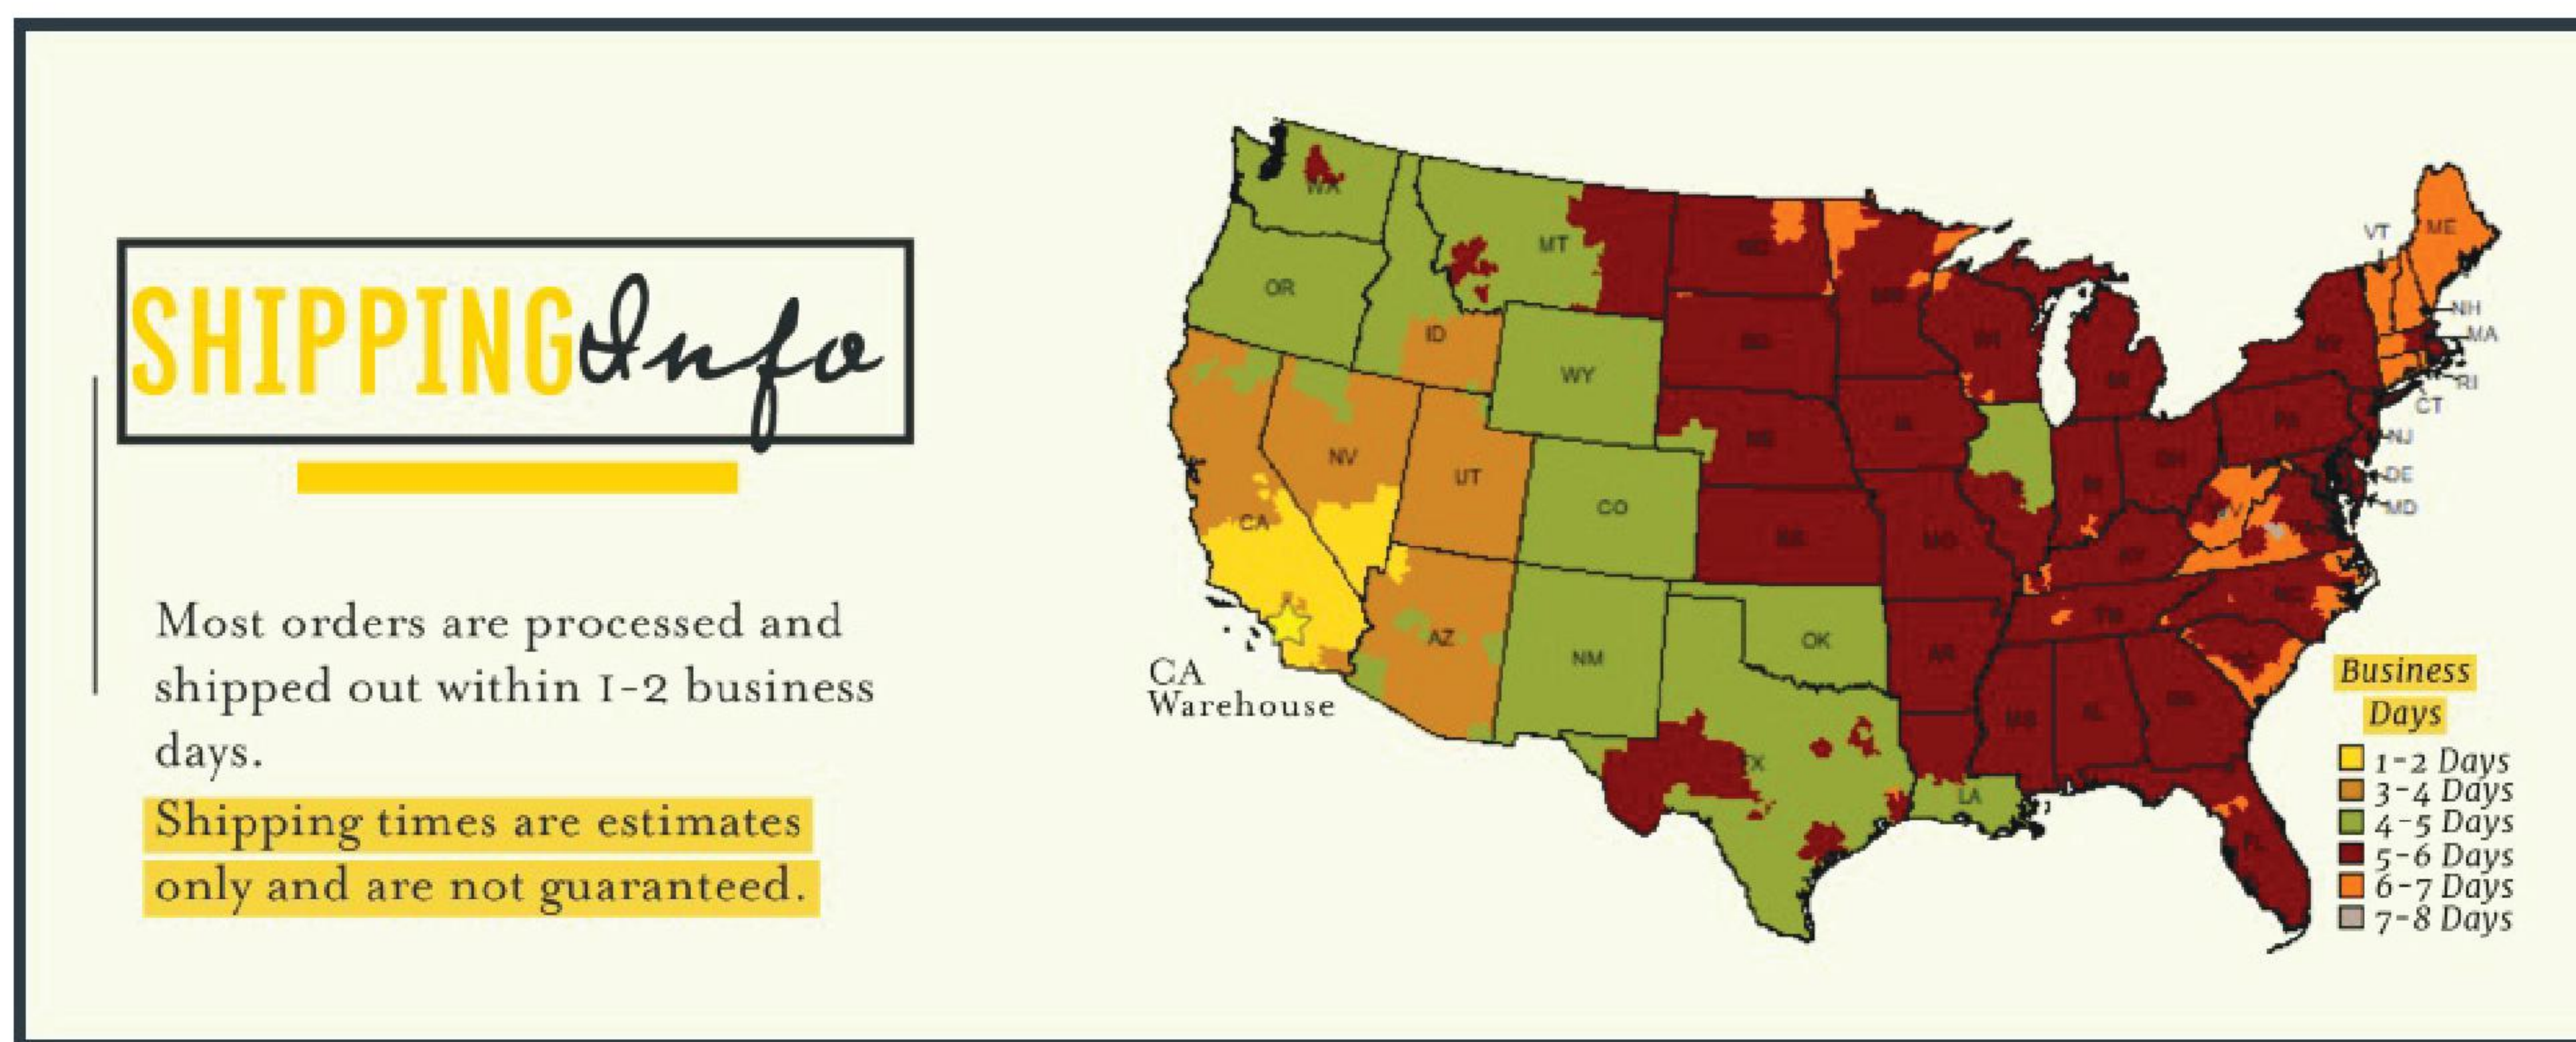

These Terms and Conditions ("Terms") outline the agreement between you, the customer ("you"), and WGV International ("we" or "us") concerning product shipping times, the unique characteristics of handmade products, and related policies. By placing an order or using our services, you agree to be bound by these Terms. Please read them carefully before proceeding with any purchase.

Handmade Products

Most of our items are handmade by skilled artisans, giving each piece a unique and personal touch. As a result, there may be slight variations in size, particularly with hand-blown glass products, which may have a size discrepancy of up to +/- 0.5 inches.

Hand-blown glass may naturally contain small air bubbles, which are not considered defects unless they affect the item's functionality or safety. While we ensure the highest quality, slight variations are part of the handmade process and should be expected.

SHIPPING

Shipping Time Estimates

We strive to provide accurate shipping time estimates, but they are not guaranteed. Delivery times depend on external factors such as third-party shipping carriers and other influences beyond our control.

Factors Affecting Shipping Times

1. Processing Time: This includes order verification, packaging, and preparation for shipment.
2. Carrier Services: Delivery speed depends on the policies and workload of the chosen shipping carrier.
3. Transit Time: The duration of shipping varies based on distance, method, and location-specific circumstances.

Delivery Delays

We make every effort to ensure timely delivery, but we cannot be held responsible for delays caused by external factors such as natural disasters, customs clearance, weather conditions, strikes, or other unforeseen events.

Communication and Updates

We will keep you updated on your order's progress through email, SMS, or other communication channels. However, tracking information may not always reflect real-time delivery status.

TERMS & CONDITIONS

Customer Responsibility

Ensure that the shipping information provided during checkout is accurate and complete. Inaccurate or incomplete information may result in delayed or failed deliveries, for which we are not liable.

**Time-Specific Delivery Requests*

If you need your order to arrive within a specific time frame, you must communicate this requirement when placing the order. While we can provide estimates, WGV International is not responsible for missed deadlines unless explicitly confirmed in writing.

Limitation of Liability

We aim to meet your shipping expectations but do not guarantee shipping times. We are not liable for any direct, indirect, incidental, or consequential damages related to shipping delays.

Damage Claims

All damage claims must be submitted within 7–10 days of receiving your order. Claims submitted outside of this time frame may be denied. It is crucial that you thoroughly inspect all items upon receipt and include all damaged items in your initial claim. Multiple damage claims may be denied, so please ensure that all items are inspected and reported as part of your first submission. To submit a damage claim, please include photos of the damaged items along with the SKU number and the quantity of pieces affected. Claims submitted without photographic evidence will be denied.

We do not permit the resale of our products on third-party platforms, including but not limited to Amazon, Wayfair, Walmart, Overstock, Bed Bath & Beyond, eBay, and Etsy, without prior authorization. Orders placed by unauthorized sellers may be canceled, and accounts may be terminated.

Customer Returns and Exchanges

Return Shipping Costs

Customers are responsible for return shipping costs, including any customs duties or fees. The original shipping cost of your order is non-refundable.

Refund Processing

Refunds will be issued to the original payment method after we receive and inspect the returned item. Please note that original shipping fees are non-refundable.

By using our services or placing an order, you confirm that you have read, understood, and agreed to these Terms. If you disagree with any part of these Terms, please refrain from using our services or making a purchase.

TERMS & CONDITIONS

- b. Inspect the shrink wrapping to ensure it is intact and hasn't been tampered with.
- c. **Shrink Wrap Integrity:**
 - i. Our pallets are tightly shrink-wrapped to secure the items and prevent movement during transit. Please inspect the shrink wrapping to ensure it is intact and hasn't been tampered with. The tight shrink wrap is designed to maintain the integrity of the products inside and is an additional measure to safeguard your order during delivery. If you notice any issues with the shrink wrap, please make a note of it during the inspection.

- c. **Significance of Documentation:**
 - i. Documenting damages is essential as it serves as an official record of the condition of the pallet upon delivery. If you accept the pallet without noting damages, it may be interpreted as an indication that the order was received in satisfactory condition. This documentation is crucial for facilitating any necessary claims or replacements for damaged items, ensuring you receive the products in the best possible condition.
- d. **Contacting Customer Support:**
 - i. If you encounter any issues during the inspection or have concerns after the delivery, please contact our customer support immediately. Provide them with the details of the situation and any documentation you have gathered – (626) 452-8268

- a. If possible, take clear photographs of the damaged areas or any signs of tampering. These images can be valuable for our records and to expedite the resolution process.

5) Communication with the Delivery Personnel:

- a. If there are concerns about the condition of the pallet, discuss them with the delivery personnel before signing. They may be able to provide additional information or assist in documenting the issues.

6) Retaining Documentation:

- a. Keep a copy of the signed delivery slip with your notes for your records.

Your satisfaction is our priority, and we appreciate your cooperation in ensuring the safe and secure delivery of your pallet order. If you have any questions or need further assistance, don't hesitate to reach out to our customer support team.
