Firmly in the elite of Europe

Once again, for one more season, Greek volleyball is represented in the top European intercollegiate competition by Olympiacos ONEX. Thrylos among the 20 best teams in Europe, advertising at the top level the Greek sport and in this sport!

The Greek double winners are in the group stage of the CEV Champions League and tonight (20/11, 19:30), for the second round, they welcome the German team Gießen at the renewed indoor gym of Renti "M. Mercouri".

The 'reds' have a long history in the European Cups, they are for the second season at the highest level, the CEV Champions League, where they want to establish themselves, which they show with the transformation of the indoor 'M. Mercouri'. The club is investing in its stadium, renewing it and (continues to) upgrade it continuously, at all levels!

With Olympiacos ONEX having big ambitions (and) this year, in all competitions, both within and outside the borders.

SEASON 2024 – 2025

Stoiximan

It is constituted in Piraeus under the title "Olympiacos Association of Piraeus Fans", a club whose purpose is the development of physical education among the youth and its elevation in an always friendly manner.

It is unknown whether that group of people who held the historic meeting in the tavern of the Fate in 1925 and immediately afterwards issued a constitution, part of which you have just read, had the slightest idea that they were making history.

The aim, as Michalis Manouskos said, was to create an Association that would be an inspiration for all Greeks.

"Olympiacos" was the name and the laurel-crowned teenager was its emblem.

In the end, Olympiacos was not only a source of inspiration. It became much more than that. It was the reason why the economically disadvantaged walked down the street with their heads held high. Proudly. It wasn't just their team, it was a way of life.

A club that comes from the people, walks with them and ends up with them. Olympiacos is not a team yet. It is above the game itself. More intense than the excitement of victory. A way of life. An example for everyday fighters. He doesn't give up. He overcomes obstacles. He is Olympian. He is Greece itself. He is Ideal. It is a legend.

He was born in Piraeus, the 2nd largest port in the Mediterranean. It was sung in: "no matter how hard I look, I can't find another port". He travels the world with the Olympic ideals. It inspires the Greeks. It is in the mind something magical.

The legacy is great. It is our duty to keep the legend on the road to success. The responsibility to pass on the Olympic ideals to future generations is also great. Olympiacos is a legend. Our Olympiacos family.

We are winners. We never stop. We never give up.

We keep dreaming!

Tonight's European opponent of Olympiacos ONEX, Gießen, finished second in the Bundesliga regular season last season and reached the semi-finals of the playoffs.

The German club's volleyball department was founded in 1981. In the 2008-09 season, Gissen was promoted to the Bundesliga for the first time in its history, but finished in last place in the standings and was relegated to the second division of German volleyball.

However, 10 years later, in the 2018-19 season, the European rival of the club returned to the "big leagues" of German volleyball and dropped... anchor. That's because, to this day, they have been competing in the Bundesliga, with steady steps upwards, every season! It is characteristic that this year, for the first time in its history, it participates in the top European inter-club competition, in the group stage of the CEV Champions League.

THE LEGEND OF EUROPE!

Olympiacos. The team of legends. The team of triumphs. The Legend of Europe! Olympiacos is the "Emperor" of Greek volleyball. 31 Championships, 17 Cups, 6 League Cups. And of course, countless victories, countless moments of glory and pride!

Last season (2022-23), Olympiacos reached the Challenge Cup final, winning its third European title. A "magical" night at the Peace and Friendship Stadium. The Peace and Friendship Stadium, filled with 15,000 "red and white" fans, experienced another great moment. The department's third European title was won in the best possible way. Team and fans were 'one', a 'fist'.

Olympiacos returns to the Champions League, to the elite of European volleyball. In the sport, in which it has celebrated countless successes in its glorious history! Olympiacos is the most successful Greek team in European and international competitions, a legendary team.

The only team in Greece that has won a European title, three of them, the 1996 and 2005 European Cup Winners' Cups and, of course, last year's Challenge Cup. Also, in 1992, they won third place in the world at the 1992 Club World Cup, held in Treviso, after a 3-0 win over Messagero Ravenna.

Olympiacos is ranked among the top teams of the European Cups. This is because they have participated in 12 Final-4 of European competitions, seven times in the Champions Cup, four times in the Cup Winners' Cup and one in the European Super Cup.

A team that counts eight European finals (two in the Champions Cup in 1992 and 2002, four in the Cup Winners' Cup in 1996, 1997, 1998 and 2005 and two in the Challenge Cup in 2018 and 2023). Also a notable achievement is seven consecutive appearances in European Cup Final-4s, four in the Champions Cup (1992, 1993, 1994, 1995) and three in the Cup Winners' Cup (1996, 1997, 1998). The relevant record is held by Italian club Modena with 11 consecutive appearances in Final-4s.

A team legend, Olympiacos! The legend of Europe! The "reds", with Daniel Castellani on the bench, are once again in the "salons" of European volleyball. On the big stage. In the elite. In the stars.

"Olympiacos is a big and famous club all over Europe"

Nemanja MASULOVIC

Nemanja Masulovic spoke about his first impressions of the "Olympiacos" ONEX Men's Volleyball team, who also mentioned, among other things, the CEV Champions League premiere against Monza in the "Monza Arena".

-Your first assignment with Olympiacos ONEX was for the group premiere of the CEV Champions League. You didn't play, but how was your first experience?

I am very happy I was in my first game with Olympiacos. And what a match! European! Unfortunately, I was sick, so I didn't train at full intensity and couldn't help the team. However, it's always great to be part of the CEV Champions League. I played in Italy last season, so I knew the team in Monza. They have a lot of great players and it's very difficult to play against them, especially on their home court. I think, we played a good match, but unfortunately, we didn't take

the chance to finish the match in the fourth set. The most important thing is, we got our first point, which can be very useful in the future."

-How are your first days on the team?

"I feel good. Olympiacos is an excellent team, with many players with a lot of experience. I hope, very soon, to adapt and bond with all my teammates, on and

off the Taraflex. I'm very happy to be teammates with Atanasiewicz, as we are very good friends and I learned a lot from him in the national team."

-And now... Gisen! How do you see this match?

"About Gisen, I don't know much about this team. We will prepare with videos, but we have to focus more on our side. We are playing on our home court and with the help of our fans, we want to record our first win in the CEV Champions League! I'm sure I'll be ready for this game and I'm very excited to play."

-What do you know about your new club?

"I know that Olympiacos is a very big and famous sports club, not only in Greece, but in the whole of Europe. I watch them compete against Serbian teams in various sports, especially basketball. I know that Olympiacos has great fans and I hope, we will have great support in every game".

THE 'RED' JOURNEY TO THE CEV CHAMPIONS LEAGUE

The Olympiacos ONEX Men's Volleyball team had a... special summer, since during its preparation for this season, instead of friendly games, it played... six big European matches, with "background" the group stage of the CEV Champions League.

Thylos, without any pre-season friendly earlier, managed to get through three qualifying rounds, facing at home and away - in order - Stroumika from North Macedonia, Spanish Las Palmas and Romanian Corona Brasov, with five wins and one loss (3-2), securing the coveted ticket to the top European intercollegiate competition, led by Aleksandar Atanasievic, with 109 points, an average of 18.2 (69 for Perin, 45 for Koumedakis).

1st Round CEV Champions League

VC Strumica - Olympiacos PIRAEUS : 0-3 (15-25, 17-25, 15-25)

Olympiacos PIRAEUS - VC Strumica : 3-0 (25-19, 25-17, 25-21)

2nd Round CEV Champions League

Olympiacos PIRAEUS - Guaguas LAS PALMAS : 3-0 (25-21, 32-30, 25-23)

Guaguas LAS PALMAS - Olympiacos PIRAEUS : 3-2 (25-17, 5-25, 17-25, 25-22, 19-17)

3rd Round CEV Champions League

CSM Corona BRASOV - Olympiacos PIRAEUS : 0-3 (20-25, 19-25, 20-25)

Olympiacos PIRAEUS - CSM Corona BRASOV : 3-0 (25-23, 30-28, 25-23)

For the second consecutive season, the Olympiacos ONEX Men's Volleyball team is in the "big leagues", in the group stage of the CEV Champions League. The Greek champions in the "stars", in the 20 best teams of European volleyball.

"Thrylos", after all, is the most successful Greek team, both in Greece and in the European / International Men's Volleyball competitions!

Olympiacos ONEX is the only team in Greece with three European titles, the 1996 and 2005 CEV Cups and of course, the recent (2023) CEV Challenge Cup. Also, in 1992, the 'reds' won third place in the world at the Club World Cup in Treviso, after a 3-0 set victory over Mesagero Ravenna in the bronze final.

"Thrylos" is ranked, over time, among the top teams in the European Cups, with participation in 12 Final-4s and specifically, seven times in the Champions Cup, four in the Cup Winners' Cup and one in the CEV Super Cup. At the same time, Olympiacos ONEX counts eight European finals in its history (two in the Champions Cup, in 1992 and 2002, four in the Cup Winners' Cup, in 1996, 1997, 1998 and 2005 and two in the CEV Challenge Cup, in 2018 and 2023).

In the past, the Reds have been present in seven consecutive European Cup Final-4s (record 11 by Modena), the Champions Cup (1992, 1993, 1994, 1995) and the Cup Winners' Cup (1996, 1997, 1998).

A group of... Olympiacos ONEX is a legend, which last year, in the group stage of the CEV Champions League, was ranked third and then continued its European journey in the CEV Cup.

The target of the "reds" this year as well is to achieve the best possible course in the CEV Champions League and in general, in the European Cups...
