of South Florida

| Inspiring Tomorrows™

2019-2020 STATEMENT OF IMPACT

“I’ve learned invaluable skills...how to manage and invest money; how to plan, develop and implement a business plan; present entrepreneurial ideas to prospective investors; create a resume and interview for a job, and be a productive part of an organization’s internship program.”

**– Joshua McFarlane
JA Alumnus**

WELCOME

2020 started as a normal school year and in an instant became a year of disruption and uncertainty, testing our will to survive, commitment to community and adaptability to new approaches and technology. I am proud to share that our team sprang into action and faced every obstacle as an opportunity to serve our students, teachers, parents, partners and community.

While we were unable to complete JA BizTown and JA Finance Park simulations in person at JA World once COVID-19 hit, Junior Achievement of South Florida was ready to provide digital programming and virtual simulations in the education of financial literacy, work skills and entrepreneurship. Being prepared and resilient allowed us to continue to offer these two signature programs and also provide access to additional JA digital programs to assist the Broward County Public School district with the transition to e-learning.

Remaining stable during turbulent times is never easy, but with the support of so many generous partners, donors and our dedicated board of directors: we were able to stay focused on our mission. Thank you for standing by or joining us during these times.

The new normal is an overwhelming experience for us all, and an especially profound one for young people. As we witness the financial hardship experienced by so many, it becomes even more evident that our mission is critical. We must provide EVERY young person with the opportunity to develop the skills they need to earn and manage money ensuring they are prepared to navigate uncertain times, reach their potential and create a better future for themselves and their families.

We don't know when things will return to some semblance of normal, but until they do, we will continue to reach young people in the most innovative ways, in their homes, on their school devices, through media platforms etc., to empower them and prepare them for the future. We invite you to join us - virtually of course!

Please stay safe and well.

Laurie Sallarulo
President & CEO

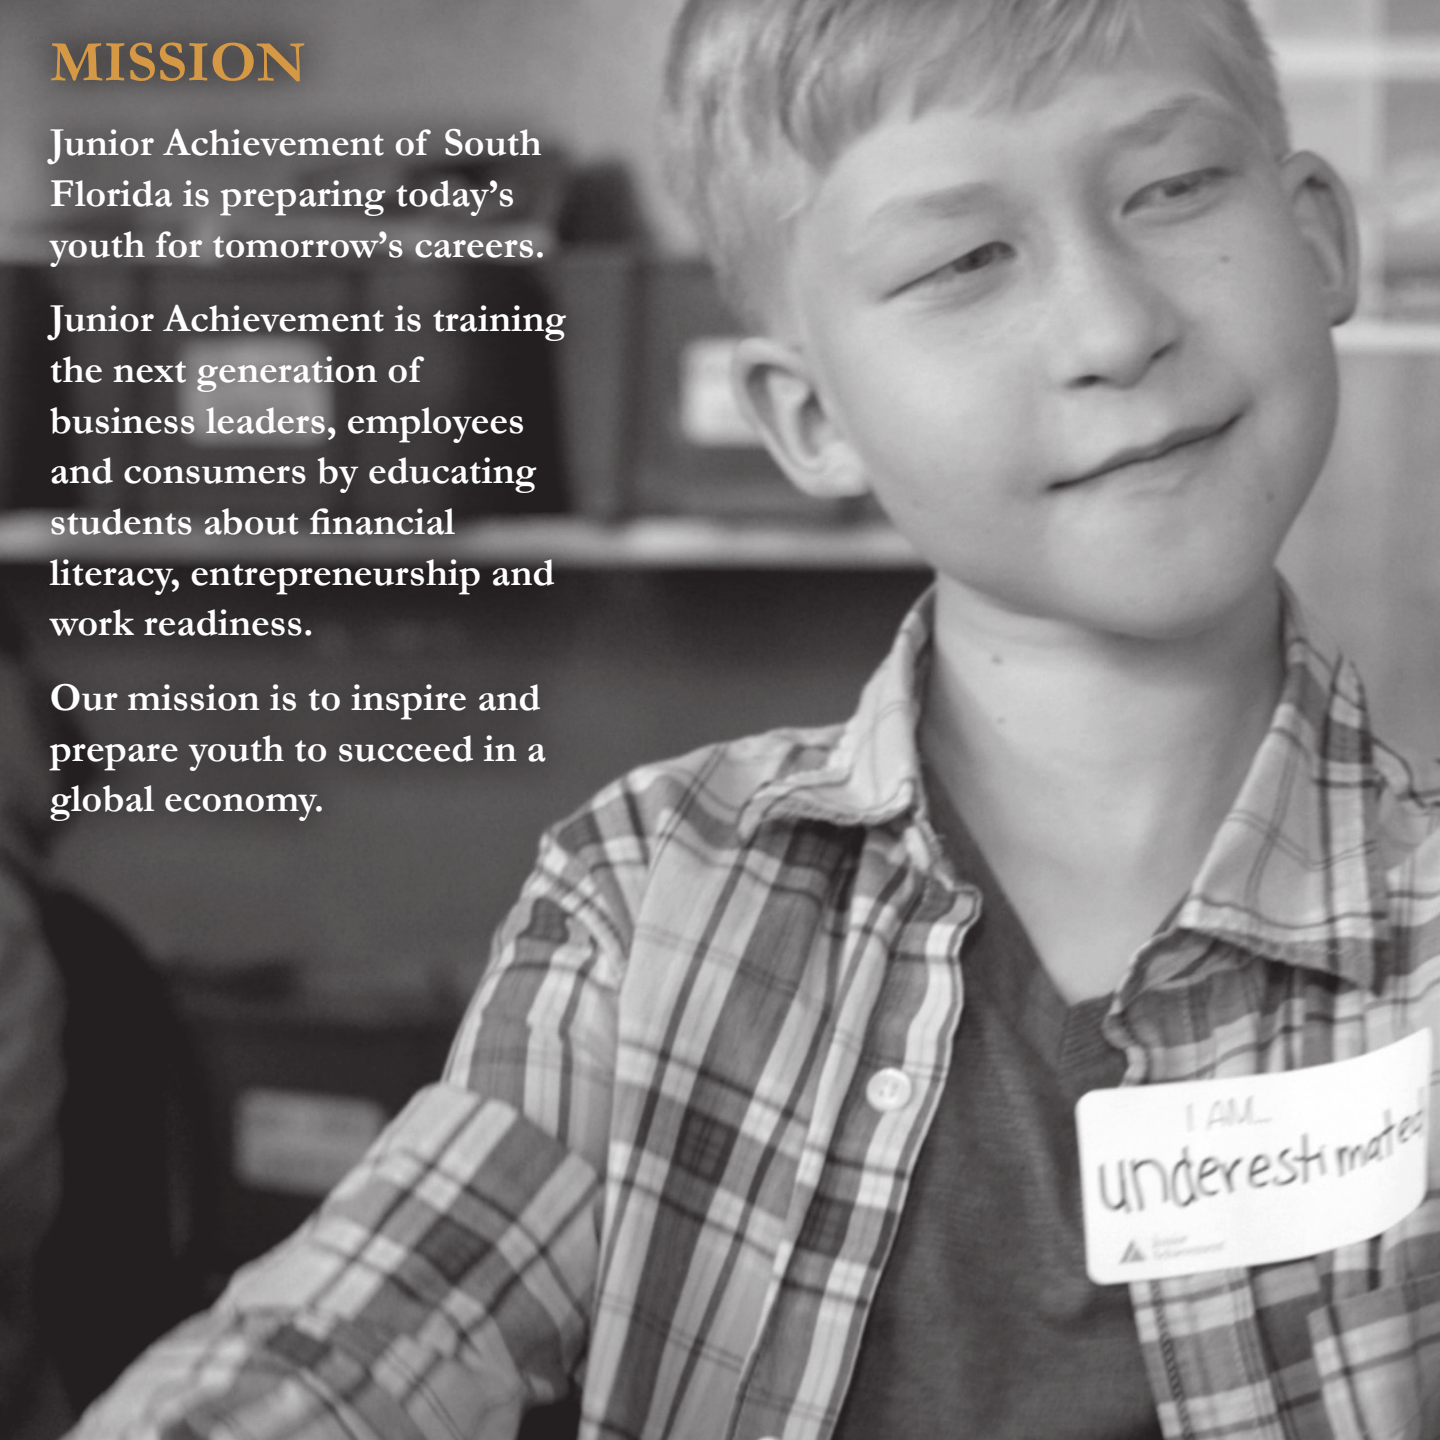

Tim Rubin
Board Chair

MISSION

Junior Achievement of South Florida is preparing today's youth for tomorrow's careers.

Junior Achievement is training the next generation of business leaders, employees and consumers by educating students about financial literacy, entrepreneurship and work readiness.

Our mission is to inspire and prepare youth to succeed in a global economy.

JA IS ESSENTIAL

The United States has the highest income inequality of any G7 Nation. The wealth gap between the richest and poorest families has doubled in the last two decades. On top of that, the economic fallout from the COVID-19 crisis is having an outsized impact on young people.

To end the cycle of poverty, we need to act now and act together.

That's the mission of Junior Achievement of South Florida.

JA is the Thought Leader and Solution Provider

Financial Literacy for Students

It has never been more important to deliver financial literacy for students. Our proven approach helps every student in Broward County develop an understanding of earning, saving and budgeting.

Entrepreneurship Skills

JA Alumni are more likely to start businesses that create jobs. Join us in helping cultivate the entrepreneurship skills and experience that create tomorrow's innovators and employers.

Career Readiness Standards

Real workforce preparation from real working professionals is our model. Our career readiness standards help today's students become tomorrow's productive employees.

IMPACT VISION

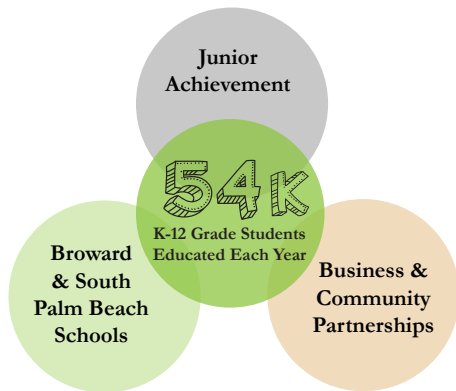

Empower a generation of students equipped with the *knowledge, ability and confidence* to navigate their futures, drive our economy and lead our community.

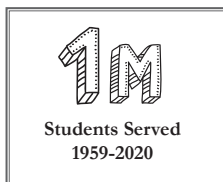

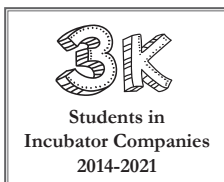

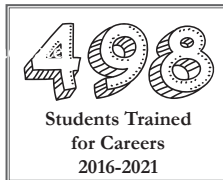

OBJECTIVES:

- Build a foundation of personal finance education
- Spark entrepreneurial spirit through real-world experiences
- Create opportunities to experience work skills
- Connect students with real world business leaders
- Provide real world simulations at largest JA center in the world

JA History

In 1959, Junior Achievement of South Florida was created by members of the Fort Lauderdale Rotary Club. In its first year, the organization served 373 high school students. Over the next 49 years, JA increased its reach to include more than 13,000 students a year. In 2009, JA World Huizenga Center at the Lillian S. Wells Pavilion, located on the north campus of Broward College, opened its doors and the organization's impact grew significantly to more than 50,000 students a year.

At 60,000 square feet, JA World is the single largest JA educational facility of only 36 in the world. The project was spearheaded by the late Marti and Wayne Huizenga, who made the lead gift to the capital campaign and the late JA President Melissa Aiello who helped bring other community leaders together to support the project. The land was generously donated by Broward College. Through a partnership with Broward County Public Schools, it was agreed that every 5th and 8th grade student would participate in the JA BizTown and JA Finance Park programs, including classroom instruction and a simulation at JA World.

Today, JA programs span grades K-12 across Broward and south Palm Beach counties, with age appropriate curriculum that heightens the academic experience.

Thank You Community Partners

Real Responsibilities. Real-World Inspired Jobs.

JA BizTown®

When guests walk into JA BizTown they stop in awe as they witness 5th grade students' ability to grasp business and financial concepts at such a young age. Over 51% of millennials say they feel their level of financial knowledge keeps them from making financial progress.

Instilling this confidence begins with teaching personal and business finance at a young age.

The JA BizTown program starts in the classroom and culminates with a day trip to JA World, where students are employees, consumers and citizens of a simulated, hands-on city with real storefronts featuring businesses in South Florida.

JUNIOR ACHIEVEMENT OF SOUTH FLORIDA

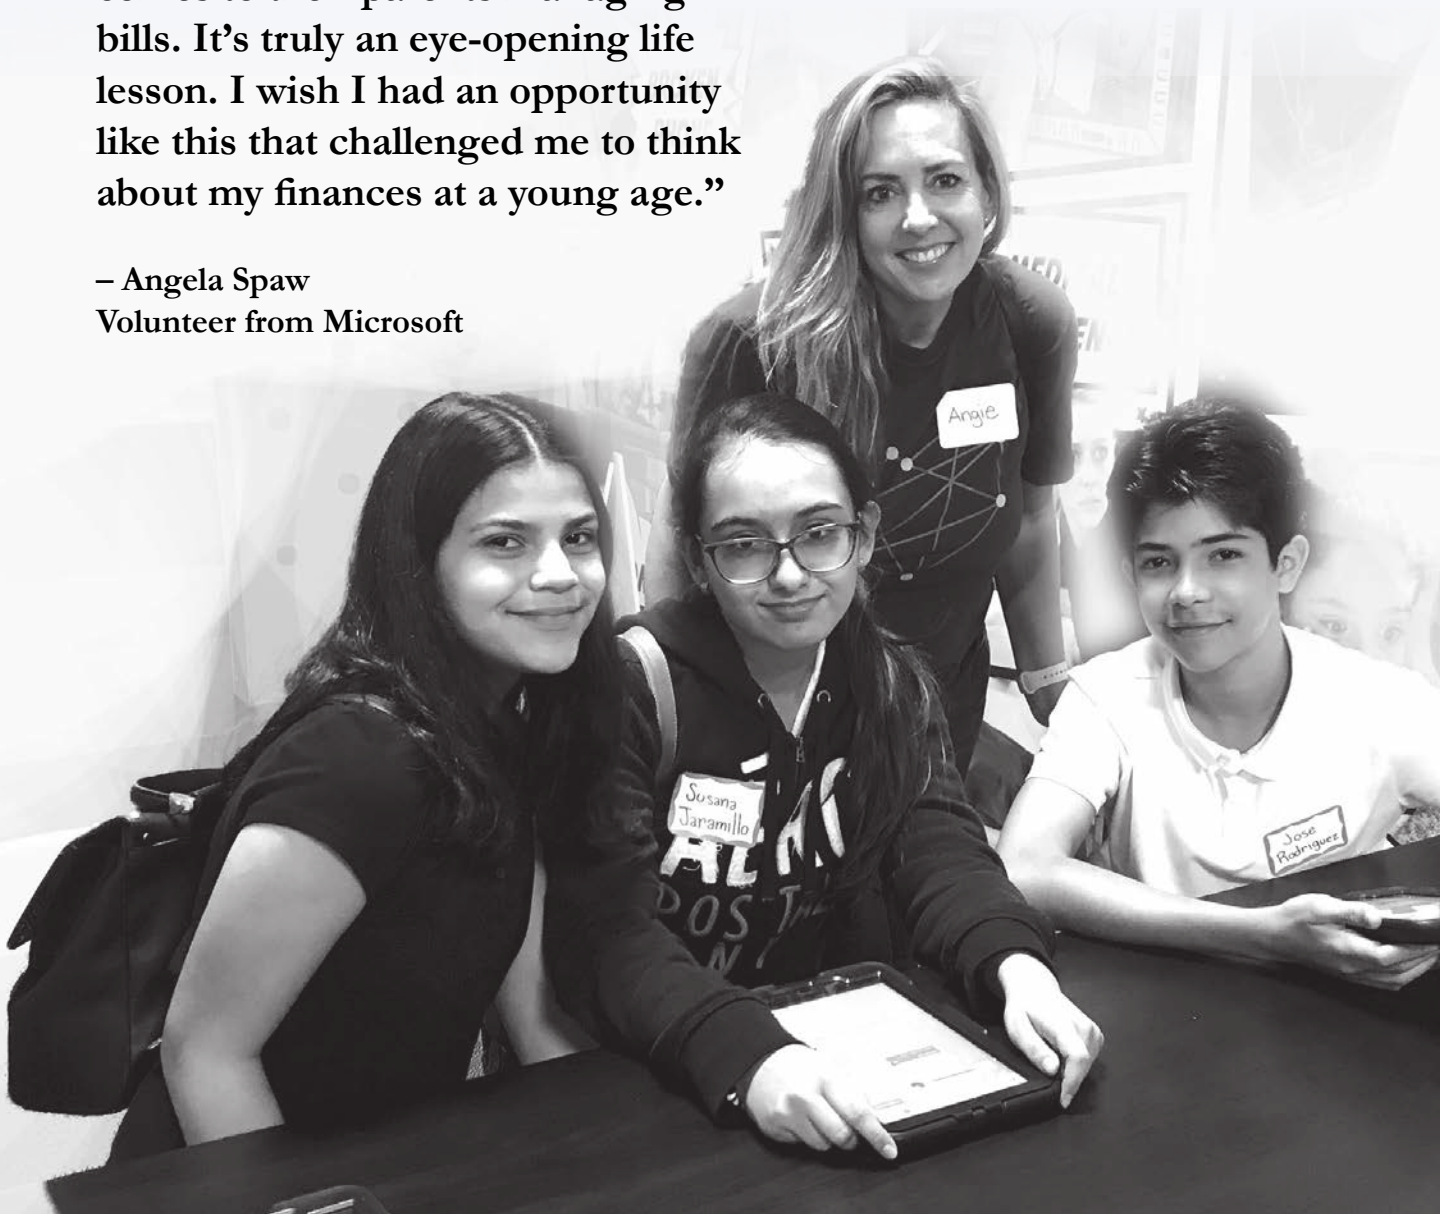

“I loved learning about business loans and having the responsibility to review and approve them.” – Mia Page, BB&T CEO

“It’s amazing how quickly the kids grasp and connect the ideas of saving, buying and selling. It’s a rewarding experience for both students and volunteers.” – Patrick Curtin, Volunteer from EY

“An ‘Aha’ moment for the kids was when they realized they couldn’t spend any money until they earned it. The most impactful part of our visit was when students realized how much work it takes to run a business responsibly. – Grace Heim, Teacher, Sunset Lakes Elementary

“This program helps students put things into perspective when it comes to their parents managing bills. It’s truly an eye-opening life lesson. I wish I had an opportunity like this that challenged me to think about my finances at a young age.”

**– Angela Spaw
Volunteer from Microsoft**

Managing Personal Finances. Exploring Careers.

JA Finance Park®

Today, many families aren't financially prepared to deal with a \$400 emergency. They have nothing saved for retirement, and their children don't know where to start. Also 43% of Americans are financially illiterate.

Reversing this trend is critical for the next generation's prosperity!

At the Patten Family Foundation JA Finance Park, 8th graders learn how financial decisions will impact their lives. These decisions include spending on family health care, real estate and home improvements, automobiles, insurance, entertainment, education, and purchasing items such as clothing, furniture and groceries. After some classroom instruction, students visit JA Finance Park and put what they learned into action while discovering potential career pathways.

“Classroom programs not only enhance what students are learning in school, but also goes the extra mile to teach topics that will prepare them for life. What a feeling it is to see students bring their ideas and experiences to the classroom discussion.”

**– Randy Mayweather
JA Volunteer**

Teaching our Three Pillars Begins in the Classroom.

K-12th Grade Classroom Programs

Students participating in JA classroom programs are more optimistic about achieving future success. JA students show a statistically significant improvement in their attitudes toward school and feel they are personally in control of their destiny.

With the help of our community, JA is creating futures!

JA's classroom programs support our local schools by providing valuable, tested, hands-on resources for K-12th grade students. Educators invite JA into their classrooms because JA volunteers and materials complement their hard work and dedication by helping young people make the connection between what they are learning in school and life after graduation.

THE SALAH FOUNDATION

Thank You Classroom Program Supporters!

Inspiring Budding Entrepreneurs.

Nearly every year, 30 percent of students fail to complete high school. The dropout crisis in America’s educational system has a devastating impact on the future health of our local economy.

JA helps students connect life skills they learn throughout school to a lifetime of career and entrepreneurship possibilities!

The JA Fellows program guides students through a real-life entrepreneurial journey from conceptualizing to capitalizing and managing their own small business. We’ve created curriculum that challenges students’ ability to think outside the box and work together with mentors from the community to plan, create and pitch a solid, real-life, business plan.

Thank You JA Fellows Supporters!

“JA Fellows has taught me numerous skills, including marketing a business, project management and presenting myself professionally. It has allowed me to further enhance and develop my skills in hospitality, finance and marketing.”

**– Henry Hurowitz, NSU University School
Germ Genie School that won 2nd Place
National JA Company of the Year**

“JA Career Bound provided me with real-world experience that has proven to be very beneficial. It helped me develop soft skills and gave me the confidence that I needed to go after my dream career. I also met industry leaders in our community who shared their journeys to success .”

– Natalie Quintana
Stranahan High School

Preparing Future Leaders - JA Career Bound.

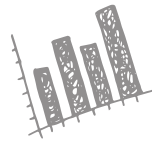

Among the highest performing companies, 73% of employees are updating their skills every 6 months. Many graduating students are inadequately prepared to contribute to our community's success because they lack basic skills such as communication, problem-solving and critical thinking.

JA is building skills for the future!

In the JA Career Bound program, today's students are learning new soft and hard job skills on a weekly basis. This cutting-edge leadership program encourages students to constantly learn and evolve their skill set by providing them the industry connections, resources and tools necessary to succeed in today's workforce.

Fritch Foundation

This has been made possible by support from the following Community Foundation of Broward Funds: Ann Adams Fund, Steve Halmos Family Fund, Frank D. and Anita M. Butler Endowment Fund and Frederick W. Jaqua Fund.

JUNIOR ACHIEVEMENT OF SOUTH FLORIDA

“Be more open-minded to summer employment opportunities. It gives you an in-depth look at how businesses operate and provide customer service training. Always be willing to learn new skills.”

– Amari Wilson, Summer Employee at Kemet Corporation

Bridging the Skills Gap: Summer Youth Employment Program

Student graduates have a hard time finding jobs in their field of study due to a lack of relevant experience. Research shows that completing an internship increases job offers by 16 percent. JA's Summer Youth Employment Program gives students an advantage by providing them with a summer internship opportunity.

Employers need to hire qualified, talented young professionals who are well-trained for an always evolving workforce.

In the program, students not only gain experience, connections, and skills, but they also gain exposure to different career paths. We work with local businesses to deliver a four-week paid internship where the student works 20-30 hours per week and is paid at least minimum wage. JA was the only organization to offer this program during COVID-19.

Summer Camps

A Program of Junior Achievement of South Florida

Imagine a city where young consumers rush to the bank to deposit their paychecks, sales clerks create displays and reporters interview local business leaders to get the most up-to-date story. This could be any city in the country, but it is this image that perfectly describes a day at JA BizTown Camp.

Campers learn how to manage their personal bank account, participate in job interviews, then spend their week in their new positions running their business as a team. They also participate in art and science projects, learn from guest speakers, go on field trips on the Broward College North Campus and have fun with engaging fitness activities.

What an Ultimate Night Out to remember! Presented by DEX Imaging, our guests enjoyed fine wine and spirits, an amazing Mastro's dinner, casino gaming, live and silent auctions, entertainment and so much more! We also recognized the 2019 Ultimate Men of the Year, Matthew Caldwell, Florida Panthers President & CEO, and Andrew Koenig, CITY Furniture President.

**LIGHT UP
THE NIGHT**

\$72K
RAISED

The 2020 Light Up The Night recognized two outstanding JA Innovators, Marta Batmasian, Investments Limited, and Margaret Mary Shuff, Boca Raton Magazine, who embody the entrepreneurial spirit and embrace giving back to the community. Also three JA Fellows Entrepreneurship Program teams showcased their products and networked with community leaders. Thanks to Title Sponsor The Warren Family Foundation, and Presenting Sponsor First Horizon Bank.

Event Highlights

10 Years! What an accomplishment! Congratulations to the JA Circle of Wise Women for planning another amazing JA World Uncorked for nearly 1,000 guests.

\$320K
RAISED

Special thanks to our Title Sponsor, Seminole Hard Rock Hotel & Casino! JA World Huizenga Center at the Lillian S. Wells Pavilion was transformed into a rockin' party with a guitar-themed entrance, incredible décor and entertainment by Private Stock Band. Presenting Sponsor Breakthru Beverage Florida served a variety of wine and spirits that complimented the food prepared by 35 of South Florida's finest restaurants. This year's event was in honor of long-time supporter Lorraine Thomas.

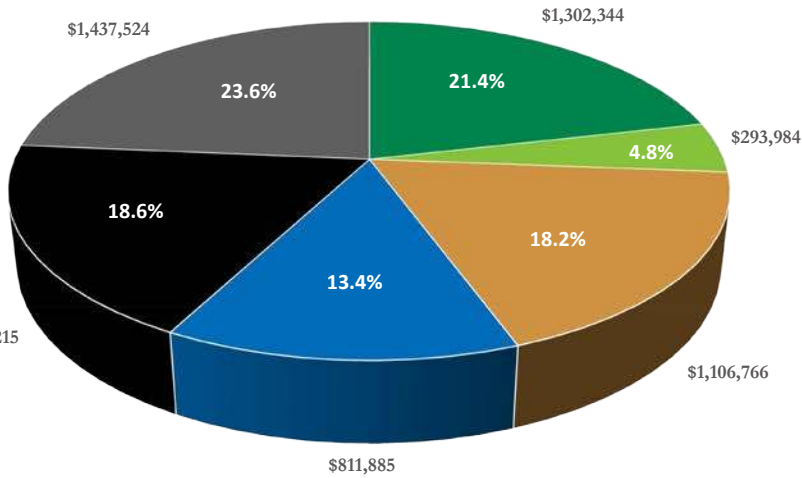

More than 600 students from 25 high schools participated in the JA Fellows Entrepreneurship Program. These students started businesses, conceptualized products, secured investors, marketed and publicly sold their products and managed the day-to-day operations throughout the school year. The seven finalist teams competed at the Virtual Spark Tank Finale, where they presented the results to our Sharks.

NSU University School Germ Genie
JA Company of the Year

Due to the COVID-19 pandemic, like numerous other organizations, Junior Achievement was forced to postpone several events until the 2020-2021 year. These included the JA Business Hall of Fame, JA Inspire, Marti Huizenga Roll Up Your Sleeves Awards and Rose Soiree.
