SAFETY FIRST

WE GROW TOGETHER

The SHELFIE collection includes a big range of modular storage solutions for the children's room.

The different storage combinations allow you to customize and create the storage solution to fit your child's needs.

The SHELFIE collection is made from high quality MDF and pinewood.

The collection can be build and rebuild so it can grow with your child from mini to tween.

The wooden poles and smooth rounded corners bring a modern Danish feeling to the design.

Height adjustable shelves makes a perfect display in the children's room. Show off the child's favorite toys or collector items.

OUR BRAND VALUES

Scandinavian design

Simple silhouettes, clean lines and natural materials define the minimalistic Scandinavian style that characterises FLEXA's design. Four times FLEXA has been awarded with the Red Dot Design Award, which is one of the most prestigious accolades in the world.

Expert knowledge

In-depth knowledge about children's development, trend forecasts, focus group interviews, consumer tests, comprehensive knowledge about the applicable legislation, and more than 45 years of experience are key pillars of our insight in creating furniture that meet the ever-changing needs of the growing child.

Safe design

Children are curious, lively and playful, which is why safety is considered in all aspects of our products, and why our products comply with the world's strictest safety requirements.

Functionality

Functionality and flexibility are the essence of FLEXA. Many of our furniture items can be reconfigured, have multiple functions, and are designed to optimise the space in the child's room to meet the ever-changing needs of the growing child.

Pure materials

All of our materials have been carefully chosen to provide maximum safety for children and to protect the environment. We treat our products with environmentally safe UV- or water-based varnishes that are free from formaldehydes and solvents. They contain no hazardous substances at all. All of our furniture complies with the strictest EU standard "Chemical harmless", giving our customers the peace of mind that their child can grow up in a healthy environment.

Playfulness

At FLEXA we see play as one of the primary drivers of learning in the lives of children. That's why we develop and design playful products with the purpose of promoting children's development.

Quality and Craftmanship

We put passion and attention to detail in all aspects of design, finish and choice of materials, which makes our furniture extremely durable and robust, and ensures it lasts a lifetime. To us this is true craftsmanship.
