GAFFER TAPE

PROFESSIONAL STAGE & SCREEN CLOTH TAPES

A944

48 MM

40 Metre Rolls

Black, Silver & White

US-STYLE GAFFER WITH STRONG HOLD AND REDUCED RESIDUE

- Semi-Matte Finish – Professional appearance for stage and event use.
- Easy Tear Cloth – Clean, straight tear in both directions.
- High Tack Adhesive – Aggressive rubber system with strong cohesive strength.
- Low Residue Removal – Minimises adhesive transfer on cables and venue surfaces.

FAT GAFFER

72 MM

40 Metre Rolls

Black

WIDE COVERAGE A944 HIGH TACK GAFFER TAPE

- 72mm extra-wide format
- Faster coverage over large surfaces
- Ideal for heavy cable bundling
- High-tack adhesive for demanding setups

K909

48 MM

40 Metre Rolls

Black

K909 PRO-MATT GAFFER TAPE

- Matt Black Finish – Low reflectivity for stage and camera environments.
- 80 Mesh Rayon Cloth – High tensile strength and durability.
- Aggressive Adhesive System – Strong cohesive strength for reliable hold and clean removal.
- Non-Grip Matte Surface – Less prone to grabbing synthetic soles, reducing trip hazards.

FAT MATT

72 MM

40 Metre Rolls

Black

K909 PRO-MATT GAFFER TAPE

- 72mm extra-wide Pro-Matt format
- Faster coverage over large matte areas
- Ideal for heavy cable bundling
- Same high-performance K909 adhesive system

K969

48 MM

30 Metre Rolls

Black

SUPER MATT PROFESSIONAL GAFFER

- 140 mesh high-tensile cloth backing
- Ultra-low reflectivity matt finish
- Black adhesive for clean edge masking
- Engineered for minimal residue removal

CLOTH TAPE

PROFESSIONAL EXHIBITION & MARKING SOLUTIONS

TENACIOUS TAPES

ADHESIVE TAPES SUPPLIER

TENACIOUS TAPES is the house brand of **SCHAFFER & CO (VIC) PTY LTD.** The company is a fourth-generation family business that has specialised in the importation and conversion of a wide range of adhesive tapes since the mid-1960s. An independent company, we source our products from a range of international manufacturers that are innovators in their own markets. We collaborate closely with them to develop the ideal product mix for the Australian market and conditions.

CUSTOM SLITTING & CONVERSION SERVICES

As specialist tape converters with over 50 years of experience, we offer precision slitting and custom conversion services to meet your exact specifications. Our state-of-the-art slitting equipment handles a wide variety of adhesive tapes, films, and materials.

- Slit from master rolls down to widths as narrow as 6mm
- Tolerances held to $\pm 0.5\text{mm}$ for precision applications
- Custom core sizes and packaging to your requirements
- Fast turnaround for urgent or large-volume orders

PRODUCT SOURCING & DEVELOPMENT

We provide commercial and industrial users with cost-effective adhesive tape solutions for their applications. If we are unable to offer a suitable product from our extensive range, we will either source a product specifically or direct customers to a supplier that can meet their needs.
