A large brown retriever is captured mid-jump, emerging from a body of water. The dog's mouth is open, and it is holding a bright yellow, cylindrical bumper. Water splashes around the dog's head and body. In the background, there are some reeds or thin trees. The overall scene is dynamic and energetic.

Do You Want Your Retriever On the Cover?

We're always looking for cover photos for HUNTING RETRIEVER magazine. If you have a photo you feel is cover quality, please send it in. Following are the guidelines:

1. All dogs in the photo must be UKC registered.
2. Supply the following along with the photo - the owner's name, contact information and HRC membership number, dog's UKC registration number, and a short write-up.
3. If the photo was taken by a professional photographer, written permission to reprint must accompany the submission; for example, an email.
4. Vertically aligned photos are preferred. All photos must be in focus, of sharp resolution, and in color. Digital photos must be 600 dpi. Send your photos by mail to: HUNTING RETRIEVER Cover, 100 E Kilgore Rd, Kalamazoo MI 49002; email to: huntingretrievermag@ukcdogs.com; or via the UKC website, <https://www.ukcdogs.com/cover-dog>.

INHERENT RIGHTS AND POWERS OF UKC

*(Revised December 18, 2009)

United Kennel Club holds and has reserved to itself certain inherent rights and powers in connection with conducting its business, registering litters, transferring registrations of dogs, licensing events, and awarding titles. These inherent rights and powers include but are not limited to the following:

United Kennel Club has the right to inspect all reports, scorecards and documents related to UKC events. Some, but not all, of the items subject to inspection are:

- a) scores;
- b) disqualifications of dogs for fighting or other reasons;
- c) errors by the recording person; and
- d) documentation excluded for any reason.

UKC reserves the right to correct any mistakes found during such inspection whether or not the document has the signature of a Judge or Club Officer.

UKC reserves the right to itself and in its sole judgement and discretion, to take such actions and impose such sanctions as would:

- a) Bar an individual from entering or participating in any way in any UKC licensed event.
- b) Bar an individual from transferring or registering any pups or dogs in that person's name (joint or full registration) or to any member of that person's family.
- c) Bar an individual from receiving Championship points for any dog registered in that person's name (joint or full registration).

By way of illustration, the following constitute some, but not all, of the situations calling for the above sanctions:

- a) Falsification or alteration of a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- b) Falsification or alteration of any reports of wins issued to UKC.
- c) Falsification or alteration of receipts issued by UKC Judges.
- d) Switching, wrongfully using or attempting to use a UKC Registration Certificate, Pedigree, UKC Easy Entry™ Card or any other UKC document.
- e) Selling or attempting to sell a dog with false or incorrect UKC Registration Certificate or Pedigree.
- f) Intimidating, threatening, or injuring a Judge, Club/Association member or official, event participant or spectator, or UKC representative.

The six illustrations given above are only by way of example and UKC reserves to itself its inherent right and power to impose such sanctions in any other circumstances deemed appropriate by UKC.

Any individual who is found guilty by a court of law of a crime involving dogs will be barred from United Kennel Club for an indefinite period. A person shall be considered guilty in a criminal proceeding if they are convicted by a judge, jury, or if they enter a plea bargain or other arrangement to plea to a lesser offense, or if their case is disposed of by any form of deferred adjudication; a person shall be considered guilty in a civil proceeding if they are held responsible or liable by a judge, jury, or if a compromised settlement is reached between the parties.

First, I want to thank the Board of Directors for their support in accepting our nominations as executive officers at the national meeting. I am proud to be your president

and look forward to two more great years of growth! Thank you.

Summers in the south seemed to be so much more fun when I was a kid—riding my bike for miles during the day, staying up late into the night watching TV, and sleeping in the next morning, only to do it all over again. Undoubtedly, those were the Good Ole Days, which each generation talks about to their kids and grandkids.

Being an above-knee amputee reminds me each day how blessed I am to be alive. Yesterday, I had the pleasure of speaking to a group of occupational therapy students. I usually spend about 45 minutes reliving getting shot while duck hunting, the Golden Hour of getting me to the hospital, 48 hours of lifesaving procedures, five weeks of extensive treatment, and finally, the month of outpatient rehab. I explain my daily routine as an amputee, take my prosthetic off, and then back on, and then field questions of all types. I end up spending well over two hours discussing life in general as an amputee. For over 20 years, I have spoken to occupational therapy, physical therapy, and nursing students during their week of trauma training. Using my accident to help others is very rewarding to me in many ways, and I feel blessed to have those opportunities.

The reboot of our Women's Handler Seminar is well under way and will take place at Ace Acres Retrievers in Beebe, Arkansas, August 2nd and 3rd. The plan is to provide at least one of these events each year at different locations across HRC to help the growth of women handlers. The Youth Handler Program has also been launched. Look for many more details regarding this exciting program soon. The youth are the future of our game, and hopefully, this program will encourage more to get involved.

I Love HRC, the People, & the Dogs...

God bless you all.

Sarah Krause, Secretary

It was so nice catching up with everyone at the National Meeting in June and meeting so many new friends. It's kind of like my "vacation," so to speak. We are working very hard on getting all of the meeting minutes published.

Things have turned hotter here in the South, so there's not a whole lot of dog training going on. I have several home club events coming up in the next couple of months that I am looking forward to, and a few judging assignments in the fall.

See you at the line, if not sooner!

Kristine Odden, Treasurer

Greetings from a steamy Oklahoma! Summer is definitely here with warm temps and heat index over 100 degrees.

It has been a busy few weeks since the national meeting!

The weekend before the National Meeting was spent judging at a new club in our home region, Keystone Lake HRC.

It was a great turnout for their first test, and I know they're looking forward to holding more in the future.

The very next weekend following the BOD meeting was spent in beautiful Cheyenne, WY, to judge at the Hidden Pines HRC hunt test. My husband and I had a great time meeting lots of new people while even seeing a few familiar faces! We saw some great dog work and enjoyed the beautiful weather with very little humidity. I would say I could live there, but I'm not sure I could survive the winters after being in Oklahoma for too long!

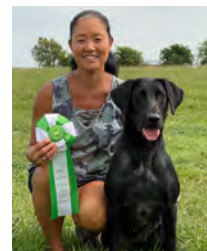

We had a great 4th of July with our family, and now we are making plans to hold our annual club picnic with Three Rivers HRC. We train first thing in the morning, and then enjoy a tasty picnic with smoked meats, smoked sweet corn on the cob, sides & desserts. We finish the day with some games. Two of our games include Cornhole and Bumper Toss—similar to cornhole, only with bumpers and a big tub that sits about 25 yards away. Our last two games include our retrievers – Blind Golf and Speed Retrieve. Blind golf is running a blind, and for each cast you do is a "stroke" – the handler with the least number of casts is the winner. And of course, Speed Retrieve speaks for itself. Our own girl, Journey, won it last year!

As for upcoming events, we're looking forward to heading north to Wisconsin to Badger State's 30th Anniversary hunt test located at the Richard Bong Recreation Area. I definitely enjoy going to other regions to judge and meet new people, but especially to help celebrate such a big milestone for these clubs! You have much to be proud of!

Lastly, before the Fall hunt test season kicks off in my area, I'll be attending the Ladies Handler Seminar at Ace Acres Retrievers. I'm looking forward to a ladies-only weekend and taking a deep dive into learning how to train our retrievers.

In closing, I just want to express my thanks and appreciation to continue as your Treasurer for another term. It is truly an honor to serve in this capacity with such a great organization and team!

God Bless!

UKC accepts all advertisements placed in *HUNTING RETRIEVER* in good faith. Purchasers should independently conduct any relevant research needed prior to acquiring animals, products and/or services from advertisers. UKC is not responsible or liable in any way for potential issues arising out of sales by advertisers, including but not limited to: dealings between advertisers and purchasers, actions and promises made by advertisers, or quality of products or animals sold by advertisers.

MEMBERSHIP INFORMATION

The Hunting Retriever Club is composed of individuals and clubs interested in the improvement of the retrieving breeds, in the training and testing of Hunting Retrievers, in the awarding of Championships to those dogs that pass the testing program, and in the fellowship, cooperation and learning that can take place when people and dogs, rather than competing with each other, are working together to reach mutual goals of excellence.

The hunts have been designed to closely duplicate actual hunting conditions and situations. The training aspect of the program and the four levels of competition allow dogs and handlers at all levels of experience to learn, improve and work toward Championships.

Your membership includes a year's subscription (6 issues) to *HUNTING RETRIEVER*, a membership card and a copy of the *UKC/HRC Rules and Guidelines for Hunting Retriever Tests*. Domestic rates (U.S. and possessions) are \$25 a year, \$30 a year for a family; (\$17.50 per year is designated for the magazine subscription.) Dues cover a 12-month period. Dues are to be sent to: Hunting Retriever Club, Inc., 100 E Kilgore Rd, Kalamazoo MI 49002-5584. Phone: (269) 343-9020.

Entries for the 2025 Fall Grand must be **ENTERED** on or before
12 noon CST August 27, 2025 at www.HRCEntry.com
Opening date to enter will be July 28, 2025.

REQUIREMENTS AND POLICIES FOR PARTICIPATING IN HRC INTERNATIONAL GRAND HUNTS

THE PREMIUM REQUIRES THAT YOU HAVE READ AND UNDERSTAND THE FOLLOWING INFORMATION:

ENTRY FORMS: must be made online at www.HRCEntry.com. The participant will have until **12 noon CST August 27, 2025** to enter to be eligible for entry in this Grand Hunt.

IN ORDER TO ENTER ONLINE:

- HRC Membership number for both the Owner(s) and the Handler must be valid as of the entry deadline date.
- A valid UKC Registration at time of entry deadline.
- Only one (1) Handler – the individual actually handling the dog.
- Electronic acceptance of the Release of Liability and certifying the immunizations of the dog are current and appropriate.
- Acknowledgment and acceptance of the terms and conditions of refund policies.

CONDITIONAL ENTRY: A Conditional entry may be received on or before **12 noon CST August 27, 2025** without a dog acquiring the necessary 100 HRCH points to enter the Grand event. It is the **OWNER'S** responsibility to ensure that his/her dog is eligible to be entered. Any dog entered in the Grand that does not have 100 points **PRIOR** to the Grand, will not receive Championship Points or Grand Pass credit, if the dog passes the Grand. Please contact the Secretary to remove the conditional entry from the Grand Hunt. Entry fee less \$200 scratch fee will be refunded to the Owner. **Plaque fees are not refundable.**

ELIGIBILITY – It is the owner's responsibility to ensure that:

- 1) His/her dog is eligible to be entered (has earned HRCH);
- 2) The Owner listed is the Registered Owner on record with UKC; and
- 3) Both the Owner and Handler have provided HRC Membership numbers and both must be **valid as of the entry deadline date of August 27, 2025.**

ANY OF THE ABOVE ITEMS LISTED IN ERROR SHALL PREVENT THE AWARDING OF POINTS AT THE CONCLUSION OF THE EVENT.

LOGISTICS: Handlers choosing to travel in the same vehicle must make their own logistical arrangements in order for each handler to be at the appropriate series when it is their turn to run.

FLIGHTS/RUNNING ORDER: Handlers MAY request being in a Flight with someone else and all reasonable attempts will be made to honor the request. Handlers sequence preference of running their dogs will NOT be accepted. **No changes will be made after the deadline date.**

SCRATCHES: Scratches no longer require a Veterinarian's Certificate (Illness, Injury or Bitch in Season). **The Scratch fee is \$200.00 after the close of entries.** This fee is not imposed on scratches with replacement dogs. Scratches prior to the close of the entries are fully refundable less any processing fees. A dog that has been scratched can only be replaced from that handler's list of dogs. To replace the scratched dog, the handler/owner must fill out the form (on the next page) and submit to the Secretary. Plaque fees **are not** refundable.

Handlers - Check-In and Meeting: Friday, October 17, 2025

Handler Check-in and Meeting – times will be announced at a later time.
Bird ordering information will be posted on social media at a later date.
Campsites are mostly closed this time of year in this location. You may want to call and make plans ahead of time if you are going to be using campsites.

Handlers must wear Camo/Hunting Attire

COURSES: Ducks, Chukars/Pheasants will be used in all hunts.

PRIZES: 40 United Kennel Club Championship Points

ENTRY FEE: \$400.00

PLAQUES: \$42.00 Plaques of participation in the Grand Hunt are available by pre-order only and will be mailed directly to owner/handler by the company. The Grand is not responsible for the plaques. They are ordered through Entry Express. **Fees are nonrefundable for plaques ordered.**

REMEMBER GUN SAFETY & SPORTSMANSHIP!

AUGUST/SEPTEMBER 2025 HUNTING RETRIEVER

Ah, we can all dream we are in South Dakota and hunting in the kind of weather that makes pheasants think they should sit in trees and say, "Neener, Neener" to us and our dogs.

UPLAND TRAINING FOR RETRIEVERS

Part 3 (conclusion): Planting Live Birds and Putting It All Together

Rich Carpenter | 22039 County Rd 9, Weldona, CO 80653 | rich@theriverbottom.com

PLANTING PIGEONS AND GAME BIRDS FOR FLUSHING DOGS

The time has come. Let's get you ready to plant birds for the last phases. To plant pigeons, hold them in one hand with their wings closed and spin their heads in a tight circle with good wrist action. Continue this until, when stopped, the pigeon has a bit of a dizzy, drunken roll to its head. Then, sharply toss the bird onto the ground with a bit of overhand English. This will help further disorient the bird. Now, back away quickly. After you have a few bounce off the ground and fly off, you will tend to over-dizzy rather than under-dizzy. If you get the bird down successfully, chances are it will stay there for a while until disturbed.

The harder a dog charges and the more apt it is to catch the pigeon, the more you need to give the bird extra time to get un-dizzied. Try to have the pigeon screened by cover, so the dog has to use its nose to locate it. Otherwise, the eager dog gets to sight hunting. It looks

a little embarrassed when it does that and tries to flush a pop can or a paper towel. A pigeon gets airborne with only wing action, so either don't plant in real heavy cover, or mash down enough cover so it can propel itself aloft without getting its wings tangled. A dog that sees a bird will more likely catch it on the ground or in the air than it will if it finds the bird by nose. Somehow, especially with a pigeon, the dog charging it sometimes seems to cause the bird to freeze momentarily, until it is too late to get airborne.

Planting pheasants (or chukars) is actually easier than planting pigeons, although when one gets up prematurely and flies away, there are more dollars airborne. There are several ways to plant, but here is a simple way that works. Hobble the bird as described below and carry it to the place where you want to plant it. Tuck the bird's head under its wing and lay it on that wing. If it does not balance well, gently lean the bird against a weed to keep it from rolling over. Now, with the pheasant held on its side, very *gently*

Stroking along the keel bone gently several times will usually put the bird to sleep that is restrained with its head tucked under the wing.

stroke the bird along the keel bone (breastbone). In just a few strokes, you will feel the bird relax and can see it in the feet and legs. Then, being sure the bird is balanced, subtly turn loose and step back. You'll find that getting its head under the wing is harder than putting it to sleep. A pheasant springs into the air with its legs and wings, so there is much less of a problem with dogs catching them on the ground, even in pretty heavy cover. In most of your training, you should hobble the pheasant so that it is still in the general area where you planted it and doesn't run off. Later, you'll want to train on running pheasants, but one thing at a time. To hobble the pheasant, get some fairly light wool yarn (not polyester or synthetic). Tie the legs together so they can only spread them apart about 1 1/2" at the feet. With one strand of the wool yarn, it will usually hold while you need it, but if the bird escapes unscathed, it can peck its legs free if it gets tangled. Same with chukars. But pheasants are notorious runners. Not needed for pigeons. Plant chukars using the same procedure. Or whatever method you prefer. Check with local game department officials for bird sources, any training use regulations and requirements for receipts or banding.

When you're planting any birds, be aware that the clever dog will soon learn to track you, so bring the bird in from off to the side of the course or walk along the center line and then out to the planting site. Retrace your steps when returning. In this way, you know where you walked, and can get after the dog if it is tracking. You can mark the course with small fluorescent red flags. Bike safety flags work great. This is a help to you in remembering where you planted the birds, and where to stay for a center line between the courses when going out to plant. If you have orange cones, they probably will work, or sprinkler wire flags.

Hobbles of 1 1/2" or so between foot joints usually will slow up a running bird. Particularly helpful for pheasants, known for their ability to cover ground in a hurry.

Planting birds in the same bird field or course for training dog after dog does not create the confusing scent situation one might think, but quickly develops important nose skills in the dog. It is important for the dog, whether hunting or running tests, to differentiate the freshest scent from that which is no longer of interest.

It would be worth a million dollars to be able to crawl into a dog's mind as it is unraveling the stories told by the scent on the ground and lingering in the air or water. It is amazing how quickly most dogs learn to sort out the tangle. Before long they almost unerringly sort from among the following: where the last shot flyer landed, the pocket of scent where the bird was planted, the lingering scent from the previous dog's running bird, the hot scent of their bird on the move, as well as scent from ground game and "stink" birds. It doesn't take most dogs too long to even learn to unravel the direction of travel of the running bird. How do they do it? In addition to the benefits of teaching the upland quartering and flushing skills, ability also is gained that will help the dog deal with tracking skill needs, either in licensed Upland tests or in hunting. An added benefit of this type of training is that it gives the hunter some additional opportunity to learn to "read" the dog. It may be hard to describe to someone else how the dog's body language is different if they have hit fresh rabbit or deer scent compared to fresh pheasant or quail scent, but with a little time observing, you'll know it when you see it. Likewise, just as the accomplished coon hound handler can tell the story of the hunt just from listening to the dogs' music in the night air, the upland hunter learns to visually read the dog, seeing the subtle shift in dog action that may say, "Nope, rabbit" or "Ah, now this is Bobwhite" or "Running Pheasant" or "I've got him now! Look for a flush, any second!" That's one aspect of the oneness of the team of hunter and well-trained hunting retriever. It is a joy to observe or to be a

member of the team. The training can be a challenge and doesn't happen overnight, but the exciting, yet relaxed, days that can result are more than ample reward for the time, effort, and bird expense of proper training.

PUTTING IT ALL TOGETHER

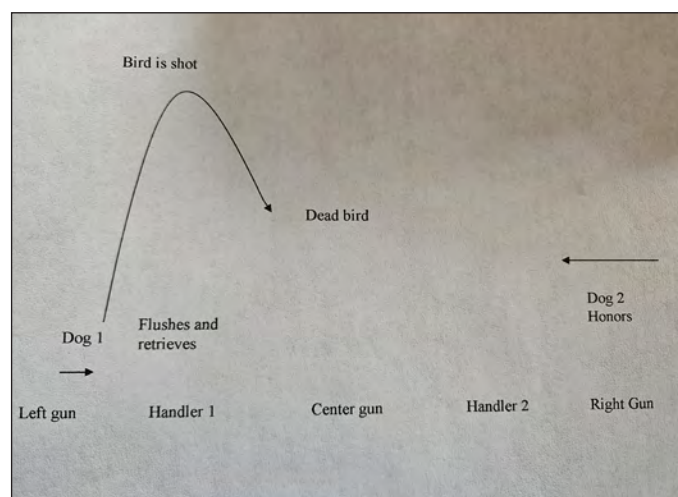

Now let's begin to assemble the previous pieces. Get the helpers back out on the wings (sides) and start the dog quartering as before. Plant a few dead birds in close, both to keep the interest high and to help the dog understand the action should be close to the handler. As the dog starts to come past the handler, sit it with whistle and voice command. Don't let it cheat. If it does, apply collar appropriately or get out there and bring it gently but firmly back to the stopping place. Then have a shot fired as the dog is quartering. It should sit. If not, do as above. Next, as the dog makes its turn and comes toward the handler, the helper on the opposite side throws a dead bird up, and the handler sits the dog if it has not done so itself. If it sits and is rock steady, give it the retrieve. Continue and add a shot to the thrown dead bird. Now do the same drill with a flopper. This has more excitement for the dog than a dead bird, so be alert for a break and insist on the same perfection. These floppers should be just that, if you will let the dog retrieve. If the bird can get sort of airborne, but not quite get away, and the dog grabs it, you will not be helping your cause. Remember, even when the dog is perfect, it *does not get every retrieve*.

Next, as the dog turns from one side of the pattern, a bird is thrown and shot on the other side. In the early stages, put the handler between the dog and the bird in case an interception is needed. The helpers should be ready to get to the bird before the dog does if the dog breaks. Here, the helpers are also guns, so gun safety is critical. The handler does not have a shotgun at this stage of training. This can be added later as the handler gets ready for running an HRC Upland test or hunting. Gunners, get those actions open before racing the dog for a bird! If the dog succeeds in breaking and getting the bird, you can't do much once it has the bird, but you can do a lot in the way of pursuit and loud "NO's!" on its way to the bird.

Remember, through all this, plant a few dead or flopper birds to keep the quartering interest going, and don't try to do too many things in one day. Depending on the dog, this can take a while.

Now for the moment of truth. Get a flyer or two planted on the course, spaced out a bit. In case the dog breaks on the first one or flushes the 2nd when sent to retrieve,

etc., you don't want it running over the next bird. If in doubt, start with one bird down. Again, remember, when the dog is not looking, toss a dead bird or flopper out to be found on the first pass, to help keep the dog in close to the handler and guns. Also, plant the first few birds pretty much in the center to get the dog as close to the handler as possible in case of a break or any creeping. Quarter the dog and let it flush the bird. *Handler, be alert!* Hit that whistle. The handler's *only* job is to watch the dog. Forget the bird. The guns have a double job. Watch the dog. Was it steady to flush and shot? If so, and the bird is a safe shot and a decent distance from the dog, the gunners shoot the bird. Helpers/guns notify the handler that the bird is down or gone away. If the dog is perfect, send for the retrieve. If not, correct as in the drill and repeat. If the dog starts to break, the guns need to be alert and have guns broken (or action open) so they can try to beat the dog to the bird. Again, as you do this, remember, don't let the dog have every retrieve, even if performance is flawless. Also, the handler must focus on nothing but the dog from the point where the dog starts "making bird" to taking the bird from the dog after the retrieve. The most critical points for attention from the handler are just as the flush occurs, as the bird is shot, and when the bird hits the ground. Alertness here can save lots of grief. Piece of cake, right? Hopefully, usually not all crumbs are on the floor.

The icing on the cake. While running in brace, the working dog is steady to wing and shot, and the honoring dog is steady and honors the flush, shot, and retriever from in the field.

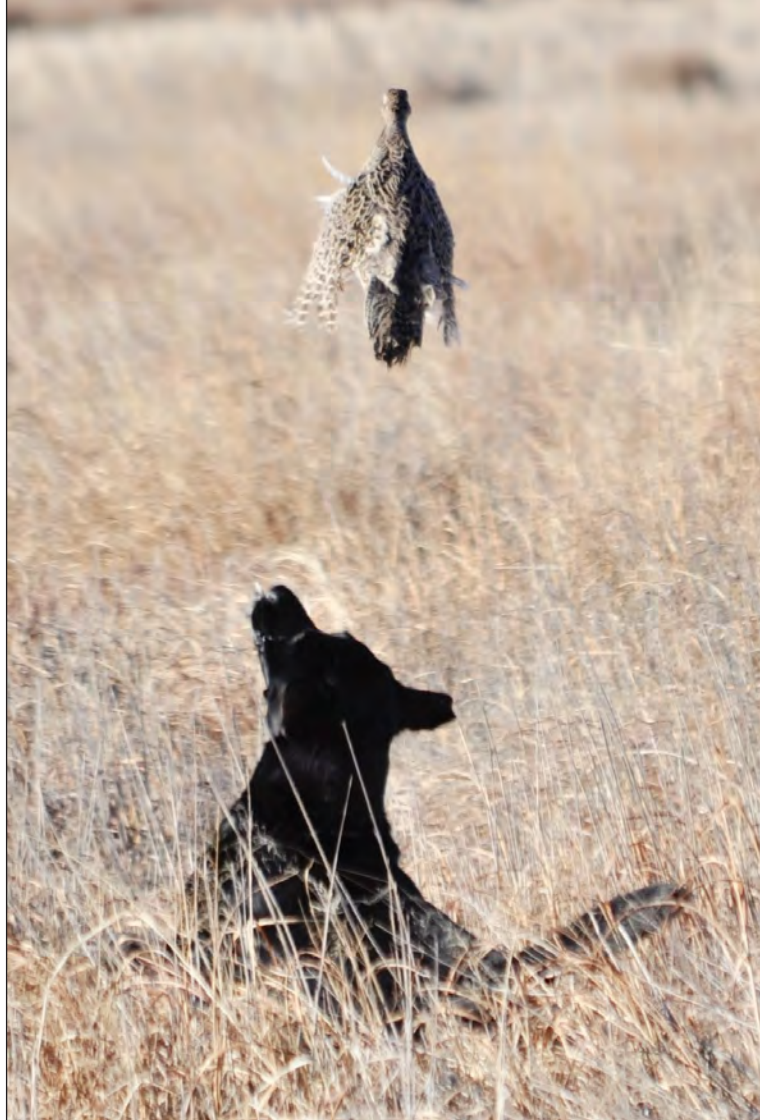

Once this is solid with pigeons, use a few pheasants, and be ready for things to come loose at the seams. Pheasants are so much more exciting than pigeons that you really need to be ready. You may prefer to make a

chukar the next bird after a pigeon. Again, hobble those pheasants at first: a quick flush doesn't get as much adrenaline going as with the dog pushing a running rooster to a flush. Also, the action is more apt to happen close to the handler in case correction or running to the dog or bird is needed. Good, reliable, safe gunners are a necessity here. You don't want a bird shot if the dog is not steady. At some point, the gun must turn from the dog to the bird and commit to the shot. At this point, if the dog begins to move, the handler needs to holler, "Don't shoot," and hope it is not too late. If it is, the handler's desperate yell is a signal for the gunner to break the gun and see if he/she can beat the dog to the downed bird.

RUNNING IN BRACE WITH ANOTHER DOG

You probably will be pleasantly surprised that this goes better initially than you might expect. This is so for two reasons: one, if you have a decent dog, it would rather hunt than horse around with its buddy dog; two, it will be conditioned to key its side-to-side pattern from the left and right gunner. In this case, there will be, from left to right—a wing gun on left, left handler and dog, center gun, right handler and dog, and wing gun on right. Also, you will be ready with your "tweet-tweet" whistle command to turn it as it approaches the center line and the other dog's course. The handlers need to be alert as the dog on one course flushes a bird, and it is shot. The handler needs to sit the dog if the dog does not sit on its own, and be alert for a break from point of flush to the return of the other dog on the retrieve. When you start, it is good to plant wide to the outside of each dog's course, and space the birds so two don't get up at once. Here again, the gunners are important. They need to be thinking of two dogs instead of one from a steady standpoint, and in terms of not dropping a bird too close to either dog. For all gunning in training, that is important, as it is a real temptation to break if a bird drops 10 feet away.

Also, if the dog is in close and the bird low, the dog may be in danger, or the muzzle blast may be too much. Lots to think about. Gunning is a really tough job. Particularly, the center gun needs to work both dogs, but moves up with the dog farthest ahead. If this distance gets to be very much, one handler should stop the dog till the other one catches up. Gunning is always important, whether the gun is the hunter/handler, a helper in training, or an official gun in a licensed HRC Upland test. Safety is always the overriding concern, followed by what is best for the dog. The gunners should be working for the dog, and gunning to make the dog look good, not gunning in a manner that almost guarantees some dogs will break and

Nothing at all wrong with a leaping flush, even at an Upland test.... as long as when the dog lands from the leap it stays put as the bird flies. Photo courtesy of Joe Olson.

fail. Bringing up a distant last, is, "Do I get to shoot the bird?" Gunning is not a shooting competition between gunners, nor is it a shooting demonstration. It is far better to let the bird fly away than to make a shot that is a disservice to the dog. The Springer people spent a lot of time developing the skills and judgment needed to be good gunners in their training and events. It's an area where we could do better in some of the upland tests I've seen.

Speaking of HRC Upland hunt tests, to me, it's sad that few clubs continue to run the upland test with dogs quartering and honoring each other in brace. This was the way it was done when an Upland Series could be part of the Finished test, years before there was an HRC Upland test or the UKC Upland Hunter (UH) title. And it was the way the Upland program and test procedures were conceived by the committee chaired by the National HRC Vice President back about 1993. And it's how the Grand

Sharptail grouse are not as common as pheasants, but certainly are fun to hunt, and at times it's possible to run into some huge flocks. This Lab thought he'd better get a pic with the double, his two-legged hunting bud doesn't produce very often.

used to run the upland. *Conceived by hunters for hunters.* Our club hosted the 1994 Spring Grand in June, later than normal, to help handlers combine a mountain vacation after school ended. We had to find a bird supplier that would raise the pheasants in a controlled light environment so they would not be molting and be good flyers. Back then, Upland was the third series of Grand. Pheasants were shackled with wool yarn and free planted by bird planters with the locations known only to them. Not to handlers, judges, or gunners. Much fun watching some fine retriever upland work, other than being over 100 degrees. Forget that "But it's a dry heat." It was a blistering hot, dry heat that sweated water away almost faster than we could drink it. Judges set a short, close course. The holding-blind brace dogs were put in water that filled a deep-draft boat on arriving at holding blind and again as they went to line. Then the dogs immediately went into a 2-foot-deep kids' swimming pool coming off their run. Having a club member who was a firefighter and had contacts with the local department to fill the boats was special. Here's to our first responders who help with things beyond emergencies. Anyway, times change, but some of us muddy hunters have a tough time leaving the past.

That's about it. Practice makes perfect—or at least satisfactory. It does take a lot of time and repetition to get most dogs rock solid at this. Also, be alert on the first upland hunt; your excitement level will be up, and so will the dog's. Be ready for a break and try to prevent it. Missing that, take a minute from hunting to train and correct. If you train with an electronic collar, you best do your early hunting with a collar. Range control will need

reinforcing when the pheasants start running down the corn or milo rows. It is harder walking, but hunting across the rows will help keep the dog in closer (because the birds won't run as much or as far ahead) and can result in more flushes by the dogs.

If you will run HRC Upland tests as well to get used to hunting over a dog, if that's new to you, it will be important for you to get comfortable with carrying the shotgun safely and (using primer poppers like in Upland test for safety) fire at the flushed bird. It is important for gun safety in hunting, as well as being comfortable with dealing with shooting and sense of what the dog is doing, and can help increase the odds of making a good shot and not finding a bruise on your bicep the next morning when hunting. And if you run tests, I can make a list of times I've seen brain freeze in the handler at the flush. Whether it's hip shooting, forgetting to load, fumbling with the safety off, not putting safety back on, or my favorite, just plain forgetting to shoot. I blame that on the Springer Spaniel field trialers I used to train with. There, as a handler, you never had a shotgun; you were focused on your dog. Somehow, in Upland tests when the wing gunners are out, this geezer goes into Springer training mode. And not just once!

Good upland hunting to you! When we first started upland training this way, years ago, it was "Hunt 'em up, Amos Moses! Outsmart 'em, Son. Uncoil those muscles and that full choke nose of yours." Then it was aging Amos and young Gator. Time passes, and so too did Amos, the high prey drive, pheasant-loving Lab. Then, eventually, just Gator. And so on, as young dogs came on board and our old four-legged hunting buddies aged out. From Gator on, I tromped the uplands in the fall and added the then-new Upland tests. Amos was gone before the UH program came along, and Gator got to run two before he retired. My current dog's sire, Roux, was fortunate as he came along when there was a UH title and wore that title proudly beside his HRCH. Then, last year, eleven years after his passing, UKC and HRC were kind enough to award the new UHCH title available to dogs completing the requirements before its inception. Now I'm able to enjoy hunting and running HRC Upland tests with a frozen-semen artificial insemination 500-point Roux daughter, HRCH UHCH Roux's Moonshine Pupsicle Popi. And as a bonus, my hunting buddy has a 500-point HRCH UHCH littermate sister, so they make a great team to put up birds for us. And they've put in the time and had the training to be very steady and reliable to make for the most enjoyable time afield, without worrying about dogs breaking or running amok out of range. Feeling a

comfortable weight in our game vest is only a small part of hunting enjoyment, but is nice. And we enjoy the good, tired-muscle aches of the day's end. And a last reward of dinner cooked with favorite recipes of the bird species of the day. Lordy, I love to hunt birds with a good dog! Good Upland hunting and HRC Upland testing to you. You can do this steady-to-wing-and-shot if you try. And it makes upland hunting less like sitting on a powder keg and hearing the fuse burning, but not knowing how long it is. And a bonus: when you shoot a double on roosters boiling out of a wild plum thicket in South Dakota, your dog can mark the 2nd bird.

Author's note: A special thanks to the late Springer trainer and upland hunting enthusiast, Bob Fink of Northern Colorado Springer Spaniel Club. Before he left for that great pheasant-filled plum thicket in the sky, was generous enough not only to share much of his Springer training knowledge with me quite some years ago, but also to invite me to train with them for several years and actually run my wild later to be HRCH Lab with their English Springers in their field trial training sessions before HRC was born and came to our state. He used the same dog to hunt and to run trials. We enjoyed some memorable pheasant, Bobwhite, and sage grouse hunting over their

Springers and my Lab in three states. Their club was also kind enough to put on an upland demonstration and a flushing dog seminar for our HRC club in our first year. And they appreciated our retriever club's help with running blind retrieves. English Springer Spaniels have earned HRCH titles, and it would be nice to see more of those "spotted dogs" at our regular and upland hunts. 🐾

It's My World!

**By HR Rage's The Sky Is The Limit
[Lynne Frady]**

Summertime! Woaaaaoooo! This time of year, my human, Lynne, is up to her eyeballs in outside work, training clients, and working. So, being the fabulous, smart, beautiful Labrador that I am, I decided to write her an article for her. Who better to tell you how to train your dog than a DOG!

Let's begin at the beginning. When should you start training your new pup? That one is easy, ASAP! When you get a new pup, that is the day training should begin. If you get an older dog, the same applies. I'm not talking about one hundred blinds, so start with the basics.

A big one is potty training. Most accidents in the house occur because our humans miss our cues. Humans seem to think that their pup is going to stand on their head and carry a flashing sign that says, "I need to go out NOW!" They expect us to bark and run to the door or ring a bell. Most dogs are not theatrical. I, for instance, will walk in front of Lynne and give her a look. I would like to tell you that she is 100% attentive to my needs all the time, but she is not. There are times when Lynne's sole existence is not completely wrapped around me, can you imagine such a thing? If she is on the phone or working at the computer, all it takes is a cold nose to the back of her arm, and then I have her full attention. This pulls her back to the "World of Sky." I wag my tail and take a few steps toward the door. She giggles, tells me I'm a naughty monkey, and opens the door to let me out. Make sure you give your human a little grace and a cold nose.

Our humans expect us to sit, stay, walk on a leash, not pull them to the ground, to come straight to them when we are called, and that means not stopping to read pee-mails along the way. A few other things will be to lie down, to stay where we are placed, and to go peacefully into our crates. OK, no big deal, those are all easy. You don't have to be an HRCH to know those tasks. In human terms, that means a rocket scientist. ROTF! (Rolling on the Floor, I am so funny!)

If our humans brought us into their family to hunt with or to run HRC Hunt Test, the game changes. Retrieving is usually the easy part of the game. I love to retrieve better than cheese sticks, and that's a lot!

Our humans may start by throwing bumpers and maybe ducks or pigeons. We run out, pick it up, and back we come, so they will throw it again. Some humans are very bad at throwing bumpers. It is a learned process for many. Thank goodness that when we are pups, they don't have to worry about throwing a bumper very far. As we get older, their throwing technique gets much better. I have seen some of Lynne's clients hit their leg, their head, and every part of their body in between with a bumper.

It's a good thing we are extremely patient while they are in the learning process. Practice makes perfect, even for humans.

If we are being trained to hunt or run a hunt test, our training gets more complex. This is when the adventure begins. Lynne and Jim have taken me to some fantastic places hunting and running HRC Hunt Test. To get ready, we, of course, do a lot of training. We train with a local group that Lynne has been training with for over 175 dog years! These amazing places have huge fields, tons of factors, and big PONDS! I highly recommend getting your human involved with a training group and an HRC club so they will learn from other trainers, and you will meet some awesome dogs, like I have.

The great thing about all of these grand adventures is that most of these properties offer huge fields with sloping hills and PONDS and LAKES and CREEKS! I LOVE WATER! (Give me a second, I got so excited I'm panting!) I love to go places that have technical ponds. Lynne tells me that I am learning new skills with the drills we run. If I can do the drill where I go "over the fingers" of the pond, please sign me up! If skills consist of me trying to empty the pond when I jump in, I'll be earning my PHWW (Doctor of Water Work). Training should be fun!

After we learn the basics, it's time to begin handling. This is when our humans blow a whistle and wave their arms. For some dogs, hand signals and whistle training are very hard to understand. Patience is a must when teaching us these skills. Sometimes our humans give us the wrong hand signal and then try to change it. We get confused, and our human gets frustrated. This is where some humans forget to be patient, not only with us but with themselves. When this happens, your human needs to take a minute, eat a cheese stick, let us run a different setup, and then come back to the setup that gave us trouble. Hopefully, your human won't continue on the downhill spiral and make a simple mistake, a huge mistake. By the way, cheese sticks will solve the world's problems, so make sure your human has one at all times; they love to share with us.

Lynne gets really sad when new clients get mad at their dogs and yell at them because they made a mistake. Yelling at us won't help us understand; teaching us each concept of the task is how we learn. It is a must that we are taught each step of a drill before it is put together. The simple truth is humans learn the same way; I think Lynne calls it repetition. Humans seem to forget how hard it is to learn new skills, yet they think we should know what to do the first time we run a series.

Another mistake new and veteran humans make is that

they talk too much, Blah Blah Blah Blah BLAH! Humans talk constantly while they work us, and they talk to us when we are retrieving and running blinds. Here is a scenario I have witnessed when I go with Lynne to train new clients. The human lines their dog up to run a blind and gives the “Back” command. The dog blasts off the line, and as they are on a direct line to the blind, the trainer says “good dog,” or if another person is standing close, they say “that looks like a real good line”. As the dog is running with her ears in the wind, the dog hears their human’s voice and looks back over their shoulder to see what their human said, which pulls the dog off line. Maybe to be sure of what their human said, the dog stops and turns around. The human then goes into a mad rage and yells “BACK” and gives the dog a huge hand signal. Sometimes the human hits the button on the transmitter of the e-collar as they yell and wave their arms. By now, the dog is so confused that they don’t know which way to go. The human is furious and said the dog popped.

Let’s go back to the beginning of this setup. The dog lined up perfectly. The human gave the command, and the dog blasted off in a perfect line and will more than likely step on the duck. What went wrong was that their human talked, and the dog responded like it was taught. The human was the reason the dog stopped. When something goes wrong while running a series, your human needs to think about why the mistake happened; it might just be something they said that caused the problem. Lynne teaches other humans to be quiet on the line with as little talking and body movements as possible until their dog has hit the mark.

Humans forget that their dogs are doing exactly what they were taught. Of course, mistakes will be made on the part of the dog, but most of the time, it is the human’s fault. Lynne tells other humans that she has made so many mistakes her picture should be by the word “mistake” in the dog handler’s dictionary. Not to worry, myself and all dogs before me have been very gracious and forgive her errors, and she has learned from them. If your human wants to talk, they should save it for when you are coming back from the retrieve or the blind. We thrive knowing that we did a great job!

Hunters don’t always make our job easy either. Humans think that if they get their pup from a top hunting kennel, the pup will hit the ground knowing how to hunt. It is correct that they have the instinct to hunt, but they need to be taught how to hunt. Dogs are one of a hunter’s greatest assets. Hunters are conservationists and advocates for wildlife. Our job is to assist them in being successful with quick and humane retrieves in the field.

This is not an easy job for us.

Some humans don’t have great shooting skills, and they will “cripple” a bird. When this happens, we have to get that bird quickly. This is where all those months of training will pay off. If we are not taught how to react in this situation, we may go after a dead bird instead of a crippled bird. Hunting is a huge responsibility for both the hunter and the dog. Just like many dogs before me, I have proved time and time again that I know my job and Lynne and Jim can trust me to do the task. I have seen some of my dog friends perform retrieves and blinds that no one would have believed possible. Patience and thorough training will produce amazing hunting dogs. Oh, how our humans beam with pride and brag on us to other hunters about how we are the greatest dog that ever lived. Those are the hunts and the memories that will last a lifetime. So please, be patient with us. Some hunting humans think they are always in control and let their ego get the best of them. I have heard Lynne talk about a hunter’s ego getting their dog in serious trouble, especially in a river. Even we have limits, we don’t wear capes. It is up to our human to know our limits and abilities and keep us safe. Lynne tells humans the best place for their egos is home, tucked away deep in a drawer. I’m not sure what an ego is. I wonder if it tastes like a CHEESE STICK!

God put us on earth to be man’s best friend, and we do all we can to live up to this very high expectation. With this task that God bestowed on us, we have a burden to carry. Humans make mistakes, but it is how they handle them that makes the difference.

If we make mistake after mistake, or you think we are blowing you off, you should look at your training. We either didn’t understand what you wanted, or you skipped a lot of steps in our training. Lynne told me she has had the pleasure of learning from some of the most amazing humans and dogs on the planet. She said not one of these humans took their dogs’ intelligence for granted, and their dogs were taught each concept of training with patience and grace. Lynne teaches me, her clients, and their dogs the same way, with patience and grace.

Be patient and kind to your human. They don’t realize that we breathe for them, we want to be with them, work with them, and hunt with them. We want to please them; our humans are our world. Hopefully, your human will give you 110% just like you give them. May your tail wag with happiness, and the water work, and the cheese sticks be plentiful!

Until next time, keep your eyes to the “SKY!”

The UKC/HRC International Grand, hosted by Wisill HRC, took place May 23–27, 2025, in Kansasville, Wisconsin. This prestigious event drew an outstanding entry of 893 dogs. Of those, 824 retrievers were called to the line on day one, each with the goal of earning a coveted Grand pass.

After completing five rigorous series, 199 dogs successfully earned a pass. Notably, 36 retrievers achieved the distinguished title of Grand Hunting Retriever Champion. Additionally, 18 dogs earned their second Grand pass, coming just shy of the required points for the GRHRCH title.

Acknowledging the Team

The success of the 2025 UKC/HRC International Grand in Kansasville, WI, would not have been possible without the dedication and tireless efforts of the Grand Committee and the Wisill HRC members. Countless hours of planning, coordination, and commitment went into hosting this exceptional event.

Special thanks to: Tracy Stubbs, Grand Chairman; Dean Roy & Jimbo Earls, Grand Co-Chairman; Ken Reinert, Local Grand Chairman; Maureen & AG Shaw and Dorine Reinert, Co-Chairpersons; Diana Peacock, Diana Lacase, Karen Norris, and Luella Reed, Grand Secretaries; Rita Johnson, Grand Treasurer; Glen Noble, Site Coordinator Chair; and Lori Greer, Grand Public Relations Chair.

We extend our sincere appreciation to all

Wisill HRC members and every Grand Committee member whose contributions made this Grand truly memorable.

Behind The Scenes

Countless hours of preparation went into making the International Grand a standout event. The day began bright and early, with Glen Noble and the field/site coordinators unloading trailers, organizing equipment, and prepping all Garmin electronics and Gunners Up wingers for field deployment. Simultaneously, setup at headquarters was in full swing—sponsor banners were hung, directional signage placed, and the check-in area made ready to welcome handlers and guide them smoothly to their test sites.

Grand Secretaries and Public Relations Committee members assembled Purina handler bags, generously filled with Purina Pro Plan dog food and other items provided by our national sponsors. The team also curated and arranged raffle items for both onsite ticket sales and online bidding.

Out in the field, site coordinators and club members were busy cutting brush, building platforms, and constructing various elements required by judges and the Grand Hunt Committee to ensure every site was competition-ready for day one.

Work continued well into the evening, long after the last volunteer had departed the headquarters—an inspiring testament to the teamwork and passion

that power this prestigious event.

Welcome Experience

Check-in day brought excitement and energy to headquarters as handlers, dog owners, and spectators arrived and began the registration process. Attendees were first welcomed by the Grand Public Relations team, who hosted a fun RPM Products bumper toss challenge to kick off the event.

Next in line, participants met the Grand Secretaries and collected their Purina Pro Plan dog food, courtesy of our longstanding national sponsor. The festive atmosphere continued as guests spun the wheel of instant prizes and browsed raffle offerings, with tickets available for purchase throughout the area.

Onsite sponsor booths added to the experience, featuring Priefert Kennels and the RPM Training Products trailer, giving attendees a chance to explore high-quality gear and connect with our national sponsors.

Leading up to the event, several inches of rain soaked the grounds, bringing cooler temperatures and a few logistical challenges. Yet, through the collaboration of Richard Bong State Recreation Area staff, Wisill HRC committee members, and our resilient handlers, day one kicked off safely and smoothly. The commitment and teamwork on display ensured that despite muddy fields and a soggy start, the Grand moved forward with heart and determination.

Before the first test series began, judges held a briefing to outline key procedures and expectations. Housekeeping rules were reviewed, including respectful behavior, designated parking, and site cleanup. Flight marshals reinforced these points at each location, and judges emphasized safety protocols, camo attire regulations, gallery guidelines, and the mechanics of each test series. The professionalism and mutual support displayed throughout the event made this Grand one to remember. Congratulations to all handlers, owners, and retrievers for a job well done, especially to the 36 new Grand Hunting Retriever Champions and the 18 retrievers inducted into the Hall of Fame. Your achievements reflect the heart and dedication of the HRC community.

Camouflage Clothing Briefing

As it states on page 7 of the UK/HRC rulebook, clothing worn in retrieving hunt tests by judges,

hunt marshals, gunners, and handlers must be full camouflage, in colors suitable for waterfowl hunting, including: Upper body: shirt, blouse, coat, or jacket. Lower body: shorts, pants, skirt, or waders. Optional head coverings: hat, visor, netting. Sleeves of handler jackets must be rolled down, so no white is showing. The judges ask that all hats may not be removed during any portion of the test.

Designated Gallery Areas

Judges ask that the gallery stay behind the yellow ribboned areas or areas marked with a gallery sign. The gallery should remain quiet and respectful of the dogs and handlers in the field, as the tests are running to include parking lot areas. Silent cell phones and keep movements to a minimum while a dog and handler are at the line.

Gun Safety Briefing

HRC Shotgun/Firearm Safety is addressed for the Grand level starting on page 52 of the UKC/HRC rulebook. Most sites will be using a Remington 870, 12-gauge shotgun for the duration of the grand. If any handler brought their own/personal gun, they were instructed to notify the judges or the Grand committee member prior to coming to the line. The provided personal gun will need to be checked for proper operation prior to the test and will be placed at the line upon the handler's arrival.

There are 3 important parts to the gun: muzzle, breach, and mechanical safety. Always make sure the muzzle is pointed in a safe direction and at only what you plan to shoot. Pointing the muzzle at anyone or your dog at a test could result in an immediate disqualification. When returning the gun to the gun stand, the judges are looking for the breach to be open and the mechanical safety on. If the gun is placed back in the rack with either the breach closed or the safety off, you will receive a gun warning. If the gun is returned with the safety off and the breach closed, handler and the dog running will be disqualified. Please let the judges know that the gun is open and safe.

- Proper loading of the gun at the line. As the handler is loading the gun, make sure it is pointed in a safe direction. Judges directed handlers to place the gun on their leg with the muzzle pointed upward when always loading the poppers.

- Proper shooting form. As the test begins, demonstrate proper shooting form (as discussed beginning at the seasoned level as stated starting on page 40 of the UKC/HRC rulebook - gun stock should

be in contact with the shoulder, aim track, and shoot the bird at the top of the arc. Do not take off the mechanical safety until the handler is ready to fire and the birds are in the air.

If at any time during the test, if the dog creeps out in front of the gun barrel, shoot straight up in the air. The handler may follow the bird to the ground but must return the gun above the dog's head before swinging to the next bird. Pushing or pulling the dog with the gun will be a gun safety issue. If the handler has a gun issue, please let the judges know, but continue the test. Make the gun safe, and one of the judges will take the gun from the handler and clear the gun as quickly as possible. The judges are the only people who may stop a test.

Blind – Challenge the Line!

The retriever will be lined up directly in front of the Banded chair to run the blind. Judges are looking for grand level control to this blind. Prompt and precise responses to all hand, voice, and whistle commands. Judges are looking for progress to the blind or back to the handler. The quickest route to the blind is a straight line. Judges ask that you challenge the line to the blind and handle all the way to the bird. Receive your retriever at the working line.

Honor – Working as a team.

The honor retriever is expected to be positioned so that it can see all three marks thrown, and its view of the hunting test is not obstructed. The honor retriever is expected to be in a sitting or standing position next to the handler once while starting the test from the honor position. The honor retriever will be released by the judges once the working retriever has left the line. Once released, the honor retriever and handler will exit the test. The honor retriever will remain under judgment until it is placed on lead.

Diversion – Incoming.

Generally, a diversion is thrown after last mark retrieved bird or on the way back from a blind retriever, a diversion bird will be thrown. The bird will come from a Gunners Up winger to one side of the working line. If the retriever switches on a diversionary bird thrown on the return from a retrieve, the test will be failed. The purpose of the diversion portion of the test is to require the retriever to demonstrate control on the return. The Diversion bird must be shot. Remember to use proper shooting form.

Test Objectives

Judges evaluate the retrievers for Grand level control at the line, as well as marking and memory.

- The handler and retriever should walk obediently to the line, sit obediently, and exhibit an attentive attitude without unnecessary and excessive commands.
- When the handler and retriever reach the “working chair”, settle the retriever and prepare to load appropriate number of poppers.
- The retriever's ability to proceed directly to the area of the fall, establish a hunt within the hunt area, and return the bird to hand without aide from the handler.
- If, at any point, the retriever fails to meet the objectives of marking and memory, the judges will ask the handler to handle their retriever to the bird. At this point, the marking and memory portion for that bird has ended, and the handler will then be judged on control.
- If the judges ask a handler to handle their retriever to a bird, do so immediately.
- Once a handler begins to handle on a bird, the judges expect Grand level control, and the judges expect that the handler will handle the retriever all the way to the bird.

Avery Water Test

Judges: Jamie Moss & David McCracken
Grand Committee: Leroy Mason
Site Coordinator: Bobby McGahey
Public Relations: Stephanie Schroeder
Diversion & Blind: 66 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and splash at 27 yards.

Mark 2 will come out from (right) Right to Left and splash at 47 yards.

Mark 3 will come out from (middle) Right to Left and land at 66 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handler's left. Shoot diversion in a safe manner.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

Marking & Memory, Mechanics:

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

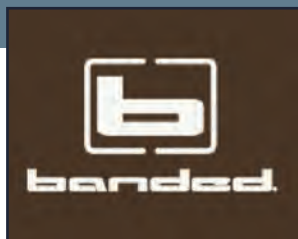

A black Labrador retriever is shown in a natural, marshy environment, holding a large, brown, downy duckling in its mouth. The dog is standing in shallow water or mud, surrounded by tall grasses and reeds. Another duckling is visible in the background, partially obscured by the vegetation. The scene captures a moment of a dog's natural hunting or retrieving behavior.

A map of the study area showing the locations of three waterfalls (1, 2, 3) and three deadwood piles (B, D, WD, HD). The map is a green field with a grid of small squares. Waterfalls 1, 2, and 3 are marked with black circles containing white numbers. Deadwood piles B, D, WD, and HD are marked with yellow, irregular shapes. Distances are indicated by dashed lines and text: 116 yds from B to 3, 114 yds from 3 to 2, 93 yds from 1 to 2, 111 yds from 2 to 3, and 88 yds from D to 3. A dashed line with an 'X' at the end connects 2 and 3.

Banded Water Test

Judges: Robert Archer & Tim Blan
Grand Committee: Derrick Watson
Site Coordinator: Bane Robertson
Public Relations: Amanda Doyle
Diversion & Blind: 136 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 59 yards.

Mark 2 will come out from (right) Right to Left and land at 55 yards.

Mark 3 will come out from (middle) Right to Left and land at 83 yards.

When the third and final bird has clearly hit the surface, you can release the retriever for the retrieve.

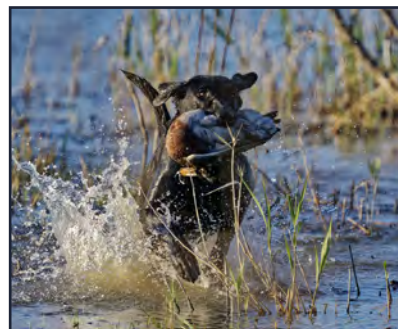

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers left. Shoot diversion in a safe manner.

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

Judges: Randy McLean & Daniel Johnson

Grand Committee: Mark Leahy

Site Coordinator: Caroline & Rocky Hall

Public Relations: Lori Greer

Honor & Blind: 134 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (right) Right to Left and land at 142 yards.

Mark 2 will come out from (left) Left to Right and land at 100 yards.

Mark 3 will come out from (middle) Left to Right and land at 88 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handler's right. Shoot the diversion in a safe manner.

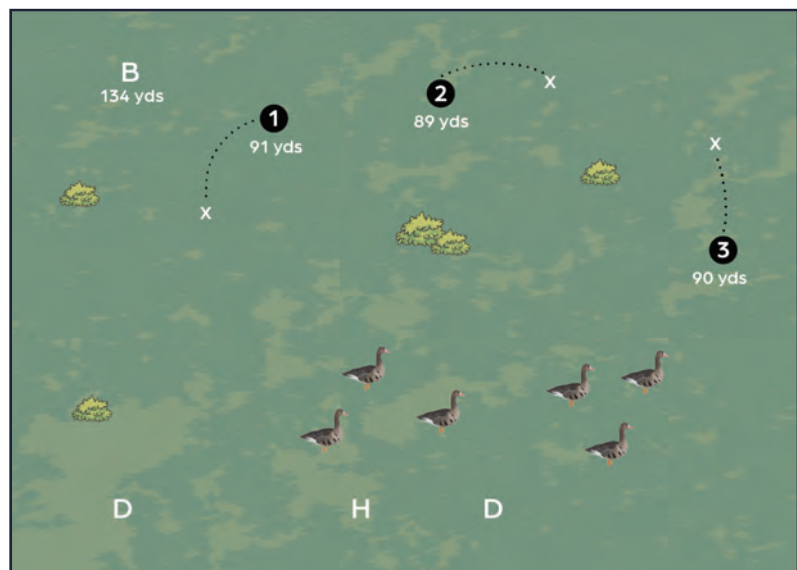

Once the retriever has retrieved all marks, line the retriever up directly in front of the Banded chair for the blind.

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out (right) from Left to Right and land at 126 yards.

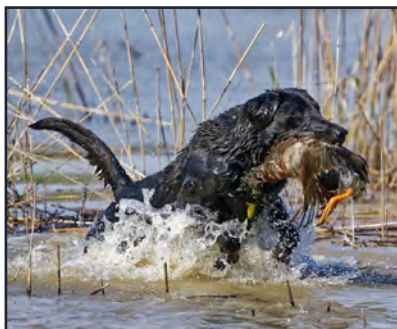

Mark 2 will come out from (left) Left to Right and land at 131 yards.

Mark 3 will come out from (middle) Left to Right and land at 115 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

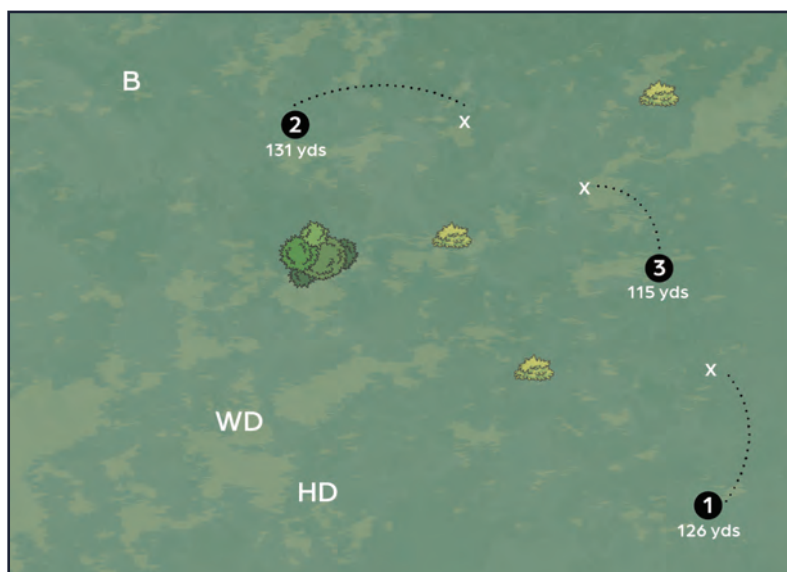

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

Dive Bomb Water Test

Judges: Marion Grace & Roger Fields
Grand Committee: Royce Meyenburg
Site Coordinator: Russ Dussett & James Amthor
Public Relations: Randy Pruitt
Diversion & Blind: 147 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 74 yards.

Mark 2 will come out from (middle) Left to Right and land at 105 yards.

Mark 3 will come out from (right) Right to Left and land at 68 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown to the handlers right. Shoot diversion in a safe manner.

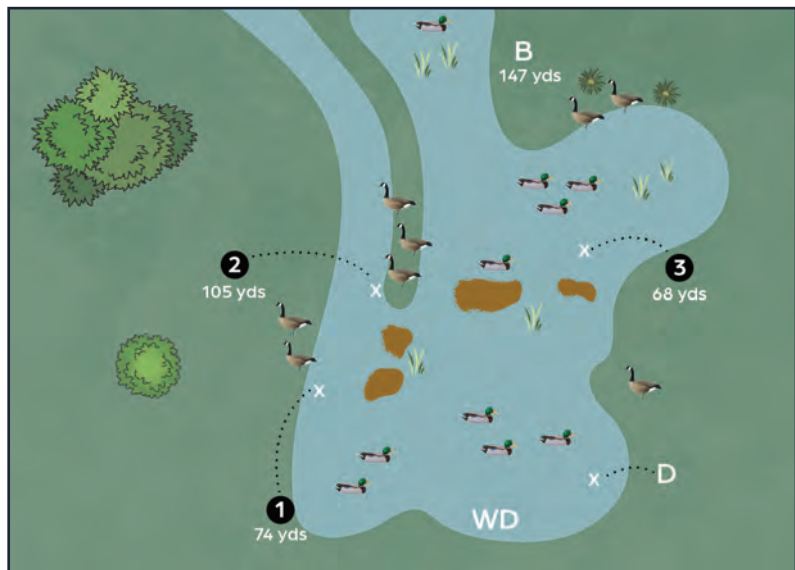

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

Dive Bomb Water Test Judges.

Judges: Luke Cash & Eddie O'Brien
Grand Committee: Jessica Dowler
Site Coordinator: Waylon Fredrick
Honor & Blind: 145 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear. Honor handler will be excused by judges when the working retriever has left the line.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (left) Left to Right and land at 99 yards.

Mark 2 will come out from (middle) Left to Right and land at 140 yards.

Mark 3 will come out from (right) Right to Left and land at 95 yards.

When the third and final bird has clearly hit the ground, you can release the retriever for the retrieve.

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

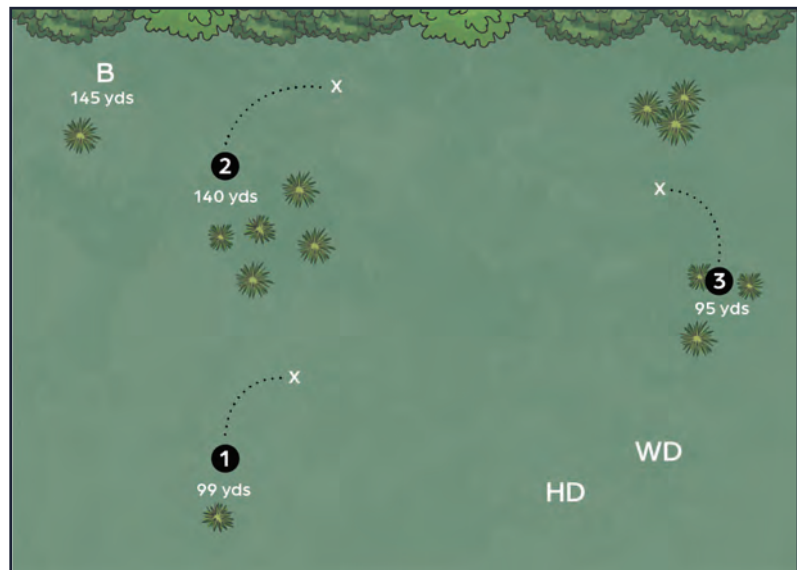

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

Huels Oil Water Test

Judges: Tim Soucy & Tim Wakefield

Grand Committee: Kevin Hannah

Site Coordinator: William Walker & Luke Donofrio

Public Relations: KT Ries

Diversion & Blind: 139 yards

Marking & Memory, Mechanics:

After loading 3 poppers, the handler will use a duck call to begin the marking part of the test. Please call loud and clear.

When the duck calling has ended, the first bird will be thrown.

Mark 1 will come out from (middle) Right to Left and land at 65 yards.

Mark 2 will come out from (right) Right to Left and land at 63 yards.

Mark 3 will come out from (left) Right to Left and land at 93 yards.

When the third and final bird has clearly hit the water, you can release the retriever for the retrieve.

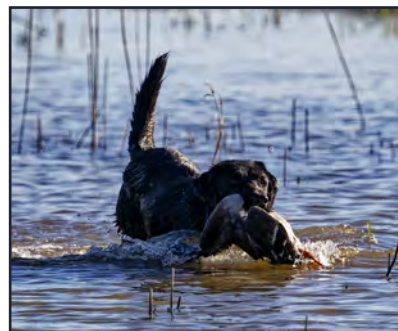

Pick the birds up in any order and place all birds in the bucket behind the Banded chair.

On the way back from the last mark retrieved, a diversion will be thrown. Shoot diversion in a safe manner.

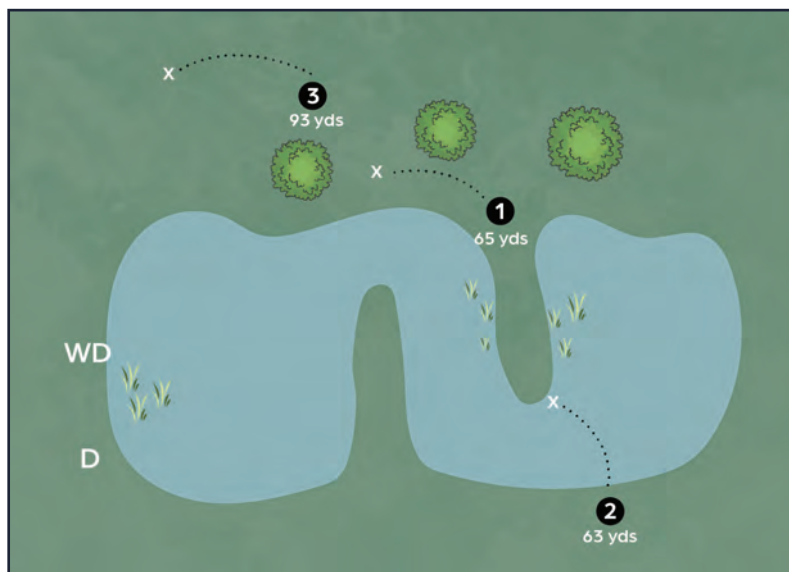

Once the retriever has retrieved all birds, line the retriever up directly in front of the Banded chair for the blind.

Upland Test

The Upland segment of the Grand unfolded across a spacious field, with chukars selected as the game of choice. Four well-prepared stations stood ready to welcome handlers and their retrievers, under the direction of Site Marshal KT Ries. Grand Co-Chairman Tracy Stubbs and HRC President Glen Scarborough gave the green light to each station, ensuring a smooth and coordinated progression.

Each series began with a handshake and a heartfelt "good luck" as two handler/retriever teams entered the field together for the walk-up. Upon delivery of the bird by

the working retriever, the honoring retriever returned to the holding blind. The working dog then advanced past a line of National Sponsor tents to the next station, where they quartered through the field, fulfilling the flush and demonstrating steadiness to wing and shot.

For all 199 retrievers and their dedicated handlers, it was a moment of pride and camaraderie. Judges and committee members joined in the celebration—handshakes, hugs, and heartfelt congratulations marked each successful pass.

*How the Hunting
Retriever Club
Sparked My
Veterinary
Calling*

Me and my GSP Gweny.

*My son Bauer
with our GSP Bizzy.*

By Dr. Jay Brekke, DVM

Twelve years ago, I graduated from veterinary school and began my dream to care for the animals that shaped my childhood and my life. As a veterinarian, I've had the chance to treat all kinds of creatures great and small, but nothing has brought me more satisfaction than working with hunting dogs. There's just something different about these animals, something deeply personal for those of us raised in the upland fields, duck blinds, and training grounds.

I was born into the world of bird dogs. Growing up, my dad and I spent countless hours training retrievers in southern Colorado. We weren't just dog owners, we were a hunting team, bound by loyalty, instinct, and a shared passion for the field. Our weekends were filled with hunt tests and training sessions, and we proudly belonged to the Southern Colorado Hunting Retriever Club. It was more than a club; it was our community. And within that community, I found more than camaraderie; I found my calling.

I was fortunate to have remarkable mentors who helped guide my path. Dr. Don and Jeremy Ley of Fourmile Veterinary Clinic were not only brilliant veterinarians but also incredibly generous with their time and knowledge. Watching them work on dogs like the ones I hunted with lit a fire in me. I realized that becoming a veterinarian wasn't just a career, it was a way to serve the animals I loved and the people who shared my way of life.

Being a vet, especially for hunting dogs, is one of the greatest jobs in America. I get to combine my professional skills with my personal passions every single day. I work with Labradors, Goldens, Chessies, and numerous pointing breeds that come into the clinic with muddy paws and bright eyes, fresh off the season or gearing up for the next. I get to talk shop with their owners, discussing

NW Kansas, early 1990s. Pheasant hunt with my dad, Erik, brother Matt, and our two labs, HRCH Kelli's Chocolate Pride and HRCH Chance's Lucky Penny. One of my favorite pictures and memories.

not only vaccinations and joint health but also favorite duck holes, memorable retrieves, and tales of birds that got away. There's a special kind of joy in patching up a dog you know will be back in the blind within weeks, tail wagging, nose high, and eyes scanning the sky.

This profession is as rewarding as it is challenging. No two days are alike. One morning, we might be performing orthopedic surgery on a Lab that tore its ACL on a hard pivot in the marsh. That afternoon, I could be counseling a family on how to start their first retriever pup or helping an aging gun dog ease gracefully into retirement. We also see emergencies, routine wellness checks, dental care, nutrition consults, and reproductive services. Some veterinarians choose to specialize in surgery, cardiology, dermatology, rehabilitation, or even sports medicine, which is perfect for those of us who work with high-performance canine athletes.

And for those worried about job security? Let me be clear, the world needs more veterinarians, now more than ever. From rural clinics to cutting-edge specialty hospitals, jobs are abundant, especially for those willing to serve communities and commit to continued learning. The path to becoming a vet isn't easy, but it's achievable for those who are passionate and dedicated.

Here's the basic roadmap: You'll need a strong foundation in the sciences during high school. That means focusing on biology, chemistry, and math. Then it's off to college for a bachelor's degree—often in animal science, biology, or a related field. Veterinary school itself is four intense years, but every lecture and lab builds the knowledge you'll need to make a real difference. After earning your Doctor of Veterinary Medicine (DVM) degree, you can start practicing right away or choose to specialize further with internships and residencies.

NW Kansas, early 1990s. Me and my brother Matt (on the right), and HRCH Chance's Lucky Penny.

Started Hunt Test in Lamar, Colorado, 2001. Me with HRCH UH Go West Sami.

Walsenburg, Colorado, 2005. Me and HR Pin Oaks Colorado Kadie with two seasoned passes. Beautiful Spanish peaks in the background.

Brush, Colorado, 2005. Me and HR Pin Oaks Colorado Kadie with an HR title.

The best part? If you were raised in a bird dog household, you've already had some of the best training there is. You know what it means to be up before dawn, to care deeply for your animals, and to take responsibility for another living being. That mindset is at the heart of veterinary medicine. If you love the feel of a warm muzzle in your hand and the satisfaction of a job well done in the field, imagine how fulfilling it is to be the one who keeps those dogs running, swimming, and retrieving at their best.

I often tell young people: If you grew up watching your dad blow a duck call at sunrise or saw your dad help your brother wipe down a muddy lab in the truck bed after a hunt, you already have something special inside you. And that something can become the heart of an incredible career. Parents, I encourage you to nurture that spark in your kids. Let them shadow your vet during visits, encourage them to read about animal health, and introduce them to mentors in the field. They might just find, as I did, that the calling to care for hunting dogs and the people who love them is one of the greatest gifts life can offer.

To the kids out there

sitting in duck blinds or on the tailgate of a truck with your favorite dog curled up beside you, think about becoming a veterinarian. It's not just about science and medicine, it's about connection. It's about giving back to the animals who give us everything they have. It's about hearing someone say, "Thanks, Doc," when their dog gets a clean bill of health and another season of memories ahead.

Looking back, I can honestly say that growing up in the hunting retriever community shaped every part of who I am today. The Southern Colorado Hunting Retriever Club, the lessons in the field, the mentors who believed in me, and the support from my parents were all chapters in a story that led me to this incredible career. And now, every time I put on my scrubs, I carry that story with me.

From kennels to clinics, duck blinds to exam rooms, this job is a dream come true. If you love hunting dogs, there's no better way to serve them, and your community, than by becoming a veterinarian.

So, here's my message to the next generation: You already have the heart of a vet. All you need to do is follow it. 🐾

HALL OF FAME SHOWCASE

GRHRCH(5) NORTH FORKS NAPOLEAN OF THE SLOUGH MNH HOF

Requirements for earning a Hall of Fame certificate were set forth by HRC. A dog is required to have passed four Grand Hunts and have accumulated 1,000 Championship Points. Fewer than 100 dogs in the history of HRC have accomplished this. UKC has reached out to HOF dog owners to showcase these incredible athletes. Read about them in this series.

“Knox is my best buddy and my hunting partner on top of all of his achievements throughout his hunt test career!”

Amateur Handler, Mark Barber from Gadsden, Tennessee

GRHRCH(5) NORTH FORKS NAPOLEAN OF THE SLOUGH MNH HOF, KNOX, CHOCOLATE LAB, MALE

Title photo: Mark L. Atwater - UpClose Photo

Q: Are you a professional or amateur handler?

A: I am the owner. Amateur Handler if I did handle him.

Q: Who are Knox's sire and dam? Are there any other HOF/notable dogs of relation?

A: His sire is GRHRCH(5) UH Hickory Withe's Colonel Reb MNR HOF and his Dam is HRCH Sweet N Special Sadie Luvs Dux SH.

Other Hall of Fame dogs in his pedigree include Webshire's Honest Abe, Candlewood's Tanks A Lot, Chena River No Surprise, Wilderness Harley To Go, Itchin' To Go, Trumarc's Zip Code, Candlewoods M D Houston, Lakeridge's Charlemagne, San Joaquin Honcho, Super Powder, Super Chief.

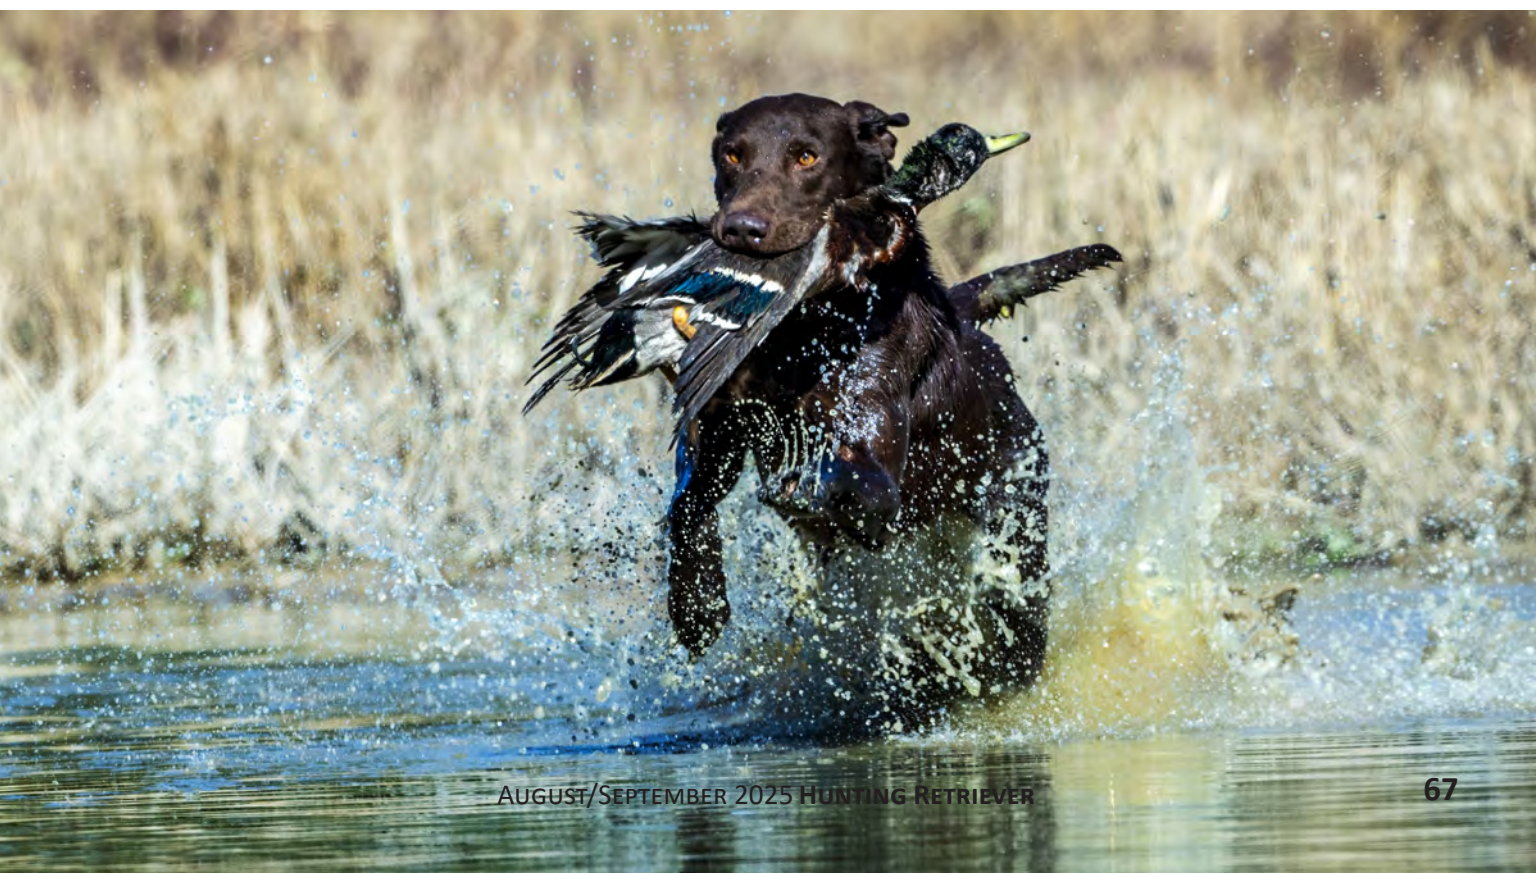

Q: How long have you been involved with HRC? What drew you to HRC and/or how did you get involved?

A: I have been in HRC since 2005-2006. I have owned labs most of my life and never knew what a hunt test was. I met

Scot Whitaker, who is now one of my best friends, and he introduced me to this sport. He had a phenomenal dog named Maxx and this made me want to look deeper into the HRC world. I am a duck hunter as well and the thought of my dogs picking up ducks for each mark really made sense to me. I soon realized that this was an amazing opportunity to not only allow my dogs to learn and become better hunters, but also to compete in some really good tests and around some really talented dogs. One of the best perks of HRC is the amazing people that my wife Amy and I have met along the way. This has been an amazing journey!

Q: What is Knox's personality like? Tell us a bit about him!

A: Knox is a wonderful companion that has a lot of drive and a pretty high motor. However, he also has a great off switch. He is equally comfortable in the duck blind, at the line during a hunt test, or stealing my seat at home. He is not the fastest dog

around, but does have some Go. He loves attention, especially as he has gotten older and is at home more. When he was younger, he would walk right past me at a test and not really pay me any attention. As he got older, it was like he was looking for me at every test. If he ever smelled me, he would look for me even when he was headed to the line. Fortunately, that never caused any issues during a test. He is truly a loving soul and he is always ready to GO!!

Q: What are his strengths? Does he have any weaknesses that you've had to work through?

A: I believe that Knox's strengths are his drive, his marking ability, and his ability to take a good line. He has a great nose and handles very well when you need to handle him to a bird.

His biggest weakness has been the girls! If there is a female around that smells a little too good, his drive and attention goes away. He will blow you off when this happens. It is inevitable for a Professional Trainer to have a female come into heat at the most inopportune times. Like during a trip to the Grand. His second biggest weakness is his tendency to pee on literally everything. This has caused focus issues at times and has almost cost him passes. I do believe, however, that this weakness often goes hand in hand with his biggest weakness. Knox is also not fond of the cages/spring traps used in the Upland Series at times. We have had issues there!

Q: At what age did he acquire his first title, and at what age did he enter the HOF?

A: Knox achieved his HR title at 14 months old. He achieved his Qualifying Grand pass in Paducah at the 2023 Fall Grand at the age of 6 and officially achieved his HOF title on October 5, 2024 at the age of 7. He was running SRS for most of 2024.

Q: How has he developed over the years? What's something you see now that you didn't see when he was younger?

A: Knox started out his hunt test career passing all of his Seasoned tests, but struggled a little in Finished that year. However, he was 15 months old running in Finished tests and went 2 for 4. The next test season started off with him achieving his HRCH title at 19 months old. He settled in and passed all his Finished tests from that point forward except for maybe 1. He ran his first Grand in the Fall of 2019 but pointed out in the 2nd Series. The 2020 Spring Grand was cancelled due to Covid, so he got his first Grand pass in Paducah at the 2020 Fall Grand at the age of 3. Knox would have passed 4 Grands in a row if it were not for an issue in Grenada with the trap/spring boxes used in the Upland Series. This issue would arise again before he came home officially. He ended with 5 Grand passes but should have 7 passes due to two issues with the Flush. Knox also started to compete in the Super Retriever Series (SRS) along the way.

Knox started out with a decent performance in his first SRS in the late Fall of 2021, but then had a poor showing in his 2nd SRS at Peppers Pond in 2022 and I decided not to pursue this. In 2023, we decided to try it again because he was running

exceptionally well. Knox won two 2nd Place Finishes and had another Top 10 finish in the first 4 tests he competed in that year. Knox won 2nd Place at the Amite River SRS in his first test of the season and then won 2nd Place at Peppers Pond (where he had performed terribly the year previous). This qualified him for the 2023 Crown Championship in Shreveport/Bossier City, LA. He also had a 10th Place finish at the Maple Ridge SRS. Knox went on to compete in the 2023 Crown Championship, which made Amy and I super proud. He did not win anything, but just to be invited is a special thing for any dog and owner!!

Q: Did you train Knox? If not, with whom?

A: Knox trained with Scott Greer at North Fork Retrievers since he was 6 months old. Scott did an amazing job with Knox, and they achieved things that Amy and I would never have imagined! We knew he was special but had no idea just how special. 5 Grand passes, 3 Master National Passes, Two 2nd place SRS finishes, 4 Seasoned passes, and many Finished passes!!

Q: How would you explain your relationship with Knox?

A: Knox and I have a special bond. As I mentioned earlier, he would never really pay any attention to me early on when I would show up at a test. He would walk right beside Scott on lead and never really look at me. He was too busy looking for a girl dog more than likely.

As he got older, he began to look for me at every test. I would hide from him and watch him nosing around trying to smell me. It was very evident when he knew that I was there.

At a Finished test at Deer River HRC, my home HRC Club, He smelled me on the walkup and literally looked at the crowd when he sat down on the line. He was trying to find me. I was worried that he was not going to see the marks honestly. He went to pick up the Go Bird and, on his way back to the line, he just kept proceeding towards the crowd with the bird in his mouth. He was bringing it to me I guess. Scott had to yell HERE to get him to come back to him. It was funny and scary...lol

Our relationship since he has been home has only gotten stronger. I became an Affiliate Broker in the past year and I take him with me to look at properties and to even show properties. He rides with me when I can take him. He goes to the office with me occasionally and anywhere else that I can take him too; especially when I go to Hunt Camp. He would go everywhere with me if it was up to him and I would let him if it was up to me.

It was a terrible time around our household when we lost Levi, our first HRCH dog. So much so that I purchased Knox and our first yellow female Pearl to get over him. When the time comes to say goodbye to Knox, I will most likely need medication. I have gotten closer to him than any dog we have ever owned. I would literally take him anywhere with me if I could. To expand a little on this, Amy and I were not able to have children. Our pups are our children! I have a different kind of bond with them than most. I spoil them and talk to them just like they are people. Knox is my best buddy and my hunting partner on top of all of his achievements throughout his hunt test career!

Q: Tell us your favorite hunting story, or a special non-hunt test moment with your Hall of Fame dog.

A: During his first few years on this earth, our seasons around here in Tennessee were pretty terrible. We never had many ducks to get him on some good hunts. My buddy Jamie Martin had leased a rice field in Arkansas for the 2019-20 duck season. Knox was about 30 months old the first time we got to hunt there and we started to shoot a few ducks. It was me, my brother Scott, our buddies Jamie and Bob, and their sons Tad and Gatlin that were hunting together. We had hunted together for years, but this was our first real hunting trip with Knox. Some ducks came in and we began to shoot, knocking down a few. Knox went and picked up the close ones, but we had one that fell somewhere between 150 to 200 yards out. Jamie had it kind of marked, so I sent Knox on a blind retrieve to go get this duck. I lined him up and loudly said, BACK. It only took a few whistles to get him in the area and he pounced on the duck. I was absolutely stoked because this was truly his first long retrieve with me handling him, and it was a blind retrieve. I knew he could do it, but I was worried more about me handling him. Everyone started to brag on him and that was one of the best feelings ever. I was a very proud Dad at that moment!! Tad and Gatlin were also happy because they no longer had to retrieve the ducks....lol

Q: Points aside, what, to you, makes Knox a Hall of Fame dog?

A: Not only has Knox become my best buddy during his time on this earth, he is a phenomenal hunting partner! Also, he is one of the most photogenic dog I have ever seen. He takes HOF pictures and he is way more photogenic than his Dad!

Q: What does having this HOF accomplishment mean to you?

A: Knox achieving his HOF title was one of the proudest days

of my life because it is not something that we ever expected when we started this journey. With Amy and I not being able to have children, I relate it to someone having a child win a Championship in their respective sport. Nothing makes them prouder than to see their child achieve that and this is exactly how I feel. I just wanted to have another buddy and hunting partner in the beginning. We got way more than this!

Q: Reaching the Hall of Fame is no easy feat. What words of encouragement do you have for those striving to reach the HOF?

A: Stick with it because it takes determination and dedication to achieve it! This is not for someone that has not bought into it 100%. The biggest thing is to not get discouraged by setbacks and fails along the way. There is still some luck involved with this in how the marks come out, how they land, how the wind is at the time your dog runs, what the weather is like at the time your dog runs, what time of the day your dog runs, etc. I have witnessed the weather change 7-8 times during a single series at the Grand. The weather can have a huge effect on a hunt test and this is where luck can come into it. Stay the course and ask questions to your trainer and/or other trainers. Do not let things happen and not try to understand them. There is an old saying that "Every dog has it's day". This is so true!

Q: Do you have any final advice for those new to the world of HRC? What advice do you have for someone starting out?

A: Sometimes we get lucky and purchase that puppy that just smokes all these tests and makes it look easy. Sometimes, we get that pup that has less drive or is softer and doesn't take the hunt test pressure like others do. I have had both. Always remember that they are still dogs. Love them, pet them, take care of them, train them, and enjoy the process! May you all be blessed and all your marks land belly up!

Honorary, Memorial, and Club Scholarships

The HRC Foundation was able to award scholarships to 38 deserving HRC member students this year. Twenty-three of those scholarships were funded, in whole or in part, through Honorary, Memorial, or Club/Organization Scholarships. We could not have accomplished this without the generous support of our members. The HRC Foundation would like to recognize the people and clubs behind those scholarships.

If you or your club is interested in establishing a scholarship for next year, please check the HRC website or reach out to any Foundation Board Member for more information.

Omar Driskill

Honorary Scholarship

We all owe a great deal of gratitude to Omar for founding HRC. What many miss is the fact that it was formed because of his love for a special retriever, a Hunting Retriever Champion in his heart. Some of what I am about to share is from his President's message in 1984.

First and foremost, Omar was a very dedicated duck hunter; he sat on the bench a few times for skipping practice to go hunting. Because of his love of hunting, he valued a retriever that could do exactly that: HUNT. Thus, here we are, the Hunting Retriever Club.

In 1977, Omar trained "Trieven Charger" (Waggs), a male Labrador, every day of the year and hunted him hard every day of the season. He hunted Canada Geese from the North Platte River in Nebraska to the cornfields of Cairo, Illinois. His main hunting was for red-legged mallards in the northeast Louisiana rice fields, where in his next-to-last season (1981), Waggs retrieved 499 of 500 ducks.

In seven years, Waggs had retrieved over 3,000 game birds,

8 mallard bands, and no telling how many training birds. He was a dog that earned the right to sleep by your bed and ride on the front seat of your truck. He was more than a companion; he was a family member.

Memories of unbelievable retrieves and returning after five minutes with a downed cripple in his mouth are more valuable than any shotgun or 4x4 you may own; this is a Hunting Retriever Champion.

On April 28, 1983, Omar wrapped his hunting coat around him and laid him in his grave with a training bumper. Omar's heart was about the size of a plum, for he had truly known a great Hunting Retriever Champion.

Later that year, Omar traveled to Kalamazoo, Michigan, to form a National Organization with the United Kennel Club to honor hunting dogs. Things began to roll, and the Ruston Retriever Club held the first sanctioned hunting retriever test in the United States. All for the love of a great retriever, Waggs.

Colorado River Retriever Club

Club Scholarship

Colorado River Retriever Club (CRRC) is a family-oriented club with approximately 48 members. CRRC is among the network of Hunting Retriever Club Inc. clubs across the country and is affiliated with the United Kennel Club (UKC). We were founded in 1987 and originally based in the Richmond area (thus the name Colorado River).

The club's major focus is promoting the philosophy of the HRC, whose motto is "Conceived by hunters, for Hunters". CRRC and the HRC believe that a good dog is one of the best

conservation tools to the hunter. We train and test our retrievers in true-to-life hunting situations.

We host both a Spring and a Fall Hunt Test, a yearly Christmas/ Awards Party, a summer get-together, monthly meetings, and occasionally hold/host other events.

This is a club that welcomes new members with open arms and is full of friendly people. Members often train together and usually

have several club training days throughout the year. CRRC's club officers are extremely knowledgeable when it comes to retrievers, retriever training, and hunt tests.

Roger Davis

– Paul Zellisko

Honorary Scholarship

In early 1990, Roger Davis and Paul Zelisko decided to explore the possibility of forming a new HRC club in Southeast Wisconsin. Both were members of Fox River Valley HRC, and with the support of FRV members, they formed a new club in Wisconsin. They came up with the name "WISILL," representing expected membership from both Wisconsin and Illinois, and, of course, the primary tool used by all retriever trainers—the whistle.

In June of that year, they held an organizational meeting at the Richard Bong Recreation Area conference center. They had hoped for a decent turnout but had no idea how many people would attend. When it was time to start the meeting, the conference room was standing-room-only. The original membership was about 30, with Roger as President and Paul as Vice President and Treasurer. Paul & Roger oversaw every training session for more than three years, with Roger in the parking lot explaining HRC philosophy and Paul at the training line helping handlers and explaining the steps necessary to train a retriever.

Roger Davis: Over the years, Roger has served in many roles within WISILL—including President, Treasurer, Training Coordinator, and Hunt Test Chair, to name a few. In addition to his contributions to WISILL, Roger has also served as National HRC Treasurer and is both the founder and a past president of the HRC Foundation.

Roger works to instill the HRC philosophy in all members, reminding them—as they progress through the different levels of training—not to forget what it was like when they first started. No matter how much or how little someone knows about dog

training, there's always someone who could use a hand. Don't wait for them to ask for help. Whether it's assisting with a training issue or simply throwing birds, take the opportunity to support others. Helping people discover the goals they never knew were possible—through HRC and WISILL—brings Roger more satisfaction than all the titles he has earned with his dogs.

Roger remains very active in WISILL and continues to support other HRC clubs. On any given weekend during hunt test season, you'll find him either running his dogs or sitting in the judge's chair.

Paul Zelisko: Paul was very detailed in his personal and business life as a programmer and financial analyst, and that mindset was noticeable in his dog training. When Fox River Valley HRC was asked to host the Grand, Paul jumped right in to help itemize every detailed item used for the Grand. He took that detailed worksheet, transcribed it onto a disc, and sent it to the Grand Chairman and to the next club to host the Grand to help them organize and plan. That roadmap created by Paul was used by the Grand and host clubs for several more years.

Paul worked with a local clothing outfitter and covered the costs for one of the best logos in HRC, showing a hunter, two dogs, ducks, geese, pheasants, and a grouse. Not only did he do that for WISILL, but while helping Land O Lakes HRC to get started, he designed and funded their initial logo and hat order.

Paul continued to be very active in WISILL and in support of other HRC clubs in the region until his health began to decline. He still attends WISILL functions as frequently as he is able and is always there to support with any and all WISILL and FRV projects.

He is a GREAT partner for WISILL, FRV, and HRC.

Roger Davis

HRC Foundation Scholarship

In 2024, the HRC Foundation created the Roger Davis HRC Foundation scholarship to be funded each year out of the HRC Foundation's General Fund. Roger was instrumental in the establishment of The Hunting Retriever Club Foundation. In 1994, the proposed Articles of Incorporation and Bylaws for the Foundation were developed in preparation for filing for exempt status with the IRS. On May 18, 1995, the Internal Revenue Service approved The Hunting Retriever Club Foundation, Inc. as a tax-exempt organization under Section 501(c) 3 of the Internal Revenue Code.

organization under Section 501(c) 3 of the Internal Revenue Code.

The first HRC Scholarships were awarded in 1998, with four scholarships and one research grant issued in the amount of \$1,000.00 each. In the years since, the Foundation has awarded 314 scholarships and 22 research grants in excess of \$539,000.00. Thanks to the generosity of our donors and sponsors, in 2025, we will add another 36 scholarships to those totals. None of this would have been possible without the vision and determination Roger showed so

Carol Ford

Memorial Scholarship

The Michigan clubs are proud to fund another Carol Ford scholarship. Collectively, the Michigan clubs have raised over \$25,000 in Carol's memory and funded over \$20,000 in HRC Scholarships.

For those who did not know Carol, she spent her life supporting and spreading the HRC message. Carol was all about the little guy, the HUNTER looking for a good bird dog. Sometimes we tend to forget the basics and philosophy of our founding, "Conceived by Hunters for Hunters." Carol never forgot.

Carol served several terms as National Secretary and

traveled the US and Canada judging "Started". I once asked Carol why she did not move up from "Started". Her response was "Started" needed a special touch, and she wanted to make sure all the newbies got hooked on HRC.

If you were a judge in Michigan or Ohio, chances are Carol apprenticed you in Started. If you had a problem with your test or needed something, Carol was your first call. Carol once traveled to Ohio on hours' notice to be the club's Hunt Secretary. That was just Carol, whatever it took.

Carol was an elementary school teacher for over 30 years. I am sure Carol would be humbled and proud to see her memory live on with the HRC Scholarships.

Phillip Freeman

Memorial Scholarship

Phillip Freeman was one of six founding members of the Old South Hunting Retriever Club (OSHRC), which was founded in 1991. He was the club's first President, and his wife Carol was the first Secretary. After graduating from high school, Phillip went into the Marine Corps. Upon return, he went into sales, becoming a very organized, persuasive, and hard-working salesman. OSHRC benefited from these attributes as Phillip nurtured and grew Old South as a club.

Phillip loved to hunt, grill, and socialize; he was known for telling funny stories. He was an extremely hard worker, no

matter the task at hand; his friends and fellow club members said no job was too big and no work was too hard for Phillip. Jerry Day (also a founding member) gave Phillip his first dog, Magnum, and the rest was history. Phillip's organization was such that it was widely known if a flight manager took a duck call to a site, they better not leave until that duck call had been returned to its rightful place in the equipment trailer.

Phillip remained President until his passing on October 10, 1999. Phillip Freeman was a driving force behind Old South, and in honor of his dedication and contribution to the Club, the Phillip Freeman Scholarship was created.

Don Garrett

Honorary Scholarship

Don Garrett is a true representation of what HRC is all about. Don has been a member of HRC since March 20, 2001, and has traveled all over the country with his wife, Barb, and their dogs. He has titled dogs in every stake from Started to the elusive Grand as well as other venues.

He started judging in 2003, is AA at every level, including Upland, and has logged 135 judging assignments per HRC records. He has judged the HRC International Grand 5 times. Don served as Field Rep for Region 3 from 2009 to 2024.

If you add all of this up—the nights in hotels, the miles traveled, and the lunches he has enjoyed sitting under a tent watching dogs—it is staggering. But you never see him without a smile on his face and a kind word for all the handlers, whether they are longtime friends or a friend he has yet to meet. Don has been a mentor to many along this journey, and his commitment and devotion to the Hunting Retriever Club are paralleled by few. Don continues to train and campaign his dogs at various venues across the country, and you rarely ever see him without his lovely bride. Don and Barb are enjoying retirement and live in Charlotte, NC.

Gateway Retriever Club

Scholarship

The Gateway Retriever Hunting Retriever Club (HRC) was started in 1991 by Joe Rabbit from a desire to have a dog club closer to St. Louis, to share knowledge, spend time training, and run dogs in hunt tests. It has always used the Busch Wildlife area as its home base. Over the years, the club has continued to do those things and has added activities to include pro-seminars, sponsoring yearly hunt tests, attending HRC judges and handlers meetings, hosting the 2021 and 2024 International Grand Hunt Tests, and having group activities for club members. Training days have evolved over the years to meeting every two weeks, March through

September. Gateway Retrievers has always had the opportunity to train with ducks

thanks to the hard work and dedication of lifetime member Joe Struckhoff. Throughout the years, following hunt tests, he has always taken the time to dry, bag, freeze, and store the ducks before delivering them to club training days. These training days provide opportunities to train at all levels, learn how to operate club equipment, learn the HRC hunt test rules, and meet others who enjoy the sport of training retrievers. The club strives to engage the next generation in the sport through youth handling at training days and tests, and now through youth scholarships.

Wayne Gey

Memorial Scholarship

Wayne Gey was a 19-year-old trapped in the body of a 79-year-old man. He had a passion for life and the people he met. At his core, Wayne was a family man, and his family reached far and wide. HRC was family to Wayne. He was a member of HRC since 1995. Wayne was an AA Finished Judge and spent numerous weekends in the chair over

the years so that others could run their dogs.

Wayne had a love for dogs and a passion for helping people. He hosted countless numbers of HRC events on his ranch in Montverde, FL, over the past 29 years. Wayne courageously battled cancer for the last 15 years of his life before passing away on August 30, 2023. The Gey family is carrying on Wayne's wishes by allowing Central Florida HRC members to continue to use the property for training and hunt tests.

Jack and Lynn Gravely

Honorary Scholarship

Bay Area Hunting Retriever Club is privileged and proud to sponsor a scholarship in Lynn and Jack Gravely's honor. Both Lynn and Jack have been active in their communities throughout their lives. This dynamic duo was married in 1967 and has been blessed with two sons. Lynn is a long-time Sunday School teacher at her local Baptist Church. Jack has served with the Masons as a two-time Past Master member of Mobile, as well as being part of the Scottish Rite and York Rite. Jack has coached and served as past president of his son's youth football and basketball leagues. Jack is also a Deacon in his church.

As members of the retriever community, Lynn and Jack

have had Labs since 1974 and are avid waterfowl hunters. In 2007, Jack joined HRC and quickly embraced a role in the leadership of his local clubs of South Mississippi and Bay Area by serving as Vice President and President and Hunt Chair for both clubs. Jack also served as National Vice President for two years and National President for three years. Jack, with Lynn by his side, currently judges across the country

for multiple clubs. It is the rare month that does not see the Gravelys attending or judging an HRC event.

Thank you, Lynn and Jack, for the countless hours that you have given to the people and retrievers of HRC. Bay Area is proud to have you as our friend and leader.

Bruce Hall

Memorial Scholarship

Bruce Stephen Hall was born March 12, 1949, in Belo, West Virginia. He served honorably in the United States Navy as a Combat Rescue Crewman during the Vietnam War. After his Service, Bruce became a successful business entrepreneur and inventor. He owned multiple businesses and innovated multiple patents throughout his career.

Bruce's passion for hunting and Gundogs started in the marshes of Maryland, where he would hunt Black Ducks with his Chesapeake Bay Retriever. His passion for retrievers continued from there, and Bruce spent the rest of his life (1987-2023) training and handling retrievers in Hunt Tests and Field Trials. Competing in Retriever Field Trials, Bruce accumulated 190.5 All Age Points as an Amateur Handler. Over the years, Bruce titled many dogs, including (1) National

Field Champion, (4) Field Champions, and (4) Amateur Field Champions. Along with numerous Hunt Test Titles, he won two (2) Super Retriever Events in the Amateur Division. In 2011, Bruce invited the Southwest Georgia Hunting Retriever Club to train and hold events at his property, Pinetree Farms, in Smithville, Georgia. Up to that point in time, Bruce had never participated in an HRC event. He was amazed at the family and fellowship as everyone gathered at the

tailgate party to eat and celebrate. Bruce immediately became a SOWEGA and HRC member. "You guys are welcome to hold events here anytime. What do you need from me?" he said. That was Bruce. He loved dog people and wanted to share what he worked hard to create. We miss him and his quick humor. Get ready for a smart comment if you made a bad cast in front of him. Bruce Hall left his mark on the retriever world with hard work, dedication, and generosity. He will always be remembered.

Tom Hell

Memorial Scholarship

Tom was a member of Central Florida HRC and a member of HRC since 2004. Tom served as treasurer of Central Florida HRC from 2016 to 2020. He was a board member and membership chair for the club from 2016 until his passing in July 2023.

Tom was a big man, but he liked to work quietly behind the scenes. He was always willing to help with anything that was asked of him. Tom was constantly thinking of others over himself.

HRC International Grand

Scholarship

The Grand Hunting Retriever Champion is the pinnacle of the Hunting dog standard. The Grand Champion is a dog, regardless of breed, that can hunt any migratory gamebird and Upland gamebird with perfection and style.

The Grand Hunt is held twice a year, with a Spring hunt and a Fall hunt. The hunts are held across the US and Canada. The Grand Hunt is run under the Grand Hunt Running Rules as established by the HRC Board of Directors. All Hunting Retriever Champions are eligible to participate in the Grand Hunt.

The first Grand Hunt was held on October 11-12, 1986, outside Monroe, Louisiana, by North Louisiana HRC. The Judges were Vaughan Lampton, Mike Pind, and Dave Duffey. 14 dogs were entered, and 4 dogs passed. The qualifiers were HRCH Paha's Little Darlin handled by Ron Wood, HRCH

David Chase handled by Frank Swartz, HRCH Gunner handled by Jim Marshall, and HRCH Uncas Platt Tomahawk handled by James Thompson.

The first Grand Hunting Retriever Champion was a Labrador male named GRHRCH (6) David Chase, owned by Dr. Frank

Swartz. He earned his Grand Title on October 8th, 1988.

The current record for most passes is SRSCC, SRSC, SRSAC, GRHRCH (16) Oak Points Traveling Man HOF, MH, MNH, and QAA, owned by Mrs. Elaine Mitchell.

The Grand Hunt has progressed a long way since those first 14 dogs to today's nearly 1000 entries. This was accomplished by the tireless efforts of HRC volunteers in the 40-year history of the Grand Hunt.

In the words of HRC founder Omar Driskill...

"Keep the Hunt in the Hunt Test and the Hunting in the Hunting Retriever!"

Bob Huschle

Memorial Scholarship

Bob and Jackie Huschle were the founders of Retrievers Unlimited HRC, along with several other AKC trialers, with help from officers of Southern Illinois HRC. RUHRC was organized in late 1987 and held its Preliminary Hunt in the Spring of 1988. Of Note: When Bob called Omar about starting RUHRC, Omar said it will never work – we were in AKC country. All founding members were officers and members of the local River King Retriever Club at the time. We are still going strong after 35 years.

Bob helped many Region 6 clubs get started in the HRC prior to becoming a PR Rep for the region and after officially being appointed PR Rep— clubs such as RU/Gateway; Illinois River; Tri- State; Paducah; Inducky; Trail of Tears; Midway; and Central Kentucky. Bob was later appointed Field Rep for Region 6. He

held this position for many years until his health did not allow him to continue.

He judged numerous Grands and helped coordinate Grands across the country. He was an AA Finished judge. He traveled to many areas of the country to judge tests, meeting a lot of friends along the way. There are a lot of National Meeting and Hunt stories that could be told!!

He was a mentor to many of our club members and to other clubs and members across the Midwest. He promoted the HRC whenever possible. Generating new memberships and encouraging new handlers, giving help to many. He was President of Retrievers Unlimited for many years. He would be proud of all our club presidents since. They are carrying on the Retrievers Unlimited HRC traditions that he started in the club. He passed away in 2018. HRC number is 3213.

Ernie Istre

Memorial Scholarship

HRC Member #324. This number tells you just how long Ernie Istre had been in HRC. He was called Mr. Ernie or Big E by almost everyone who knew him. He had a love for HRC until he passed.

Ernie ran his first Started test in 1985 with his Chessy, O's Magnum Cocoa Bear. Ernie and Bear went on to Seasoned in 1986, and were the 32nd dog in HRC history to receive his HR Title. In 1988, Ernie and Bear received the title of HRCH. Ernie dedicated his life to HRC, becoming

a Field Rep for Region 10 and also Grand Committee Chairman for over 25 years. Ernie was the face of the Grand for those years.

To this day, our club still brings up things Ernie would have done. Sometimes we say, "If Ernie were here, what would he say about that?" He will always be in our hearts and minds.

On a lighter note. While researching this, Mr. Bob gave us a little story to share with you about a hunting trip he and Ernie took. "One afternoon, we were in a raised deer stand watching a fence line. Boo (Ernie's son) was

in a stand on the same tree line about a quarter mile away. We were watching some does in front of Boo's stand, expecting a shot. Instead, we got a phone call from Boo asking if we were going to shoot the big buck in front of our stand. Ernie got the rifle out the window and shot at the deer. The deer never moved. He reloaded, and the second shot knocked him down. We climbed down out of the stand, leaving our guns in the stand.

We walked over to the deer and reached down to grab his

horns. Just before he touched the horns, I saw the deer blink. I hollered, and Ernie pulled back as the buck jumped up to run back to the woods. With no guns, we thought he was gone. We heard a shot, and the deer fell. Boo had been walking to us and had seen what happened."

On behalf of Cajun HRC, we would like to thank Ms. Becky Istre (Ernie's widow), Arlene and Butch Gandy, and Bob Brundrett for all the information they gave us.

Steve Lach *Memorial Scholarship*

Today, we gather to honor the life of Steve Lach, a remarkable individual who dedicated 15 years to the Four States HRC until health challenges made it difficult for him to continue. If you didn't know Steve, you certainly would have soon—his infectious laughter and a seemingly endless repertoire of "Little Johnny" jokes made him a beloved figure among us.

Born on December 7, 1946, in Many, Louisiana, Steve had a profound love for the outdoors. He cherished every moment spent hunting, fishing, and training his beloved Labrador Retrievers, preparing them to compete with some of the finest HRC and AKC hunt test dogs in the country.

Steve's journey began at St. Edwards Catholic School, where he served as an altar boy at St. Edwards Church. He pursued higher education at Texarkana College, earning a degree in Engineering. With a deep sense of duty, he served our nation as a crew chief in the Vietnam War, where he displayed extraordinary heroism, earning the Silver Star Medal and a Purple Heart, along with numerous other achievements, including the Good Conduct Medal, National Defense Service

Medal, Vietnam Campaign Medal, two Overseas Service Bars, and the Air Medal with an Oak Leaf Cluster.

After 43 years, Steve retired from Cooper Tire, leaving behind a legacy of hard work and dedication. He was an active member of the Texarkana Bass Club and an Honorary Lifetime Member of the Four States Retriever Club, recently honored with their prestigious Crystal Award.

Steve Lach of Texarkana, Arkansas, passed away on Thursday, August 15, 2024. His absence will be deeply felt by all who

had the privilege of knowing him. As his wife, Kathy, said, "I didn't know I'd be back in this game; Steve left his imprint on so many."

In a beautiful testament to his legacy, their grandson Noah recently embarked on his first test on May 10-11, 2025, with Steve's dog, "Tres," and I'm thrilled to share that he passed both days!

Let us remember Steve not just for his accomplishments, but for the joy he brought into our lives and the lasting impact he made. We will all miss him dearly.

Thank you,
Four States Hunting Retriever Club

Middle GA HRC – Mitch Mitchell *Memorial Scholarship*

When Middle Georgia HRC held its first organizational meeting, one of the goals we discussed for the club was to be able to fund an HRC Scholarship out of the proceeds from our hunts. Over the years, we have had several opportunities to provide financial assistance to members, friends, or local organizations in times of need, but we had never established a scholarship. When one of our founding members, Mitch Mitchell, passed away unexpectedly in 2023, it seemed only appropriate that our first HRC scholarship donation be made in his memory.

Mitch was a founding member of Middle Georgia HRC, but his introduction to the sport came much earlier than that. He and his wife Elaine began their journey into hunt tests at

Midlands HRC almost 15 years ago, and for many years he was happy 'just driving Mrs. Daisy' as he liked to refer to it. You were much more likely to find him supporting her and working behind the scenes at a test than going to the line with his own dog. He was always there, moving equipment, rebirding, cleaning up, packing up, and whatever else "Mrs. Daisy" asked of him. Elaine was the one person he couldn't say NO to.

He was not a strong handler; in fact, we often joked that he could undo a season's training in a single weekend. But on those rare days when it all came together, nothing made him prouder than hearing his name called to pick up a ribbon with his best girl, Annie. And on those days when it didn't, she was still his best girl and the keeper of the coveted spot on the foot of the bed. Come to think of it ... Annie didn't hear NO very often either.

John Pritchett *Memorial Scholarship*

John Pritchett played a pivotal role in founding the Amite River Hunting Retriever Club in 1986. His dedication laid the groundwork for the club's early success, benefiting founding members such as Ken Vidrine, Bob McCall, Dennis Weber, and Charlie Wyble. A passionate outdoorsman, John was an avid hunter who deeply loved running his retrievers—especially Cole—but his greatest devotion was always to his wife, Lynette, who misses him to this day.

Clubs of Region 2 *Scholarship*

The 2025 Clubs of Region 2 Scholarship is made up of a collective of HRC clubs: Conowingo HRC, Granite State HRC, Hudson Highlands HRC, Long Island Field Trail Club, Saco River HRC, and Yankee Waterfowlers

HRC. Region 2 started in 2002 with Yankee Waterfowlers as the first HRC club, followed shortly thereafter by Granite State and then Saco River. The contributing members of the Region 2 Scholarship believe that it is of the utmost importance to invest in our future by supporting the youth of our sport. We encourage other regions to get in on this.

Rod & Carol Rombauer *Memorial Scholarship*

Carol and Rod Rombauer served as HRC judges for many years. Rod still holds the record for the highest number of recorded judging assignments in HRC, and not all his assignments are digitally recorded. Carol's assignments could not be accounted for by HRC, as she passed prior to the digitalization of judging assignments. They both worked to initiate recognition of judges' assignments through the judge's jacket program and were recipients of two of the first group awarded.

As judges, they excelled in mentoring new and young judges to get the best and fair hunt test for handlers and dogs, keeping the hunt in hunting retrievers.

Their home club was Illinois River HRC. They were active members of

both Gateway HRC and Retrievers Unlimited HRC.

They both truly loved HRC, especially the youth. Carol initiated the youth hunts at Gateway HRC, a tradition that continues today. Rod served as a Running Rules Representative for Region 6 for many years until his health forced him to step back. His kind, fair, yet firm actions made all judges and hunt test participants respect his leadership.

When Carol passed in 2010, Rod Rombauer, Gateway HRC, and Retriever's Unlimited HRC came together to set up the Carol Rombauer Scholarship in honor of her. Upon Rod's passing in 2022, his family contacted the HRC Foundation to request that he be added to the scholarship. It is fitting and appropriate that they are joined together once again.

Super Retriever Series

Scholarship

For 25 years, the Super Retriever Series (SRS) has celebrated the unique bond between people, their dogs, and the outdoors. Founded to spotlight the talent and teamwork of competitive retrievers and their

handlers, SRS has become one of the most recognized platforms in the sporting dog world.

Through innovative events like Field Trials, Hunt Test-style challenges, Hunt Savvy scenarios, and not to forget Super Dock jumping, the SRS showcases the versatility and athleticism of today's top sporting dogs. Each competition

is designed to reflect real-life hunting situations while promoting sportsmanship, training excellence, and outdoor tradition.

SRS is proud to foster a passionate community of families, trainers, and dog lovers across the country. From grassroots club-level events to the prestigious SRS Crown Championship, our mission remains rooted in performance, integrity, and connection.

As the series continues to grow—both in reach and relevance—SRS remains committed to supporting the next generation of sportsmen, women, and canine athletes through education, outreach, and partnerships within the broader retriever and conservation community.

John Wallace

Memorial Scholarship

John Wallace served as Field Rep for Region 12 for ten years when he passed away from cancer. His kind, fair, yet firm actions made all judges and hunt test participants respect his leadership.

John genuinely loved dogs. You could see the joy in his face as he ran dogs or served as a judge. He was an excellent trainer, titling many dogs at all levels.

He also loved kids, as he always took extra time to greet a youngster at a hunt test or offer encouragement to a young participant.

John served as a Board member of several of the region 12 clubs within his time in HRC. As Field rep, he was one of several people to help bring the Cowtown HRC club back to an active club. He also served as a hunt committee member for Lone Star HRC.

It is only fitting that Region 12 clubs came together to offer this scholarship in honor of our friend, John Wallace!

Nancy Wiener

Memorial Scholarship

Our HRC family lost a dear friend, Nancy, who was one of first female handlers in Region 8B and one of the first founding members when the Dakota Hunting Retriever Club was formed 20 years ago.

In her lifetime, she was blessed with many great dogs, and her passion for them was unparalleled. Nancy's dedication to the HRC made her a legend, particularly through her remarkable partnership with her dog, Chase. As one of the first female handlers in the region, Nancy's accomplishments were groundbreaking.

Nancy and Chase traveled across the country from Nebraska to South Carolina, and to the clubs in our Region, making lifetime friendships and accomplishing something spectacular

with her 3x GRHRCH UH Dancers Chase the Moon, a 1,680-point yellow Lab.

Her legacy in the hunt test community will be long remembered. Nancy made an impact in every community she was part of, from her dog family to her local friends and relatives, whom she considered all one big family. Nancy was known for her sharp wit and straightforward nature, traits that endeared her to many. We will miss her homemade carrot and pumpkin bars that she would bring to tests, we will miss finding her chair, thermal cell, or other personal items, and returning them to her. We will miss her driving away with her hatchback still open, not even realizing that she left it open. In her memory, have a glass of Coke on ice, plant some flower seeds, give your dogs an extra treat, and hug.

ATTENTION, ALL HRC CLUBS!

If you would like to have your club report included in the Region Reports section of HUNTING RETRIEVER, please follow these guidelines.

- First and foremost, be aware of the magazine deadlines. Each Public Relations Representative must observe the magazine deadlines, so make every effort to get your material to them well ahead of each deadline. They will need time to compile all the club reports into one document, so don't wait until the last minute to send or e-mail your information to them.

The deadline is the 15th of January, March, May, July, September and November (or the next business day thereafter if the deadline falls on a weekend or holiday). That is the final date the material must be into the magazine, therefore, ideally, all club reports should be received by the Representative no later than the 10th.

- Any club reports sent directly to HUNTING RETRIEVER magazine, bypassing the PR Rep, will be returned to the sender.
- If your club is not going to submit a report, be sure to let the Representative know so they are not waiting on it.

- Very Important! If you are emailing photos, please send each one as a separate attachment, and please supply photo captions for each photo. Please don't embed the photos in your text document as this changes the values of the photos, making them unusable.
- Please don't alter the photos in any way - including changing the file size or the resolution, and cropping. Please remember that all digital photos will reproduce at the same resolution at which they were taken. A photo taken at a low resolution photo will remain "low res" even if it is "bumped up."
- Please furnish clear descriptions and/or captions for all photos.
- *If the photos were taken by a professional photographer, written permission to publish must have been obtained, and a photo credit must be included.
- Region Report Content Guidelines: The following can be included in the Region Reports: Hunt test descriptions; hunt test photos (group pass photos, for example); items that will be of interest to all national members; photos that relate to the report.
- Please proof all of your material before sending it to the Public Relations Representative.

Georgian Bay HRC – Submitted by Mike Masucci.

Success of the HRC Youth Handlers Program.

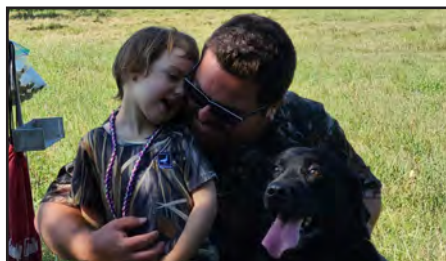

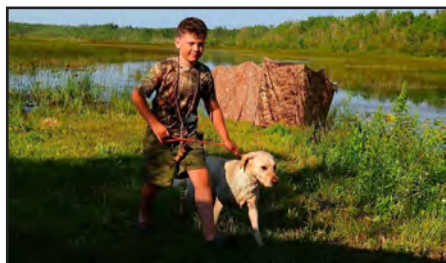

Georgian Bay HRC is honored to be the first club in Region 1 to take part in the HRC Youth Handlers Program since its coming into existence at the National Meeting.

This program was a massive success not only for our club but for the next generation of dog handlers to gain exposure to the sport we love, and the life experience needed to help these handlers grow into fine human beings.

We had 3 handlers at the Started level this weekend: Wyatt Wilson (8 years old), Lyndie Seaborn (5 years old), and Idella Seaborn (3 years old).

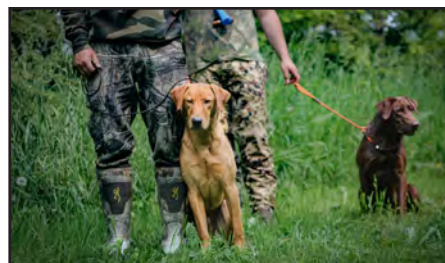

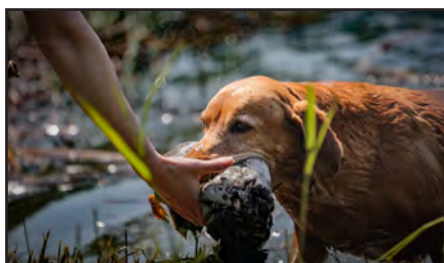

Two of our 3 handlers met the standard required under the program's rules, but that's not what's important here. What's important is that we had youth involved! The HRC is making waves with this program, taking an already family-oriented organization to the next level necessary to continue to grow our game.

Please join me in welcoming and congratulating our 3 official new handlers to the HRC.

Lake Ontario HRC – Submitted by Mikayla Wilson.

Hunt test season is in full swing, and our Regular Hunt Test in June was a success! A special thanks to the Handlers, Judges, Landowners, Hunt Committee, Kitchen Help, and Bird Technicians for all your hard work putting on a great 2-day event. We had a huge raffle table with many prizes. Thank you so much to our sponsors who continue to support us! Shoutout to members Jim Newton and Juice for their HRCH and Coady Melvin and Winit for their HR they earned at our test. Another shoutout to Kevin Holman and Alfie for their HRCH, Coady Melvin and Emma for their HR, and Nancy Holman and Oliver for their SHR, which they earned at GBHRC this past weekend. We are looking forward to running and seeing everyone again at Essex, Luther, and Ottawa's tests!

Luther Marsh HRC – Submitted by Erica Wilson.

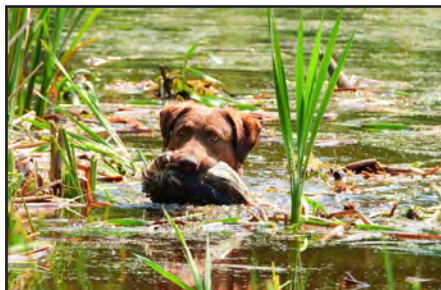

Well, summer is in full swing, and what a great start Luther Marsh members have had to our hunt test season here in Canada. We are enjoying the nice weather, getting out with our dogs for some much-needed training. We also started the hunt test season off strong with Essex in May, Lake Ontario mid-June, and just attended Georgian Bay this past weekend.

Some club members attending both events to judge and to get those beautiful pick slips! Well done to our club members who'll have been working so hard training and attending other clubs' functions.

Our club is in full swing, getting ready for our hunt test on August 9 and 10. We have a double flight of finished, all full and ready to go. The land is getting prepped, the judges have been confirmed, and the food has been ordered and bought. We have Tyler and Dwayne working with Tim on the land to ensure it's secured and prepped. Our land cleanup day is booked for August 1 to ensure all land is ready for the next weekend. We have ribbons and all the roasts bought, the veggies and fruits have been ordered with the ice from a sponsor, and the cake has been ordered. All food will be made by Tracie and me (Erica) with the help of a few other members. Our raffle is looking great, I am sure of that, with Alana at the helm to ensure everything is going to be amazing!

Come on out and see a great weekend with Luther Marsh HRC regularly hunt test.

We host monthly training days. If you are looking for more information, email me at luthermarshhrc@gmail.com or check out our Facebook page at Luther Marsh HRC.

Ottawa Valley HRC – Submitted by Bruce Hood.

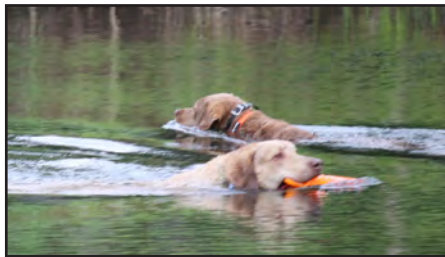

Spring was a few weeks late arriving in the Ottawa Valley. In early June, the ponds and wetlands finally warmed up enough for water training. Despite the limited time to prepare for the Lake Ontario HRC test, OVHRC member Chris Stoddart received first Finished passes at Lake Ontario on his Chesapeake Razor, Whiskey, and Willow and an HRCH title on Jordan Sheldrake's Labrador, Cruz. Congratulations, Chris!

OVHRC welcomes several new members this year. They are getting their first exposure to HRC test requirements, including safe gun handling, at our Thursday evening training sessions. The diverse property at Mount Pakenham Ski Hill, where the Club holds weekly training, offers many opportunities to set up land and water training scenarios for all HRC levels.

In addition to new member dogs, several of our returning members have acquired pups since last year as well. There is a mix of Chesapeakes, Labradors, and Golden Retrievers, but Chesies are the most numerous. It's wonderful seeing the different breeds and range of their abilities, from experienced older dogs that have strong memories of past training and tests, to enthusiastic young dogs that show so much promise!

Conowingo HRC – Submitted by Cleo Curry; Scott Fosterling, President.

In May, Conowingo held its first Upland Quad Test. Thanks, as always, to Gaby Buck for the use of her beautiful farm. The weather was perfect, and it was a fun new experience for our members. We will be holding our regular hunt test in October 2025, so please look for that date.

CHRC participated in the HRC Scholarship

Fund, collecting donations from our membership. We were absolutely delighted that one of our members, Miranda Sherman, received a \$2,000 scholarship from HRC. She and her dog, Beau, have been training with us for over 2 years. CONGRATULATIONS, MIRANDA, from all your CHRC friends.

If you are interested in joining us as a guest on our training days (4th Sunday of every month), please contact us through our website or Facebook page.

Congratulations, Miranda and Beau. Miranda received an HRC Scholarship.

Granite State HRC – Submitted by Jeff Enos.

Granite State HRC held our annual spring test in June. The test date was moved from May to June due to flooding at our test site in May. As a result of the later time of year, the fields were overgrown, the heat was over 90 degrees, and the ticks were plenty. Those who suffered through got to see some great dog work.

We would like to thank the judges for donating their time. Randy and Alana drove down from Canada. Jill, Phil, Mike Z., Dennis, Kevin, and Jeff S., without your time and knowledge, these events wouldn't be possible.

Everyone who worked should also be recognized. I could not get around to all the stakes, so I'm not going to try and call out all the bird boys or marshals. Special thanks to Michelle Light and James Cropsey for stepping up this year and working as Secretary and HT Chair.

Guns Up HRC – Submitted by Phil Magnuson; Tim Soucy, President.

Good weather has finally come to the North Country! We've been trying to train, but only got one club training day in; others were cancelled due to the rain every weekend.

Members of our little club have been very active in HRC events across the country. Three of our members—Tim Soucy, Jill Jordan-Maclean, and Mike Zajchowski—judged the HRC Spring International Grand in Wisconsin in May. President Tim Soucy attended the HRC National Meeting in St. Louis in June. Tim Soucy, Mike Zajchowski, and Phil Magnuson have been judging and running dogs around the Region and beyond, including the Music City test in Nashville, Northern Montezuma in Mexico, NY,

Granite State in NH, and Hudson Highlands in NY. A special shout-out to Jill Jordan-MacLean, who has been selfless in judging almost every test in the Region and represents the gold standard for HRC judges.

We continue to prepare for our 20th Anniversary test in August and hope to see all our HRC friends there. We'll be running two flights of Finished with a special tailgate meal and some great raffle items.

Northern Montezuma HRC – Submitted by Natalie Gilman; Jim Poole, President.

The Northern Montezuma HRC is off to a great start in 2025! We've welcomed new members, added a few pieces of new equipment, enjoyed some inspiring training days, and secured a 3rd property option for our 2025 training schedule. Our June HT was a huge success, and we're proud to congratulate members who earned their HRCH and SHR titles, as well as having successfully earned passes at each level! As always, it takes a village, and the NMHRC HT Committee offers a sincere thank you to everyone who pitched in to make this event a success!"

Yankee Waterfowlers – Submitted by Chris Rawson, President.

Our annual spring hunt was in May. The weather was a little wet and the perfect temperature for running dogs. Once again, we can't thank the property owner, Dr. James Dean, enough for his generosity for the use of Peake Brook Farm in Woodstock, CT. Our tailgate featured beef burgers raised on the farm.

Finished flights were full, and Seasoned and Started had decent registered numbers and several walk-ups.

Congratulations to first-time HRC hunt tester, Maria Solek, and her dog Tallulah, on their first started passes. (She has no idea that after the next two she's getting soaked.)

It was nice to see longtime HRC member Audrey Coleman running her Golden Retriever, Angel, in finished. She's an inspiration for all of us.

I would like to say thank you to Eastern Carolina Hunting Retriever Club for the tasty lunch during the recent Judges' handler's seminar. Brett did a great job going through the material and getting everyone to join in on the discussion. The seminar material keeps getting a little better every year. There were some thoughtful questions, and I think that everyone came out with some new insight on how we, as judges, can work to become better and more consistent in our approach to judging dogs.

Howell Woods Environmental Learning Center is a great venue, thanks to JCC and all the staff who make it such a fun place.

Everyone, please stay safe in the heat and pay attention to things like lightning when participating in outdoor activities.

Hello HRC Family, the retrievers of Backwoods HRC have been enjoying the beaches, lakes, and mountains across the Carolinas this summer. The numerous heat waves that have hit our region have made it difficult to find excess training time, but we're all working through it diligently and safely. Congrats to those who competed and had success this Spring. Happy training and stay cool.

Midlands HRC – Submitted by Donna White. Steven Highsmith, Club President.

I am writing this article on a rainy day in NH. Don is deep-sea fishing, trying to have better luck this week than last in catching either haddock or stripers that are “keepers”. All he caught last week were shark-type fish. So it’s me and the dogs stuck inside. We thought we would be escaping the heat of the south, but it has been rather hot and humid here this year and very, very buggy. The biting flies follow us around the campground, and Maverick dances a jig all the way, trying to dodge them. Both dogs try to eat them! I did find some essential oil spray that has kept the bugs at bay and is good for dogs as well as humans.

Midlands held a training day at the end of May at Top Line Retrievers. Although we were not there, I was told that it was very well attended. Once again, thank you to Colby from Top Line Retrievers for letting the Club use his property for this occasion. Since the weather has been so unbearably hot, there have been no organized training days. Hopefully, the temperatures will be better for training days towards the end of summer and before the beginning of hunt test season.

As some of you may already be aware, the reason Don and I were not at the training day is that we were on our way back from Wisconsin, where Don and Ali ran the Spring Grand. Don’s goal with Ali was to pass her second Grand for her title. He wanted to achieve the same result that he did with Rocket (RIP sweet boy) by passing the first Grand at 2 years of age and the second at 3 years of age for the Grand title. Both dogs did just that, and neither passed the one Grand in between! The next goal is to pass 2 more Grands and accumulate 1000 points in the meantime for the Hall of Fame designation. Not everyone has the desire to get past the HRCH title, but Don is proof that you can compete, as an amateur, with some of the best dogs and best dog trainers in the country and succeed. Patience, perseverance, time, continued training (including drills and more drills), and a good dog who is willing to be a team player.

Don and I were very surprised, to say the least, that at the National Meeting, we were nominated and approved for lifetime membership with HRC. This is truly an honor, and we would like to thank multiple people involved with making it happen, and for the Club submitting the nomination. Apparently, it took a lot of research from Michigan (where our HRC involvement started) to New Hampshire, Maine, and South Carolina. Involvement in 6 clubs, officer positions, public relations chairperson, and 2 Field Rep positions (12+ years as the first Field Rep in Region 2), and we are still committed to HRC and what it stands for. Don plans to live to 105, so he has another 25+ years to go!

We would also like to congratulate our friend and current Field Rep, Bob Jones, and our friend and former Field Rep from Region 3, Don

Garrett, for their nominations and acceptance as lifetime members in HRC as well. Both men have shown great devotion to HRC, as have their wives!

The Midlands fall hunt will be held in Lincolnton, GA, in October. Look for more information on various social media sites as time gets closer.

Until next time....

Don and Ali, 2nd Grand pass.

Central Florida HRC – Submitted by Carol Caito. Ray Caito, Club President.

The summer is in full swing in central Florida, and weather cool enough to train dogs in is hard to come by.

At the end of May, several club members headed north to Wisconsin for the spring Grand. Carol Caito, Ray Caito, Caroline Davis, and Karen Porter all ran their dogs. The tests were challenging to say the least, but we stepped to the line to give it our best shot. We didn’t come away with the green ribbon, but we spent quality time with our dogs doing what we love.

Right after the Grand was an SRS in Wisconsin,

where Ray and I ran 4 of our dogs. Ray and Rona got a 2nd place finish, Carol and Frank got 4th place, and Carol and Traeger got a 6th place finish.

Our club training days have been sparse, as the weather doesn’t permit for much of a setup for multiple dogs. On Saturday, May 31, a handful of advanced handlers took a chance on the rain and came out to train some advanced concepts with our advanced dog training coordinator, Clint Beaty. For the most part, the rain held off and allowed some “cooler” temperatures to train in. The half a dozen participants worked on a mixed setup, meaning a combination of hidden and white coat guns in setups where they could run singles/doubles/triples. Each setup contained a long blind that was positioned to allow the suction of the marks to have an influence on each dog.

The HRC National Meeting was attended by several club members, all holding positions within the national club. Ray Caito, the HRC Foundation president, Todd Tharp, the national running rules rep, and Alan Wilcox, as the field rep for region 4b, all made the trip to St Louis. We are honored to have 3 people from our club represent us at the national level. Thank you all for your dedication to our beloved sport at the national level.

At the end of June, Ray and I made a trip to Greensburg, KY, so I could run the inaugural SRS event sponsored by Mallard Run Kennels. It was hot and rainy, and we endured lots of bugs during our 3 days there, but Hank and I, as a team, made our first trip to the finals, where he pulled me through with a first-place finish in the amateur division. For 3 years now, I have been chasing that elusive blue ribbon, and my young boy was able to make that dream a reality. To say it was emotional is an understatement. Thank you to everyone who helped to shape both Hank and me during this journey. It has been a fun ride.

We look forward to cooler weather and reuniting with fellow friends and dogs this fall. Until then, happy training, and we will see you at the line.

We had a successful training day on June 23 with about 10 people and their dogs. We set up a Doubles Drill, and each dog got 10-12 marks before the heat took over. On July 19, we are hosting an HRC Judges and Handlers Seminar, taught by Alan Wilcox, and about 25 are planning to attend, including several new members.

West Mississippi HRC – Submitted by Karen Davis.

We at West MS HRC have had a busy summer. We have put another hunt test in the books. Most of the club members pitched in and got this done without any problems, except for Jim and Karen Davis, who were off traveling the country. They went to and worked the Grand, went to the National Meeting, and then went to 3 grandkids' graduation. Not one of these events was near the next event. They traveled 16 states and 8,000+ miles in 6 weeks. WHEW!

Laney Lewis, son of Neil and Andrea Lewis, was awarded his 2nd HRC Foundation Scholarship. He grew up being our bird tech, then ran his own dogs. He plans on becoming a Vet. We are very proud of this fine young man.

Chris and Heather Ashley of Banner Kennels

have been BUSY as well. They have HR Titled 7 seasoned dogs, one of their own, HR Now We Cookin with Grease (AKA Crisco). They put 3 HRCH titles on dogs, one belonging to club members Andrea and Neil Lewis, called HRCH Gator Points Hallie Bug.

Chris got 3 dogs through the Grand in Wisconsin. His own GRHRCHx4 UH Banners Locked and RDY to Rock MH now can add HOF to his list of accomplishments. We are so proud of Heather and Chris at Banner Kennels; they truly love the dogs they work with, and it shows.

Central Alabama HRC – Submitted by Thad Simmons, Club President.

Most of our members are actively training every day. It can be challenging in the summer heat. You just have to keep your setups short and keep a close eye on your dog.

We had two representatives attend the National Meeting—Club President Thad Simmons and member/Bay Area club President Jack Gravely.

We are gearing up for our fall hunt test that will be August 16-17 in Brilliant, AL (BBFF Kennels), home of the famous Ethan Corkren. Everyone, come on out and enjoy yourself on the beautiful grounds. We have a great slate of judges scheduled. We will start early to beat the heat.

We will have a couple of young handlers participate in the SRSU—Elliot Simmons and Case Nelson. They will be coached by Thad Simmons and Rick Graves. If you have a chance to get a youth involved in our sport, take advantage of it. They are the future of the

games we so love. Until next time, stay cool and may your dogs do well!

Getting Ready at Deer River: Fun Day and Fall Hunt Test.

As summer rolls on, Deer River is gearing up for an exciting season, starting with our club Fun Day on Saturday, July 26, beginning at 8 a.m. Whether you're preparing for the upcoming hunt test season or simply looking to enjoy a fun and relaxed day with fellow dog enthusiasts, this event has something for everyone. The day will begin with skeet shooting, giving participants a chance to sharpen their aim. After that, handlers and their dogs will take part in a variety of retriever games, designed to be both enjoyable and beneficial for training. It's a welcoming, low-pressure environment where new handlers can gain experience and seasoned handlers can fine-tune their skills. Lunch will be provided for all who attend.

This event also serves as a great lead-up to the Deer River Fall Hunt Test, scheduled for September 27–28 at Whitaker Farms. As always, the fall test is expected to be a high-quality event and a fantastic showcase of talented dogs and dedicated trainers.

We hope you'll join us for both events—and bring a friend! Let's make this season one to remember.

Tennessee River HRC – Submitted by Hannah Chandler.

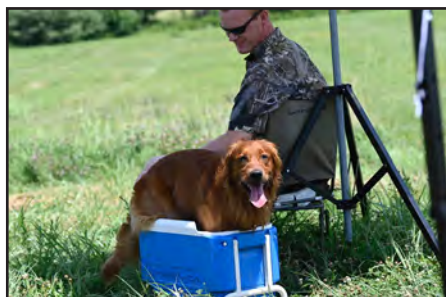

Tennessee River HRC: A Summer Test to Remember!

A heartfelt wave of gratitude washes over us as we reflect on our spectacular summer test, held on July 5th and 6th. The air buzzed with excitement, the grounds echoed with camaraderie, and the event soared to success, thanks to the tireless efforts of our incredible helpers, volunteers, and club members. Your unwavering dedication is the lifeblood of Tennessee River HRC, and we simply couldn't do it without you! Each helping hand, every cheerful smile, and all the behind-the-scenes magic made this test an unforgettable experience for everyone involved.

Adding to the thrill, we're bursting with pride to celebrate our very own club president, Leland Davis, who clinched an impressive third place in the amateur division at the Super Retriever Series held at Peppers Pond on June 8th, 2025. Leland and GRHRCH Mad Dash's Cosmic Revolution MH, you've done us proud! And let's give a thunderous round of applause to Scott Greer, who dominated the open division at the SRS with a phenomenal first-place victory! Scott and GRHRCHx4 North Fork's On The Verge of Glory QAA MH MNH ("Piper"), your performance was nothing short of extraordinary!

As the summer sun begins to wane, our

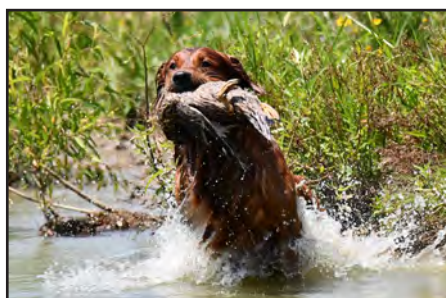

anticipation grows for the fall test in October. Save the date and prepare for another round of thrilling competition, shared laughter, and the unbreakable bonds that define Tennessee River HRC. We eagerly await the chance to reconnect with our amazing community and create even more unforgettable memories together!

Our spring test is in the books, and Gun Creek would like to thank all of our members, handlers, and bird techs for another successful event. Unless you are actively involved in a club,

chances are you have no idea of the planning, preparation, and legwork it takes to successfully put on a hunt test. I am of the opinion that if you are going to run tests, you need to volunteer in some fashion, even if you are not a member of a club. The more help at a test directly results in a more efficient and faster-moving event, which is what we all desire.

My personal favorite memory of our spring test was watching first-time handler Flint Koone and his pup Mauney. Hats off to this young man for his composure and professionalism in running his first-ever tests. Way to go, buddy, and looking forward to seeing you at the line in the near future!

Hello all,

As of this writing, we're about a month away from our Fall Hunt Test on August 16th and 17th. The club has been working hard to prepare, and we're excited to see everyone there!

Despite the recent heat here in Northwest Indiana, we've continued to host two training days each week whenever weather permits.

In June, several of our club members traveled to Harrisville, Michigan, to participate in the Blind Challenge. A big thank you to Kristen Beattie for hosting us!

Congratulations to Phil Johnston and his dog Blue on earning their Seasoned title!

Happy training, everyone!

We had a great training day in June. We set up an ABCD drill on a technical pond. In addition, we had a lining drill and a Y drill set up. Our membership continues to grow. There are several handlers with young dogs that are benefiting from the knowledge of the more experienced members.

Thank you to all who supported the Central Michigan HRC annual hunt test on May 31st-June 1st at the Michigan HRC grounds in Howell, Michigan. As always, it was a great time with the HRC community and a successful hunt test. We saw so many great dogs, and we appreciate the fantastic judges.

Central MI HRC Members will continue to meet up throughout the week and on weekends for dog training. If you are looking to work on some training, please reach out on the FB page or directly to a member's phone number you might have.

Hunt Test Season is Here! Many of our members are busy traveling the country, running in HRC-sanctioned tests. We look forward to running dogs during the long summer months.

It has been a hot summer so far. Our weekly club training group has been very well attended. Our 7A Region is through our spring test season, but many of our members have hopped across Lake Michigan to Wisconsin to run a few tests. Mid-June, we had our weekend at the Retriever Challenge in Harrisville, MI. It is always a fun weekend of fellowship and running some challenging blinds. It is fun to watch handlers learning how to read their dog and also to watch the dogs begin to see the pictures of many types of blind retrievers. Stay cool, everyone! We are looking forward to the late summer/fall hunt test season.

at MI HRC! We welcomed many new members and added several puppies to the ranks! They've already been out at the training grounds getting in on the action, and we look forward to seeing their progress.

Weekly training sessions have been well attended, with an intentional focus on obedience and line manners. Hunt test season has been a huge success! Many of our members added passes and earned titles, including VP Taylor Juergens, who brought home a Grand Title with Trig!

Michigan HRC will be hosting its annual hunt test on September 6 and 7. We are looking forward to welcoming everyone and seeing the hard work pay off!

This spring was a mixture of success and some sorrow for our chapter. The funeral this spring for our lifetime member John Nowakowski was well attended. John will long be remembered by our club members and those in the HRC family who had the pleasure of knowing him. Our 30th Anniversary May Hunt Test in May was well run. We enjoyed fine weather to work on some challenging tests, with three flights of Finished. At our May test, some of our chapter members reached significant milestones. Andrew Skindell with Belle earned her 500th point; John St. Sauver with Sage earned an HRCH title, and Thomas Wilkins with Silver Peak Hank of Montauk earned an HR title. Kyle O'Neil and Fancy recently obtained their 500th point and remain a consistent team. Russ Duset and T earned the honor of their 4th Grand Pass at the Spring Grand. Sean Houtekier and Grainger also earned another Grand Pass this spring to add to Grainger's impressive HOF career. Grainger also has performed well this spring while pointing, earning his 4XGMPR and an invitation to the Triple Crown later this year. Ken Bennett and Hank earned their first Master Pass this spring as well. Our club is looking forward to hosting a one-day Hunt Test on August 2, 2025, at Dead-end Pheasant Farm in Almont. We are maintaining weekly training and doing our best to keep our dogs cool this summer. Safe training to all.

Badger State HRC – Bill Kehoe, President, wckehoe@gmail.com.

Badger State HRC members have been training and attending club hunts within the region. Several of our club members are starting to run Finished with their dogs.

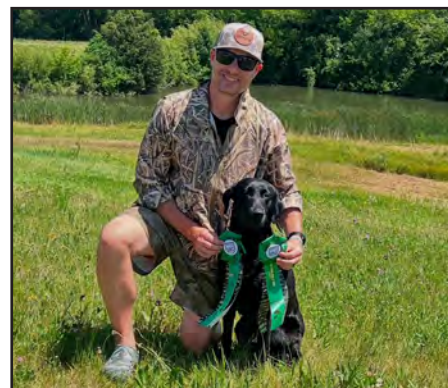

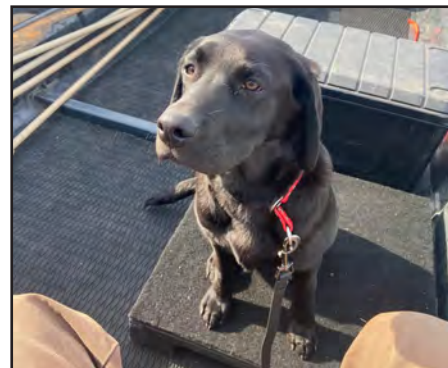

Tyler Mieden's dog Wren and Meghan Kehoe's Cody earned their Hunting Retriever (HR) titles at Horicon Marsh HRC's Hunt. Ron Schiro's dog Savvy and Tom Hauptert and Maeve Boran's Dubh both earned their first pair of Finished passes.

We have been training more and more at the Bong Recreation Area during the week, as many HRC hunts are held there throughout the year. Badger State HRC members joined in a workday at Willow Creek Ranch in an effort to

help out the owners of the ranch and improve the training area.

We are celebrating our 30th Anniversary hunt this July 26th and 27th at the Richard Bong Recreation Area, partnering with our good friends at Fox River Valley HRC.

celebrated the 4th of July with a picnic after our Sunday training session on the beautiful grounds of the McCullom Lake Hunt Club. We did a great training setup on water and ran casting drills to get ready for our July hunt test.

This year, we were excited to join forces with Badger State HRC to host the test at Richard Bong Recreational State Park in Kansasville, WI. Along with a well-run and successful test, the FRVHRC held its annual raffle that included prizes such as a South African Safari Hunt and a salmon fishing trip.

As the weather warms, we will resume normal training in April on the 2nd and 4th Sunday of each month through September. Training will be at the McCullom Lake Hunt Club, 10603 Okeson Rd., Hebron, IL.

Our first training session is April 12th. Come out and join us! We have groups working at all levels and are always looking for new members. As Summer rolls on, it's always fun getting together with our friends to train some dogs, run some tests, and just hang out together. This year, with WISILL HRC hosting the Spring International Grand in Wisconsin, we had quite a few members enter to run the Grand. Congrats to all of you who entered. Just making it to that level speaks of the many hours of hard work and dedication you show to your dogs and this sport. Special congratulations go out to Jim Peterson and Kathy Decker. Jim handled their dogs, Jax and Mick, in The Grand. Jax made it to the 3rd series, but not to be outdone, his son Mick made it through to the 5th for his 1st

Grand pass. Good work, Jim and Mick, you make a great team!

We just finished up our summer hunt test recently. It was a great weekend, incredibly hot, but everyone did what they could to help the tests go off smoothly. Our judges set up some great tests that both kept the dogs safe with shorter distances and were very challenging because of excellent bird placement. Our members worked their butts off setting up and keeping the tests moving in the heat. A giant thank you goes out to the handlers who jumped in to help. There's no way our test could be such a success without everyone working together!

Good luck to everyone working toward their next goal with their pups. Enjoy every day and never take anything for granted. Tomorrow is never guaranteed.

WISILL HRC is proud to celebrate its 35th Anniversary in 2025, and it's already been a busy and exciting summer for our club. We were honored to kick off the summer by hosting HRC's premier event —the 2025 HRC Spring Grand. We extend our sincere thanks to the HRC and the Grand Committee for giving WISILL HRC the opportunity to host such a prestigious event and to showcase the outstanding training grounds we're privileged to use at the Richard Bong State Recreation Area. The event was a great success, thanks to the efforts of our members and volunteers.

Shortly after the Grand, WISILL held our annual June Hunt Test. Despite facing intense heat and humidity, the weekend was a success. Judges designed challenging yet fair tests that were well received by handlers.

Our momentum continued into July with the 7th Annual Youth Retriever Seminar, held on July 19–20. This event has become a summer highlight, offering young participants hands-on experience in training hunting dogs. Attendees also learned about waterfowl hunting and conservation and participated in a variety of dog-centered activities. It's a rewarding way to engage the next generation of handlers and hunters. Watch for photos in a future club report.

In August, WISILL will commemorate 35 years as a club during our August Hunt Test. We invite everyone to join us as we not only celebrate our history but also look ahead to the future. We are proud to be one of the first clubs to participate in HRC's Youth Handler Program. As part of our anniversary celebration, we are offering special pricing for youth entries in this exciting new initiative.

Throughout the summer, our members have been hard at work training for upcoming hunt tests and preparing for the fall waterfowl season. We'd like to extend special congratulations to two club members who reached remarkable milestones: Zach McFarland and Kai, and Bill Chittenden and Gus, who each earned their 500 points. Well done!

We look forward to the rest of our anniversary year and the continued success of our members and dogs.

Ah, summer, it’s here! It’s the season for family reunions, vacations, parades, and, of course, club training nights and hunt tests. Our group continues to grow, and we welcomed new members David Johnson, Greg Bryant, and Karen Vossbein! It is always fun to have new members come and bring new perspectives, ideas, and talents to keep our group healthy and diverse. Not only do we have a diverse group of human members, but we also have a wonderful variety of gun dogs full of personality and drive. Breeds include Labrador Retrievers (Black, Yellow, Brown, American, Irish, and British), Nova Scotia Duck Tolling Retrievers, Golden Retrievers, Vizslas, Springer Spaniels, and even a Dalmatian. On some nights, we have up to 20 dogs running! Our group has really come together to train the trainer and provide test-like and practical hunting training scenarios. We appreciate everyone’s hard work organizing training nights, helping set up, re-bird, keeping

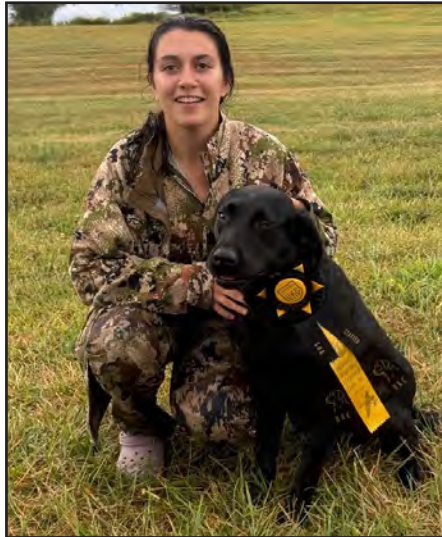

the running order going, and assistance with take down, storage, and upkeep of equipment.

We are working diligently on planning and organizing our Annual Hunt test scheduled for early August. Rumor has it, we have the best Saturday night banquet and raffle in Region 8B. Please come and check it out and see for yourself. We would love to have you join us. It is a beautiful time of year to visit Northern Minnesota!

Lake Country HRC held its spring event on May 31st and June 1st with 133 entries. Saturday's events included 33 Started, including 12 walk-ups, 11 Seasoned, and 27 Finished; Sunday included 30 Started, including the previously mentioned walk-ups, 7 Seasoned, and 27 Finished. The weather on Saturday was sunny and very nice. Twenty-seven (27) dogs qualified at Started, 7 qualified at Seasoned, and 17 qualified at Finished. On Sunday, 25 dogs qualified at Started, 4 qualified at Finished, and 19 dogs qualified at Finished. We were hoping for a full 60 dogs at Finished, and expected more entries at Seasoned, but we had a good group of dogs and handlers. After a review of the grounds on Friday afternoon with the judges, we retired to the MN Horse and Hunt Club restaurant and had a chance to socialize with the judges and enjoy a good meal. On Saturday morning, we were ready to go at 8 a.m. with a few broken clouds in the sky.

Saturday evening was a beautiful night for our banquet, award ceremony, and raffle. We offered two levels of raffle prizes, one being a general raffle and the other offering higher-end prizes. Ticket sales were very good, and as usual, several people left with their arms full of prizes.

Sunday morning was another good day for a test, and all the fields were active with workers, handlers, and dogs anxious to get started. At 8 a.m., the first test dog was sent. All the tests were run with very few glitches. The Seasoned dogs finished very early with handlers on their way by 11 a.m., Started folks were on their way by 1:30 p.m., and Seasoned completed by 2:30 p.m.

A big thank you to all the workers, marshals, handlers, and judges for their help; we all know how easily these tests could go awry without qualified help. We are already planning for next year. See you all then.

Greetings to all HRC members from Felsenthal HRC!

At the time of our report, it's 90°+. But, by the time you read this, our fall hunt test season will be cranking up! Hope you were all staying cool!

We just completed our summer fundraiser, selling smoked pork butts for the July 4th holiday. We sold 104 of them, making for a tremendous success. And they were delicious, falling off the bone, tender and juicy! Many thanks to all who supported our club by purchasing one (or more) and to all who participated in the sale, packaging, and delivery of the butts. It's quite an operation, cooking 104 pork butts at once! Awesome to see!

Preparations are being made for our fall test even now and it is scheduled for October 11th and 12th. Can't start too early! Hope to see you there!

Green Country Retriever Club members and dogs have been busy. Many are judging, working, and running at weekend events across the country, including Alaska.

Our awesome crew that attended the Spring Grand at Wisill. Tim Blan enjoyed his second assignment judging. Grand Committee GCR members Pat Johnson, Rita Johnson, Rusty Noahr, and Lori Greer, thank you all for your time and energy devoted to a great event. Thanks to Cheryl Blan, who attended and kept us here at home posted on the events. Our teams who ran and made it through the fifth for a Grand Pass were Nathan Atkinson with Moon and TJ Greer with Stormy.

Our club also celebrated 5 years of HRC affiliation with the Spring 2025 Hunt Test. It was a huge success with full flights at all stakes, and our hard-working club members truly shined with passes and successful management of the event. Specifically, our committee: Chad Harper, Landon Ryser, Geoff Aiken, Jeff Wilder, Vernon Solis, Stan Carpenter, and Cub Owen. Gina Wilder, Lindsey Mosher, Lori Greer, and Tracie Temple organized and held a fantastic raffle! Thanks to Derek and Melinda Randle, The Retriever Academy, for always being there and supporting GCRC.

Stephanie Bullen was asked to be on the National Women's Handlers' Committee with Dorine Reinert, Leah Spivey, Vanessa Everett, Whitney Killough, and Missy Bartlett. They will be holding the first seminar at Ace Acre's Retrievers in Beebe, Arkansas, on August 2nd and 3rd.

Hello from Three Rivers HRC!

The past few months, we have seen record-high rainfall in our area, bringing on the water work! Our members have been on the road finishing up the spring hunt test season and training between storms. We will have our annual club picnic/retriever games in July and our mock hunt test training day in August. Planning for our September HT is well underway. We hope your summer days are filled with sunshine and great memories made with family and your retrievers!

Owner/handler Sherri Rains and SHR Big R's Could've Had A Ferrari earned "Enzos" Started Title at Keystone Lake HRC's inaugural hunt test!

Owner and handler Brent Walker with HR Platte River's 3in Osage Goose SH "Neka," who earned her first Finished pass, and SHR Yellow Town's High-Powered Deliverer "Dozer," who earned his Started Title at Green County Retriever Club's spring hunt test.

Greetings from the Sunflower State! Our members have been on the move—training, traveling, and trialing across the region and beyond. From seasoned handlers to up-and-coming pups, we've seen some fantastic progress and exciting wins. But we're just getting started!

Titles Earned:

- Seasoned - Lyle Hammerschmidt & Cannon
- Seasoned - Jon Sullivan & Yeti

Special thanks to the Mosheres for hosting an outstanding training day! It was a great opportunity to sharpen skills, share knowledge, and build camaraderie. Both our young dogs and veteran retrievers walked away better for it.

Looking ahead: We're gearing up for our Fall Hunt Test and preparing for the Fall Grand. If you're near Great Bend, KS, come join us! We've got:

- Access to top-notch test grounds.
- A huge raffle with great prizes.
- A fun-filled banquet to celebrate our retrievers and handlers.

Whether you're running dogs or just cheering from the sidelines, we'd love to see you at the line.

Stay connected: Follow us on social media and visit our website for the latest updates, photos, and event details. Let's keep the momentum going!

Keystone Lake Hunting Retriever Club – Chris Padden, President. Kevynne Padden, Public Relations, FB Page: Keystone Lake HRC.

Keystone Lake HRC is enjoying the warmer weather and full ponds for training. We have been holding our monthly training days and looking for new members to join the club or just come out and train. June 7th & 8th, we held our Preliminary hunt test at the TripleMark Retriever grounds in Hallett, OK. We had a great turnout and would like to thank all those who

helped us get the test up and running to have a successful weekend. From the judges, marshals, 9A Region Rep and PR Rep, National HRC EC, and everyone else involved, we truly appreciate you. A special thanks to the Cleveland Archery team, who, for the first time, came out and learned how to throw birds and work the launchers. The judges took time to explain the tests to them to get them more involved.

With limited food spots in the town, we had a food truck on site where handlers were able to place orders and did not have to travel far or delay the test waiting for them to come back.

We had many handlers title on Saturday and Sunday. Some took a cold-water bath or swam in the pond with their titled retriever!

Looking forward to our fall test! Until then, we wish everyone the best of luck with training and the tests that you all may be running in. Thank you again for all the support for the newest Region 9A club. Hope to see you all soon!

North Louisiana HRC – Andy White, President, andyw@leedwardsauto.com.

Greetings from the North Louisiana HRC!

This summer has already delivered some great training opportunities and promising test performances. Since our last report, we've held two training days—both scheduled early in the mornings to beat the brutal summer heat. A big thank you to everyone who has shown up, helped out, and supported one another. It's that kind of dedication that helps us build not only strong retrievers but also stronger friendships.

Looking ahead, mark your calendars! Our Fall Hunt Test is set for September 13–14. As always, volunteers are the backbone of our success—we truly couldn't do it without you. Whether you're a seasoned member or new to the club, we welcome your support and participation.

Here's to continued progress, solid teamwork, and a great hunting season ahead!

Lake Charles Retriever Club – Submitted by Chris Fontenot. Robert Falgoust, LCRC President, falgoustr@yahoo.com.

Things have been quiet around Lake Charles. It is very hot, to say the least. Looking forward to the Fall and some cooler weather that comes with it. Plans are in the works for our Fall test to be the 2nd weekend in October. Check it out on Hunt Secretary...flights to fill up fast!

See ya soon at a hunt test.

Pontchartrain Retriever Club – Tyler Davis, President, phrcdogs@gmail.com.

The Pontchartrain Hunting Retriever Club (PHRC) is proud to continue its mission of promoting the retriever sport and building a strong, inclusive community of handlers, hunters, and dog enthusiasts. This year, the club has made a concerted effort to expand its outreach by hosting more events designed to engage families, friends, and newcomers. By creating a welcoming environment, we aim to inspire the next generation of retriever handlers and hunters. A key focus for PHRC is youth involvement. We believe the future of our sport lies in the hands of young people, and we are committed to providing them with opportunities to learn, participate, and grow. From junior handler clinics to family-friendly training days, we are working hard to make the retriever world accessible and enjoyable for all ages. We are also excited to welcome a new slate of club officers this year. Their energy, experience, and fresh ideas are already making a positive impact as we look ahead to a full calendar of events. Our Fall and Spring Hunt Tests are quickly approaching, and preparations are well underway to ensure successful, well-run events. These tests continue to be a cornerstone of our club's activities,

offering opportunities for dogs and handlers of all levels to demonstrate their skills and hard work. As our club continues to grow, we encourage all members and supporters to stay connected through our Facebook page, where we share updates, event announcements, and training resources.

Amite River HRC – Submitted by Ron Lewis. Jeff Holley, President, www.amiteriverhrc.com.

It has been quiet around here and probably will be until mid-August due to the heat and vacations. Thank you to Club President Jeff Holley, Treasurer Pam Flotte, and Jennifer Smith for representing us at the annual National HRC meeting in St. Louis.

Our May SRS event was a success. Thank you to the judges, to event chair Bob Nicholson, and to all who came out and helped. We will host another SRS event August 22-24. Please come out to watch and help, even if you are not competing.

Amite HRC will host our fall hunt test September 27-28, and we are already talking about our Spring 2026 event in March, which will mark the club's 40th anniversary. We are now planning for both events and would like to make the 40th anniversary hunt test special. Mark your calendars for these events - we always need help, so even if you're not running, please come out to watch and assist.

Stay up to date with meetings, events, and training days via our Amite River HRC Facebook page. The only way to keep our club successful is to come out, participate, and encourage new membership. Until next time, stay cool, and most importantly, make sure your dogs stay cool. Have a great summer!

Jeff Holley.

Central Louisiana Retriever Club – Submitted by Mary Anne Sayer, masword@suddenlink.net. Scott Ducote, President.

Central Louisiana Retriever Club is finalizing plans for their August 23-24 hunt test at Moreauville, LA. A fourth finished flight was added because the first three flights filled up fast. On behalf of President Scott Ducote and all CLRC members, a sincere "thank you" to our HRC judges who always come through for us in August. A fun weekend is anticipated with lots of camaraderie and good food! After Saturday's tests, Delta Waterfowl will join us for a Puppy Run at the hunt HQ. This event gives kids an opportunity to handle a working retriever and is also open to kids and adults with puppies eager to chase some feathers. As always, our tailgate supper is sure to satisfy, and our raffle promises to be full of surprises.

Club meetings are the third Thursday of most months, 7 p.m., at 1889 Monroe Highway in Pineville, with a training day on the following Saturday. All retriever enthusiasts are welcome.

Cajun Hunting Retriever Club – Submitted by Katina Hebert. Darrell Hebert, President, cajunhunter911@bellsouth.net.

Cajun HRC has been getting ready for the fall. First off, Region 10 had a great turnout for the National Meeting. We only have two clubs not in attendance. We are selling Cajun Mafia t-shirts. If anyone is interested, the shirts are on our Facebook page (Cajun Hunting Retriever Club). The proceeds from the shirts will go to a scholarship for the foundation.

We are also getting ready for a fun, non-sanctioned test that we help put on for the Gueydan Duck Festival. The test will be on August 16, 2025. Our fall test will be October 4-5, 2025, in Gueydan, LA. This test will be a continuation of our 40th anniversary. Hope to see y'all!

President Randy Crable has kept our monthly training days going through this boiling Texas heat! We also want to sincerely thank Steve Jefferies and John Laviolette for the use of their properties for training. Without fantastic grounds and the dedication of our leadership, training days for our club members wouldn't be possible.

Colorado River is also finalizing the details for our fall hunt. We are scheduled for the third weekend of October. Mark your calendars now, check HuntSecretary.com for entry information, and get your travel plans locked down! We look forward to welcoming everyone down to Dickinson, Texas, to run some great dogs, enjoy some great food, and spend some quality time with our friends and family.

If you're new to the area or just looking for a great club to visit, please feel free to attend one of our meetings at 7 p.m. on the second Wednesday of each month at Las Flores Restaurant in Alvin, Texas. We welcome anyone to join us if you happen to find yourself in the area!

Good luck, and we can't wait to see ya at The Line!

Hello HRC,

It's warmed up with Texas summer in full swing. Animal stroke is deadly and can come on quickly, so please take extra precautions and care with your retriever during this time of the year.

The club is putting the finishing touches on our upcoming fall hunt test, which will be held on September 13th and 14th at the wonderful B&L Ranch in Collinsville, TX. Looking forward to seeing everyone there, so make the most of your training in the meantime, and best wishes at the line.

Cowtown HRC – Keith Hill, President, www.Cowtownhrc.com.

Summertime is here, and that means HOT weather, and for this year, our humidity levels are also up. The double whammy that negatively affects dog training. Remember to have plenty of cool water available for you and your dog, train early, and have short, focused training sessions. In June, our club had Justin Jackson present a handling seminar with emphasis on improving younger dogs. Saturday was spent listening to Justin explain obedience drills, handling exercises, and marking concepts. On Sunday, handlers got to apply their learning and run their dog on both land and water setups. It was a tremendous learning experience. Our club members now are better prepared to take their dogs to the next level in the upcoming fall and spring. Fall will be here soon and bring with it the reason we play the Hunt Test game, Hunting Season. Get that gear ready, scout the areas, and enjoy the great outdoors.

Natalie and Flyboy passed first two Seasoned tests at Salt Valley HRC Hunt Test.

Lonesome Dove HRC – Patti Southerland, President, www.LonesomeDovehrc.org.

We had a wonderful training day in May, working on challenging blinds and marks. For our June training day, we took advantage of the abundance of water and worked on an advanced water lining drill. We had some fun with the puppies in the water, too.

Our club was well represented at The Grand

with dogs owned by Mark and Sharon Freis, Glenda Mitchell, Kyle and Melissa Allredge, Juli Mitchell, and Austin and Courtney Prater. Well done, guys.

In addition to training, we elected club officers. New president, Patti Southerland, vice president, Austin Prater, and secretary/treasurer, Glenda Mitchell. Outgoing president Sharon Freis was presented with an embroidered camo jacket in appreciation of her service to the club.

We are gearing up for our upcoming Upland Hunt Test in November and our 25th Anniversary Hunt Test in March 2026.

Hope everyone stays cool and hydrated, those dog days of summer are around the corner.

To start things, the Club Members want to extend their prayers and thoughts to all those affected by the flood in the Hill Country and other areas across Texas.

There's a big shout-out for those members and a belly rub for the dogs that participated in the 2025 Spring Grand. What a Grand it was in Kansasville, Wisconsin. The Wisill HRC Club hosted the event at the Richard Bong State Recreation Area.

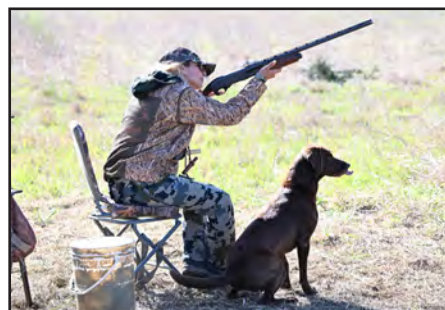

There is one thing I always will believe, and stand beside this; some may think differently. The HRC Grand is the best of the best internationally. No matter if you pass the HRC Grand or go out in the first series, you and your dog are already Winners when you walk to that Grand Line of the First Series. I know it is disappointing when you do not pass, but think about this: your dog is among the top 1,000 dogs in the nation in the HRC. That is something to be said right there.

Here is a shout-out to those in our club who participated in the 2025 Spring Grand.

Our entries are low, but we look forward to a great weekend, July 12th and 13th, along the beautiful upper North Platte River. Many members have been out on the local hunt test circuit with great success in all levels. Shout out to Club Member Matt Brown and Penny on their HR Title. The club also has its first GRHRCHx3 dog, Ozzy. Ozzy is owned by the Thompson family. Ozzy received his HRCH title at our first hunt test, and his handler, Addison Thompson, was only 14 at the time. Addison is our Hunt Chairman this year. We also have a few members who have been judging in our area and enjoy helping keep the sport going. The weather was absolutely perfect all weekend, and it was another fun and successful event!

Our members and volunteers stepped up and went above and beyond to make this year's test one of the smoothest and most enjoyable I've had the privilege to be a part of! Thank you, KCHRC!

A huge thank you to all our judges who gave up their weekend to put on a great test at each flight, making handlers feel welcomed and challenged so they could learn, and most importantly, enjoy their dogs!

Thank you to Becky Eckett, of Blackwater Kennels, for once again allowing us the privilege of using her beautiful grounds for our test!

Thank you to the American Legion for allowing us to use their hall for our Saturday banquet!

Thank you to our National Sponsors and our 2025 Hunt Test Sponsors for your generous support and donations!

And a heartfelt thank you to all of you who came out to support KCHRC by running your dogs, and participating in our banquet and raffle on Saturday!

More information coming soon on the Youth Camp KCHRC will be hosting! This event will focus on the future of HRC, providing youth shooting instruction, shooting clays, learning to duck call, training dogs, and even running a mock Started test!

Mount Rushmore HRC has successfully completed another year's back-to-back regular hunt tests. We want to thank our judges, our bird techs, all the club members who helped, and the ones who are not members who helped

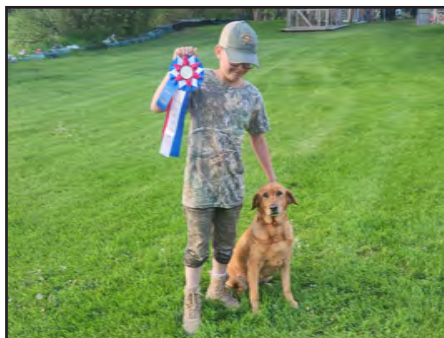

us out. We also would like to thank those who sponsored a stake or the hunt test. Without these businesses, we couldn't put on a quantity hunt test year after year. This club is very fortunate to have hard-working members and great people who give of their time and money. We also want to congratulate club member Pete Shattuck and Basin for earning their Hunting Retriever Champion title. Our PVHRC members are running several regional HRC events, and we just completed the Hidden Pines, Cheyenne, Wyoming HRC test the weekend of June 21st. Congrats to the Hidden Pines HRC members and leadership for putting on a fantastic weekend in beautiful Wyoming.

To our PVHRC members and regional HRC clubs, Platte Valley's fall hunt test will be the weekend of August 23rd at Stillroven Farm in Berthoud, Colorado. We'll be running one Started test, one Seasoned test, and two flights of Finished. This is Platte Valley's first year at Stillroven Farm, and the Hunt Test committee is hard at work with the final details. More information to follow on registering for the fall test.

PV Board Member Brett Morganflash came up with a great idea, suggesting that PVHRC put on a Youth Pheasant Hunt this fall. Below are the requirements to participate in the Youth Pheasant Hunt: Youth 17 and under must have a hunter safety card and an adult mentor. Each

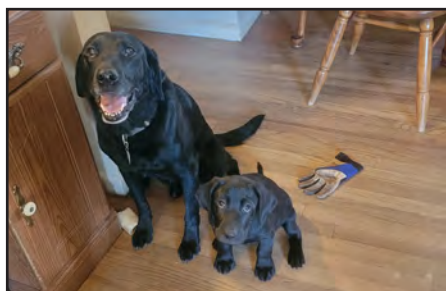

youth will have 3 pheasants to hunt. PVHRC would like to invite our members' children, grand kids, or if a member is mentoring a young person, to take part in the Youth Pheasant Hunt. The tentative date will be October 11th and will be held at Mary's Training Grounds.

Please join me in congratulating Mike Schwan and Louis for their 7th Grand Pass this Spring. What a huge accomplishment for team Schwan and Louis—CONGRATS!

I look forward to seeing everyone during our monthly training events this summer and our Fall Hunt test at Stillroven Farm.

We just wrapped up our 19th annual Summer Hunt Test in Unadilla, NE. We were once again blessed with rain on Saturday evening, which caused some juggling of stake locations at the last minute for Sunday. Thank you to all the club members, bird techs, and additional help for your flexibility! Without you all, these tests would not be possible. Thank you to our judges as well, who set up fair yet challenging tests. We had a lot of club members earn passes at all stake levels. This summer has been a roller coaster with the weather. One day it is humid and 95 degrees, the next we are dealing with 50 mph winds and thunderstorms. Like the old phrase goes, "If it ain't raining, we ain't training!" We will continue running tests around our local area and enjoy the fellowship of friends and our hunting partners. Remember to keep the perspective that this is a game we GET to do with our dogs. Enjoy it! From Salt Valley HRC, we wish you all the best this test season and safe travels! See you at the line.

Members of the Southern Colorado HRC have been traveling well and picking up lots of ribbons at the Mt. Rushmore HRC, Salt Valley HRC, and Hidden Pines HRC hunt tests. A big thank you goes out to all of those clubs for hosting some great tests!

We have a couple of brand new additions to the Southern Colorado HRC. Erik Brekke has a new girl, her name is Rainy. Reportedly, Erik's other girl, Breeze, is being a good sport about

the new addition. Tim Boise has a new boy, his name is FRFG Benelli Super Magnum "Ben". I'm pretty sure Tim's other boy, Sam, feels like goldens are taking over his domain! Fun times ahead for Erik & Rainy, Tim & Ben!!

Have fun training, and good luck to everybody who is continuing to run hunt tests throughout the rest of the summer. We are rooting for you!

Western Colorado HRC – Harley Metz, President, Grand Junction, CO, barble33@hotmail.com.

It has been a hot and dry summer, and members have done summertime training up on the

Grand Mesa National Forest to get out of the heat.

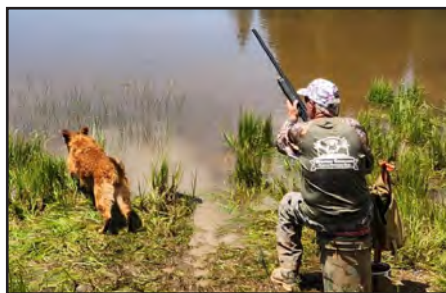

When you read this report, the club test will be completed. This was the club's 20th anniversary, and we handed out medals to those dogs that passed their respective tests.

We would like to thank the judges who did a wonderful job and the bird techs who worked hard to make this test a great event. Club members worked on all aspects of the event to make it a success.

Remember to enjoy your family and dogs, plus have a safe and enjoyable season.

Bridger came home with two Finished passes from Boom Town HRC and surpassed the 500-point level.

Tyler Bornsen with Beaux running a blind.

This is the new metal we awarded to every dog that passed a test.

REGION 14

Kate Szilard

Cascade HRC – Submitted by Pam Ulsh, President.

Happy Summer! Time is flying, and we are in the middle of the hunt test season. The tests in Region 14 have been great, and we are looking forward to the remaining ones this season. And then... waterfowl and upland season! Life is good.

Cascade has finished hosting our training days this year. Due to the hunt tests, limited water/grounds, and travel/vacations, we find that summer training days do not work out. But we will be back at it the first Saturday in February 2026. Our training days were well-attended with everyone pitching in to help set up, take down, throw birds, or help dogs and handlers. It is so much fun to watch teams get tighter and more successful.

Cascade members have been able to travel and attend many of the region's hunt tests this year. We have helped out by running and/or judging. It is great to give back where we can. Cascade so appreciates those judges and members from other clubs who support Cascade. The HRC family is a great family to be a part of.

Coming up in August, we will be co-hosting a joint test with Whistling Wings at Snoqualmie Valley Retriever Training Grounds in Carnation, Washington. This has become an annual event that we all look forward to. In addition to running dogs, we will have a great tailgate party complete with a raffle and silent auction, along with the handing out of ribbons and pink slips. Looking forward to a wonderful evening with friends, enjoying good food and stories from the day. If you are able to come join us, please do.

Be sure to enjoy the time you are spending training and running your dog(s) by yourself or with training partners. This time is so limited and yet so important. Enjoy this special time and never take it for granted. Happy training.

Northeast Washington Gun Dog Club – Submitted by Gina Goodrich. Dave Steinbach, President, Northeast Washington Gun Dog Club (newgdc.com).

Greetings from Northeast Washington! We don't have much to report since our Hunt Test in May. Club members have been busy training and traveling to other hunt tests in the area. NEWGDC holds training days twice each month on the beautiful hunting grounds of Burlington Ranch in Chewelah, WA, and all are welcome. The ponds and the grounds are in prime condition, and we are excited about our upcoming Hunt Test over the Labor Day weekend. Registration is open, so we hope to see you there.

Check out our website www.newgdc.com, where you can view our training dates and register for training days. You can also follow us on our new Northeast Washington Gundog Club Facebook page!

Summer heat is upon us. We hope for great hatches of upland birds and waterfowl. By the time you read this, hunting season is open in Washington. We requested our 2026 HRC Hunt Test dates for the Saturday and Sunday of Memorial Day Weekend. If any judges from around the country are interested in travel, we would love to host you in the Inland Empire. The end of May is an incredible period in our area with the wildflowers in full bloom and the Palouse crops covering the ancient loess dune complex. Judge, run dogs, visit, and learn about the Great Missoula Floods and how they carved out our hunt test grounds and the surrounding areas in Eastern Washington.

Western States Boykin Spaniel Club – Submitted by Andy Engilis. Doug Burt, President, westernstatesboykinspanielclub.com.

Summer greetings from the Western States Boykin Spaniel Club (WSBSC). We are dedicated, Boykin Spaniel Owners representing the breed in 11 Western States. We have had a busy summer with many members attending various HRC events across the West. Several club Boykins attended the Lower Columbia HRC/UKC Hunt Test held at Sauvie Island, Oregon, June 21 – 23rd. Sauvie Island State Wildlife Area and private landowners provided a wonderful setting for the hunt test. It was unseasonably cold and rainy on Saturday, but Sunday and Monday were partly cloudy and mild. The WSBSC had four dogs in Started and two in Finished. We are proud to announce that four WSBSC pups received their Started titles during this hunt test: Bruce Lee Frank (Bruce Lee), owned by Cody Frank (of Sacramento California) titled on Saturday and Pocotaligo's Go West Young Man (Spencer), owned by Andrew and Irene Engilis (of Elk Grove, California); Kalli Peplos (Callie) and Jim Dandy Vondie (Vondie), both owned by Kevin Keel (of Woodland, CA), titled on Sunday.

As usual, the members of the WSBSC want to thank Lower Columbia HRC for a well-managed event, with special thanks to the field judges, marshals, and numerous volunteers who helped pull off a wonderful event. At the North Alabama HRC 2025 Spring Hunt Test, "Goose," owned by Geoffrey Stevens, got his Seasoned Title. Goose and Geoffrey hail from Albuquerque, New Mexico. Lastly, "Belle," owned by Nancy Spool (of Monroe, Washington), earned her Seasoned Title at the Whistling Wings HRC Spring Test held at Cascade Retriever Training Grounds, Monroe, Washington, May 31 to June 1. Congrats to all the dogs, owners, trainers, and handlers. WSBSC was well represented this season.

The Club held its Boykin Fest on June 29th in Monroe, Washington. The event was a big success, with members traveling from several western states to attend. Members got to meet and brag about their Boykins and had a chance to

work on some training scenarios. The highlight of the event was hosting Stephan Durrence. Stephan and his family made the cross-country trip from Georgia to help members of the WSBSC learn more about their Boykins. His knowledge and ability to read dogs are incredible. This is the second year we have had the fortune for Stephan and his family to join us.

Upcoming is the Boykin Beach Bash is to be held on August 9th in beautiful Santa Barbara, California. It is sponsored by the Golden State Boykin Spaniel Club and open to all WSBSC members and non-members, of course. Visit the WSBSC website for details.

Whistling Wings HRC – Submitted by Stephanie Wightman. Ben Thompson, President, Whistling Wings Hunting Retriever Club (whistlingwingshrc.com).

Whistling Wings HRC had a busy spring test with many successful passes made. This was our first test rolling out our new Junior Handler's ribbon, given out to every junior handler that attempts a pass. Our hope is to see more youth participants engaged in HRC and retriever dog training!

In July, Whistling Wings HRC hosted our second Stephen Durrence Transitions Seminar and Handling Clinic at Cascade Retrievers in Monroe, Washington.

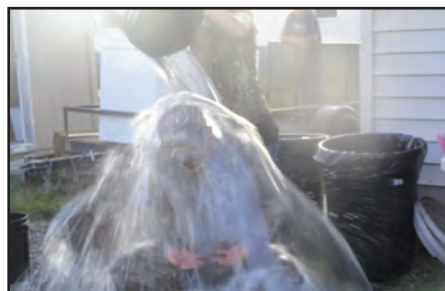

We are looking forward to our annual 2025 joint test with Cascade HRC in Carnation, Washington, and then finishing up our summer training with a couple more WWHRC-hosted training days.

Roadrunner, Prado Basin, and Battle Born HRC report that it is too dang hot! They have been busy trying to stay cool during the summer heat.

Copperstate HRC – Mike Wilson, President.

Check us out on FB or at our website. We are a glutton for punishment. We get up extra early, and do watermarks with the dogs, or better yet, we head up the mountain to places like Flagstaff, and train, which is a little cooler. We gave several members who will support other clubs in other regions. Members headed to Western Colorado, and/or Montana, to stay cool while enjoying our HRC family and friends.

Grandpa and junior handler Grandson show off their new ribbons.

Hunt Reports

The number of dogs who earned Champion points indicates those dogs participating who were UKC registered on the day of the hunt.

Attention Clubs! Your hunt report write-ups and photos must be sent to your Region Public Relations Rep to be included in your club's region report. This allows you to share your hunt & club news in one section!
This issue contains all 2025 Event Reports processed from May 8, 2025 through July 14, 2025.

HUNTING RETRIEVER CLUB, INC. Point Club RECOGNITION PROGRAMS

The 500, 1,000, 1,500, 2,000, 2,500, 4,500 & 5,000 Club Programs are recognition programs for HRC members who own dogs achieving 500, 1,000, 1,500, 2,000, 2,500, 4,500 and/or 5,000 UKC Championship points in the HRC Hunt Test & Upland Hunt Programs.

The HRC member-owner of the dog must be a member in good standing with HRC, Inc. for a minimum of 12 months prior to the time the dog earns the qualifying Championship Points (500th for 500 Club & 1,000th for 1,000 Club, etc.).

HRC recognizes the 100 Championship points that count toward the retriever's HRCH title & all additional points (including Preliminary Hunts) earned in Finished, Grand & Upland Hunt Tests toward the Point Clubs.

The Programs consist of the awarding of a specially designed distinctive jacket embroidered with the HRC logo, owner's name & the qualifying retriever's name. Only

one jacket will be awarded for each 'qualified' dog. However, additional jackets may be purchased by the owner through the HRC Administrative Secretary. This is to allow co-owners, spouses, family members, handlers, etc. to participate in the recognition of the accomplishment of the dog.

A Certificate of Accomplishment & Letter of Congratulations will be issued & sent to the 'qualified' dogs announcing their induction into these prestigious Clubs. An order form for the jacket will be included with the Certificate.

It is the desire of HRC & UKC, due to the significance of the accomplishments of these Hunting Retriever Champions, that the jackets be presented at a ceremony to the recipients at a National HRC event/by their home HRC Club with special ceremony.

Direct questions to Tammy Cobb, HRC Administrative Coordinator, at 269-364-2054/ tcobb@hrc.dog

Following are additions to the list of all dogs & their owners that have met the qualifications for the clubs, compiled as of July 15, 2025.

Notice of Suspension

UKC makes every attempt to maintain an accurate and up-to-date "Notice of Suspension" list, and the list is updated regularly. However, as there may be lag time between disciplinary action and adding an individual to the list, and also because mistakes and omissions can and do happen, UKC will not guarantee the accuracy of this list. If an individual is in question, customers should call UKC directly to obtain the most up-to-date information regarding that individual's disciplinary status. UKC can only confirm or deny a person's disciplinary status and cannot provide details on that person's case.

The following is an updated list of individuals who have been suspended or barred until the date indicated. During the period of suspension or barring, a person who is suspended or barred may be prohibited from, but not limited to, one or more of the following:

1. They are barred from registering any dogs in their names (joint or individual ownership). They may, however, transfer any dogs currently registered in their names (joint or individual ownership) to another individual(s), except they may not transfer dogs to any member of their families, spouses, or companions. Companion is defined as anyone who resides at the same address as the suspended individual.
2. They are barred from registering any dogs in their names (joint or individual ownership) and they may not transfer any dogs currently registered in their names (joint or individual ownership).
3. They are barred from registering any litters and from signing any litter registrations in any capacity. No offspring of a dog registered in their names (joint or individual ownership) is eligible for registration with UKC.
4. They are barred from entering or participating in any way in any UKC licensed event, including, but not limited to, co-owner, handler, back-up handler, judge, guide, spectator, or UKC licensed official.
5. They are barred from holding office in any UKC approved club or association.
6. No dog registered in their names (joint or individual ownership) may be entered or participate in any way in any UKC licensed event.
7. No championship points, wins toward a title, or monetary payouts from any UKC specialty program will be awarded for any dog registered in their names (joint or individual ownership).
8. They are barred from advertising in any UKC publication or UKC internet site.
Any violation of these sanctions or any other UKC rule or policy during the time period in which the individual is barred or suspended may result in their being suspended indefinitely.

ATTENTION ADVERTISERS

YOUR ADS NEED NOT BE CAMERA READY! LET OUR TALENTED DESIGNERS PREPARE YOUR AD TO YOUR SPECIFICATIONS.

Prior to submitting "camera ready" advertising copy to HUNTING RETRIEVER magazine for publication, please call the advertising department at (269) 343-9020 for specific guidelines.

UKC accepts all advertisements placed in HUNTING RETRIEVER in good faith. Purchasers should independently conduct any relevant research needed prior to acquiring animals, products and/or services from advertisers. UKC is not responsible or liable in any way for potential issues arising out of sales by advertisers, including but not limited to: dealings between advertisers and purchasers, actions and promises made by advertisers, or quality of products or animals sold by advertisers.

Please note: The use of trademarked or copywritten material without the authorization of the owner or any licensee is a violation, and leaves the advertiser and publication open to lawsuits, monetary damages and attorney fees.

PHOTO REQUIREMENTS

- Photos sent via e-mail must be at no less than 300 dpi and sent in tif or jpeg format.
- We prefer to not use printouts of low-end digital photos. We will evaluate any that are sent in and notify you if we question the quality.
- If hard copies of photos are being submitted, photos in the form of 35 mm glossy prints reproduce the best. Please note: do not cut your photos. If you want them cropped, just indicate how you want them cropped. We will crop them electronically without harming the original photo.
- Please include a stamped, self-addressed envelope to ensure the return of your valuable photos.

The order form is on the HRC website
www.hrc.dog

All of the information on the order form must be completed. There needs to be two different contact phone numbers. If the delivery service cannot reach anyone to confirm delivery, they will not deliver the order. You must also include the zip plus postal code. There is a link on the HRC website to USPS Zip Code Lookup.

If you are having the order delivered to a residence, there has to be someone home in order to receive the delivery, and the accepting person is expected to unload the food off the truck or pay the lift gate service fee to the delivery company.

All of the above information is also available on the HRC website, www.hrc.dog Please contact Tammy Cobb - HRC Administrative Coordinator if you have questions. Phone: (269) 364-2054, Email: tcobb@hrc.dog

*U.S. Clubs only. Purina Support is not available in Canada.
