**LET'S BUILD A WORLD  
WE LOVE TO LOVE IN.**

# WELCOME TO THE INNER CIRCLE

We're a select group at The Urban Woods. We don't just live here: we shape it.

Together, we create a vibrant home. In our own way.

# OUR PURPOSE

**The Inner Circle brings The Urban Woods to life.** We go for sustainable living and real connection.

We activate our shared spaces and start a few traditions of our own.

Every message and initiative brings people closer. Step by step, we grow a community that feels good to live in.

# OUR ROLES

1. **Host.** We welcome new neighbors, build the network, and make everyone feel at home.
2. **Social Spark.** We activate [The Social Calendar](#). One message can spark lots of happiness.
3. **Biodiversity & Nature.** We keep the sustainable mission alive. We let nature thrive.
4. **Board of Advisors.** We bridge residents and management. We collect ideas, share feedback, and keep a pulse on the vibe.

Don't see your role yet? Simply create your own.

# WHO WE'RE LOOKING FOR

A mix of people. Social butterflies and quiet connectors. Organizers and idea starters.

- Some bring energy to events.
- Some keep the green growing.
- Some simply notice what the community needs.

There's space for everyone who cares a little.

# WHAT WE OFFER YOU

**Impact.** This is your chance to shape our community. In our building and beyond. Your ideas matter.

**Fun.** We connect, create, celebrate, and build memories along the way. Bonding for sure.

**Perks.** We show our appreciation with a gift program: think dinners, special access, small surprises, and other ways to say thank you.

# THE URBAN WOODS ARE OURS TO SHAPE OURS TO GROW OURS TO LOVE

# HOW IT WORKS

**We define** our own way of working during the kick-off session. Set goals, roles, and rhythms.

**We contribute** where and how we like. Only what feels right. Only what fits our time and energy.

We act, learn, adjust, and improve.

**We are pioneers.**

**ENTER THE INNER CIRCLE.**

**You in? 'Course you are!  
Together we bloom.**
