DIALMA BROWN®

L'essenza del legno.

The essence of wood.

DIALMA BROWN®

Utilizzare il legno, recuperandolo da baite di montagna e antichi casolari per farlo rivivere, trasformandolo in qualcosa di originale, capace di suscitare suggestioni.

Un materiale pregiato che porta con sé il valore del proprio passato e la bellezza che il tempo gli ha donato.

Using wood, reclaiming it from mountain huts and old farmhouses to bring it back to life, transforming it into something original, capable of being deeply evocative.

A prized material that carries within it the value of its past and the beauty that time bestowed upon it.

Sostenibilità

Sustainability.

Nel nostro mondo globalizzato, le azioni di ciascuno di noi hanno un impatto diretto sul prossimo e sul pianeta e ciascuno può farsi portatore del cambiamento.

Anche noi di DIALMA BROWN abbiamo scelto di contribuire proiettando nuove scelte nella propria strategia aziendale.

Le tendenze progettuali sono sempre più orientate alla "sostenibilità", una filosofia da sempre presente in DIALMA BROWN. Una scelta etica, orientata al rispetto dell'ambiente, senza rinunciare a stile e funzionalità.

Il nostro impegno nel progettare e realizzare gli arredi si basa sui concetti di "arcologia" (architettura ed ecologia) così da preservare l'habitat naturale e ridurre gli sprechi.

Oltre a questo, un gesto concreto per essere più sostenibili, è la scelta di stampare il nostro catalogo in versione più compatta, utilizzando carta certificata FSC® (Forest Stewardship Council®) quindi proveniente da foreste gestite in maniera corretta e responsabile secondo rigorosi standard ambientali, sociali ed economici.

La stampa è stata realizzata con l'impiego di inchiostri a base vegetale.

Se noi cambiamo, il mondo cambia con noi.

In our globalised world, our actions have a direct impact on our neighbours and on the planet, and each of us can be an agent of change.

We at DIALMA BROWN have also chosen to contribute by projecting new choices into our business strategy.

Design trends are increasingly oriented towards “sustainability”, a philosophy that has always been present at DIALMA BROWN. An ethical choice, aimed at respecting the environment, without giving up style and functionality.

Our commitment in designing and creating furnishings is based on the concepts of “arcology” (architecture and ecology), protecting the natural habitat and reducing waste.

In addition, we make a concrete move towards sustainability by choosing to print our catalogue in a more compact version, using FSC® (Forest Stewardship Council®) certified paper, i.e. from forests managed correctly and responsibly according to strict environmental, social and economic standards. It was printed using plant-based ink.

If we change, the world changes with us.

DIALMA BROWN®

Amore e Responsabilità.

Love and Responsibility.

DIALMA BROWN®

Esaminiamo il legno con grande attenzione, pezzo per pezzo con lo scopo di eliminare ogni impurità. Ogni pezzo è monitorato con il metal detector per individuare eventuali residui di metallo.

Impieghiamo tecniche tradizionali quali la spinatura e giunture in legno. Il nostro obiettivo è realizzare mobili di qualità che durino nel tempo.

Gli strumenti più importanti sono ancora le mani. Gesto dopo gesto, maestri artigiani lavorano come una volta, con grande passione e attenzione per i dettagli.

We examine the wood very carefully, piece by piece, in order to remove any impurities.

Each piece is checked with a metal detector for any residual metal.

We use traditional techniques such as pinning and wooden joints. Our aim is to make quality furniture that will last.

The most important tools are still our hands. In gesture after gesture, master craftsmen work as they once did, with great passion and attention to detail.

DIALMA BROWN®

Qualità Made in Italy.

Made in Italy quality.

Ogni prodotto è creato seguendo lavorazioni di ebanistica. Il legno è spazzolato per esaltare le venature, i segni e le sfumature che la natura gli ha donato.

Il valore aggiunto è dato dalle lavorazioni e dalle finiture eseguite a mano. È così che la materia si esprime, creando affascinanti suggestioni.

Accanto all'uomo, la tecnologia non può mancare, ecco perché investiamo continuamente in innovazione.

Each product is created with cabinet-making processes. The wood is brushed to enhance the grain, the marks and the nuances that nature gave it.

The added value comes from the handcrafted workmanship and finishes. This is how the material expresses itself, creating fascinating suggestions.

Technology is always by our side, which is why we continuously invest in innovation.

DIALMA BROWN®

Una struttura industriale moderna oggi è fondamentale, ciò infatti si traduce in costi competitivi e nella garanzia di qualità per il cliente.

Modern industrial facilities are essential today, as they translate into competitive costs and guaranteed quality for the customer.

Giocare con le forme, i volumi, i materiali, le finiture
per proporre una gamma variegatissima di tavoli, fissi e allungabili,
caratterizzati da dimensioni e basamenti diversi.

*Having fun with the shapes, volumes, materials and finishes
to put together a potpourri range of tables, fixed-size and extendable,
characterised by different sizes and base types.*

Ref. 8000440

Un piccolo grande oggetto che sa diventare protagonista in ogni ambiente.
Slegandosi dalle convenzioni, il design ne reinventa le forme,
ne ridefinisce le funzioni.

*A little big piece that becomes the star of every room.
By thinking out of the box, design reinvents shapes
and redefines their functions.*
