Trust us to look after your image.  
Branded Uniforms for over 25 years.

## EMBROIDERY SPECIALISTS

Our in-house embroidery team has over 25 years of experience providing exceptional quality embroidered uniforms to local and national companies. Using Tajima embroidery machinery ranging from single to multi heads allows us to run orders from small, one-off quantities, to orders catering for national account customers. We use the latest software technology to ensure your logo is reproduced to the highest standard. Our embroidery services are carried out with exceptional attention to detail, a quick turnaround, and production processes that result in a superior quality finished uniform. Our knowledgeable and experienced sales team will assist and guide you smoothly through the process, from choosing the most suitable uniforms to even helping with design changes to your brand image. South East Workwear has the equipment to ensure your requirements are met on time every time.

### Printed clothing

Printing has many advantages for logo and design reproduction: it's now extremely durable and it can create unique and complex designs using vibrant colours. Our printing machinery uses the highest quality of print materials and inks to guarantee the highest quality end product to show off your amazing designs.

There are multiple different print options available when deciding which process to use to best showcase your logo. There are many factors to consider such as the garment material and complexity of your logo.

### Pricing and our Process

Embroidery is not as expensive as you might think.

For embroidery, there is a one-off digitising generation fee of £20. Once this file has been created then we can apply this to your selected clothing. Logs can then be applied to Polo-shirts, sweatshirts, hoodies, jackets, caps and beanies, trousers, and much more.

Printing is much the same process, firstly we will need to create a vector artwork file, if you have this then in most cases there will be no additional artwork charges.

Our process is simple, provide us with as much information, artwork and additional text you may require, such as a website, email, or telephone number. We will then provide you with a mock-up or proof for you to approve, once approved we are ready to run. all production orders typically take 10 working days.
